President Marsh at the East.

Here is what two Eastern papers say about President Marsh, who, as our readers are aware, went East last winter in the interest of Pacific University at the Grove.

"Rev. President Marsh of the Pacific University, is now in this city, raising funds to meet the pressing needs of that important institution. He has found a few good friends, but he must have more, and any one with means who will give him ten minutes to tell his story will feel the force of the claim. We ask for him a kindly hearing."—N. Y. Observer.

Dr. Marsh, a son of Dr. James Marsh a former distinguished President of Vermont University, has done a noble work in Oregon. With a somewhat wretched endowment the Pacific University would become one of the most fruitful sources of Christian culture in that State.—Congregationalist.

We see by the Oregonian that the Doctor sailed from San Francisco for Portland on the John L. Stephens last Saturday, and consequently he will be here on Thursday or Friday of this week. He returns sooner than his friends expected.

The Commencement Exercises Of the Pacific University at Forest Grove will begin on Monday the 5th of June, closing on Wednesday the 7th. The various exercises will be interesting as usual, consisting of lectures before the Alumni and Literary Societies, and of the graduating class. The graduating class for this year is as follows: Miss Ella Watt, H. Tamira, J. T. Martin, Kin Saito, Agero Nosen. Edward Atkinson completed his course also, but will not be present having started East last week.

Rev. Ellis. Pastor of the Congregational church at Forest Grove, has asked the church at that place to release him from his engagement, which has been granted. His resignation is to take place the 1st of July next. He does not state the place of his destination. His church has been well pleased generally with his ministrations, and the "outsiders" have especially liked him.

Mass Meeting. The Democratic mass-meeting met last Saturday and adjourned without putting out a county ticket. Dr. F. A. Bailey, John Richardson, Fred Strong, who is the Democratic candidate for Prosecuting Attorney in this district, and others, made short speeches which called out immense applause from the Democracy. Dr. Bailey's speech was especially applauded.

Dairy Creek Bridge. Tuesday commissioner T. Humphreys let the building of the remainder of the Dairy creek bridge to M. S. Dailey of this place for \$1,575. Length of bridge, 812 feet; part across the stream to be built on piling, 170 feet; width 16 feet. Contract to be completed by August 31st.

Public Speaking. Raleigh Stott and F. R. Strong, candidates for Prosecuting Attorney of the Fourth Judicial District, will address the voters in this county in the following places at the following times:

Table with 2 columns: Location and Time. Hillsboro May 22 At 8 p. m. Forest Grove May 23 At 8 p. m. Cornelius May 24 At 8 p. m. Amos Chapel May 25 At 2 p. m. Middleton May 26 At 2 p. m.

Died. Mrs. Logan Johnson died at Forest Grove last Sunday morning after a long illness. She died in the hope of a happy future, and said she wanted to die. She leaves a husband to mourn her loss. Her remains were buried in the cemetery near the Grove on Monday.

New Side-Walk. The property holders abutting, propose to petition the town board in Forest Grove for a new side-walk from Henry Buxton's residence to McDonald's corner and thence east by Joseph Watt's to the southeast corner of block one. The part from Mr. Buxton's to McDonald's will be eight feet wide.

"WAPPATO," of Dilley, sends us a communication for publication but as he does not give us his name of course we cannot publish it. It is strange that men will read newspapers for a life time and not learn this universal rule.

Preaching. Rev. G. W. Richardson will preach at Harris' bridge on the second Sabbath at 11 o'clock A. M. and Saturday before at 3 o'clock P. M. in this month. "MARTELLA'S" verses will appear next week.

Forest Grove:

May, 8, 1876.

W. D. Hoxter has sold his fine span of horses to Mr. Hamilton for \$600. This span of horses took the first premium at the State fair last year.

We learn that the Democratic mass-meeting at Hillsboro was a failure owing the non-arrival of the Clatskume delegation, which will arrive to-day on the steamer Ajax by way of Glencoe. Some of the Democrats while returning from Hillsboro made up a ticket which when reported here was "bit" at by some of the faithful who shouted, "That's the ticket, you bet." They put Dr. Bailey at the head as Senator, and three old dyed-in-the-wool Democrats in this place fainted when they heard of it. Even some of the Republicans, who are dissatisfied with the "straight" (?) nominations, were pleased with it. Politics are badly mixed here this year. If the Democrats had put out a ticket it would have set everything right.

Mr. Taylor Reins' boy, on Gales' creek, got a gravel in his ear last week. Every effort to extract the same was unavailing. It is feared that the boy will die on account of it.

A number of immigrants are coming in looking for homes.

The equinoctial has "let up." Jerome Porter has gone East of the mountains. Israel White will go East of the mountains to take up a stock ranch.

Mr. Vert has bought another tract of land near this place.

Edward Atkinson in company with his mother started for New England last Wednesday where they have many relatives. Mr. Atkinson has completed his course of study in the University and is I suppose entitled to his diploma. He goes East now to accompany his mother whose health it is hoped will be regained by travel. He sold his lot here to S. J. Stott for \$150.

Miss M. Naylor started for W. T. this morning. Miss Mary Marshall is teaching at the Bethel school house in the north-east part of county.

The donation party and supper given in this place for the benefit of the Methodist minister was a grand success. It netted a little over \$84. It was largely attended by the citizens of this town and neighborhood for which they have the thanks of those interested in getting up the supper. Great praise is due to Mrs. Henry Buxton, Mr. Gould, Mrs. Manning, Mrs. McMillen and others who superintended the matter. The supper was all that the most fastidious could wish. The music furnished by Miss Bowly, Miss Emma Watt, Flora Smith and others, was superb, and the whole a very pleasant affair. Now, then, let the Hillsboro friends do as much for their pastor.

Jack Welch sold four pointed hogs to-day. They did not bring enough to pay the expenses.

Some complain here about silver, not wishing to take it at par. The victim paid off in this kind of coin will have to call it being silvered instead of greenbacked as formerly. I presume the editor of the INDEPENDENT would like to be silvered, especially on old subscriptions. (Correct, Toots.)—Ed. Ind.

Dilley:

May 8th, 1876.

The past two days of warm weather have started vegetation up some faster. Seeding is still going on. Mr. Alexander and T. G. Flannery finished sowing in April. George Johns is planting more poppy seed on his fruit and vegetable farm. He does some bird and deer stuffing when he obtains good specimens.

Omri Parsons lost two cows by drowning in the creek this spring. Rev. F. Elliott will preach at 2 o'clock p. m. at the school house in this place on Sunday next on the subject of Sunday Schools.

Last May we had three blacksmiths two in one shop and one in the other; now A. C. Hall is our only blacksmith.

Our saddler has quit and gone to farming again.

We would like to see a shoe-maker start in business here. R. D. Shear had plenty of work while he was here engaged in that business at this place.

K. Y. Z.

Rev. Pierce. And family of Portland were out here on a visit to Sheriff Tozier's house Tuesday. Mrs. Tozier invited in some friends Tuesday evening when music was the principal amusement. Mr. Pierce had quite a bad cold but he made the fiddle squeal. The occasion was quite pleasant.

Forest Grove:

May 8th, 1876.

News items are very scarce in or about the Grove. The farmers are generally through with their spring seeding. The rains have ceased, the sun shines and all is lovely.

Business of all kinds is improving. Our merchants are filling up with spring styles as well as the more stable articles usually called for at this time of the year. The roads are greatly improved, and people move more freely than heretofore.

The entertainment given by the ladies of the M. E. church was a success—an enjoyable treat.

Smith & Buxton will begin the work on T. G. Todd's new residence 2 miles west of the Grove, the present week. Mr. Todd is a successful farmer. This improvement will be of that style which gives tone and stability to the county.

The State Republican ticket gives general satisfaction to Republicans while the Democratic nominees are praised by all of that faith. Indications point to a strict party vote for State officers.

The ladies have donned their furs and mufflers. Mrs. Buford's millinery and Mrs. Grant's dress making establishments appear to be the centre of attraction just now.

Profanity.

We are most emphatically in the age of profanity and it seems to us that we are on the topmost current. One can not go on the streets anywhere without having his ears offended with the vilest words, and his reverence shocked by the most profane use of sacred names. Nor does it come from the old or middle aged alone, for it is a fact alarming as true, that the younger portion of the community are most proficient in the use of degrading language. Boys have an idea it is smart to swear; that it makes them manly; but there never was a greater mistake in the world. Men, even those who swear themselves, are disgusted with profanity in a young man, because they know how, of all bad habits, this clings the most closely, and increases with years. It is the most insidious of habits, growing on so invisibly that almost before one is aware he becomes an accomplished curser.—Exchange.

These truthful remarks will apply to Hillsboro as well as most of the towns in this State.

Judges of Election.

The following is the list of judges of election appointed at the last term of the county court for the various precincts in this county:

A correspondent writing from Farmington says, "An English gentleman arrived at this place on the 12th of April and has taken up his abode with James Withycombe for the time being—weight ten lbs."

BREVITIES.

It is reported that Rev. Ellis of the Grove has an offer from the Cong. ch., at Seattle for \$1,200 a year, and a still better offer from the same denomination at Portland.

Messrs. Milne, Beauchamp and George Leiford have been giving their dwellings a new coat of paint.

The thermometer went up to 86° in the shade on Monday.

A. Y. Boyce has been renovating his fences somewhat.

J. J. Morgan raised his barn last week. It is a frame structure, 30x40 ft.

Wilcox knob the per-Simmons in June? Is the important question before the public to-w.

Sunday before last Dr. Atkinson took up a collection of \$14 50 in currency for the American Home Missionary Society—a liberal sum, we think, showing that Hillsboro is not dead to the progress of the world.

W. D. Hoxter has a cow that gives two pails of milk at a milking. Now who can trot out a two-horned animal that can beat that?

W. D. Pittenger has new potatoes.

A fine son arrived at Benton Killin's house last month.

Mrs. Jacob Hoover of Steilacoom, W. T. has been visiting her husband's relatives in this county during the past week.

Rev. Ellis delivered an excellent sermon at the Grove last Sabbath on the subject of the sacrament. Dignified, earnest, and plain to suit the understanding of the congregation, it was very appropriate, and, as clearing up the fog and dogma of metaphysics and creed, it was refreshing to hear in these days of so much abstract speculation on this subject.

The Baxter brothers who were engaged in the saddle and harness business in this place have taken up a homestead in Scoggin's valley where they are now located.

Engene Jackson moved to Independence Polk county yesterday morning. He owns a place up there and says he is going to give himself and family a rest. He still owns his farm near this place. Mr. Jackson is a good citizen and we are sorry to lose him.

W. D. Pittenger is making it pretty warm for certain dealers in this place. He undersells them and gets the cash custom.

An old lady in this place who borrows the INDEPENDENT discovered a letter turned upside down last week and now she says that the ignorance of these editors is shocking. Notwithstanding she is the same lady who the other day put her old stocking on wrong side out, wiped her nose with the dish-rag and stuffed a fowl for dinner with her night-cap, and who last winter was discovered out back of town trying to get a perpendicular view of the rainbow without her spectacles on.

Take Stoughton's hack from the station to the Grove. He runs the regular line. He is careful and gentlemanly and the man for the Grovians to patronize.

"How He Fooled Her."

CHAPTER I. It was New-Year's morning. He had been thinking deeply for a day or two, and there was a Spartan look on his face as he sat down to breakfast. He was unusually quiet though he said he never felt better in his life.

CHAPTER II. Rising from the table he drew forth his tobacco-box and said to his wife: "Hannah I'm going to quit the weed."

"No!" "Yes I am. I have been a slave to this disgusting habit for forty years; but now I'm done with it! Come here Hannah."

She flung the box to the door, and he flung the box far into the back yard.

CHAPTER III. Four days had passed. Dried pumpkin, cloves, spices, gum, and dried beef had been chewed instead of the accustomed quid. The family cat had been kicked out of doors; the dog had fled; the hired girl's nose was turned up; every peddler in town came to the door.

"But you will stick to your resolution, won't you?" asked his wife. "I will or die!" he replied.

CHAPTER IV. 'Twas dark. A man sneaked around the house—on his knees on the grass—pawed around—fingers clutched an object—hid flew open—moved his right hand to his mouth—"Yum! Yum! But what a fool I was!"

AFTER A QUARTER OF A CENTURY THE DR. J. C. YOUNG MEDICAL AND SURGICAL INSTITUTE still offers to the afflicted absolute cure in all cases of

SEMI-NUDE WEAKNESS.

The preservation of health and life is dependent upon the proper condition of the procreative functions and any weakness or cause of weakness of the generative organs or their use is a direct attack upon the general health as well as a sure destruction—if not properly cured—of the organs that are the pride of one sex and the blessing of the other. In Youth is laid the foundation of much of the misery of after years by the indulgence of the most destructive or habits making life a curse and spreading weakness and ruin among mankind, for it is a well known fact that the indulgence in solitary vice, even in the slightest degree, plants seeds of weakness in the system that grow to harvest of disease, sorrow and shame in after years.

Young Man

If you experience any weakness you should not delay for a day and impair your health if not your life. In all forms of Weakness and Premature Decay a Cure is Guaranteed by the Doctor to the Young, Middle-aged or Old, without Exposure or Hindrance from Business.
