THE WHEAT YIELD.

The October report of the Department of Agricultural at Washington says the *Oregonian* indicates a reduction below the average wheat yield in the United States of about one-sixth, while the quality is said to have been somewhat superior. Every section of the Union indicates a reduced product except the Middle States, which increased about 2 per cent. The New England States fell off 4 per cent; the South Atlantic States 2 per cent; the Gulf States 27 per cent; the inland States 8 per cent; the States north of the Ohio river 14 per cent; the States west of the Missisippi river 27 per cent; the Pacific States nearly 2 per cent. These figures point to a yield of about 246,000,000 bushels. The yield in 1875 was estimated at 290,000,000 bushels. The falling off in the Pacific States is nearly all charged to Oregon as California is credited, and properly so, with a full average yield. The report is based upon the yield per acre in this State and is perhaps nearly correct, but it deemed by good judges here that the surplus will be quite as great as in 1875, there having been a much larger acreage planted.

Improvements in Hillsdoro Reedville and Elsewhere.

L. Gosney is building himself a new dwelling in Simmon's Addition to Hillsboro east of Mitchell's residence.

Chas. Laughlin has put a new roof on his dwelling.

L. Williams has added a new kitchen to his dwelling.

S. G. Reed has finished his handsome fancy stock barn at Reedville at a cost of probably from $2,000 to $2,500. The building is a circular structure 100 ft. in diameter, well lighted with windows, with cupola and an ornamental entrance on the south. The barn is situated on the east side of the railway track.

A farmer whose name we have forgotten completed a neat dwelling south of the old farm near the depot.

John Landess has built a large barn 80 feet long on his place this fall.

Mr. Hamilton of Beaverton has nearly finished and has moved into his new and neat residence at Beaverton.

Will Vote to Incorporate.

A citizen of Tentonic descent who has opposed incorporating Hillsboro was trying to walk that wickedly crooked and treacherous sidewalk of Cave's and Anderson's on that dark night when the *Oregonian* conceded Tilden's election, and just as he made a heavy lurch toward the fence to keep from falling into the mud on the other side the end of a rail lunged ferociously into his bread basket. After some cursory remarks he then and there took an obligation to vote to incorporate, to make Anderson reform his sidewalk and remove his fence. It would be well if several other men opposed to the progress of the town were punched in the belly.

Was it F. F. Myers?

We see by a telegram in the *Oregonian* that one F. Myers, a compositor on the *Record-Union*, was killed by the falling of the floor at a theatrical performance in Sacramento, California, on the 18th instant. Six others were killed and from 80 to 100 wounded at the same time. We suppose this to be the Frank Myers who in partnership with W. A. Wheeler established the Forest Grove *Independent*.

Thanksgiving Proclamation.

In accordance with the proclamation of the President, Gov. Grover has proclaimed Thursday Nov. 30th, "as a day of thanksgiving and praise to Almighty God the Giver of every good and perfect gift"

Accident.

Last Friday night Mr. M. Moore of this place stepped off of the sidewalk near Baxter's shop and struck with his side on the plank, breaking one of his ribs. Mr. Moore is plucky however, and is up and around as usual.

Thanks.

To Mr. H. Fickens for a box of excellent Bellflowers. Also we are under obligations to J. J. Bruger for a basket of fine pears. Please not do so any more. This acknowledgement comes late, but better late than never.

Please Observe,

When you write to the school superintendent of Washington county, to address J. D. Robb, at Forest Grove, and you will save time and trouble and your letters will reach their destination.

The Minto Bridge Down.

Tuesday while Wm. Hay was hauling stringers on the Minto bridge over the Tualatin below town, the bridge fell into the stream, making a complete wreck. Mr. Hay's team was saved uninjured.

Bound to Have It—Short, Sharp and Decisive—A Hillsboro Attorney In Trouble.

To render the note which we publish below intelligible to our readers we will explain by saying that it is perhaps well known in this county that a couple, who could not couple, who lived on the line between Washington and Yamhill counties "split the blanket" and the wife applied to the circuit court at the last May term in this county for a divorce, which was regularly opposed by her husband and although they quarreled whenever they met during court week they "made it up," paid their attorneys and court expenses and went home. All was now lovely and the goose was, etc. The turtle-dove cooed to her mate and the doodle-bug sang love songs to the festive tadpole. But such bliss could not last forever, for in two brief days this couple parted and the husband departed, whence this witness deponeth not. And now comes this letter from the wife to her former attorney and talks in this kind of style:

———Yamhill Co., Oregon, }
Nov., 14, 1876. }

————————Sir:—You are well aware, sirrah! that you have had your pay for getting me a divorce. Now, Sir, I *order* you forthwith (or sooner) "to go for it." Understand, eh? If you do not have it at the Spring term of court, I will make it cost you dearly, and furthermore will have you expelled from the bar. Selah! ———

Our advice to the attorney is that he either procure that divorce or leave the country immediately.

Beaverton:

Nov. 20th, 1876.

Last Saturday night and Sunday this county was all afloat—a good time for ducks and beavers. The mud is fearful. Two whirlwinds got the *studs* on the road from Beaverton to Ames Chapel last Monday. People have taken to traveling the lower road altogether. The contract for building the Robinson bridge across Fanno's creek has been let to Alfred Davis, at $230. John Feaster, Esq; is trying to get up a dancing school here.

Father Griffin held divine service here last Sabath, in fact his appointments are every 1st. and 3d. Sundays.

Oyster Supper.

Forest Grove Nov. 18th.

The Ladies Working Society of Forest Grove will give an oyster supper and sociable on Friday evening Nov. 24th, at the College Chapel; for the benefit of the Congregational Church. All are cordially invited.

MRS. J. D. ROBB, Sec.

Freshet.

The late rains have raised the streams and swales to an unusual hight at this time of the year all over the county. Several culverts and low bridges have been carried away or are afloat. The Tualatin however is only just barely out of its banks at this point

Breivties

Dr. Price's horse fell on the sidewalk near the livery etable the other day, which was apparently a surprise to both parties. Horses do not have much respect for the dignity of the medical profession these slippery times when the water is wet and Hayes and Tilden and Wheeler and Hendricks are in a muddle about the White House business.

Two of our townsman, a Democrat and a Republican bet $10 on the result of the election in this State and now that Democrat can't sleep o' nights. It is a long Lane that has no turning, Henry, just remember that.

Courtney Meek was seen Monday morning with carpet bag in hand hurrying toward the station. We will surmise that he was bound for the "doubtful States" to help squelch the Ku-Klux and and elect Hayes and Wheeler.

Carlos Wilcox gets the latest telegraphic dispatches and his watch is safe. Donate that time piece to us Carlos, as you will have no use for two.

Mr. Cole, a teamster, has rented a house of Mr. Hart and moved his family into it.

Mr. Gay and family have rented and moved into Chas. McKinney's house near Mr. Tozier's place.

Wm. Dixson has located at Hepner, Umatilla county.

J. J. Morgan's child was buried with appropriate funeral services at the Lewis burying ground Tuesday.

Jas. Campbell preached quite an interesting discourse on Friday evening last.

The Wasco county court has employed Eugene P. McCormack a graduate of Pacific University to survey and define the boundary line between Wasco and Grant counties.

Many of our hitherto quiet neighbors have been thrown into a state of excitement over the Ochoco silver mine discovery and contemplate starting to the land of "shining lucre" instanter, and should they not be "soft soaped" the discount on silver will soon take a rise.

Mr. J. R. Spencer has just returned from Nehalem, where he has been building a house on his new ranch.

Mr. Geo. A. Guild has been promoted from the Secretaryship of the Cornelius Grange to a first-class clerkship in a mercantile store in this place. George is a good boy—understands business, and goes and does it.

This is the way they do it here: Says A. to B. "Come up and take a drink?" "All right," says B. When the last drop from the sparkling bowl dissappears, A. coughs and says to B: "what say you, if we draw our bet on the election? "All right," says B. and then they drink again, and are made happy. Occasionally, however an old bed-rocker answereth, "nay verily," and then the other fellow goeth off and mourneth

Rumor has it that a line of boats is to be constructed to ply between here and Centerville, so that the boys can come and get the "sparkling fluid" without swimming thro' oceans of mud.

A certain individual—whose family is in want—bet everything he had that Oregon would go Democratic. He takes no newspaper. Another who has not the means with which to purchase sugar to put in his coffee, nor to buy shoes for his children, thinks nothing of saying, "Come up boys and take a drink."

A patent stone maker has taken up his residence with us, and now our city fathers will consult their best interests by paving our streets with stone.

A fellow at my right hand, who has just finished reading about Dr. Watts' lost office—electorship muddle—offers to bet a five-dollar hat that every post-master in U. S. will resign, before another nomination for Electors is made.

Mrs. Buford has moved into her new millinery shop. The building is neat and adds to the appearance of the town.

There was a social party at Mr. Hoxter's residence last Friday evening which was as usual a festive occasion. Several of the boys overate themselves however, and were sick next day. One fellow ate only 8 pieces of cake and a pie or two.

Rob Scott has taken a land claim near Marble Watts' place.

Mr. Williams has moved his meat market into the shop he bought of Carey Clarke.

YOUNG MEN

Who may be suffering from the effect of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. Dr. SPINNEY will guarantee to forfeit $500 for every case of seminal weakness, or private disease of any kind or character which he undertakes and fails to cure. He would, therefore say to the unfortunate sufferer who may read this notice, that you are treading upon dangerous ground when you longer delay in seeking that proper remedy for your complaint. You may be in the first stage: remember you are approaching the last. If you are bordering upon the last, and are suffering some or all its ill effects, remember that if you persist in procrastination, the time must come when the most skillful physician can render you no assistance: when the door of hope will be closed against you; when no angel of mercy can bring you relief. In no case has the Doctor failed of success. Then let not despair work upon your imagination, but avail yourself of the beneficial results of his treatment before your case is beyond the reach of medical skill, or before grim death hurries you to a premature grave. DR. J. C. YOUNG
MEDICAL AND SURGICAL INSTITUTE

still offers to the afflicted absolute cure in all cases of

SEMINAL WEAKNESS.

The preservation of health and lifeis dependent upon the proper conditieon of the procreative functions and any weakness or cause of weakness of the generative organs or their uses is a direct attack upon the general health as well as a sure destrution—if not properly cured—of the organs that are the pride of one sex and the blessing of the other. In YOUTH is laid the foundation of much of the misery of after years by the indulgence of the MOST DESTRUCTIVE OR HABITS *making life a curse* and spreading weakness and ruin among mankind, for it is a well known fact that *the indulgence in solitary vice*, even in the slightest degree *plants seeds of weakness in the system that grow to a harvest of disease, sorrow and shame in after years.*

Young Man

if you experience any weakness you should not delay, for a day may imperil your health if not your life. In all forms of Weakness and Premature Decay a Cure is Guaranteed by the Doctor to the Young, Middle-aged or Old, without Exposure or Hinderance from Business. The Remedies are purely vegetable and of a nature that leaves no taint behind. OBSERVE the symptoms and hasten to check the course of the complaint, if you experience any of them—*nightly discharges; slight discharges at other times, trembling, anxiety, forgetfullness, confusion; pain in back, limbs or body, forebodings, indigestion, timidity, aversion to society, loss of power, want of control, variable temper, attacks of sickness akin to biliousness, deposits in urine, irregular bowels, etc., etc.*

TERRIBL POISONS.

Among the most subtle and virulent of poisons in the human blood is that arising from Veneral Taint often breaking out, after years of apparent cure, in hideous sores upon various parts of the body. Its great danger lies in the fact that it is given to the innocent partner or to the unborn child without showing in the person originally contracting it.

THE USE OF MERCURY

only aids in this terrible deception by drying it upon the surface and driving it back into the blood. ALL VENEREAL POSION IS A BLOOD POSION AND CAN BE COMMUNICATED IN THE BLOOD and the only certainty of prevention of transmission is in the positive cures of the *reform treatment* practiced at the Dr. J.
