PREPARATIONS FOR THE FAIR.

The judges' stand, a three story structure with cupola and bell, is about ready for painting, and when completed will be a neat building. The design is pleasing and displays the judgment of the man who planned it. A large stock well has been dug and walled, and a large tank will soon be built under which the water cart can be driven and the sprinkling apparatus filled in a few seconds. This is also a great improvement on hauling water from the creek as it was was done last year. The Secretary informs us that the stands are nearly all taken and more ground applied for. Two museums, Backenstose, of Southern Oregon and Woods of Portland will show, also the Copelands of Portland will be on hand with their gigantic fossils. The track is getting harder every day and will be in prime condition by Fair time. The defect in the corners of the track last year, being too low, has been remedied and Washington county now has the best track in the State, or else the horsemen do not tell the truth. W. H. Parker of Cornelius has been appointed Chief Marshal, which is an excellent selection, though Mr. Parker cannot make much improvement on Geo. DeBord's management last year. With Queen's gigantic Circus and travelling Menagerie added the Fair is likely to be more lively and attractive than any preceding year.

Now let every farmer bring on his stock, fruits and cereals, etc, and make the Tenth Annual the best Fair ever held in Washington County. It is the Centennial—why not?

Premium Changed.

By a mistake(not of the printer)the premium list was made to say for the 5th day's race; 2 mile heats, 2 in 3, $400 for the first premium when it was decided by the Society that the premium should only be $200. And at a meeting of the Directors on the 16th it was agreed that the premium should be $400 as printed; also the race for 2 year olds was made one-half mile and repeat instead of a single dash.

Rain.

A fine shower fell in this county on Sunday night which laid the dust and freshened up every thing. Rain set in again quite steadily this (Wednesday) morning. The harvest is not quite finished yet and the rain has stopped operations. Summerfallow is in good condition for seeding and farmers who are pushing their work are busy putting in the new crops.

Finished Heading.

P. Jackson finished heading S. H. Humphrey's wheat last Satruday which closed his work with the heading machine. Mr. Jackson has run his machine all harvest and headed at the rate of 25 acres a day. Jackson knows how to run "der masheen" and is not afraid of work.

Ho! For Alsea!

The people in the lower part of the county are excited about the Alsea reservation which has been thrown open to settlement. Washington Kellow has located a romantic little ranch down by the sounding sea and Green Olds is about to go there too.

Special Session.

The County Commissioners' Court will hold a special session on Saturday of this week to grant license to John Ladd to run a billiard table on the Fair grounds The license for billiard tables is $25.

Sheriff Morgan has to issue a summons every evening to his milch-cow and serve it in Simmon's swamp. If he does not look a "leedle owet" "Dad" will sue him for damages for mashing that willow brush down to its great injury,

Queen's Circus.

The Eugene correspondent of the Oregonian says: Montgomery Queen's circus gave two performance here Friday to good audiences. It is the largest show that has ever visited this town, and the performances were exceedingly good. During the circus preformance Friday night, to of the male hyenas commenced fighting, and it was near an hour before they could be separated during which time they made as much noise as ten bulls could make under the most favorable circumstances.

Bailed Out.

Saturday Hume, who has been lying in jail at this place for several weeks was bailed out by Capt. Ankeny and White of Portland. Mr. Killin the prisoner's attorney was out and had the matter arranged and Hume was set at liberty.

Mr. Chenette is building an addition to his store for a warehouse for the use of Mr. Pittenger, who wants more room for his goods.

The Tualatin Hotel is a thing of beauty in its new coat of paint.

We understand that Mr. Judkins, who was appointed to preach on this circuit by the M. E. conference has refused to accept, saying that he had tried Hillsboro once before.

Several of the light-fingered gentry grace the town this week, "the glass of fashion and the mold of form."

County Orders taken at par for goods at Pittengar's Store.

Straw-burning began quite lively early yesterday morning, rain having set in.

Pittenger has just brought an excellent stock of boots and shoes.

Rev. Derrick will preach at the M. E. church in this place at 11 a. m. next Sunday

Boots, No. 1 quality, $4 a pair at the popular store of Kahn & Friedurich.

The Grove.

Sept., 18, 1876.

Considerable wheat selling here at present. W. D. Hoxter bought 1800 bushels of John Harrison at 68 cents a bushel, to be delivered at Hillsboro. H. is paying 67 cents at the station. He expects to load 5 cars to-morrow.

Thos. Roe's wheat averaged 25 and his oats 50 bushels to the acre.

Chas. Cornelius and Ashley Johnson intend to start to California on the next steamer. Jerome Porter's mother will start to her home in Wisconsin this week. She intends to return and make Oregon her home.

Some unknown lovers of the festive melon went into old Mr. McMillen's patch the other night and captured every melon, even taking some that had been medicated, which doubtlesly made the culprits do forced penance for their sin.

The Forest Grove station is not fixed yet. Mr. Smith has not given any deed for the land. Mr. S. demands that the land shall be fenced. We presume the matter will be settled to-day in some way.

B. F. McMillen has returned from Sheridan. He reports plenty of improvements in progress up there.

Mr. Howell of Cedar Mill sold a load of onions to Mr. Hoxter at 75 cents per bushel. Mr. Howell raised 200 bushels on 20 sduare rods, or 1600 bushels to the acre, or at the rate of $1,200 per acre. Mr. Howell is a reliable man and asserts the truth of this statement.

Carey Clarke has sold his shop, dwelling house and lot to Mr. Williams for $500—cheap enough.

Jacob Stevenson will start to Gray's Harbor soon, prospecting for a homestead, or any thing else that is profitable.

Mrs. Darius Smith is attending Miss. Holt's school here. She is preparing herself for teaching.

TOOTS.

P. U. Personals, Etc.

W. D. Lyman who has been attending Williams College, in Mass., has been compelled to quit on account of weak eyes. He has gone to the Centennial Exposition.

Ajiro Nosea, one of the Japanese students, has gone to Japan. H. Tamra and K. Saito are at Ann Arbor studying law.

A Japanese student who was studying and working in Prof. Condon's family when he was at the Grove and went to Eugene with the Professor, writes that he wants to return to the Grove, because there is too much whisky-drinking going at Eugene.

A Chinese student sent by an Eastern society will attend the college if he can find a place to board.

The Japanese Consul at 'Frisco has made application to President Marsh for sending a number of Japanese students this year.

Miss Ella Scott who graduated in the ladies' course in '75 has been studying Greek and is now taking the gentlemen's course. Misses Mary Lyman and Laura Hoxter will also take the gentlemen's course. These young ladies are ambitious and propose to fully equip themselves for the fierce tussle with the world. We hope other young ladies will follow their example.

A Woman Sampson.

Just cast your eyes around you and observe Queen's gigantic circus posters. Who wants to see that woman lift a cannon that weighs a thousand pounds and hold it on her shoulders with two men and a boy on top of it into the bargain? What young man about Hillsboro would want to go into matrimo—well no matter.

Photograph Gallery.

Mr. Westrop, late of Vancouver, has erected his Photographic Studio on the Public Square in this place. Takes pictures at Portland prices. Particular attention paid to taking babies' pictures. Come right along now and save the expense of a trip or two to Portland and at the same time get just as good pictures. Sep7w4.

AFTER A QUARTER OF A CENTURY.

DR. J. C. YOUNG

MEDICAL AND SURGICAL INSTITUTE

still offers to the afflicted absolute cure in all cases of

SEMINAL WEAKNESS.

The preservation of health and life is dependent upon the proper condition of the procreative functions and any weakness or cause of weakness of the generative organs or their uses is a direct attack upon the general health as well as a sure destruction—if not properly cured—of the organs that are the pride of one sex and the blessing of the other. In YOUTH is laid the foundation of much of the misery of after years by the indulgence of the MOST DESTRUCTIVE OF HABITS *making life a curse* and spreading weakness and ruin among mankind, for it is a well known fact that *the indulgence in solitary vice*, even in the slightest degree, *plants seeds of weakness in the system that grow to a harvest of disease, sorrow and shame in after years.*

Young Man

if you experience any weakness you should not delay, for a day may imperil your health if not your life. In all forms of Weakness and Premature Decay a Cure is Guaranteed by the Doctor to the Young, Middle-aged or Old, without Exposure or Hinderance from Business. The Remedies are purely vegetable and of a nature that leaves no taint behind. OBSERVE the symptoms and hasten to check the course of the complaint, if you experience any of them—*nightly discharges, slight discharges at other times, trembling, anxiety, forgetfulness, confusion, pain in back, limbs or body, forebodings, indigestion, timidity, aversion to society, loss of power, want of control, variable temper, attacks of sickness akin to biliousness, deposits in urine, irregular bowels, etc., etc.*

TERRIBLE POISIONS.

Among the most subtle and virulent of poisons in the human blood is that arising from Veneral Taint often breaking out, after years of apparent cure, in hideous sores upon various parts of the body. Its great danger lies in the fact that it is given to the innocent partner or to the unborn child without showing in the person originally contracting it.

THE USE OF MERCURY

only aids in this terrible deception by drying it upon the surface and driving it back into the blood. ALL VENEREAL POSION IS A BLOOD POSION AND CAN BY COMMUNICATED IN THE BLOOD and the only certainty of prevention of transmission is in the positive cures of the *reform treatment* practiced at the Dr. J. C. Young Medical Institute, comprehensive, scientific and thorough, having received endorsements as the best of all modern practice. Recent cases cured in a few days and chronic cases with remarkable rapidity. *Our tests of the presence of the Taint in the blood are never failing.*

TO FEMALES.

There are no class of complaints that so enlist the sympathies of the medical mind or so command its gravest thought and study as those that afflict women. The Doctor after years of patient investigation and treatment is enabled to assure them rapid and thorough cures in all the complaints incident to the sex. THE WEAK CAN HOPE FOR STRENGTH AND THE SUFFERING FOR RELIEF AND CURE.

Those who require personal supervision the Doctor can furnish with appartments with careful and skillful nurses where unremitted attention and con stant care give every assurance of rapid and permanent cures

The Institute is supplied with a

LYING-IN DEPARTMENT.

where patients will receive the treatment so essential in such cases.

CURED AT HOME.

Correspondence. The great difficulty many sick find in the trouble of visiting the city, often incurring an expense far exceeding the cost of treatment. This expense can be avoided by writing to the Doctor, giving in your own way, the symptoms of your troubles or complaint. Cures guaranteed the same as by personal visit. All communications strictly confidential, all letters either returned or destroyed.

☞ *The Doctor can be relied upon in all cases requiring* CONFIDENCE AND SECRECY. *Repose confidence in him, all you who suffer or are in distress. He will speedily relieve and cure you.*
