THE WHITE PRINCE.—As the improvement of stock is a matter of moment to the stock raisers and farmers of this valley, we invite a careful perusal of the advertisement of Mr. W. C. Myer's Percheron horse, White Prince, where a truthful statement will be obtained concerning his form, size, action and color, and about his color—a dapple gray—we quote the following opinion of an eminent French author: "I liked the gray horse because I thought that Providence had created it gray in order that it might be able to withstand, during its work, the heat of the sun, and not be prostrated under its rays. I liked it gray, as the Arab likes his horse gray and his banner of a whitish color; as the American planter likes his white cotton, suit and his panama; as our soldier, in the field, liked, under the African or Mexican sky, the havelock which protected him against the rays of the burning incanary. I liked it gray because it seemed to me to recall more than any other the Arab, the primitive horse; because Perche having always possessed gray horses, I thought there was much more chance of finding, under this coat, the type of the country; because I had been rocked to sleep to the tune of that old ballad of our ancestors, celebrating Charles de Trie, the Percheron Seigneur, going forth to combat the English at the battle of Poitiers: "O charger white the sire of Trie Against the foe has gone to war," etc. etc.

BEUGLARY.—On Wednesday night last, the store of G. Karowski was broken into. Two of our townsmen were returning from the brewery, when they discovered a light in said store, and the hour being late, it occurred to them that something must be wrong; and making a reconnaissance of the premises, they found a hole through the wall in the rear of the store. The next thing of interest that appeared to them was Mr. Chinaman, with a candle in his hand, prospecting the inside. One concluded to go and get the night watch while the other would keep guard. John Chinaman heard or smelt a "noise," and started out of the opening he had chiselled through the wall, when the man on guard struck him on the head with a brick, which only had a tendency to make John realize his situation, and he gave the man a stroke in the side and arm with some keen instrument, after which he started on a 240 gait to places unknown. Everybody in town laments the fact that the guard did not hit him hard enough with that brick. He held the brick in his hand and hit him with the flat side.

A WARNING.—The following dispatch was received, dated January 31st, by Mr. C. C. Beckman, of this place, from H. H. Bigelow, of San Francisco: "Newton Kellogg is using bogus policies, professedly from Home of San Francisco! Request local papers to warn public."

WIMER FLOURING MILLS.—We have on hands plenty of shorts and bran, which we will sell cheap for cash. Bran, 75 cts., shorts, \$1 25 per 100 lbs. J. WIMER & SON.

FATAL ACCIDENT.—A Chinaman was killed, the early part of the week, in the Grave creek diggings, by a bank caving in on him. Tar the Pain King.

THANKS.—Our thanks are due Messrs. Wimer & Son, of the Wimer Flouring Mills, at Phoenix, for 400 lbs. of flour donated by them to this office. The flour has been tested, and is pronounced to be of a superior quality. This enterprising firm are about to erect another mill about 300 yards above the present one, which is to be the standard mill of this county. It will be completed by the 10th of July next.

WASHINGTON'S BIRTHDAY.—Mr. Benedick will give a ball on the 22d inst., at his hotel on Applegate, where terpsichorean amusement will be dispensed to all who may be pleased to attend. Come old and young—Mr. Benedick will doubtless do honor to the occasion.

PAIN KILLER. 1840 1870. Pain is supposed to be the lot of our poor mortals, as inevitable as death itself and liable at any time to come upon us. Therefore it is important that remedial agents should be at hand to be used on an emergency when the seminal principle lodged in the system shall develop itself, and we feel the excruciating agonies of pain, or the depressing influence of disease. Such a remedial agent exists in the Pain Killer, whose fame has made the circuit of the globe. Amid the eternal ices of the polar regions or beneath the intolerable and burning sun of the tropics, its virtues are known and appreciated. Under all latitudes, from the one extreme to the other, suffering humanity has found relief from its ills by its use. The wide and broad area over which this medicine has spread, attests its value and potency. From a small beginning, the Pain Killer has pushed gradually along, making its way to us, solely by its virtues. Such unexampled success and popularity has brought others into the field, who have attempted, under similarity of name, to usurp the confidence of the people and turn it to their own selfishness and dishonesty, but their efforts have proved fruitless, while the Pain Killer is still growing in public favor. Jan. 21, 1871.

DIVORCES. Absolute Divorces legally obtained in New York, Indiana, Illinois, and other States, for persons from any State or country, legal everywhere, desertion, drunkenness, non-support, etc., sufficient cause; no publicity. No charge until divorce is obtained. Advice free. SACHE UNEXAMPLED SUCCESS and popularity has brought others into the field, who have attempted, under similarity of name, to usurp the confidence of the people and turn it to their own selfishness and dishonesty, but their efforts have proved fruitless, while the Pain Killer is still growing in public favor. Jan. 21, 1871.

Chapped Hands and Face. Sore Lips, Dryness of the Skin, etc., etc. Cured at once by HEGEMAN'S CAMPHOR ICE WITH GLYCERINE. It keeps the hands soft in all weather. See that you get HEGEMAN'S. Sold by all Druggists, only 25 cents. Manufactured only by HEGEMAN & Co., Chemists and Druggists, New York. January 7th, 1871. jan7-ly.

To avert evil is one of the grandest triumphs of human skill. This triumph is achieved by Dr. Walker's VERIFIABLE VERMIFUGES. They build up, fortify and renovate the feeble system, thus enabling it to defy the elemental causes of disease. Hence their efficacy as a protective medicine, in districts where the air and water are impure. The weakest and most susceptible organization is rendered proof against all malarious disorders by taking one or two doses daily as a preventive.

THE WHITE PRINCE.

THE IMPORTED PERCHERON OR NORMANIAN horse will be kept this coming season, commencing February 1st, at my farm, near Ashland, on the stage road, till April 1st. From and after April 1st to July 1st—Tuesdays and Wednesdays—at the stable of Reames & Wilson, Jacksonville; Fridays and Saturdays at my farm.

THE WHITE PRINCE

Was imported from France by the Darby Pains Importing Company of Union county, Ohio, in July last. I purchased him in November, and shipped him, with byrrail to Chico, Cal. He is a light, dapple gray, 5 years old the coming Spring; weighed when shipped in Ohio, 1,680 lbs., at maturity, in good condition. w1

WEIGH 1,800 POUNDS,

Has large, broad, feet limbs, good disposition, fine countenance, fine style, good action, and has never been bred to any extent. While in the East hunting for a horse to bring to this coast, I saw nineteen imported Percheron horses, and I am satisfied The White Prince for FORM, SIZE, STYLE AND ACTION Surpasses them all. In this selection I was assisted by Mr. Jas. Fullington, ex-President Ohio State Agricultural Society, said to be as good a judge of this stock as any person in the United States. He was one of the first importers, is familiar with their endurance in France, and their breeding qualities in Ohio. Those who have read in the American Agriculturist and other agricultural papers, know the world-wide reputation of

The Percheron

I would here say, that well informed horsemen who were acquainted with this stock, said The White Prince was as promising a young horse as they had ever seen imported. To those who are not posted as to his history, the

French Writers Say

They have been kept as a distinct breed for more than a century, and undoubtedly trace to the Arabian, and have several infusions of

PURE ARABIAN

In the last century. It is that which gives them their endurance, style, form and action. "He has not such a fine skin as the Arab, nor his prettily rounded, oval, and small foot; but we must remember the fact that he lives under a cold climate upon elevated plains, where nature gives him for a covering a thicker skin and a warmer coat, and that he has been for years stepping upon moist, clayey soil." TERMS \$35 in U. S. gold coin, the season. Good pasturage, with good fence, near here, at 50 cts. per week. Everybody is invited to come and see my stock and judge for themselves. W. C. MYER. Ashland Mills, Ogn., January 25th, 1871.
