When deeply in love with Miss Emily Pyne I vowed if the maiden would only be mine. I would always endeavor to please her. Said near a word except "Your an ass-An ass-an ass-idious teaser."

But when we were married I found to my ruth The stammering lady had spoken the truth, For often in obvious dudgeon. She'd say, if I ventured to give her a jog. In the way of repreof-"You're a dog-a dog-A dog-a dog-matic cur-mudgeon!"

And once when I said, "We can hardly afford This extravagant style with our moderate hoard, And hinted we ought to be wiser, She looked, I assure you, exceedingly blue, And fretfully cried. "You're a Jew-a Jew-A very ju-dicious adviser !"

Again, when it happened that wishing to shirk Some rather unpleasant and arduous work, I begged her to go to a neighbor, She wanted to know why I made such a fuss, And saucily said—"You're a cuss—a cuss— You were always accus—tomed to labor !"

Out of temper at last with this insolent dame, And feeling that madam was greatly to blame, To scold me instead of caressing, I mimicked her speech, like a churl that I am, And angrily said, "Your a dam—dam—dam— A dam-age instead of a blessing."

THE

RHEUMATIC CURE. OREGON

History.

This remedy is composed of the active principle of the Unk Weed, Eng .- Thaspium Cordatum Originis, Lat .- Indigenous to Oregon. Grows She blushed her consent, though the stuttering lass | most abundantly and perfectly in Washington Co. Properties, Etc.

It contains an ACTIVE VOLATILE principle, extracted by Ether, and a bitter TONIC principle,

soluble in Alcohol. Medical Properties and Uses.

It is the most speedy cure for Rheumatism, Rheunatic Gout and Rheumatic Pains of all kinds that was ever introduced in Materia Medica. The Unk Weed Remedy, as prepared by us, in consequence of its existing bitter principle, possesses the necessary virtue of being a POWERFUL TONIC, Promoting the Appetite and Invigorating the whole Dipestive Apparatus, thus building up and strengthening the system, while at the same time the volatile principle, being absorbed in the blood, acts specifically on the Rheumatic Poison, removing it from the circulation and system.

There are a few remedies known to the Medical Profession which will remove the RHEUMATIC POISON from the blood, but whose action is so powerful in depressing the system of the already enfeebled Rheumatic patient, that their use has to be abandoned before specific effects are obtained, hence the want of success in treating this prevalent, and in consequence heretofore incurable disease. Unlike these medicines, already known, the UNK WEED REMEDY, though producing as powerful and as affective effects on the blood and system in removing the Rheumatic Poison, also possesses a strong TONIC and recuperating element which admits of its continued use even by the most deli cate and debilitated. Thus we have the combination for the first time of these TWO necessary elements in ONE remety, which accounts for its Superior and Never-Failing curative effects in Rheumatism, Rheumatic Goat, and Rheu-
