RACE TO-DAY.—At 1 P. M., a race between "Jim Glenn," "Shooting Star" and "Trifle," single dash of a mile, will come off. It promises to be a well-contested race, and good sport is anticipated.

YANOX RESERVATION.—At the Yanox Reservation, which is under the charge of Capt. I. D. Applegate, there are 640 Indians, comprising Modocs, Sprague Rivers, Klamaths, Che-wa-cans and others.

RECOVERING.—Mr. John Orth showed us a letter written by his wife at the Asylum, which, we are glad to say, gives every evidence of her returning reason. We learn that her physicians pronounce that she will soon be in a condition to be discharged.

NEW SADDLERY GOODS.—Mr. Jerry Nunan has just received a fine lot of harness, saddles, trimmings, etc., and is prepared to sell cheaper than the cheapest. He is also prepared to put up jobs of all kinds with the utmost neatness and dispatch. Call and see him.

ACCIDENT.—We deeply regret to learn from Dr. Danforth, that Mr. Thomas Chavner was severely hurt on Sunday last. His horses ran away while on the road from town home, and threw Mr. Chavner out, bruising him badly. He lay on the road until his little son, four or five years old, could get home, some two or three miles, and tell the news. We are glad to learn that Mr. Chavner's injuries are not serious.

PERSONAL.—Joaquin Miller, the Oregon poet, passed through Jacksonville last Sunday night.

Wm. H. Frink, traveling agent of the Pacific Life Insurance Company is in town this week.

Hon. J. N. T. Miller and Geo. Nourse arrived from Link River.

Thomas B. Merry, Esq., is sojourning in town.

Mrs. Henry Judge arrived last night.

IMPROVEMENTS.—Mr. Henry Judge has ornamented his harness and saddle manufactory with a very beautiful sign, the work of Messrs. Peacock & Westrop.

Mr. John Orth has just completed a neat and commodious smoke house, fitted up in an improved style for curing meats.

Mr. David Linn has built a large addition to his machine shop, which serves to make it one of the largest of the kind in Southern Oregon.

NEWSPAPER THIEVES AGAIN.—This class of thieves are getting to be an insufferable nuisance in this community. Charley Blockwell, the barber, complained to us Saturday morning that his paper was not left by the carrier, or was stolen. It was left at the barbershop by the carrier, and it was stolen inside of fifteen minutes. Another paper was given him, and that too disappeared in a short time. Others make the same complaint to us. Who are these despicable thieves? We hope our business men will keep an eye out and drop on these fellows, for we are frantic to give them a benefit that they will remember.

ACCIDENT.—Thursday evening, as Mr. William Chambers was driving home from town in his wagon with William Chambers, Sr., John Chambers, Daniel Murphy, and H. F. Crook, in making the turn around the corner near the Catholic Church the team, being young, became unmanageable, and the wagon was capsize, throwing the whole party violently to the ground. The Messrs. Chambers escaped, receiving but a few slight injuries, but Mr. Crook was badly bruised and lay insensible for some time. The boy, John Chambers, is supposed to be internally injured, but the extent and character is unknown.

EAST OF THE MOUNTAINS.—Hon. J. N. T. Miller made an extended tour of the eastern portion of this county, visiting the Klamath Basin, Link, Lost and Sprague river valleys, and Drews' Valley, Goose Lake, Che-wa-can Marsh and Lake Abert. He describes the country in general as high and the climate dry, but the land as well adapted to stock raising, and the soil in very many of the valleys well adapted to farming. The land on Sprague river is monopolized by the grants to the O. C. M. R. Co. and the Agricultural College, and as there has been no provision made for the sale of the latter by the State, and no person understands how title can be obtained to the same, the settlement of this valley is greatly retarded. Mr. Miller states that he saw numbers of emigrants who would gladly have located in this valley, if the titles could be assured. A constant stream of emigrants was pouring into the eastern portion of the county, and the country is rapidly filling up. Che-wa-can Marsh is a vast stock range, possessing the finest of grasses, and there are already two thousand head of cattle in the marsh. Drews' and Sprague river valleys, as well as those of Goose Lake, Che-wa-can, Lake Abert, Link and Lost rivers, are susceptible of containing a large population. One thing in relation to Lake Abert, Mr. Miller informs us, which we believe is not generally known. It lies west of and parallel to Che-wa-can Marsh, about seven or eight miles, and the Che-wa-can river empties into it, but the water of the lake is salt. We do not remember that the saline quality of this lake was ever known before. At Link River Mr. Miller found a flourishing settlement. Mr. George Nourse has laid out a town called Linkville. He has erected a comfortable hotel, which is under the superintendence of Mr. John Goddard; Mr. Overton presides over the bar, and Mr. James H. Hudson has charge of the stables attached to the establishment. The school at Linkville is prosperous and increasing.

A SUGGESTION.—An amendment to the law governing justices of the peace court in this State is imperatively required, whereby the jurisdiction of a justice shall be strictly confined to the precinct in which he is elected. We have had a recent experience of the evils of the present system in the Cogswell case, where a defendant was dragged two hundred miles for an examination, at an expense to the county, including the cost of the examination, of over \$200. He was bound over; hence the witness' fees before the Grand Jury will about double the above amount, and will make a nice item on the debit side of the county's expenses. Now, if the jurisdiction had been strictly confined to his precinct, this case would not have cost a tenth as much. Again, it is almost impossible to procure a competent man to hold the office of justice of the peace in a country precinct, for the reason that the town justices monopolize the majority of the cases, and, of course, its profits. These are strictly local courts, and were intended to afford the people a cheap and speedy mode of settlement for trifling cases. But under the present system it is almost as expensive for litigants as a trial in the Circuit Court would be to them. We hope to see the evil remedied.

SURGERY.—When the accident to Chambers occurred, Dr. Davis had Crook stretched out comfortably and breathing well, but the man was still insensible, when Surgeon General Ganung came running up, jumped astride the man, and commenced twisting his head about and finally fired a sesquipedalian word off which struck the by-standers aghast with horror, for such a word must certainly mean, thought they, that Crook had been through a threshing machine, and is bound to die. So terrible was the effect of that word upon Crook that, though insensible, he turned over and struggled convulsively and groaned. Fancy the relief of all hands when the Doctor kindly explained that Crook's neck was broken. Everybody felt glad to know that it was no worse. If we need a word of "large length and thundering sound," we will apply to a certain doctor, who wears a No. 3 hat and No. 14 boots. We know we can be accommodated.

P. S. The man with the broken neck is walking around town, all right. He says he does not experience the slightest inconvenience from his broken vertebra.

A "SNOLLIGOSTER."—Mr. George Nourse has presented this office with a turnip, of which we believe, the early Dutch variety, raised at his place on Link river, which we believe to be the champion turnip. It was planted since July last, and weighed ten pounds when taken up, and measures thirty-one inches around its larger circumference, and twenty-five inches around the smaller. The vegetable is fully matured, and is a huge article in the vegetable line certainly. The people on Link river will not starve as long as they can raise turnips like this. Mr. Nourse also sent in an ear of King Phillip corn, plant since July, which is also fully matured, and is also as large and well cared as any corn we ever saw of that variety. An apple was also sent in, which was well ripened, but its dimensions we are unable to give. It proves that fruits as well as vegetables and grain will flourish on Link river.

PACIFIC.—The fall races over the Bybee Course, near this place, commenced on Thursday last, with a sweepstake race of one mile for two-year olds, amounting to \$150. For this event the entries were b. f. "Fanny," entered by Isaac Skeeters; g. f. "Blue Tail Fly," entered by Wm. Mathies; b. g. "Arab," owned by James Hamlin; g. g. "Jim Barnes," owned by Haskal Amy, and b. f. "Jenny Glenn," the property of Madame Gullfoyle. They carried over the regular weight of 70 pounds, and took places on the track in the order above named. The judges were Major Glenn, Stephen Booth and Capt. Tom Merry, of Eugene. At the second attempt, a good start was effected, and away they went, the Madams' filly and "Fanny" being in the lead. Next in order came the "Fly" and "Arab," "Barnes" playing the exclusive and laying in the rear like a dignified person who scorns fast company. Going up the backstretch, the "Fly" moved up and raced to the half-mile pole with "Jenny Glenn," when she fell back and the game little "Arab" came tearing along like a Barbary Coast ranger running away from a policeman. He soon deprived "Fanny" and the "Fly" of their advantage and laid alongside of the leader, while "Barnes" was over two hundred yards behind. On entering the homestretch, the struggle was hot and exciting, both riders whipping freely. At the distance stand the colt seemed to have the best of it, but Ross dropped his reins as he reached the string and won by about a foot. Time, 1:50. We append a recapitulation: Arab.....1 Blue Tail Fly.....2 Fanny.....3 Jim Barnes.....4 Time, 1:50.

The race was very exciting, and everybody seemed delighted. A match of \$80 a side was made up on the ground, between "Jenny Glenn" and "Arab," to be run the next day, at the same weights and distance.

SECOND DAY'S RACING. The match race came of yesterday afternoon, and was well attended. The betting was about even, "Arab" having somewhat the preference. He won the choice of track, and a capital start was effected. The filly was a little sore, hence her backers lacked their usual confidence. She went away from the score at a killing pace, and led all the way under a big pull to the half-mile pole, where the colt closed up on her, and a hot struggle ensued. Down the stretch he ran at her with unflinching gameness, and whipping was the order of the day for both. They both came staggering in like drunk men, and she lost her advantage about forty yards above the stand, "Arab" winning by a neck in 2:00. About \$400 changed hands on the race. Another race of half a mile was run between the McKee pony, "Hiram Richardson" and "Grey Charley," for a purse of \$40, which was easily won by the McKee pony. More money was wagered on this race than on the other, and it was a good day's sport.

WELLINGTONIAN.—The latest and worst bilk in the shape of a show that we have seen, visited this town last Monday, and gave a variety show. Nothing particularly vulgar about it, that we could see, but such singing and acting ought to be scarce. If there is a worse show in America, we don't know it and will never attempt to find it out. The singing was wretched, and their acting entirely devoid of anything like merit. The banjo player, Senate, sings with a nasal emphasis of unparalleled sweetness, and Wellington, the Iron Duke or brazen bilk, whichever you like, has a splendid voice for selling clams out of a New York oyster cart. The female portion of the troupe are good-looking and slightly exuberant of figure, but as for histrionic talent they have none. We regret this show visited us in the winter. If it was summer time, they might draw flies.

THE great rivers of America are wonderful, but they cause bilious, intermittent and remittent fevers, to which people who live near the Mississippi, Missouri, Arkansas, Red, Ohio, James, Tennessee, Roanoke, Mobile, Alabama, Savannah, Cumberland, and many others, during the warm and dry seasons, are particularly subject. Such disorders are largely caused by a torpor of the digestive organs and a clogging up of the liver. To correct those vital organs, restore energy, and prevent these diseases, use Dr. Walker's California Vinegar Bitters, which long trial has shown, and a certain remedy in all cases.

A TOUGH CASE.—The case of Patterson & Bro. vs. A. Davison & Co., Jesse Dollarhide, Conrad Mingus and Jacob Ish, is a rather tough case. It was tried in the County Court at the last term, and the jury disagreed. It was tried again at the present term, and after a long deliberation the jury rendered a verdict in favor of the plaintiffs for \$198, the claim brought being \$256. The defendants now propose to appeal, and let the judge, jury and lawyers in the Circuit Court enjoy the pleasure of trying the case there. It promises to be one of the cause celebres of this county.

THE Circuit Court meets next week.
