

THE DEMOCRATIC TIMES.

SATURDAY MORNING, JULY 1, 1871. E. D. FOUFRAY, Business Agent.

OFFICIAL PAPER FOR JACKSON COUNTY. A Carpet-Bag Congressman's Finale.

South Carolina has lost her representative, Byrnes, the man that had married too much. He steps from the seraglio of Washington to the dismal shades of a penitentiary...

This verdict, however, is not in keeping with President Grant's idea of this kind of unlawful enterprise, as he has given one of the spawns of Brigham Young's household a cadetship at West Point.

Highly Encouraging.

We take the following gratifying intelligence from the Yreka Journal, which places the construction of the California & Oregon railroads at an early day beyond a doubt.

The large grading and bridge building force on the California & Oregon branch of the Central Pacific Railroad, says the Bulletin, is now being concentrated at Tehama, 124 miles above Sacramento.

The Neko Cadet. This delectable pupil at the Nation's Military Academy, after three and again setting at defiance its rules and regulations, a Court Martial duly appointed to investigate his conduct, found him guilty of such grave charges that they unanimously expelled him from the institution.

California Democratic Ticket. The following is the ticket nominated by the Democratic State Convention of California: For Governor, H. H. Haight.

A Man Hung by a Man. The Walls Walla Statesman, of June 17th, has the following in relation to the hanging of Walters by a mob, at Lewiston.

Mrs. Vallandigham, who was absent from home attending the funeral of a brother in Maryland at the time her husband was killed, has succumbed under her double bereavement, and has been lying in an unconscious state, ever since with but little hope of recovery.

Penney, our modest brother of the Herald, bragged, a few weeks ago, that by editing the Standard in 1859 he elected Hon. Lemuel Stout to Congress.

Successive Times. Penney is rather more successful in 1871 in electing a Republican ticket than he was in 1859, when he edited the Standard six weeks and came so near defeating Stout.

False Imprisonment. James Barclay, one of the men who was imprisoned at Fort Klamath by order of Capt. Goodale, has commenced suit against the Captain in the Circuit Court for this county, in the sum of \$10,000 for false imprisonment.

Democracy who possess the article we publish in the Times is not alone in attributing the Democratic defeat in Portland to the combined imbecility and negligence of the Herald.

The Portland Election.

Disguise the fact as you may, there is something radically wrong in the political atmosphere in the city of Portland. The election in that city on Monday last, demonstrated that every ward in the city was Radical, while the average Radical majority in the city at large was 300.

The facts, the result in Portland on last Monday was one of fearful significance. Will anybody profit by the lesson? It is said that the Herald's war upon certain Democrats in the city, coupled with its vindictive and persistent denunciations of Ben Holladay contributed immensely toward the crushing disaster which overtook the party.

Three Children Drowned. We learn from Mr. A. C. Swatka that three children of Mr. William Lumsden were drowned on Thursday evening of last week, three miles below Wheatland, in Yamhill county.

The Railroad. L. Antepiech writes us from San Francisco, and gives the interesting item of news for our Skippyva people, that the Central Pacific Railroad Director ordered work to be commenced on the Oregon branch immediately, from Sessna northward.

John W. Coghlan, of Sacramento, has been nominated for Congress from the 2nd District. John W. Coghlan has been nominated by the Republicans against Pierce.

A Man Hung by a Man. The Walls Walla Statesman, of June 17th, has the following in relation to the hanging of Walters by a mob, at Lewiston.

The gallows was erected on Thursday, and all proper preparations made to carry out the sentence. This was the condition of affairs up to Friday morning, when it was found that the friends of the prisoner had removed the gallows.

Graduated. We learn that at the examination of the class of Military Cadets for the present year, at West Point, Frederick G. Schwatka, appointed from Oregon, graduated number twenty in order of merit.

Is a Mixture. There are nine Democratic papers published in Western Oregon, to-wit: The Times, Placemaker, Guard, Benton Democrat, States Rights Democrat, Mercury, Enterprise, Era, and Herald.

State News.

From the Bulletin we take the following: Articles of incorporation of the East Portland Congregational Church were filed in the County Clerk's office yesterday.

The josta for the first floor of the Custom-house have been laid. Work is being energetically pushed forward.

Large quantities of wool and flour are arriving from the Dalles. The former is forwarded to Oregon City, and the latter goes to San Francisco.

The officers of the military organizations of this city will meet this evening to deliberate upon the proposition to celebrate the coming Fourth.

Miss Cora, the female magician, arrived in town yesterday from Walla Walla, where she has just concluded a most successful engagement.

The body of the son of Mr. G. W. Vollum, who was drowned on Monday, was found about ten o'clock yesterday, a short distance from where he fell in.

The 'trick' of the Oregon and California Railroad is now laid as far as the piling at the river above Harrisburg. The graders are at work within about four miles of Eugene City.

About 2 o'clock yesterday morning Officer Sheehan found the remains of a man floating among the piles at the foot of F street. The body was beyond identification, as the left foot, the hands, the hair and flesh of the face had been eaten off—a proof that it must have lain in the water a long time.

Dr. A. D. Ellis, the official visiting physician to the Insane Asylum, furnishes us the following synopsis of his report for the quarter ending May 31st, 1871: Number of inmates at the beginning of the quarter 141; admitted during the quarter 13—5 females and 8 males; discharged during the quarter 9—8 females and 1 male; died 1—David Hart, May 31st.

William Cooper, an unbleached American of decidedly African descent, was yesterday afternoon arrested on the charge of robbery. The particulars of which are about as follows: Yesterday William called upon a lady friend who resides on Yamhill street near First.

In speaking of the New Congressional Church of this city, the Democratic Era says that it is one of the most perfect and symmetrically proportioned edifices in Portland. It has a brick basement foundation, the walls of which are hollow.

A case was tried and disposed of yesterday in the Circuit Court which attracted more than ordinary attention. Some time since a young German, Henry Strohmeier, together with his wife, were bound over in the Police Court to answer the charge of stealing a gold watch and several articles of clothing from Mrs. Carney.

The Mountainers say: We understand that the Indians on the Unatilla Reservation will be moved to a new reservation in the south-eastern portion of the State, sometimes during the present year, and their lands thrown open for settlement.

The Columbia river is falling rapidly and it is expected that in a few days Main street will be entirely cleared of water and boats will be resumed as formerly. It is almost impossible to estimate the loss our citizens have received by this flood, but it is considerable.

WASCO COUNTY. The Mountainers say: We understand that the Indians on the Unatilla Reservation will be moved to a new reservation in the south-eastern portion of the State, sometimes during the present year, and their lands thrown open for settlement.

The Columbia river is falling rapidly and it is expected that in a few days Main street will be entirely cleared of water and boats will be resumed as formerly. It is almost impossible to estimate the loss our citizens have received by this flood, but it is considerable.

The Dalles.

We learn the following from the West Side: A child of A. V. Clark, of Lafayette, was drowned in a tub of water.

W. J. Gunson, while attempting to break a young filly, succeeded in breaking her neck. The Yamhillians are going through against camp meetings.

The Republican says: Mr. Wilson, of McMinnville, was kicked by a mule last Friday evening, and seriously, though not fatally, injured. Our citizens who enjoy angling are "flying" many fine trout, which are plentiful in the La Creole, near town.

Penetrating to the source of disease in the secretions and the circulation, regulating every organ, and bracing every nerve and fibre of the body, Dr. Walker's VINEGAR BITTERS are effecting the most astonishing cures of indigestion, biliousness, nervous weakness, rheumatism, scrofulous disorders, and chronic constipation, that the world has ever witnessed.

WEIGH 1,800 POUNDS, Has large, broad, feet, limbs, good disposition, pleasing countenance, fine style, good action, and has never been bred to any extent. While in the East hunting for a horse to bring to this coast, I saw nineteen imported Percheron horses, and I am satisfied The White Prince surpasses them all. In this selection I was assisted by Mr. Jas. Fullington, ex-President Ohio State Agricultural Society, said to be as good a judge of this stock as any person in the United States. He was one of the first importers, is familiar with their endurance in France, and their breeding qualities in Ohio.

The Percheron. I would here say, that well informed horsemen who were acquainted with this stock, said The White Prince was as promising a young horse as they had ever seen imported. To those who are not posted as to their history, the

French Writers Say PURE ARABIAN. In the last century, it is that which gives them their endurance, style, form and action.
