LOCAL INTELLIGENCE

Religious Notices.

REV. FATHER BLANCHETT will hold divine services at the Catholic Church to-morrow, at the usual hour.

GRAPES.—Grapes, from Hon. J. N. T. Miller's vineyard, have made their appearance in our market.

SMOKE.—The whole valley is enveloped in dense smoke, the result of large fires in the mountains.

A CHANGE.—Mr. Henry Pape is now engaged in re-fitting the Railroad Saloon, formerly occupied by Mr. Brentano, the latter going out of the business.

GOOD FOR HIM.—Our enterprising fellow-citizen, John Bilger, has been repairing the brick sidewalk in front of his store.

NOTICE.—All business communications to this office, to receive prompt attention, should be addressed to E. D. Foudray, business agent.

DISSOLVED.—Pape & Savage, and Orth & Giannini, have dissolved partnership. They intend to make it warm for their debtors if they don't "come and see them." See their advertisements.

BRICK.—The undersigned has just finished burning a large brick kiln at his brick yard in Jacksonville, and is ready to furnish brick to all those in need of this article. PATRICK FEHELY.

LIVELY.—Our town has presented a somewhat livelier appearance this week. The harvest is over, and the country folks, with their wagons and teams, make the hearts of the merchants glad.

LAST CALL.—All parties knowing themselves indebted to us, by note or book account, will please call and settle immediately, to save cost. I. CARO & BRO. Ashland, August 26, 1871. 3174

SERIOUS ACCIDENT.—Tuesday last, Mr. Samuel Bowden met with a serious fall as he was getting out of a wagon on the corner of California and Oregon streets. He fell on the pavement and fractured his knee-cap.

NOTICE.—I have disposed of the City Drug Store to Messrs. Robb & Kahler, and am anxious to settle up the books. Those indebted will please call and settle, as they will save costs. W. B. DOUGLASS. 331f

GOING AWAY.—Dr. Jackson wishes us to inform the public that he will absent from this city during the month of September, and that those desiring his dental services should call soon. The Doctor purposes visiting Josephine county.

OH SAY!—We would whisper in the ears of Supervisor Dunlap that there are divers and sundry nails protruding thro' the sidewalks in nearly all parts of town, which make hard lines for the bare-footed youngsters, while ladies dresses are torn by them and masculine boots damaged. Drive 'em in, Sergeant.

CORRECTION.—We inadvertently omitted to state last week that Mr. Gassman, butcher on California street, claims that there is no nuisance committed in the rear of his shop. He states that some calves and sheep have been butchered there, but that all the blood, offal and everything which could be an offensive is carefully conveyed away. We make this correction in justice to Mr. Gassman.

FIRE AT THE CEMETERY.—On Saturday a fire broke out in the Chinese portion of the Cemetery, which at one time endangered the whole Cemetery grounds. It resulted from the burning of joss sticks around the Chinese graves—a practice which should be prohibited during the dry season. Through the arduous exertions of our citizens, the fire was extinguished, after consuming about two hundred feet of the fencing.

KLAMATH LAKE ITEMS.—Mr. John Pierson has just arrived from Fort Klamath and states that desertions continue to be quite frequent among the soldiers. On Monday last a cavalry soldier, named Hines, concluded to "shuffle off his mortal coil" by shooting the top of his head off. He communicated his intentions to some of his comrades, who did not object, whereupon he deliberately pulled off his boots, and placing the muzzle of the gun against his forehead, pulled the trigger with his toe, when the gun went off, blowing the poor fellow's head—went off his head—half off. It seems that he lost his grip at the critical moment, and threw back his head, at the same time throwing up his hand. The hand was amputated at the wrist by the post surgeon.

THE COUNTY JUDGESHIP.—Considerable excitement exists among the soreheads and bolters of 1870, in regard to the appointment of a County Judge to fill the existing vacancy. Bill Owen, Ross and a number of others who bolted the Democratic ticket at the last election, are exercising themselves wonderfully in regard to it, and have gotten up a petition for the appointment of L. J. C. Duncan—certainly the weakest and most inefficient judge Jackson county, or any other county, was ever cursed with. What influence these renegades and bolters can have on a Democratic Governor remains to be seen. Mr. E. D. Foudray was recommended by the County Commissioners, who are the official associates of the County Judge; by the Sheriff, County Clerk, District Attorney and Democratic County Committee, backed by a petition of the citizens numerous signed. The object of the Owens, Ross (who not only voted the Radical county ticket, but voted for Wilson and against Slater for Congress)—Reams and others is to divide and distract the Democratic party, and we await, with some curiosity, to see if the Governor will become a party to their nefarious projects.

UNFORTUNATE WRETCHES undergoing the cruel death, called "breaking at the wheel," finally receive a pitying blow upon the stomach, which ends their pains. Every portion of the body is in close sympathy with the stomach, and when that is wrong nothing is right. Headache, languor, pains in the back and loins, palpitation of the heart, nervousness, and many other troubles, arise from a deranged condition of the stomach, which is the hardest worker in the world, next to the heart. DR. WALKER'S CALIFORNIA VINEGAR BITTERS will surely and speedily correct all disorders of the stomach, liver, kidneys, and all other vital organs.

STAGE ROBBERY.—We learn, by passengers on the stage, that the coach going south was robbed four miles this side of Tehama and some four or five thousand dollars captured. There were three robbers. Only one passenger, beside the driver, was on the stage at the time. A later rumor is current to the effect that one of the robbers was caught, and that a good prospect exists of capturing the other two. Schultz must be in that neighborhood.

PERSONAL.—W. R. Ish has been in town. Mrs. Laura De Force Gordon, a conspicuous advocate of Woman's Suffrage, passed through town Monday.

Col. Joseph Teal also passed through town en route for San Francisco.

We have had the pleasure of meeting Mr. Hugh Small, correspondent of the New York Tribune and San Francisco Bulletin, this week. Mr. Small is now engaged in writing a series of very truthful and very interesting letters, descriptive of Oregon and her resources, to both these journals. He is evidently alive to the grand future in store for this State, and his letters will largely contribute to her development.

Gen. John F. Miller, of Salem, and Mr. D. P. Murphy, Surveyor of Swamp Lands, have arrived in town.

Judge Prim'and family have arrived from their mountain trip in splendid health.

Hon. Jesse Applegate has been sojourning in town this week.

DAM BROKEN.—We are sorry to hear that the dam of the Enterprise company, at Big Bar, on Rogue river, was broken Wednesday and about sixty feet carried away. This will be a severe loss to the company and may cause a suspension of work for this season. We have learned no particulars.

Since the above was in type we have been informed by Mr. Hyde that the damages are not so great as was first supposed. The river broke through a narrow bed of sand, between the race and river, carrying away about thirty feet of ground. The dam is intact, and all the damages can be repaired within ten days. We are sincerely glad to hear of it.

ROAD WANTED.—The road to the City Cemetery winds along the precipitous side of Cemetery Hill, and is a very dangerous place to drive a fractious horse. Several times, accidents were near occurring during the passage of funeral processions up this hill, and it would be as well to avoid danger in the future. A much easier grade could be obtained west of Hon. J. N. T. Miller's house, and a much better road constructed. Let a petition to the Board of Commissioners be gotten up and the road laid out.

THE FIRST OREGON GRADUATE FROM HARVARD.—We had the pleasure of meeting in town this week Mr. Sylvester W. Rice, of Umpqua county, in this State. Mr. Rice is just returning home after a six year's sojourn at Harvard University, where he graduated with high honors. Mr. Rice had the honor of being one of the Harvard crew in their memorable boating contest with the crew of the Oxford boat, in England, in 1868. The State may well be proud of him.

A MISTAKE.—Col. Teal says it was a mistake in regard to the stealing of his cattle by the Indians. "Reub Rinus" says as soon as he heard that the Colonel had started to look for those cattle, he would have bet a hundred to one there wasn't an Indian in a hundred miles of them. Now we are sorely puzzled to know whether "Reub" meant that the Colonel would not have started if there were any Indians to be found, or that the Indians left as soon as they heard he was coming.

HORSES STOLEN.—Monday night three horses were stolen from Mr. James Killgore's ranch near town. The horse thieves went north and the officers are on their track.

Since the above was written we have been informed that the horse thieves were captured by Deputy Sheriff Foudray in the vicinity of Myrtle creek, Douglass county, on Thursday.

SURRENDERED.—Wm. Forsyth, who was held to answer a charge of assault with a dangerous weapon, by Justice Burns, of Gasburg, and admitted to bail in the sum of \$500, was surrendered by his bondsmen on Monday, and is now in jail. On the return of Judge Prim, application will be made for a writ of habeas corpus in his behalf.

The "PAIN KILLER" may justly be styled the great medicine of the world, for there is no region of the globe into which it has not found its way, and been largely used and highly prized. More over, there is no climate in which it has not proved to be well adapted for the cure of a considerable variety of diseases; it is a speedy and safe remedy for burns, scalds, cuts, bruises, wounds and various other injuries, as well as for dysentery, diarrhea and bowel complaints generally. It is admirably suited for every race of men on the face of the globe.

It is a very significant fact that notwithstanding the long period of years that the "Pain Killer" has been before the world, it has not lost one whit of its popularity, but, on the contrary, the call for it has steadily increased from its first discovery, and at no previous time has the demand for it been so great, or the quantity made been so large, as it is to-day.

Another significant fact is, that nowhere has the Pain Killer ever been in higher repute, or been more generally used by families and individuals, than it has been here at home, where it was first discovered and introduced. The Pain Killer will continue to be, what we have styled it, the great benefactor of the world, there cannot be the shadow of a doubt. Providence Advertiser.

THE UNK WEED REMEDY, OREGON RHEUMATIC CURE.

History.

This remedy is composed of the active principle of the Unk Weed, Eng.—Thapsium Cordatum Originis, Lat.—Indigenous to Oregon. Grows most abundantly and perfectly in Washington County. Properties, Etc.

It contains an ACTIVE VOLATILE principle, extracted by Ether, and a bitter TONIC principle, soluble in Alcohol.

Medical Properties and Uses.

It is the most speedy cure for Rheumatism, Rheumatic Gout and Rheumatic Pains of all kinds that was ever introduced in Materia Medica. The Unk Weed Remedy, as prepared by us, in consequence of its existing bitter principle, possesses the necessary virtue of being a POWERFUL TONIC, Promoting the Appetite and Invigorating the whole Digestive Apparatus, thus building up and strengthening the system, while at the same time the volatile principle, being absorbed in the blood, acts specifically on the Rheumatic Poison, removing it from the circulation and system.

There are a few remedies known to the Medical Profession which will remove the RHEUMATIC POISON from the blood, but whose action is so powerful in depressing the system of the already afflicted Rheumatic patient, that their use has to be abandoned before specific effects are obtained, hence the want of success in treating this prevalent, and in consequence heretofore incurable disease. Unlike these medicines, already known, the UNK WEED REMEDY, though producing as powerful and as effective effects on the blood and system in removing the Rheumatic Poison, also possesses a strong TONIC and recuperating element which admits of its continued use even by the most delicate and debilitated. Thus we have the combination for the first time of these TWO necessary elements in ONE remedy, which accounts for its Superior and Never-Failing curative effects in Rheumatism, Rheumatic Gout, and Rheumatic Pains of all Kinds.

We are aware of the fact that it generally is easy matter to procure certificates attesting the efficacy of patent medicines from a certain class of those who use them. We have selected the following because the names attached to them are those of men of the most careful and scrupulous character, and because the large class of their acquaintances in Oregon will not, for a moment, accuse or suspect them of any exaggeration in the statements they may make.

Remarkable cure of Mrs. Hoover, Wife of Hon. Jacob Hoover, ex-Treasurer of Washington county, Oregon. Taulatin Plains, Washington county, Oregon. July 22, 1871.

A. M. Loryea & Co.—I have been troubled with Rheumatism for the past twelve years; my joints, especially those of my feet and hands, were so badly swollen, so that I could with difficulty go around. My shoulder pained me a great deal and a large body swelling grew out, so that I could not raise my hand to my head.

Since last Spring I have been taking your "Unk Weed Remedy," and find myself much improved. The swelling and pain has left my joints and shoulder, and the long growth has entirely disappeared and I use my limbs and am far better than I have been for years. M. HOOVER.
