Reconstruction of France.

CHERON OR NOR.

The appointment of M. Thiers as Chief Executive of the Provisional Government of France, and of M. Guizot as Embassador to England, augurs well for the success of the plans of the Orleanists. At least proof is given that their friends have great power in the Assembly, and indications are that if they use that power carefully, and if the French people can be kept quiet long enough to establish a permanent Government, the

Orleanists will succeed in their designs. M. Thiers is too well known as a historian and a statesman to need particular notice. A patriot, and devoted to France, in politics be is a constitutional monarchist, and as such has long been known to sympathize with the aspirations and pretensions of the House of Orleans. Though well gone in years-now 75-he is represented as still possessing the fire and vigor of a man of 40. He is rich, and believed to be above the temptations the faithful performance of the legal and judicial either of power or wealth, and ambitions advertising of said county, and when such action alone to be the savior of his country. Such being his position, character and well-known the Clerk of said county, to the Secretary of State, principles, what is more likely than that he and notice of the same has been given to the Govwill strive to achieve the objects of his desires shall, without delay, by proclamation, appoint and -the regeneration and rehabilitation of France-by organizing a constitutional Government with the heir of Louis Philippe .- which he may have been elected; and thereafter Count de Paris-at its head as King of the French, as his grandfather was before him ? The pretensions of the Bourbon-Chambordwill not find much favor in France. He is time, upon proof of a failure on the part of the the champion of the "Divine right" to rule doctrine, while the Orleans family, like Napoleon, only claim the right to rule as having been derived from the people. The Legiti mists acknowledge God alone as the source of temporal power, while the advocates of constitutional monarchy so far agree with Republicans as to acknowledge the people to be the true source of that power. M. Guizot, the newly-named Embassador to England, has yet to make his mark in statesprior to or during the course of any legal or judimanship and history, being comparatively a cial proceedings, shall be made in the newspaper which has been designated, appointed and conyoung man-his age thirty five. In religion he is a Protestant. His appointment as Embassador to England, coupled with M. Thiers' warm admiration of the English monarchial system and the very decided sympathy now expressed for France by the ruling classes in England, in connection with other matters herewith this Act are hereby repealed. tofore adverted to, all seem to point unmistakably to an earnest effort to reconstruct France as a constitutional monarchy, with the scion of Orleans at its head. This result may not be pleasing to American Democrats-at least they hoped for better-but it is far preferable to anarchy, or to the personal rule of a Napoleon ; and is in reality a step toward actual Republican Govcrament. Under a constitutional monarchy the people of France may become prepared KAREWSKI, HAVING JUST OPENED to enter upon a Republic with success. But before they can do that they must repair shattered towns, rebuild their destroyed villages, redeem their wasted fields, and, more than all these, learn what they have not yet learned, and that is to have confidence in each other's patriotism and intelligence and to patiently submit to such forms of law and legal restraints as the wisdom of the majority may see fit to establish-quietly and by legal means removing evils and correcting abuses, instead of rushing for the barricades and shouting "a bas !" and "la mort !" at somebody or something upon the happening of any real or fancied grievance .- Sac. Presidential Speculations.

We note in the New York Herald, that ex-Sheriff O'Brian has been interviewed by one of the reporters of that journal, and among other topics discussed, was that of the prospects of Governor Hoffman as the nominee of the Democratic party in 1872.

We consider all the speculations as premature at this moment, and rather prejudicial to the interest of any aspirant for high office, but ex-Sheriff O'Brian's speculations deserve record. He was understood to say that Gov. Hoffman's chance was good, and that he would be the nominee of the entire party of the coustry, without the slightest doubt. The bold and manly stand taken by Gov. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell. \$100 will be given for an incurable case, provided

the bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Billons, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successfal. Such Diseases are caused by Vitlated Blood, which is generally produced by derangement

of the Digestive Organs. DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SHIN DISEASES, Ereptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysip. clas, Itch, Scurfs, Discolorations of the Skin, Humora and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effect.

Cleanse the Vitlated Blood whenever you find its Impurities bursting through the skin in Pimples, Eruptions or Sores cleanse it when you find it obstructed and sluggish in the voins ; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow. PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed.
