THE WHITE PRINCE.

THE IMPORTED PERCHERON OR NORMAN horse will be kept the coming season, commencing February 1st, at my farm, near Ashland, on the stage road, till April 1st. From and after April 1st to July 1st—Tuesdays and Wednesdays—at the stable of Reames & Wilson, Jacksonville; Fridays and Saturdays at my farm.

THE WHITE PRINCE

Was imported from France by the Darby Plains Importing Company of Union county, Ohio, in July last. I purchased him in November, and shipped him, with

One Full Blood and two three-quarter Blood Percheron mares,

by rail to Chilo, Cal. He is a light, dapple gray, 5 years old the coming Spring; weighed when shipped in Ohio, 1,650 lbs., at maturity, in good condition, w/1

WEIGH 1,800 POUNDS,

Has large, broad, feet limbs, good disposition, pleasing countenance, fine style, good action, and has never been bred to any extent.

While in the East hunting for a horse to bring to this coast, I saw nineteen imported Percheron horses, and I am satisfied The White Prince for

FORM, SIZE, STYLE AND ACTION

Surpasses them all. In this selection I was assisted by Mr. Jas. Fullington, ex-President Ohio State Agricultural Society, and so good a judge of this stock as any person in the United States. He was one of the first importers, is familiar with their endurance in France, and their breeding qualities in Ohio.

Those who have read in the American Agriculturist and other agricultural papers, know the world-wide reputation of

The Percheron

I would here say, that well informed horsemen who were acquainted with this stock, said The White Prince was as promising a young horse as they had ever seen imported. To those who are not posted as to his history, the

French Writers Say

They have been kept as a distinct breed for more than a century, and undoubtedly trace to the Arabian, and have several infusions of

PURE ARABIAN

In the last century, it is that which gives them their endurance, style, form and action.

He has not such a fine skin as the Arab, nor is he so prettily rounded, oval, and small foot; but we must remember the fact that he lives under a cold climate upon elevated plains, where nature gives him for a covering a thicker skin and a warmer coat, and that he has been for years stepping upon moist, clayey soil.

THEM \$35 in U. S. gold coin, the season. Good pasturage, with good fence, near here, at 50 cts. per acre as promisingly intended to come and see my stock and judge for themselves.
