Vote For the Best Men.

Next Tuesday the State election takes place, when the people must decide what candidates for the several offices in the county and State shall serve or abuse them. And, representing the interests of the people of this county particularly, we would urge, especially in the mere county offices, that men should vote for the best men. Only this much can be asked for party and party principles in the county, and that is that where you have a man on your party ticket who is as good or is about as good, as his opponent, then you should vote for him. But when you find that any candidate on your ticket is immoral or poorly qualified as compared with his opponent you commit a vital error—a great sin, we think—if you vote for him.

You talk bitterly of Grant's and Buchanan's administrations; you feel the disgrace of the corruptions of our government, which have even started, if not astounded, the empire of the old world; you condemn the political rings that run our State and National politics, and even the primaries; and yet you vote for the dummies foisted upon you by the rings and perpetuate the ring power in State and Nation. It is you, Democrats, and you, Republicans, that do these things, and all in the name of party! And while you continue to do this you should keep your mouths forever shut when the gamblers, drunkards, where-mongers and party men that you elect to office steal the public money, sell their votes and influence to insatiate corporations, corrupt public and private morals, and disgrace the Nation.

We make this appeal to your better judgment—your manhood. We ask you to rise above mere party prejudice for once, aye, forever! and vote for the best men. We shall not attempt to point out the best men but leave that to your judgment, as such selections by us might lead you to misunderstand our motives. All we ask is, that you vote for the best men.

The Canvass.

The canvass in this county is conducted quite pleasantly to all parties. The candidates for the Legislature do the speaking, the rest attending to let the people see how good looking they are. Mr. Richardson does not propose to attend the canvass outside of his own district. Mr. Gault cannot take a part as he is teaching the public school here and of course cannot leave that. Mr. Denny furnishes most of the fun in the discussions. Messrs. Watt and Handley are the leaders in debate. There are no questions at issue between the two sets of candidates, which makes the discussion decidedly tame. The great benefit of the canvass is that it will call out a heavier vote than there would have been otherwise, which will pay for the trouble. The great desideratum now seems to be to get the people to vote. It will be found that those who stay away from the polls are generally honest and substantial citizens while the transient and immoral classes always vote.

Send in the Election News.

Will some one of our subscribers at each precinct please send to us as early as possible exact reports of the election next Monday? We will wait until the Wednesday evening train for election news.

H. W. Scott, one of the delegates chosen by the State convention to attend the National Republican Convention, which convenes at Cincinnati on the 14th of June, started East on the last steamer.

What Has Changed?

[Communicated.] Two years ago the people of Washington county made up their minds that they could no longer stand the trickery and impositions of the existing party organizations and accordingly took a new departure. The politicians were quick to see how the matter would end and were soon found shouting in the lead for reform. It was then "Resolved that as farmers, mechanics and laboring men, we cut ourselves loose from all party obligations and rally under a banner broad enough to embrace all who favor just laws and oppose cliques, rings, combinations of monopolies, extravagance, and disregard of economy in county, State and Nation."

Upon that broad platform were found many of the most persistent aspirants for office. Some of them obtained the prize, others less fortunate "cut themselves loose" again and got up another reform which did not work well, and then they quietly slipped back into the party fold, some of them now boast of bad faith with their "confusionists."

I desire your space at this time only to ask what has changed in the political situation that any man who put his hand to that declaration of Independence should now be a partizan, except in a few cases when there is an office in sight for self or friend. The same corruption and extravagance disgraces the nation and the State. The same unscrupulous men control party destiny in the county and State. Let every man recall the past for himself and he will be satisfied that while the principle of independent voting has done a great deal of good already, it has only made a commencement on the errors and abuses to be corrected.

A speaker at Beaverton Monday said that the fees of officers had been reduced, and seemed to think that there was no more work for Independents. Let me call attention to the fact that the men who accuse one another of raising those fees four years ago, are now controlling the Republican party and are attempting to obtain control of the Legislature again; perhaps for the same purpose. There is work for the Independents to do and there will be work as long as any one of those politicians remains alive who get his ideas of politics under the old idea that "the victors belong the spoils."

From An Independent.

EDITOR INDEPENDENT.—The election is close at hand. The people of Washington county will be called upon to do what? Let us pause and think, and be honest with ourselves. There are two political parties before you. One is the old wing of the Republican party, the other is composed of persons who have previously belonged to the Republican and Democratic parties. Now, let us see what has caused this mixture, as some call it. Is it because the two great political parties are pure, honest and working for the interests of the people; or is it on account of the corruption that exists in the rings of both parties that has brought about the present state of affairs? I think that every honest man must admit that the reasons for an Independent move originated from the fact that both political parties had become corrupt. Now the question arises, what has the Republican party done to redeem it, and what excuse can independent men make for supporting it, if it has not done anything to redeem itself. Then our duty is plain: There are just as good reasons for supporting an Independent move now as there was two years ago.

Don't "Swap."

It is reported that there will be some "swapping" of votes on candidates in this county next Monday. We hope it will not be done. The practice is not honorable. If you have a choice, vote it, and do not sell it, though you can make votes for some one else you more particularly wish to elect. Sacrifice no good man by this plan in order to wreak personal or political revenge, for that would be puerile and unworthy of the manhood and high aims of the franchise. Vote for good men if you know they will be beaten and do not corrupt the suffrage by dishonorable "swapping."

The Clatsop county Independent Convention nominated J. H. D. Gray for Joint Senator with Tillamook, R. Hamilton and H. Fisher for county commissioners, I. W. Case for treasurer, H. Brailer for assessor, H. Gearhart for surveyor, and W. E. Dement for coroner.

TELEGRAPHIC SUMMARY.

VIRGINIA, City, May 20.—More snow fell last night. The streets are frozen hard this morning. It has been coming down intermittently during the day.

NEW YORK, May 20.—Ben Holladay's property at his West Chester county farm was sold yesterday at sheriff sale to satisfy judgments.

NEVADA, May 20.—A very unseasonable and severe snow storm occurred here last night. About six inches of snow fell during the night, causing great damage to fruit and shade trees, many of which have been partly or wholly broken down by the snow.

The Cheyenne papers after humbugging the people with Black Hills are now endeavoring to direct attention to the Big Horn country.

PHILADELPHIA, May 19.—Wool inactive and prices unsettled; but little new wool arrived; Coltrabs washed 18@22; unwashed, 15@17c; extra and Merino pulled, 30@35; No. 1 and superfine pulled, 32@34c; Texas fine and medium, 15@20c; coarse 15@17c; California fine and medium 20@22c coarse 17@20.

May 20.—Latest arrivals from Black Hills to-day—Alderman Nealon and J. D. May of this city—report meeting Raymond's outfit on Indian creek, then engaged in a fight with Indians. The Indians succeeded in capturing 35 head of stock which they were driving off. They met about 400 men with 80 wagons, at Hat creek, where Capt. Egan's command had also halted. Leaving Hat creek, they rode into Fort Laramie unmolested. The gentlemen are reliable authority and state that the claims being successfully worked yielding \$10 to \$12 to the man; but beyond this district the hostility and out-repeated attacks of Indians on prospectors has almost paralyzed the efforts of miners.

Serious trouble is anticipated in Southwestern Colorado, consequent upon the Southern Utes, of whom Ignacio is chief, having ordered all the settlers to abandon their farms and leave the lower Animas valley. The cause of dissatisfaction on the part of the Utes is that although they made a treaty with the United States three years ago, agreeing to give up the San Juan mining regions in consideration of certain annual payments none of them have been received, though the Utes have faithfully fulfilled all their treaty obligations.

The amount of treasure stolen from Wells Fargo & Co. at the stage robbery near Boise on November 10, 1875, was 7,000 19. Of this amount about 4,000 was recovered since the capture of the Gayhee robbers by Mr. Thacker.

PHILADELPHIA, May 23.—There were 12,400 paying visitors present yesterday, and about the same number today.

NEW YORK, May 24.—An engagement is reported near Las Cruces, Cuba lasting all day, between the Spanish forces and insurgents,—the latter being victorious. The Spanish loss is said to be between 1,000 and 1,500.

NEW YORK, May 25.—Yesterday was a day of triumph for Blaine. Republican conventions met in six different States, and in effect he swept every one of them. Kansas, Nebraska, Minnesota, Missouri and Illinois, seem to have gone for him, notwithstanding the fact that formal pledges were not made, and although New Hampshire failed to instruct in his favor, seven out of ten delegates are in his interest. His friends are jubilant, and the prospects now are he will receive the nomination at Cincinnati.

CINCINNATI, May.—17 In the Democratic convention this evening, the report of the minority of the committee on resolutions in favor of soft money was adopted, 336 to 300. Considered a victory for Allen.

SANTA BARBARA, May 16.—At the anti-Chinese meeting held in the city last evening, resolutions were unanimously adopted by those present, who pledged themselves not to patronize any person using capital as means of making a livelihood, who gives preference to Chinese labor over that of white.

CHICAGO, May 16.—The Tribune's Sioux City special says: Letters received this morning from reliable parties, dated Black Hills, April 26, being most discouraging accounts of affairs in that country. The Indians are becoming very troublesome frequently killing men at their own doors, stealing horses and committing other depredations. These letters say the stories of gold being found in paying quantities are lies. Provision are scarce and high and a great many men are on verge of starvation. Miners are leaving as fast as they arrived a month ago.

Wheat is 80 cents at Albany.
