REMEMBER the races next week.

COUNTY COURT.—The November term of the County Court commences next week.

FULL.—We hear many inquiries for vacant houses, but there are none for the anxious enquirers.

ST. MARY'S ACADEMY.—The second term, at the Sisters' School, in this city, will commence on Monday next, November 6th, 1871.

RETURNED.—The surveying party of Messrs. Howard & Turner have returned from their trip east of the mountains, after an absence of nearly three months.

THE PETITION.—We publish on the first page of this issue the Swamp Land Petition. Have no room for comment this week.

FENCING BURNED.—Mr. D. Gray lost some two hundred yards of fencing this week by stubble fires. This burning stubbles is getting to be an expensive amusement.

STAGE OFFICE.—The stage office has been changed from the post office to the U. S. Hotel. Mr. Louis Horne has been appointed stage agent, and will attend to the business.

WOOD WANTED.—Those of our subscribers who desire to pay their subscription to the TIMES in wood are requested to bring it soon, as cold weather is fast approaching.

BRICK.—The undersigned has just finished burning a large brick kiln at his brick yard in Jacksonville, and is ready to furnish brick to all those in need of this article. PATRICK FEHELY.

THE RAILROAD.—We learn that the track is laid seven miles south of Eugene City, and construction cars are running that far south. The track is being laid at the rate of a mile and a quarter per diem. Bully!

NEW ADVERTISEMENTS.—Under the head of "New To-Day" will be found the new advertisement of Sachs Bros. Their liberality in advertising is a guarantee for their liberality in dealing with customers.

Read the "Notice to Tax-Payers."

FREIGHT.—Large loads of freight continue to arrive from Crescent City. Our merchants have laid in heavier stocks of goods this fall than ever before. It argues that they at least expect to have a good trading season. It looks like business, at any rate.

BUSY.—All the lawyers are busy preparing for the next term of the Circuit Court, which commences on Monday week. There are twenty criminal cases on the docket, and about as many civil cases. The jurors, lawyers, witnesses and Judge are bound to have a blessed time of it this term.

JUSTICE'S COURT.—The case of the State vs. Charles Cogswell, charged with breaking a flume in Goose Lake Valley, underwent an examination on Wednesday before Justice Wade. The defendant was bound over in bonds of two hundred dollars.

STOP IT.—The practice of shooting within the precincts of town is getting to be a nuisance. A few evenings since a bullet passed in unpleasant proximity to the law office of Fay & Rea. The whistle of the bullet as it passed the window could be distinctly heard. Is there not an ordinance against this practice? If there is not, there should be.

FIRE-ARMS.—We would submit to the Board of Trustees whether an ordinance against the exhibition of fire-arms and assaults with the same on the public streets would not do some good? Quite recently there has been two or three cases of this kind, endangering the lives of innocent passers-by and spectators, and it is about time it should be stopped.

BELLIGERENT.—Marshal McDaniel arrested a man last Saturday, who had got outside of too much benzine, and thought he would like to take a little pistol practice, with Senters as a mark. The Marshal stopped his little game, but not before he made rather a narrow escape from being shot himself. The Recorder asked him to pay over eight dollars to the Town Treasury.

AN OUTRAGE ON THE TAX-PAYERS.

One Charles Cogswell, a resident of Goose Lake precinct, was arrested by Deputy Sheriff Foudray, upon a warrant issued by Justice Wade, of Jacksonville precinct, on complaint of one W. C. Greenman, for breaking a flume, and brought to Jacksonville for trial this week. He remained in the custody of the Sheriff in jail two days. Now, as to whether Cogswell is guilty or innocent, we have nothing to say. If he is guilty he should be properly punished, and we do not propose to discuss the question of his guilt or innocence in these columns. Courts were organized for that purpose, and we propose to leave the adjudication where it appropriately belongs. But in view of the fact that there is a resident justice at Goose Lake—Mr. Abram Tenbrook—a well-known citizen and an honest man, we cannot comprehend why this man Cogswell should be brought over two hundred miles for examination here. The Sheriff's costs alone for serving the warrant and subpoenas, amount to \$105.75. The witness' fees to \$91 more, making a total of \$196.75. We submit to the candid consideration of the tax-payers of this county, whether that is not a steep little bill for them to foot, just to gratify the malice of the prosecuting witness, or the convenience of his attorneys. The examination could have been had at Goose Lake at one-tenth the expense. The alleged offense was committed there, and the prisoner, complaining witness and other witnesses were all residents of that precinct. Against the honesty and fairness of Justice Tenbrook, we are assured no man can say a word. He is an old and respected citizen—in fact a pioneer of Jackson county, and why he was not suffered to make this examination, we confess we are unable to see. The criminal docket at the next term of the Circuit Court will be quite large, and an enormous expense on the county is inevitable in consequence. This is hard enough on the tax-payers; but when the legitimate expenditures for criminal prosecutions are swelled by wanton and inexcusable expenses as in the case under consideration, it becomes our duty as a public journal to call the attention of those who foot the bills to these proceedings. In justice to the District Attorney, we must say that this prosecution was commenced and the case conducted by the attorneys employed by Greenman, the complaining witness.

THE WATER ELECTION.—The vote on the water question was a very light one, 19 to 17, and water carried the day by two majority. We had a notion to put up our rooster, but didn't know whether to put up the sick bird or the other. The city dads are disgusted, and the water question will probably take a sleep now, until the town burns up, and then the people will wake up to the necessity of getting water. Now the question that bothers us is having decided for water by a thin majority, are we ever going to get it or do our venerable city dads take the light vote as an indication that the "dear peeps" are not much interested in water just now? Seriously we think the light and close vote the result of the ridiculous way in which the question was submitted. If the question had been submitted together with the question on the tax to raise the funds it would have excited general interest and a large vote would have been the result. But to simply submit to a vote the question whether we want water, without saying how much or how it should be procured, without the slightest information on the subject, was rather a ridiculous mode of putting it. We think our venerable Fathers see it now in that light.

THE RACES.—There will be three days' racing next week, at the Bybee race track, commencing Thursday, November 9th, and continuing Friday and Saturday, if the entrances are complete. We learn that the following two-year old colts are now in training and have been entered for the race on the first day: Madame Jeanne Guilloffe names b. f. "Jeanne Glenn," by "Jim Glenn;" Isaac Skeeters names b. f. "Fanny," by "Rifleman;" Haskell Amy names i. g. c. "Jim Barnes," by "Jim Glenn;" James Hamlin names "Arab;" Wm. Matthies names g. f. "Blue Tail Fly."

For the trotting race on the second day, the following entries have been made: Jacob Roundbush names blk. g. "Black Bill," by "Black Satin;" John Miller names b. g. "Dan."

For the last day's race no entries have as yet been made.

TIME and enlightened experience have shown that certain substances formerly used and relied on in medical practice, are unnecessary and dangerous; yet some of these substances have found their way into medical compounds. Dr. Walker's California Vinegar Bitters, however, contain nothing injurious, being composed exclusively of vegetable substances from California. For all disorders of the liver, kidneys, bladder, skin and digestive organs, and for purifying the blood, they are the most wonderful remedy known.

PROCEEDINGS OF THE BOARD OF TRUSTEES.

[Reported for the Times.]

Saturday, Oct. 27th.—An adjourned meeting of the Board of Trustees was held this evening. Present, Mr. Wilson, President, Messrs. Fisher and Bilger; absent, Messrs. Howard and Zigler.

The minutes of the last meeting were read and approved.

The following bills were ordered paid: R. S. Dunlap, \$56; Hoffman & Klippel, \$1.50; John Bilger, \$1.50. Total, \$59.

The Marshal informed the Board that he had collected the claim against Chinamen for damages in burning cemetery fence, amounting to \$56; deducting his fees for collection, he had deposited the remainder, \$50.40, in the Town Treasury.

An appropriation of \$25, quarter salary of Town Attorney, C. W. Kahler, was allowed.

Liquor licenses were granted to Henry Pape, John Wolters and John Nolan.

The Sexton was authorized to put up a new board fence on the north line of the cemetery grounds, with yew posts, and dispose of the old fence rails.

Messrs. Fisher, Bilger and Howard were appointed a committee to look out a new road from Oregon street to cemetery grounds, ascertain probable expense of land for the road, if it can be obtained, and report early on the subject.

The Judges and clerk of water election were appointed, and the board adjourned to Monday evening next, Oct. 30th.

Monday Evening, Oct 30th.—The Board convened pursuant to adjournment. Present, President Wilson, Bilger and Fisher; absent, Howard and Zigler.

The minutes of previous meeting were read and approved.

The returns of election held this day were opened and examined, showing a small vote cast, and but three majority for the proposition submitted.

Messrs. Fisher and Bilger, committee on water, asked to be discharged from said committee, as the small vote cast manifested such indifference on the subject, as equivalent to a defeat of the measure. The committee was discharged, and an order passed to pay the judges and clerk of election.

The Board then adjourned.

JURORS.—The following is a list of jurors for the Circuit Court of Jackson county, at the ensuing November term: William B. Kincaid, Thomas Raimey, James Savage, A. G. Rockfellow, Tobias E. Linkswiler, Jesse Docklaridge, Henry Emery, William Brotherton, Lafayette Allen, J. W. Crutcher, Andrew Cantrell, E. K. Anderson, John Grieves, Reuben B. Perry, Daniel Hopkins, James Kilgore, John Lacy, C. C. Beckman, John B. Wrisley, C. S. Sargeant, Louis Herling, John Coleman, Minas Walker, Wm. Haskins, Ben. Haymond, John Grubb, John C. Cardwell, Kaspar Kubli, Jesse Dodge, Chas. Williams, Wm. Sutherland.

BIG BAR WORKS ABANDONED.—We regret to learn that the mining works on the Big Bar of Rogue River were abandoned this week. The river was turned, but not enough of the sluicing ore was found to pay expenses. This company labored hard all summer, and it is a deep source of regret that they did not succeed, both on their own account, and because of the benefit which a successful working of the bed of Rogue River would have conferred on the county.

LATER.—Since the above was in type we learn that we were misinformed in regard to the total abandonment of the works. The work has only partially ceased.

PERSONAL.—Sheriff Klippel arrived from Portland this week.

Hon. Jesse Applegate passed through town on the northern stage last week.

Deputy Sheriff Foudray returned from interviewing the tax-payers at Goose Lake, and brought as a prisoner Chas. Cogswell, charged with breaking a flume.

Ex-Senator Williams, Mr. W. K. Ish and Sep. Heulst, Esq., passed through town this week.

Father Blanchett, W. H. S. Hyde, Sol. Sachs and J. W. Manning got in from Ft. Klamath this week. Father Blanchett had been making a pastoral visit to some of his flock at the post.

A FIGHTING.—The man McVey, whose inhumanity regarding the burial of Lake we have referred to several times, we understand, insists that he can "catawompously lick, chew up and whip the biggest Oregonian that ever made a mark on Oregon soil." He makes these threats in Crescent City. He was here a short time ago, but did not profess to be a fighter then. It is likely that some of our big teamsters will take the gentleman down "and look at him," if he continues in a belligerent mood until he encounters one of them.

"MUSIC HATH CHARMS."—The other night we heard the strains of music issuing from Williams' saloon, and on stepping in, found the proprietor and another drawing dulcet sounds from a couple of violins. We believe most stage heroes "die to slow music." We wonder if it contributes to the enjoyment of a drink, to take "sugar in yours," to the inspiring strains of "Billy in the Lowlands," or "Leather Breeches," or "The Arkansas Traveler." If it were not for our strict temperance principles, we would be tempted to try it.

ANOTHER PIONEER GONE.

On Friday the 3d inst., at 1 o'clock, P. M., in the fortieth year of his age, James L. Loudon departed this life, at his residence in this city, after a lingering illness, lasting two years. Mr. Loudon, or "Reub Rinus," as he was familiarly called by his associates, was in many respects a remarkable man. Possessed of more than ordinary intelligence, wit and a graphic power of description seldom equaled, he obtained a State reputation. "Reub" was also known as a genial companion and true friend. He was born in Indiana, and was brought to Illinois in his infancy. During the Mexican war he was a member of Col. Hardin's regiment and participated in the battles of Monterey, Buena Vista and the other battles in which Taylor's command participated. In 1850 he emigrated to this coast, and in 1851 came to Jacksonville, and is consequently a pioneer of Jackson county. Was in Col. Ross command, which went to the assistance of the emigrants, who were surrounded at Bloody Point, and assisted in burying fourteen dead bodies. Was quartermaster under Col. Alden in the Indian war of 1853, and was in the service in the Indian wars of 1855-56. In 1858 he was elected a Representative from this county to the Oregon Legislature. Mr. Loudon was a whole-souled, genial man, having hosts of friends and no enemies. His death, although really a release from the disease (consumption) from which he suffered so long, will be regretted by all who knew good-hearted, genial-souled, witty "Reub Rinus." Peace to his ashes!

GAY.—It is rumored that a trotting match, to sulkies, will come off next week between horses owned by two noted turf men of this county. One of the horses will be driven by the owner, and the other by one of the gentler sex, who has exhibited her skill in driving a sulky heretofore. We are bound to see that race run, and furthermore we are going to invest our stamps on the horse driven by the woman.

NOTICE TO TEACHERS.—Persons intending to teach in the public schools of this county, and not holding certificates from me, will please present themselves for examination at office in Jacksonville, at any time during the present month.

W. M. TURNER, School Supt. Jackson County, Jacksonville, Nov. 1st, 1871—tl.

IMPROVEMENTS.—We notice that Mr. John Orth has erected a new and commodious barn on his lot.

Mr. C. W. Savage having filled up one lot with buildings, has got another on Third street, and has gone to work filling that up. He is also making handsome improvements on his saloon.

WHAT?—Referring to the swamp land petition on our first page, we would enquire if Jesse D. Carr is a fair specimen of the "citizens of Jackson county," who signed that petition?

Lease of County Road.

In accordance with an order of the County Court for Jackson County, Oregon, made at the October term, 1871, sealed proposals will be received at the Clerk's Office in said county, until Wednesday at 12 o'clock, M., the 9th day of November, A. D. 1871, for the leasing of so much of the County Road running from the Hill Farm to Lost River, as is embraced between the following points: Commencing at the 4 mile-post about 1/2 mile above M. Caldwell's place, and terminating at the 4 1/2 mile-post—a distance of 4 1/2 miles. To be leased to any person or corporation to open, improve and keep the same in good repair for travel thereon for a period of ten years, with the right, in consideration thereof, to collect tolls at one gate for travel thereon—the road in no place to be less than 12 feet wide, where graded, and the ascent or descent of the road in no place to be greater than 1 foot in 8—to be constructed in a good, substantial manner, with convenient turn-outs for the passage of teams, the turn-outs on the grades to be in sight of each other; the remainder of the road to be not less than 16 feet in width, and other obstructions to be removed, and swamps to be thrown up or bridged, and the road to be kept open and in good condition for travel thereon at all seasons of the year. The bid shall specify the unit or rate of toll up on a sheep or hog which the bidder is willing to accept for keeping the road, and such bid shall be deemed a bid for tolls as to the other items mentioned in Section 64, in proportion to such unit or rate as specified in Section 65, of Chapter 47, Title 3, General Laws of Oregon. No bids will be considered unless accompanied by an undertaking executed by two or more sufficient sureties in the sum of two thousand dollars, to be void upon the condition that the bidder, if the lease is awarded to him, will, within ten days thereafter, or such further time as the Court may allow, enter into a contract for keeping the road, and give the necessary undertaking for the faithful performance of the contract. The sealed bid will be opened on the said 9th day of November, and, if deemed expedient, the lease will be awarded to the lowest bidder, having due reference to the fact which of them is best qualified for the undertaking. The Court reserves the right to reject any and all bids.
