THE COUNTY EXHIBIT.—The exhibit of the county finances received too late for insertion this week, will appear next.

FLOURING ROCK.—Mr. B. Hull reports crops, at Upper Rogue river in the neighborhood of Flouring Rock, as excellent.

TO FARMERS.—Remember the meeting of the Jackson County Agricultural Society. See advertisement in this issue.

BIG BAR.—We learn that the Big Bar company will be able to turn Rogue River through their race about the 10th of August.

FOR GOOSE LAKE.—Mr. W. A. Owen starts this week for Goose Lake with 150 head of cattle belonging to B. F. Dowell Esq.

HENRY KLIPPEL, President.

CHANGED AGAIN.—The stages have changed time again. The southern stage arrives about 5 p. m., and only remains long enough to change the mail, leaving for the north immediately. The northern stage arrives about 3 a. m. and leaves about 6 a. m.

NEW SODA SPRING.—Mr. Cacy, who keeps the Mountain House, has discovered a splendid soda spring on his place, and is now engaged in deepening it and improving the surroundings. The water is said to be the best in the County.

FOR YREKA.—Wm. Chambers started Wednesday morning with 7,000 lbs. of flour contributed by Jackson county to the relief of the sufferers by the late fire in Yreka. Mr. Centers started on Thursday morning with 3,500 lbs. more for the same place.

RAILROAD SURVEYORS.—We are informed that the railroad engineers are at work near Vandy's ferry. It is supposed that they have surveyed a line around the bend of Cow creek thus avoiding the canyon, and that the line will strike Rogue river in the vicinity of Vandy's ferry.

FOR THE INSANE ASYLUM.—Mr. John Orth started for the Insane Asylum on Monday, with Mrs. Orth, who has been suffering from mental aberration for some weeks. We hope she may soon be restored to her former good health. Mr. Orth has the sympathy of our whole community in his affliction.

WATER.—Our City Fathers are bestirring themselves on the water question. The entire Board visited Jackson Creek, this week, with a view of ascertaining whether a supply of water could be obtained for the use of the town in case of fire. We learn that they have ascertained definitely that an abundant supply of water can be obtained. The next question is, can the coin be procured to be raised? Our citizens will certainly make some effort to raise the "tangible." It may be the means of saving many dollars in case of fire.

Meeting for the Relief of Yreka.

On Saturday evening, the 15th inst., our citizens met at the Court House for the purpose of devising means for the relief of the suffering of Yreka, caused by the late fire. The meeting was organized by calling Hon. P. P. Prim to the Chair, and appointing D. B. Rea, Esq., as Secretary. The Chairman explained the object of the meeting in a few appropriate remarks.

On motion of Hon. J. D. Fay, a committee of three were appointed to solicit contributions of money and supplies in behalf of our unfortunate neighbors, from the town, consisting of Messrs. Henry Pape, Jno. Bilger, E. D. Foudray, and C. C. Beckman.

Mr. Beckman, in the course of a few well-timed remarks, impressed upon the minds of our people the sad extremities the late calamity had left many of the citizens of our neighboring town, and that our sympathies should be accompanied by immediate substantial aid. He thought that, if the matter was only presented, there would be a liberal response by the people of our valley, and proposed a liberal donation on his part.

On motion of Mr. Fay, sub-committees, from the several precincts of the county, were appointed to cooperate with the committee at Jacksonville, which should be known as a central committee.

The following were the committees appointed for the respective precincts: Central Point—W. A. Owen, J. B. Wislley, and W. J. Plymale.

Willow Springs—Thos. Chavner, Wm. Bilger, and N. C. Dean.

Rock Point—L. J. White and B. Raymond.

Ashland—R. B. Hargadine, J. M. McCall, and Jacob Wagner.

Phoenix—Samuel Colver, Jacob Wimer, and T. G. Reams.

On motion of E. D. Foudray, Messrs. Glenn and Sachs Bros. were appointed receivers and forwarding agents of the contributions as they come to hand.

On motion of Mr. Fay, the Secretary was ordered to inform the sub-committees of their appointment; and that they be requested to report to the Central Committee the amounts they may respectively collect.

On motion, the Secretary was instructed to furnish a copy of the proceedings of the meeting to each of the local papers for publication.

The meeting then adjourned.

D. B. REA, Secretary.

JAACKSONVILLE, July 16th.

A CHANCE FOR A GOOD INVESTMENT.—If some enterprising and energetic men will take hold of the road from Soda Springs to Brown's or Thompson's, on the Klamath, lease the same from the county and put it in repair, we are fully satisfied that the tolls will pay a large interest on the investment. The road is now the only means of communication between this valley and the Klamath, Link river and Goose Lake basins. The travel between these regions and the valley of Rogue river is already quite large, and if the road was repaired would be materially increased; as a good road would tend to divert the trade and traffic to this valley which benefits Yreka now. As Goose Lake and Link river valleys are settling up rapidly, the travel to the county seat will have to increase. The supplies necessary to these new settlements will have to be furnished, in a great measure, by this valley, providing there is a good road to transport them; and since the destruction of Yreka this is especially true. We hope some energetic men will take hold of this enterprise and put it through.

THE DITCH.—Are our farmers and miners going to abandon the ditch project utterly? The "gods help those who help themselves," and if those who are deeply interested in this project allow it to fall through, they should not complain if hard times and scarcity of money be the consequence. Our farmers and miners should wake up to a realizing sense of the fact that the apathy, laziness and want of energy which has heretofore characterized them, will not pay in the railroad era now dawning upon the country. If they do not seize the means of wealth and general development now awaiting the appropriator, the time is not far distant when others will, and they may live to see the day when they will be tributaries to strangers who possess the energy, brains and enterprise to develop the resources of this country by means which the present citizens neglect and despise.

MANDAMUS.—Some days ago, Thos. Fielder sued out a writ of mandamus against the Board of County Commissioners to compel the appointment of viewers and a surveyor for a county road across Rogue river below the Rock Point bridge. The Commissioners had refused to appoint viewers upon the petition, regarding the road as unnecessary; hence the petition for the writ. At the return day, last week, the Board made a return, showing that it had made the appointments since the issue of the writ; therefore the road will be viewed and surveyed. Watson, Fay & Rea for petitioner.

ANYIL "BUSTED."—W. H. Folk, of Evans Creek, undertook to celebrate the Fourth in due and ancient style, all by himself; so he loaded up an anyil, and drove in a hard wooden peg, very tight. He got more of a noise than he bargained for, as the anyil burst into six pieces. No damage done, except to an old cow, whose eyes were put in mourning by the flying pieces.

"THEY FLEW TO THE MOUNTAINS OF HEPSE-DAM."—A number of our citizens are making preparations to take their families to the mountains to enjoy the mountain air, fish, hunt and enjoy themselves generally. Crater Lake, Buck Lake, Jenny Creek and Squaw Lake will have many visitors this week.

Proceedings of the Board of Trustees

[REPORTED FOR THE TIMES.]

July 18th, 1871.

A regular meeting of the board was held this evening. Present: President, Wilson, Howard, Fisher, Bilger, absent: Zigler.

The minutes of previous meeting were read and approved.

The committee on the improvement and repair of town Hall and building, not being ready to report, were allowed further time.

Committee on the opening and extension of third street reported verbally that they had not concluded the business before them. Further time was allowed.

Warrants were ordered issued to Chas. Shultz and Wm. Cummings for \$2, each for services as chain carriers for town survey.

The matter of road account of the late Street Commissioner Fechy came up for further consideration, and a resolution passed unanimously, refusing to accept the report and exhibit of Mr. Fechy, as being entirely unsatisfactory; that his claim of \$340, as a balance due him expended over amount of road tax collected, could not be recognized; for it expended, as he claims, the expenditure was unauthorized and in violation of the town ordinance and special instructions from the board. All of his papers and books were ordered to be returned to him.

A special committee composed of Bilger, Fisher and Zigler, was appointed to ascertain if water could be obtained from any near source and brought in to supply the town; also an estimate of probable cost of having the water into this town, and to report in full upon the matter.

The Board then adjourned.

YREKA RELIEF FUND.—The following subscriptions have been received here:

In Flour.—C. C. Beckman, 2,000 lbs; James T. Glenn, 2,000; Hoffman & Klippel, 1,000; John Bilger, 1,000; Sachs Bros., 1,000; Fisher Bros., 1,000; G. Karowski, 500; M. Mensor, 500; K. Kubli, 500; Wm. Boyer, 200; Pape & Savage, 1,000; J. N. T. Miller, 100; Jacob Ish, 500; Fay & Rea, 500; Rial Benedict, 200; B. B. Griffin 200; F. Plymale, 600; John E. Ross, 250; Veit Schatz, 1,000; Thomas McKensie, 500; Louis Herling, 100—14,650.

In Coin.—E. D. Foudray, \$5; S. J. Day, \$10; T. H. B. Shipley, \$10; L. J. C. Duncan, \$5; Wintjen & Helms, \$10; Jerry Numan, \$5; David Linn, \$10; Geo. Ratrie, \$2.50; L. Horne, \$10; Jos. Wetterer, \$5; P. J. Ryan, \$10; Reames & Wilson, \$10; Pat Donegan, \$10; John Noland, \$1; C. W. Kahler, \$2.50; W. B. Douglas, \$2.50; John Neuber, \$5; H. A. Breitbarth, \$2.50; U. S. Hayden, \$5; Wm. Bybee, \$25; N. Langel, \$2.50; J. W. Manning, \$2.50; O. Gunnison, \$2.50; Thos. Giannini, \$5; (bacon); Dr. W. Jackson \$11; E. H. Green men, \$2.50; A. B. Overbeck, \$2.50; cash \$3.00.

The greatest want of the present age is men and women, healthy and vigorous in mind and body. The continued headaches, weaknesses, nervousness, and varying ailments which afflict women are generally the result of imperfect action of the stomach and other vital organs. Dr. WALKER'S CALIFORNIA VINEGAR BITTERS, being composed entirely of vegetable substances indigenous to California, may be taken with perfect safety by the most delicate, and are a sure remedy for all female complaints, correcting all wrong action and giving new vigor to the whole system.

POWDER HOUSE.—A powder house is much needed in or near Jacksonville. There is a large quantity of powder stored in each of the business houses in town. In case of fire this would prove not only a source of alarm, tending to drive away assistance from the burning buildings, but an absolute source of danger. We hope our city "dads" will take steps to erect a house in which powder can be stored, and then pass an ordinance compelling the owners of quantities of powder to store therein under severe penalties.

A GENEROUS PEOPLE.—We felt confident that the appeal for aid to the suffering of Yreka would not be made in vain to the people of our county, and the subscription we publish this week proves that our expectations are not disappointed.

Rock Point did unusually well for that small place. The amount collected was obtained in one day. Ashland, Central Point and Gasburg have not been heard from yet. Mr. Alex. Martin, we learn, will contribute 500 lbs. of bacon from the lot shipped to Yreka this week.

NOTICE.—I hereby notify all persons and warn them not to buy or trade for two certain promissory notes, one given by me to Benton Elmore for \$307, the other Dallas Elmore for \$212. Both these notes were given by me under a misrepresentation of facts, and consequently there is no value returned on my part.

ANOTHER FINE COLT.—We have always claimed that Jackson county raised the finest horses on the coast. As an evidence, here comes Uncle Fred Heber with a colt only 2 1/2 months old weighing 443 1/2 pounds—12 1/2 pounds heavier than Mr. W. C. Meyer's colt, a notice of which we published a couple of weeks ago.

We learn that Messrs. W. A. Owen and Isaac Constant subscribed 100; fine bacon. Messrs. Raymond and L. J. White committee at Rock Point sent \$60; coin from that place. Total cash subscriptions, \$238.50; paid \$176 due 37.50. The Committee intend to convert the cash into flour and send flour to the sufferers.

STAMPEDE.—While a party were preparing for a mountain trip Thursday morning, in front of the Arkansas stable, one of the pack animals, having received his full load of flour, bacon, pans, peas, camp kettles, &c., took it into his head to show his cayuse principles, whereupon he commenced to "buck," The pans rattled and the hubbub scared the equine into a regular old fashioned stampede, such as used to make packers profane in the old days of 49. It was really refreshing to witness a performance which so vividly recalled these old days.

STATISTICAL.—Number of deeds recorded in the Clerks office for Jackson county, for the fiscal year ending July 1st, 1871, one hundred and seventy eight; consideration for the same \$91,274.

Number of marriage licenses issued from the Clerks office for the year ending July 1st, 1871, thirty-three.

SCHOOL MATERIAL.—We have received from J. W. Schermerhorn & Co., manufacturers of school material, 14 Bond Street, New York, a pamphlet of 150 pages, containing a descriptive and priced catalogue of a great variety of school material, embracing desks, benches, black-boards, &c. This work is valuable to the Directors of our School Districts.

JOSEPHINE ITEMS.—Paul Lindenberg was arraigned before Justice McIlwain, of Waldo, this week, on a charge of rape, and after examination was discharged. The evidence for the prosecution was too thin.

Mr. Kemper, of Rogue River, has lost his house and all its contents by fire.

MARRIED.

July 16th, 1871, by J. R. Meem, J. P., at the house of George Nurse, Link River, Mr. SIMPSON WILSON to Miss NANCY E. HALL, all of Jackson county, Oregon.

Travelers are always liable to sudden attacks of Dysentery and Cholera Morbus, and these occurring when absent from home, are very unpleasant. The PAIN KILLER may always be relied upon in such cases. As soon as you feel the symptoms, take one teaspoonful in a gill of new milk and molasses and a gill of hot water, stir well together and drink hot. Repeat the dose every hour until relieved. If the pain be severe, bathe the bowels and back with the medicine clear.

In case of Asthma and Phthisis, take a teaspoonful in a gill of hot water sweetened with molasses; also bathe the throat and stomach faithfully with the medicine, clear.

Dr. Sweet says it takes out the soreness in cases of bone-setting faster than anything he ever applied. Fishermen so often exposed to hurts by having their skin pierced by hooks, and fins of fish, can be relieved by bathing with the Pain Killer as soon as the accident occurs; in this way the anguish is soon abated; bathe as often as once in five minutes, say three or four times, and you will seldom have any trouble. The bites and scratches of dogs and cats are soon cured by bathing with the Pain Killer, clear. 264.
