LOCAL INTELLIGENCE.

Religious Notices.

Rev. M. A. Williams will hold divine service at the M. E. Church to-morrow at 11 o'clock a. m.

Rev. Father Blanchett will hold divine services at the Catholic Church to-morrow, at the usual hour.

THIRD STREET BRIDGE.—The subject of building a bridge over Rich Gulch, where it crosses Third Street, has been agitated, at intervals, for years. About two years ago the Board was petitioned to build this bridge; but for some reason no action was taken in the matter.

SCURVEYORS RETURNED.—Messrs. Howard & Turner, and party, returned yesterday, a little rough from "wear and tear," but all in good health. They were gone about four weeks, and surveyed about 20,000 acres, comprised in Sections 41 South, and 43 and 44 West, connecting with the California line.

STILL THEY COME.—Immigrants from California continue to arrive in our valley, and express themselves vastly pleased with its appearance. We hope our citizens will extend every assistance to the new comers. Give them all necessary information relating to vacant land, and land for sale, and afford them every facility for making a home amongst us.

ON THE WAR PATH.—On Wednesday a female "Lo," residing on Kanaka Flat, donned the war paint, and attacked a dinky sister with a carving knife, inflicting several cuts about the head and hand. We understand a warrant has been issued for the arrest of the terragant.

FIRST ARRIVAL.—On last Tuesday Mr. Lacey's teams arrived from Crescent City with goods for Sachs—being the first of the season. During the week many other teams have come in. They report an unusually rough trip—having encountered a storm of seven days duration.

QUARTZ.—Messrs. Polugh and Bowen in form us that they have struck a good prospect in quartz in the Applegate mountains. The outcroppings are favorable for a paying ledge. Good luck to the boys, they have been faithful in our gulches, and may they be rewarded for their honest toil.

REPAIRING THE LINE.—A company past through town, Monday last, repairing the telegraph line as they went. We understand that the division of the Western Union Telegraph Co., of which Dr. Plummer is Superintendent, is being repaired throughout.

OUT ON BAIL.—The two Chinamen lately committed for sluce robbing were released on bail this week. The one committed on charge of murder, is now the only occupant of the jail.

NOTEWORTHY.—Street Commissioner Dunlap has vastly improved the bridge on Oregon Street. The bridge has been widened, heavy flooring put on, strong railings put up, and everything made staunch and safe.

THE RACES.—The leading race to-day will be a single dash of a mile—purse \$100. White's horse, "Jack Miner," William's horse, "Shooting Star," and Slagle's horse have been entered.

BOUND OVER.—The beligerent she digger, referred to in another place, has been held to answer a charge of assault with a deadly weapon, after an examination before Justice Wade.

REMOVED.—Ex-Sheriff Reames has removed with his family to Phoenix, where he is about engaging in the mercantile business. The good wishes of numerous friends go with him.

DISCONTINUED.—The spelling school held at the School House in this place, under supervision of Prof. Robb, has been discontinued. A grammar school is taught every Tuesday night.

A HUGE FELINE.—Mr. Hanley's boys brought to town, this week, a monster wildcat, which was killed on Bear creek. These animals are still numerous in the valley.

ARRIVED.—Mr. Mousor, who had been to San Francisco purchasing goods, arrived home last Wednesday.

FOR SALE.—Roberts & Hatten will sell a valuable horse at their stable in Ashland, on the 12th prox.

PAIN KILLER.—See our advertisement of this valuable family medicine in another column.

LOOK OUT.—Read the notice of D. Linn, under "New To Day." No foolishness there.

The WHAT is it.—The so-called Chinese baby is attracting considerable attention and exciting considerable comment. For an infantile "Heathen Chinese" it presents some curious features. While it is devoid of the almond shaped eyes and corn colored complexion of the Chinaman, it has soft brown hair, gray eyes and well shaped nose, at which our celestial brethren look very dubiously and say dogmatically, "too much like one Melican man." Another singular thing about the matter is, the mother of the interesting prodigy cannot be found; so that it is not definitely known whether the baby is white or "Chinese," consequently the boys call it the "What is it." Many a brat don't know his "dad," this one stands a good show of knowing neither "dad" nor "mam."

Proposals for FRESH BEEF.—Capt. W. H. Bell, C. S., U. S. A., advertises that sealed proposals in triplicate will be received until Wednesday, June 7, 1871, at the office of the Commissary of Subsistence, Department of the Columbia, for supplying beef on the block at Portland, Ft. Stevens and Ft. Klamath, Ogn.; Ft. Cape Disappointment, Ft. Vancouver, W. T.; Ft. Lapwai and Camp San Juan Island, I. T. Bids will also be received for furnishing beef cattle at Ft. Boise and Ft. Lapwai, I. T., and at Camp Warner, Ogn. Instructions to bidders can be seen at the Post office in Jacksonville.

RECENT FROST in this county seems to have struck the trees in streaks, as some trees show leaves withered, while next to them trees remain green as ever. Other trees are also affected on one part and not on another by the frost.—Yreka Journal.

From and after April 1st to July 1st—Tuesdays and Wednesdays—at the stable of Reames & Wilson, Jacksonville; Fridays and Saturdays at my farm.

THE WHITE PRINCE. Was imported from France by the Darby Plains Importing Company of Union county, Ohio, in July last. I purchased him in November, and shipped him, with

One Full Blood and two three-quarter blood Percheron mares, byral to Ohio, Cal. He is a light, dapple gray, 5 years old the coming Spring; weighed when shipped in Ohio, 1,850 lbs., at maturity, in good condition, will

WEIGH 1,800 POUNDS, Has large, broad, fleet limbs, good disposition, pleasing countenance, fine style, good action, and has never been bred to any extent. While in the East hunting for a horse to bring to this coast, I saw nineteen imported Percheron horses, and I am satisfied The White Prince fo

Form, Size, Style and Action surpasses them all. In this selection I was assisted by Mr. Jas. Fullington, ex-President Ohio State Agricultural Society, said to be as good a judge of this stock as any person in the United States. He was one of the first importers, is familiar with their endurance in France, and their breeding qualities in Ohio. Those who have read in the American Agriculturist and other agricultural papers, know the world-wide reputation of

The Percheron I would here say, that well informed horsemen who were acquainted with this stock, said The White Prince was as promising a young horse as they had ever seen imported. To those who are not posted as to their history, the

French Writers Say They have been kept as a distinct breed for more than a century, and undoubtedly trace to the Arabian, and have several infusions of

PURE ARABIAN In the last century. It is that which gives them their endurance, style, form and action. "He has not such a fine skin as the Arab, nor his prettily rounded, oval, and small feet; but we must remember the fact that he lives under a cold climate upon elevated plains, where nature gives him for a covering a thicker skin and a warmer coat, and that he has been for years stepping upon moist, clayey soil."
