"Mountain Wolf Club"

FOREST GROVE, March 19, 1876. EDITOR INDEPENDENT.—It appears from what we hear concerning the destruction of flocks and herds of the farmers of Washington county it is necessary to organize throughout the county for protection.

The organization of the Mountain Wolf Club of this place was a move in the right direction.

The club was organized chiefly by the efforts of H. Buxton and Ben Cornelius who are alive to the best interests of the farmer and herder.

The club is at present composed of 60 members, among whom are all the best, most enterprising, and energetic farmers and business men of our portion of the county.

The club is at present composed of 60 members, among whom are all the best, most enterprising, and energetic farmers and business men of our portion of the county.

The club is organized by mutual agreement of the members to pay the sum of one dollar each at the time of their becoming members of the same.

The fund thus raised is paid over to the Treasurer, which constitutes a general fund, which can only be used for the payment of bounties as aforesaid, and when the fund is exhausted, each member pays to the Treasurer an additional sum of one additional dollar, and so on as long as the club may continue.

The Secretary is also the Treasurer, and was elected by a majority of the members in writing at the time of signing the article.

The jurisdiction or boundaries of the Mountain Club are as follows:

Beginning at the south-east corner of section 4, T 1 S, R 3 W; thence north to the west fork of Dairy Creek, thence up the said creek to the north boundary line of T 1 N, R 3 W; thence west to the north-west corner of said Township, thence south to the south-west corner of sec. 7 in said township. Thence to the north-east corner of sec. 33 in said T 1 N, R 4 W; thence south to the south-west corner of section 3 T 1 S, R 4 W; thence east to the place of beginning.

S. Hughes of Forest Grove is the Sec. and Treas. who is authorized to pay bounties receive and receipt for all sums due the club, and attend to any other business pertaining to the club. It is desirable that all other committees in this county organize for the destruction of these wild animals and that all unite in one general club, whose boundaries shall be the boundaries of the county, and offer such bounties for their destruction as will justify men in working for their final extermination.

A SHEEP RAISER.

Heads Off.

H. W. Scott's head came off first, and now the gentle Medorem Crawford and sweet Daniel Malarkey bow to Holladay's Hipple's little hatchet. Ungrateful Hipple! Why, these men made him Senator. "Scott laid the plan" says the Standard "to catch Wankfield while he was paying the wretch Johnson the \$600 to vote for Corbett, which resulted in the defeat of the Corbett faction and the election of Mitchell. When the Senator's youthful indiscretions were made public these same parties upheld and sustained him, and when the friends of the Senator could have been counted on one's fingers, they were the foremost to stand by him. But how he has rewarded their humiliating subservency!"

Mexican Revolution.

Despatches state that the revolutionists under Diaz are daily gaining strength. Matamoros is thought to be the objective point of Diaz, and consternation prevails along the Mexican border. Penna. one of the rebel leaders captured Comargo on the 6th and withdrew from it on the following day before a superior Federal force.

A writer in an exchange on the subject of "The Silent" in describing a woman says, "she looketh forth as the morning, fair as the moon, and terrible as an army with banners." A "terrible" pinback, that.

Advice To "Agricultural Horse Trots."

Mr. Editor.—As the time is rapidly approaching when the Directors of the W. C. A. S. must prepare the Premium list for the fair of 1876, permit me as one deeply interested in the success of that enterprise, through the WASHINGTON INDEPENDENT to urge upon that energetic Board the advantage to be gained by a careful examination of the Premium list of the State Agricultural Society published in the Willamette Farmer, and if any of said Board desiring to examine said list, having failed owing to the unprecedented hard times to subscribe for that paper, will notify the publisher, I think he will forward a list.

The Directors of the State Society, with a proper appreciation of the disinterested motives that prompt the citizens of Oregon to compete for awards, have in many cases offered diplomas instead of money as premiums. With a feeling of prejudice, however, above which I think the board should have arisen, they allow cash premiums, (not one diploma offered) in all trials of speed; and this in the face of the well known fact that "Gentlemen of the Turf," are the most liberal patrons throughout the land, of agricultural Societies. Indeed so universally has this fact been admitted, that "Agricultural Horse Trot" and "Agricultural Society" are synonymous terms. But I have no fears that our Board will insult the owners of Greased Lightning, Flying Nellie or Buckoff Billy by an offer of cash premiums.

I notice that the Board has determined to put a stop to the baneful practice of offering inducements to that precocious development of the young, so reproached by the leading intellects of the age by refusing to allow misses under 14 years of age to compete for premiums for best "pair of woolen stockings," &c. That is right. What business have mothers to waste the time of their little daughters by allowing them to learn such useful occupations. Let them wait until they get families of their own, then they will know why the knitting of stockings was invented, and will freely learn—if they have the time. Rather encourage these young misses to lay the foundation of a thorough education in the arts and mysteries of croquet, &c., and let their mothers do the knitting.

In Class R, I notice that the premiums for the best exhibit of Soda biscuit, etc. is, 1st P, \$2; 2nd P, 50c. And the best assortment of cakes is 1st P, \$5; 2nd P, \$3. At first glance this might appear an unwise discrimination, especially as "Bread is the staff of life." But the Board with that far-seeing liberality that invariably characterizes such bodies, recognize the fact that if bread is the staff of life, cakes and preserves are life itself, and therefore, they cut loose from old fogy notions and boldly take their stand with the great reformers of the present age, who hold that happiness and virtue are made up of enjoyment—and enjoyment is eating cakes and other "goodies." And to make assurance doubly sure, we have in class M, "best assortment of cakes not less than three, 1st P, \$5, 2nd P, \$3; followed by best 5 lbs of fresh butter, 1st P, \$3, 2nd P, \$2. I think that butter maker should donate the whole of that premium, if she gets it, to the Society for their liberality.

In conclusion I will say that I am somewhat surprised at the low estimate (judging from the premiums offered, \$1 and 50 cts) at which grape, currant, cherry and blackberry wines are held by those who prepared the list. But this and the decided ground taken at the State Fair against selling intoxicating liquors on the grounds is accountable for by the strong temperance proclivities of the present and former Boards of Directors of the Oregon Agricultural Society.

P. S.—Since writing the above the owners of Greased Lightning, and Buckoff Billy inform me that if our Board of Directors should offer \$200 to \$300 premiums, with free use of the stables for themselves and friends, and if the track is kept in good order while training, at the expense of the Society, they will, rather than see the Society go down, be on hand. Flying Nellie has not yet decided what she will do, but it is thought she with a number of others will, as our track is one of the best in the State, at any rate train for the State Fair. So the Washington Co. fair next fall must be a success.

"Nicodemus of Chelalem" shall have a place in the INDEPENDENT if the writer will send us his true name. We have no subscribers of the name signed in the note accompanying the verses.

How "Squills" Puts It.

WASHINGTON COUNTY, Mar. 13, '76. EDITOR INDEPENDENT.—Self-constituted sages and addressers of the dear people are becoming rather numerous. They are scattering around political wisdom in chunks and hand-fuls. After these brilliant suns have thrown around such floods of light, they can scarcely be held accountable if a Washington County voter should wander in unseasonably ways. Of course they are entirely disinterested. Not one of them but desires his leadership to be followed, solely for the good of the dear tax-bearing people. They are, however, rather melancholy leaders. All hail out the same mournful song to the same mournful tune. Each one puts on his Sunday cap, clothes himself in robes of righteousness, prolongs his countenance according to the most approved sanctimonious pattern, pronounces the pass-word of his order, "Miteh-Hipple," and then delivers himself of a diatribe on the corruption of politics and politicians. Where these gentlemen acquired such an extensive knowledge of the "ways that are dark" matters not. They speak like "one to the manor born." A cynic might suggest that, perhaps, "they have trod the ways they so graphically describe, and know whereof they affirm," but every honest man would indignantly shun the base insinuation. But is it not a little singular, that these tearful Jeremiahs should not have one word of condemnation for politicians or political tricks, unless they are claimed to be found in Republican or Democratic ranks? Is it not a little singular that these astute doctors prescribe the same remedy for each and every political disease? Do they all belong to that small but faithful band who labored so assiduously to heal all the wounds on the body politic, by the application of Whitney's salve?

But conceding the justness of their attack on politicians and political corruptions, are neither to be found within the Independent party? Is there in this county a politician who has grown gray, and even dyed, in the tortuous way of politics; who has grown fat by almost continuous feeding at the public crib for nearly twenty years, who, according to his own story, is the only man who in this county, was ever elected honestly, or beaten rascally; who can button-hole more men, pack more conventions, pull more wires, lay more political traps, ride more miles and do more political work than any other ten men in the county; who makes politics a trade and lives by it, and in politics as in war, regards everything done by himself, or friends fair, that leads to victory; who is the most consummate of ring managers, and most severe denouncer of rings; who has for years, in spite of the wishes of three fourths of the voters of the county, by skillful political management, secured the most lucrative public positions for himself and friends;—is there such a man in this county? If so is he Republican, Democrat or Independent? If the latter, is he a subaltern, or the very head and front, body and brains of the party? And why do our sage friends advise us to shun politicians by flying into his arms, and to rebuke wire-pulling by following his leadership?

Wrestling Match. Last Saturday a wrestling match took place at Cornelius for a purse of five dollars between H. McLin of that place and a man by name of Alfred from the Grove. They wrestled "hip and thigh" and after four strongly contested falls gave up the struggle. Young McLin threw his antagonist once fairly, the other falls being declared unfair by the judges, McLin was awarded the stake.

A letter from Brick Flat, Umatilla county, says: "The squirrels are not so numerous this spring as they were last; besides we have invented a machine with which we think they can be exterminated. We burn sulphur and rags in the machine and blow the smoke into their holes. It has proved an entire success, as we have dug them out dead from 15 to 20 feet from where the smoke was blown into the hole. For two years past the squirrels have destroyed our wheat and oats entirely. Everybody was discouraged, and had given up the hope of trying to raise grain any more."

There are fifteen State Senators to be elected in Oregon in June, as follows: Benton and Polk jointly, one; Clackmas, one; Coos and Curry, one; Douglas, two; Josephine, one; Lane, one; Linn, one; Multnomah, two; Polk, one; Union, one; Wasco, one; Washington, one; Yamhill, one.

TELEGRAPHIC SUMMARY.

LIVERPOOL, March 17.—The Broad-staff's Circular has the following: The tempestuous weather and heavy falls of rain and sleet have caused general complaints from country districts. Not only are chances for sowing interrupted, but weeks may elapse before the land can be got in condition again. Farmers' stocks of wheat are shortening; shipments from aboard are light, and with the generally revived demand, English has advanced fully a shilling per quarter this week. Foreign, on the spot and off coast, also rather dearer. Sellers to-day obtained 24 per cent advance on white descriptions, and from 1d to 2d on red.

The Times has a leader on the exposure of official corruption in America. After a review of the facts, so far as known, it concludes as follows: On the whole, we cannot but feel that even though the investigation or prosecution now pending should prove futile the impression on the public mind must be that a nice sense of honor and propriety does not prevail in the official world of the United States.

LONDON, March 15.—A Times special from Berlin says a letter from Peko Paulovich, who commanded the insurgents at the battle of Muratovizza asserts that a force of 1,550 insurgents attacked 3,200 Turks, and that only 700 of the latter returned to Gatzelko. About 800 were killed and others drowned or dispersed. The insurgents captured 675 rifles and four rifled cannon.

NEW YORK, March 17.—A foot of snow has fallen to day in the northern portion of the State and in portion of Maine New Hampshire and Vermont. It is still snowing.

On the 15th Senator Mitchell addressed a letter to Representative Lane suggesting that the Senate bill extending the time for completing the Oregon Central railroad from Portland to Astoria, be so amended in the House as to compel the company to complete twenty miles of road each year.

Luttrell has presented to the Secretary of the Interior a number of affidavits charging Indian Agent Burchard, of Grand Ronde Reservation, with dishonest and general malfeasance in office. The affidavits were signed by residents of the locality and some of Burchard's employees. Luttrell says if the department fails to employ a remedy or removal he will bring the matter before Congress.

Lane's Klamath reservation bill, which has passed the House, was amended so as to provide that all lands taken in lieu shall be located in Oregon. The Senate committee on Territories heard Senator Kelly in support of his bill to annex Walla Walla and Columbia counties to Oregon. No action will be taken until Delegate Jacobs is heard from in opposition.

RALEIGH, N. C., March 20.—Snow prevails throughout the State. In Greensboro it is four inches deep. In Hillsboro, three inches, and the mercury at the latter place was 20° at night on Saturday. The peach crop is believed to be destroyed.

GREEN RIVER, Mar. 20.—The Union Pacific road is blockaded with snow between Rawlins and Bitter creek. The passenger train bound west, due here at seven this morning, is lying at Separation. The passenger train bound east, that passed here last night, is now lying at Washakie.

MEMPHIS, March 20.—Since seven o'clock last night to 10 this morning ten inches of snow have fallen and it is still snowing. The street cars are unable to run, and the trains on all the roads are delayed. The streets are full of improvised sleighs. Such a storm was never known heretofore, the snow last March, which was unprecedented, only measuring eight inches. The telegraph lines south are prostrated, and it is not known how far south the storm extended.
