

Local News. BREVITIES

Read all the new advertisements. Hillsboro has a new doctor—just arrived.

M. G. White of Clatsop county was in town this week.

Town Council meets to night. Every house in town is rented and occupied.

Go to Kahn & Freidenrich for Christmas presents.

School books and stationery—at Pittenger's.

Daylight is getting scarce nowadays.

How do you spend these long evenings?

The boys of the Hillsboro district school have organized a gymnasium on the school grounds.

New goods at Pittenger's this week. Bought especially for the Holiday.

Chas. Howell has bought an immense artificial stone and will start to Colorado soon.

Hillsboro is illuminated by a solitary street lamp.

The boys have been skating on the lake for a week—oceans of fun.

Spot Cornelius is at San Luis Obispo, California.

There is some talk of putting "Ten Nights in a Bar-room" on the stage, by Hillsboro talent.

T. R. Cornelius has bought the county right to manufacture artificial stone in Washington county.

If you want toys, both useful and ornamental go to Pittenger's.

The Baxter brothers, formerly harness-makers in this place, have located in Patton's valley.

A row occurred at a dance in Centerville recently, in which one inebriated individual was severely beaten by two parties.

A surprise party was held at Sheriff Morgan's residence last Wednesday night and an agreeable time was the result.

An immigrant family just from Iowa moved into town Tuesday. One of their children is sick of a fever.

Hillsboro is fast becoming populated with the long haired Tartar. They are employed by several of our citizens in various capacities.

W. R. Bilyeu, a Pacific University graduate has been admitted to the bar. It will cost "Wid" nothing to get a divorce now, if he should ever be so unfortunate as to need one.

We know of nothing better calculated to provoke blasphemy, than to promenade some of the rickety sidewalkers in this place on a dark night. It takes all the veneration a printer has to keep from it, and what can be expected of other people?

Cotton flannel at Pittenger's at 7 yds, for \$1.

John E. Naylor, formerly of the Grove, was the Democratic candidate for Prosecuting Attorney for one of the judicial districts in Nevada at the late election. John has taken a summersault in politics, and was defeated, we hope.

Ladies' Russian coat skin coat with hair lined by Kavin & Freidenrich's. Try them and you will never again buy any other kind.

John Simmons killed 18 ducks at one shot on the lake near this place recently.

The other evening Wilbur Wiley was skating on the lake and being a scientific skater attempted to "cut the pigeon's wing," but got tangled as to the legs, and cut his toe nail in two with his skate. Since, he has given his toe an air hole and ointment and is on skates again.

Salochin's letter came too late for this week's paper—it will keep. Please send in your letters on Monday's train if possible.

There will be a vacation in the Hillsboro public school during Holidays.

Cigars and choice tobaccos at Pittenger's.

Christmas.

The M. E. Church has been decorated with evergreens for the Christmas Tree to come off on Saturday evening. The Good Templars will have their Christmas Tree in their hall with appropriate exercises on Monday evening.

The women and girls always go to Pittenger's when they want pretty dresses.

To Our Agents.

Be sure and report when you receive money from subscribers. It creates a misunderstanding or suspicion on the part of a subscriber who has paid and receives a bill demanding money not due from him. Those who have collections for us will please send in at the first opportunity as we need it.

Glencoe.

A planting-machine arrived at this place by car recently consigned to Messrs. Dix & Borie who own the carding machine near Glencoe and we suppose they will run a saw-mill and dress lumber in connection with the "pulling wool" business.

Extensive improvements are making in the city of Glencoe. John Fowler and Mr. Schenk are both erecting neat and commodious dwellings. Messrs. Schenk & Hunter are building a blacksmith shop.

Dr. Mendenhall, who was in the Mendenhall vs. Hume case that excited so much interest at the last term of the Circuit court in this county, has located at Glencoe and is building an office. He is Mendenhall the folks in that vicinity of course. We advise him however that the next time a married man asks him to leave his horse that he must stand on the order of his going but distinctly—eachway pistols and all in, stick to business, and honors will blush upon his fair as the morning, and twenty dollar pieces will slip into his pockets so fast that he will not have time or patience to count them.

Important litigation has arisen in Glencoe in respect to land titles. Mr. Smith has not surveyed the town and it is found that W. B. Parker's real estate lies mostly in the public road. Of course Parker does not intend to stand that kind of foolishness and has appealed to the court for an equitable adjustment of the matter. It remains for A. B. Stewart who deeded him the land to make a satisfactory settlement.

Beaverton:

Dec. 18th, 1876. The neighbors collected at widow Downing's last Tuesday and cut and hauled her sufficient wood to last all winter.

At the late celebration in Beaverton, quite a number of persons visited the Onion Dryer, the ladies especially seemed to take quite an interest and even sympathy in the institution which they evinced by shedding a few tears.

Mr. Edward Squires is building a blacksmith and carriage shop, 24 by 50 feet. He is an A. No. 1 blacksmith and his brother-in-law Ducks, is a carriage maker. They have already turned out several family carriages.

Bro. J. S. Griffin delivered a public temperance lecture at the Grange hall last Saturday evening on the history of the temperance movement in this county. Vocal and instrumental music was furnished for the occasion. Mr. Griffin's discourse was very instructive. He gave his audience historical facts connected with the early settlement of the country dating back to a period of 40 years. Mr. G. enlivened his discourse by thrilling incidents in which he was often prominent actor.

The temperance banner still waves in Beaverton and Crystal Lodge is flourishing.

To the Public.

Mr. L. F. Henderson, the Portland electionist, assisted by his brother J. L. H. Johnson of this place, will deliver a selection of Readings and Dramatic Recitations from Shakespeare, Bret Harte, Poe, Hood, Tennyson and other eminent authors, at the Court House in this place on Thursday evening, Dec. 23rd, 1876. Half of the proceeds will be used toward purchasing an organ for the Hillsboro district school.

Doors open at 7 o'clock exercises to begin at 7:30.

Admission, 50 cents; children 25.

This will be a rich treat. Come, everybody.

Notice to the Grangers and Other Societies.

We desire to publish a directory of all the secret societies in the county and ask the different societies to send us their cards, stating time and place of meeting, etc. To the Grangers especially we want the names of the elective officers when duly installed.

Roll of Honor.

The 5 pupils, whose standing in the Hillsboro school has been the best for the term ending December 8th, constitute the following:

Flora Adams, Marion Adams, Lucy Morgan, Zilpha Warren, Edith Tozier.

Town Council.

The board of trustees have appointed T. W. Pittenger of this place City Attorney and George T. Ledford Marshal. Mr. Ledford was elected Marshal but there was a question whether he was eligible or not owing to his having been Cornerer at the time of the election so the Board, to put the matter beyond question, appointed him.

First Case.

Last Monday a youth, whose name we suppress this time because he is young and we hope he will do better in the future, was arrested by Sheriff Morgan and tried before Recorder, J. L. Thomas, on a charge of assault and battery on Marion Adams, and pleading guilty, was fined \$5 and costs, which were \$5. The fine was paid and the prisoner discharged.

Wheat not Hurt.

Farmers inform us that the freezing nights of the past two weeks have not killed any of the wheat yet, contrary to the opinion of several others who thought that it was being injured materially by the freezing of nights and thawing in day time.

Religious.

Rev. Hill of McMinnville was in Hillsboro recently to make arrangements for keeping up regular services by the Baptist Church in this place. The Methodists have generously offered Mr. Hill the use of their church.

Land Sold.

John Morgan of this place sold 45 acres of land west located near Newton for \$10 per acre—3 acres beaverdam, the rest fir timber up land. Mr. Rodgers is the purchaser.

The Grove.

Several new arrivals from Dakota Ter. Mr. Brady and wife have returned after travelling three years. They are better satisfied with Oregon than ever before. Mr. B. will buy a farm near the Grove. He says there is much dry weather in Cal., the dust was a half-inch deep there only a few weeks ago, and the farmers cannot do their seeding. A drought is predicted there next year.

A gentleman from Dakota gives a horrible account of the grasshopper country. The "hoppers" actually stopped his horses from plowing, literally covering them to the depth of four inches. The horses finally broke loose and made their escape. This gentleman owns a farm there yet, which he could not sell for a \$1000 and he gave \$3000 for it. His wheat crop on this farm was estimated at 8 bushels to the acre but it produced only 2. He is well satisfied with Oregon and expects to locate here.

Mr. Cooper has returned from Sheridan where he has been in the "stump and snag business." He will return thither soon.

Mr. Maske lost one of his horses near Centerville, worth \$150. The animal slipped on a sharp stick which pierced its vitals.

Mr. Vert, the tinner, died last Thursday morning of paralysis—funeral took place within twelve hours after his death. He willed his property to the Liberal Association, to be applied to the erection of a town hall for all kinds of speaking, free for all. He appointed Messrs. T. M. Hines, H. Buxton and W. S. Hudson as trustees and Mr. S. Hughes administrator.

The Congregational church has just received its finishing touch. Bob Porter did a good job. The windows are bracketed in good style, and prevent peeping outside, and thus secure a closer attention to the meeting. Also the hoodlums have not been forgotten.

Two weddings are talked of a "fixed" and "propitious," and others in chancery and hugganery, and will blossom into the certainty of fruition if old Santa Claus will consent to fill their socks and stockings, young ones, bless your hearts.

Tillamook is still voting for President. Ex-Gov., Gibbs is the favorite, and with Tillamook, of course the coming man. Committees from Nehalem and Clatskanie will count the votes—1,000 it is said are fraudulent. Grover has sent his Portland City Rifles (Melon Patch Rifles) would be more appropriate) to prevent riot and see a fair count Gibbs and Peter Cooper elected sure.

Mr. Hoxter has bought his premium horses back. They have the appearance of being out of oats in stead of fine stock. Hoxter will make them look nobly again.

Hoxter's store is the place to get your China tea sets, fine glass ware and pure gold jewelry, etc., etc., for Christmas presents.

That silver wedding as it was called, should have been Hubbarth's instead of Hoxter's. It was the 40th anniversary of their wedding.

Toots.

Picture books—including the Mother Goose Nursery Rhymes, for children—just the thing for the Christmas Trees at Pittenger's.

Dilley.

Frosty nights for a fortnight and sunny days for a week.

Mr. Alexander sold three car loads of wheat to Hoxter last week at \$1.03 per bu.

T. G. Todd shipped 3 car loads of wheat to Portland this week—not sold.

Omri Parsons is hauling a car load of four to the depot to ship to Portland market.

G. W. Scoggan has bought the old chair factory, afterward a saloon, and moved it on his lot for a blacksmith shop.

R. C. Welch has moved on his farm near Portland.

T. J. Hallett has gone to Washington Ter., on R. R., business. He has rented his farm to O. F. Barton of Portland wood-yard fame.

K. Y. Z.

A man whom J. S. Hulman, of Washington county, entrusted to carry \$80 to his (Hulman's) son in Eastern Oregon, has been gone a long time, and Mr. H. can neither hear of his man or his money.

Look Here!

Go to Al. Ennis of Cornelius for bargains in dry goods and groceries. A word to the wise is sufficient. Call and see him.

Al. Ennis is making it hot for the other Cornelius store-keepers—because he sells cheaper.

College Notes.

EDITOR INDEPENDENT: Jack Frost on the rampage—ther. "way down" in the twenties. The students have caught the skating fever. Last Saturday a large number started early to prospect the different ponds and found fine skating, which they kept up most all day. There have been several immersions (without change of heart) but no fatal yet.

As Christmas approaches numerous fair maidens are seen hurrying to and fro making extravagant purchases, wherefore it is whispered that they "propose" to graduate in some shorter degree (nevertheless in Bachelor of (he) Arts—Ed.)

John Goodell is teaching the young idea how to shoot ("sketch"—Ed.) up on Lousington's lake.

Prof. C. B. Hayes, a graduate under the renowned P. R. Spencer, commences a writing class on Monday in the University.

There will be preaching in the Congregational ch., next Sunday by President Marsh. This is the first meeting since the church was repaired.

Capt. R. H. Lamson, the Prof., in charge of the mathematical and scientific department has the largest class in chemistry ever organized in this institution, composed of both ladies and gentlemen. The Capt., brings to his aid in teaching the experience which travel gives, and the practical knowledge of mathematics gained by him as a navigator and civil engineer, so that the recitations are made doubly interesting. The faculty have adopted for use Prof., H. Draper's new text book on chemistry, which shows that this school is always in advance of the times, as this book is the best arranged and presents the subject in its most attractive form.

TYPHON.

A Faint-Méated Lover.

The Standard of the 22d has the subjoined item:

A young man hailing from Eugene embarked upon the Northern bound train yesterday morning with a young lady who had given him her heart and was willing to give him her hand also whenever a minister was willing to perform the ceremony, and it was with this object in view that they traveled toward the metropolis. A Sheriff from one of the upper counties who had wormed himself into the young man's secret, determined to have some sport at his expense, after leaving Oregon City he announced to him his intention of taking him in custody as soon as they reached Portland. The young man had an instinctive dread of Sheriff's and the notions of the law in general and determined to elude them if possible. When the train stopped at Milwaukee he attempted to get off but was prevented by his shadow the Sheriff, who did not wish to press the joke to such an extremity. At the car shop the young man was narrowly wicheh, but when the train had got in motion and was traveling at the rate of about ten miles an hour he forced open the door of the car and made his desperate leap leaving his innamorata to the tender mercy of strangers. We cannot say what the final upshot of this romance in real life may be, but it seems probable that the maiden's hate will transplace her love and that she will seek a lord of braver material. Mrs. Tompkins, who had herself just been made happy by the release of her husband, who had been unjustly confined in the penitentiary for another man's crime, took pity upon the innocent girl and in the fullness of her heart, offered her a mother's protection and such accommodations as were at her disposal.

Estimates for the Appropriation Bills.

WASHINGTON, Dec. 10.—Detailed estimates of appropriations and the branches of public service for the next fiscal year have now been furnished by the Secretary of the Treasury to Congress. The following are the appropriations recommended specifically for the Pacific States and Territories: To complete the appraiser's building, San Francisco, \$100,000; completion of San Francisco mint, \$20,000; San Francisco mint salaries, \$21,000; wages for men and adjusters \$300,000; contingent expenses, \$100,000; Carson mint, salaries \$24,000, wages \$100,000; contingent expenses \$30,000; for collecting mining statistics of the United States, \$50,000; for salaries San Francisco sub-treasury, \$41,370. Appropriations granted for the San Francisco mint last session were \$51,000 less than the amount now asked. The estimates for Carson are \$53,000, more than last appropriation. Mare Island navy yard, for continuation of stone dry dock, \$531,000; quay wall and wharves, \$100,000; other improvements, \$150,000. Only \$50,000 was appropriated for Mare Island improvements last session. Bonanza Arsenal, various repairs and improvements, \$125,000; fortifications at Fort Point, \$60,000; Alcatraz, \$50,000; mouth of Columbia river, \$20,000; river and harbor improvements, Oakland harbor, \$250,000; Wilmington break-water, \$133,000; Sacramento and Feather rivers, \$20,000; lower Willamette and Columbia from Portland to the sea \$150,000; upper Willamette, \$45,000; upper Columbia and Snake rivers, \$30,000; canal at Columbia river cascades, \$30,000; to establish a dry beacon on Anita rock, San Francisco harbor, \$25,000. (An accompanying note urges this estimate with the remark that this rock is a serious obstruction and should be removed). To build light stations on Point Conception and Farallones Island, each \$9,000; for surveying public lands in California, \$50,000; Arizona, \$25,000; Oregon, Washington, Nevada and Utah, each \$15,000; for surveying private land claims in California, \$10,000; Arizona, \$3,000; New Mexico, \$15,000. Clerks and contingent expenses of surveyor General's office, California, for clerk hire, \$20,000;

Incidental, \$7,000. (These amounts are urgently recommended to enable the Surveyor General to cope successfully with the very diversified office work called for by numerous acts of Congress. They aggregate \$8,000 more than the amounts granted last session.) Clerks, \$8,300; incidentals, \$1,000. Oregon, \$7,200; incidentals, \$2,500. Washington, clerks, \$7,200; incidentals, \$2,500. Utah, clerks, \$7,600; incidentals, \$2,500. These estimates all largely exceed the amounts of last session, but are all recommended as absolutely necessary to bring up arrears of work. The estimates for salaries of all federal officials in the Pacific States and Territories are, as usual, for the precise amounts heretofore prescribed by law. Estimates for the general expenses of the Indian service are, for California, \$60,000; Nevada, \$35,000; Oregon, \$40,000; Washington, \$30,000; Utah, \$30,000; New Mexico, \$40,000, and Arizona, \$65,000. Amounts appropriated for the current fiscal year were only \$30,000 for California, \$20,000 for Arizona, \$15,000 each for Oregon and New Mexico, \$10,000 or Utah, only \$5,000 each for Nevada and Washington. Appropriations are also recommended of \$25,000 for civilization and subsistence of Indians at Malheur reservation, Oregon, and \$15,000 for collecting and sustaining the Apaches of Arizona and New Mexico. Amounts appropriated for the Apache last session were \$125,000.

AUGUST FLOWER.

The most miserable beings in the world are those suffering from Dyspepsia and Liver complaint.

More than twenty five per cent. of the people in the United States are afflicted with these two diseases and their effects; such as Sour Stomach, sick Headache, Habitual Costiveness, Palpitation of the Heart, Weariness, Giddiness, Gravel, Burning Pains at the Pit of the Stomach, Yellow Skin, Conted Tongue and Disagreeable Taste in the Mouth, Coming up of Food After Eating, Low Spirits, &c. Go to your Druggist and get a Sample Bottle for a bit; large size 75 cents. Try it—Two doses will relieve you. Agent's: Crane & Brigham, Wholesale Druggists, San Francisco, nov 2.

The National Gold Medal was awarded to Bradley & Rolston for the best Photographs in the United States, and Vienna Medal for the best in the world. 529 Montgomery Street San Francisco.

Obituary.

DIED—At Hillsboro, Dec. 11th, 1876. Dr. John Vite, aged 47 years, 6 months and 25 days.

Dr. Vite was born on the Susquehanna in Pennsylvania, May 16th, 1829. He practiced in medicine and surgery in the St. Louis Quarantine Hospital for several years and received his diploma from the St. Louis Medical College in March 1870, and the same year moved to Oregon and located here where he has practiced his profession up to the time of his death. He died esteemed in the community as a successful physician and a kind, obliging, useful, and intelligent citizen. He was a friend to the poor to whom his purse was open and his sympathy warm and active. He had strong convictions and often expressed himself strongly, which made him some enemies—and all physicians whether good or bad have enough of them. He died doubtful of revealed religion—but is gone now and knows more about the World Beyond than all the living. After life's fitful fever, sleep well, O friendly Dust!
