The Races.

As announced, the races for Saturday last, single dash of a mile for \$100 over the Bybee track, came off in the afternoon. A goodly crowd gathered to see the sport and the weather was propitious and the track in good order. The following entries were made: B. Buzzard named s. g. "Shooting Star," six years old, by "Bay B." out of an unknown mare. John Single named s. g. "Crooked River," six years old, by "Lomax" out of a "Sir Charles" mare. W. T. White named b. h. "Henry Welch," four years old, by "Jack Miner" out of "Ida May" dam by "Ridnan."

The horses came to the score looking slightly overtrained if anything, but nevertheless apparently in good plight for a good race. While preparing for the start "Henry Welch" got away with his rider, and about the first turn of the track sent him to grass. He was soon caught, however, and the horses were placed at the score in the following order: "Shooting Star" 31, "Crooked River" 24 and "Henry Welch" 31. At the tap of drum they got off with "Shooting Star" leading, "Crooked River" next and "Henry Welch" last, but shortening the distance at every stride until about half way to the quarter stake, when "Welch" and "Crooked River" both bolted and threw their riders, leaving "Shooting Star" master of the situation.

Subsequently a race was gotten up between "Henry Welch" and "Crooked River," which proved to be a most exciting one. Riders were obtained of sufficient weight and muscle to hold the biters in the track, and getting a good send off, the horses bucked to the work as though running for blood. Up to the half mile stake "Welch" led, although "Crooked River" was close behind. Here, however, the heavy weight which "Welch" carried—some 125 pounds on a four year old—began to tell, and "Crooked River" collared him, and after a gallant struggle took the lead which he maintained to the close of the race, winning by a length in 1:53 3/4.

GROUND AND LOTTY TUMBING.—The acrobatic performance of the race riders, on the course last Saturday, exceeded anything seen in a first class circus. The first performance occurred before the start of the main race, when "Henry Welch" made a false start, winding up the performance by shooting his rider over his head with the force of a catapult. Then when the start was made "Welch" and "Crooked River" bolted the track, the former laying his rider out comfortably on the grass, and the latter landing Jeff Hamlin, his rider, on a woodpile outside the fence. In the saddle races which followed, the saddle of one of the horses turned, about half way up the home stretch, and the rider was thrown, but pluckily held to the reins and brought his horse to a stand; then resumed the race and beat his opponent. Another horse, after winning a race, bolted out to the right of the track amongst the buggies and carriages, ran into Col. Ross' skeleton wagon, turning it completely upside down, and stripping the horse standing in the shafts—closing the performance by turning a summersault himself, while his rider described a parabolic curve in the air, and landed on his hands and knees some twenty feet off. Strange to say, beyond a few slight bruises, none of the boys were hurt.

BRIDGE BROKEN.—On Wednesday last, as Mr. Myers, of Yreka, was driving cattle across the Evans creek bridge when it gave way, killing 4 head of steers, 3 yearlings and crippling two more large steers. Fortunately no person was on the bridge at the time of the crash. The authorities have been very vigilant in this respect, yet with all their efforts several bridges have been broken; we think this mainly due to the fact that every bridge in the county heretofore built, has been built more with a view to cheapness than durability. The result is that the county has been mulcted in damages to the tune of \$500—in the "Minor" case—with other cases in embryo. We have good reasons to believe that the era of cheap bridges is at an end; the present County Commissioners are determined to have good roads and good crossings. So note it.

We met Mr. John Sizemore from Sams valley, he reports the wheat and oat crop highly promising in that section. There has also been a larger area of ground planted in corn than usual. This useful cereal grows to a high state of perfection on the rich alluvium lands of that valley.

Proceedings of the Board of Trustees.

[REPORTED FOR THE TIMES.] May 26th, 1871. The Board of Trustees met at 8 o'clock, p. m., pursuant to adjournment. Members present—President Wilson, Bilger, Fisher. Absent—Zigler, Howard. The minutes of the previous meeting read and approved.

COMMITTEES' REPORTS. Committee on application of A. Hauser for title deed to block 54 and lot No. 6 in block 30, reported favorably to the petition; report accepted, and a deed granted and ordered to issue to applicant for the premises described, upon payment of an assessment of \$20.

Committee on Treasurer's account, reported the same back corrected; accepted, and ordered filed.

Committee on opening out Third Street made a full report, recommending the street be opened and improved as suggested by the Street Commissioner, and that \$75 be appropriated for a bridge across the gulch. Report adopted, and \$75 so appropriated, and the Street Commissioner ordered to proceed with the work. On motion, Bilger, Fisher and Howard were appointed a committee to confer with Mr. Glenn on the matter of opening out Third Street through premises occupied by him.

BILLS ORDERED PAID. H. Pape's bill, \$22 1/2, Treasurer's fees for past year; Street Commissioner Danlap's bill, \$33 50, for removing loose stone from streets; balance of Cemetery account due Sexton, \$19 50. Total bills, \$75 18.

A petition from P. J. Ryan and nine other citizens was presented and read, asking the Board to pass an ordinance forbidding the keeping and standing of stallions within the town limits, representing the same as an intolerable nuisance, demoralizing and disgusting, and ought to be abated. On motion of Mr. Bilger, it was ordered laid on the table.

An ordinance was submitted to vacate that part of First Street lying between California and C Streets. Read once.

The Board then adjourned to Thursday evening next. THURSDAY EVENING, JUNE 1st.—The Board met according to adjournment. Present—President Wilson, Bilger, Howard, Absent—Howard and Zigler. The committee to confer with Mr. Glenn was continued for further information. A statement of the present condition of the Treasury was received from the Treasurer, showing funds on hand \$175 currency—\$147 coin; together, \$322. A petition, signed by Jas. R. Neil, Jas. T. Glenn, and others, setting forth that preparations were making by the citizens of the town for a due and proper observance of our coming anniversary, July 4th, asking a donation of fifty dollars out of the Town Treasury to aid in defraying expenses of the same, was received and read, and on motion of Mr. Bilger, it was laid over for further consideration. Ordinance No. 51 was read the second time. John Peterson was appointed Pound Keeper in place of Mr. Manning, who had declined the appointment. Adjourned to Thursday evening next.

FOURTH OF JULY CELEBRATION.—Pursuant to previous notice the citizens of Jacksonville and vicinity assembled at the Court House on the evening of May 30th 1871, for the purpose of making arrangements for celebrating the coming fourth of July. On motion Hon. T. H. B. Shipley was chosen Chairman and Henry Klippel Secretary. On motion, a committee of five were appointed with power and instruction to appoint sub-committees to indicate and arrange programme, &c., &c., as follows: J. D. Fay, U. S. Hayden, Henry Pape, Max Muller, D. Linn. It was moved and seconded to designate the School House Grove as the place to hold the celebration. This motion was amended to Bybee's Grove; both lost, and the committee of arrangements were instructed to appoint a committee of three to select the place, and report to the committee of arrangements. On motion, it was ordered that the Secretary furnish both of the Jacksonville papers a copy of the proceedings with a request to publish. On motion, adjourned.

H. KLIPPEL Sec'y.

PERSONAL.—Dan. Fisher, Superintendent of the Rogue River Mining Company was in town Friday; he reports the work progressing finely, and that as soon as the river gets to low water mark that they will be able to put the dam in in a very short time. The timber, brush and rock is being hauled on the bank so as to be ready when that time comes. Success to the enterprise is our fervent wish.

THE WEATHER.—The cool weather now seems to be breaking into summer. We have been visited the past week with warm balmy showers, placing our crops beyond the peradventure of a failure. All kinds of vegetation and grasses have attained a luxuriant perfection.

SWAMP LANDS.—We are informed by Hon. J. N. T. Miller, State Swamp Land Commissioner, that he has received his instructions from the Board of Commissioners, and will soon proceed to make the selections of Swamp Land in this county.

GOLD.—On Saturday last, Mr. Magruder took out a nugget weighing \$2 75, from one shovel full of dirt taken out of his well on his lot on California street, opposite Mr. Fay's residence, while cleaning out his well. Real estate has gone up in that vicinity.

PERSONAL.—We had the pleasure of meeting B. F. Sloan of Josephine in town this week; he informs us that the prospects for a heavy yield of grain is fine all over the county—grass excellent and stock looking well.

TEMPERANCE.—A Convention to elect delegates to the State Temperance Convention, to be held at Salem on the 16th inst., will be held at Colver's Hall, in Phoenix, on Monday, the 5th of June, at 2 o'clock, p. m. The true friends of the cause will attend.

The Committee of Arrangements for the celebration of the approaching Fourth of July, announce the following as the sub-committees appointed in pursuance to the instructions of the meeting of the citizens held last Monday night, viz:

Committee on selection of ground and to procure Orator, Chaplain, Reader and Marshal—W. H. S. Hyde, T. H. B. Shipley, Newman Fisher.

Finance Committee—J. P. McDaniel, H. Klippel, Isaac Sachs.

On Music—C. W. Kahler, N. Langel, W. L. Cowan.

Fireworks and Ordinance—Ed. Chas. Harris, John Guilfoyle.

On Supplies and Water—Thos. Paulson, Geo. Rattie, Ole Gunnison.

The sub-committee charged with that duty have selected Bybee's Grove as the place for holding the celebration.

It is expected that the "Jacksonville Thum pagorians" will parade during the afternoon. JAMES D. FAY, Chm'n Com. Arrangements.

PAIN KILLER. HENRY DAVIS' PAIN KILLER. 1840 1870. Time Tests the Merits of all Things. FOR THIRTY YEARS.

Perry Davis' Pain Killer

Has been tested in every variety of climate, and by almost every nation known to Americans. It is the almost constant companion and inestimable friend of the missionary and the traveler on sea and land, and no one should travel on our Lakes or Rivers without it.

It is a speedy and safe remedy for burns, scalds, cuts, bruises, wounds, and various other injuries, as well as for dysentery, diarrhea and bowel complaints generally, and is admirably suited for every race of men on the face of the globe.

Be sure you call for and get the genuine Pain Killer, as many worthless nostrums are attempted to be sold on the great reputation of this valuable medicine.

HOW HIGH IS THAT? THE WHITE PRINCE.

THE IMPORTED PERCHERON OR NORMAN horse will be kept the coming season, commencing February 1st, at my farm, near Ashland, on the stage road, till April 1st. From and after April 1st to July 1st—Tuesdays and Wednesdays—at the stable of Reames & Wilson, Jacksonville; Fridays and Saturdays at my farm.

THE WHITE PRINCE

Was imported from France by the Darby Plains Importing Company of Union county, Ohio, in July last. I purchased him in November, and shipped him, with

One Full Blood and two three-quarter blood Percheron mares,

byrall to Chico, Cal. He is a light, dapple gray, 5 years old the coming Spring; weighed when shipped in Ohio, 1,650 lbs., at maturity, in good condition, will

WEIGH 1,800 POUNDS,

Has large, broad, fleet limbs, good disposition, pleasing countenance, fine style, good action, and has never been bred to any extent.

While in the East hunting for a horse to bring to this coast, I saw nineteen imported Percheron horses, and I am satisfied The White Prince

FORM, SIZE, STYLE AND ACTION

Surpasses them all. In this selection I was assisted by Mr. Jas. Fullington, ex-President Ohio State Agricultural Society, said to be as good a judge of this stock as any person in the United States. He was one of the first importers, is familiar with their endurance in France, and their breeding qualities in Ohio.

Those who have read in the American Agriculturist and other agricultural papers, know the world-wide reputation of

The Percheron

I would here say, that well informed horsemen who were acquainted with this stock, said The White Prince was as promising a young horse as they had ever seen imported. To those who are not posted as to their history, the

French Writers Say

They have been kept as a distinct breed for more than a century, and undoubtedly trace to the Arabian, and have several infusions of

PURE ARABIAN

In the last century. It is that which gives them their endurance, style, form and action.

"He has not such a fine skin as the Arab, nor his prettily rounded, oval, and small foot; but we must remember the fact that he lives under a cold climate upon elevated plains, where nature gives him for a covering a thicker skin and a warmer coat, and that he has been for years stepping upon moist, clayey soil."

TERMS \$5 in U. S. gold coin, the season. Good pasturage, with good fence, near here, at 50 cts. per week. Everybody is invited to come and see my stock and judge for themselves.
