

# The Democratic Times.

SATURDAY MORNING, DECEMBER 9, 1871.  
SCISSORINGS.

The Earth is 50 times larger than the moon.  
There will be four eclipses in 1872—two of the sun and two of the moon.

A million and a half of the inhabitants of Germany are able to read English.

The total population of the United States is 38,555,000; so says the census.

The estimated depth of the Atlantic Ocean is 26,000 feet; the Pacific, 29,000 feet.

California boasts the largest orchard in the world. It contains 420 acres, and over 75,000 fruit trees.

France employs \$580,000,000 capital in the liquor traffic and only \$40,000,000 in the cotton industry.

One Ulysses S. Grant and wife have arrived in Washington, to remain during the theatrical season.

A Chicago paper states that a large number of women have been made insane by the great fire.

Fred. Douglass (colored) ran 600 votes behind the other Republican candidates for Assembly, in Rochester, N. Y.

"Pa, isn't that man in what they call the spring-time of life?" "Why, my son?" "Because he looks so very green."

The London Times calculates that in fifty years more every civilized nation will speak the English language. Maybe.

Georgia is to have a special election for Governor in place of the carpet-bag runaway Bullock, on the third Tuesday in December.

At a recent marriage among the nobility of England, two of the five bridesmaids were respectively two and three years of age.

It is said that "Grant was exposed to small-pox at Pittsburg." If he had thought it would be worth \$25 to him, he would have taken it.

The Radicals will have a majority in the Legislature of Mississippi, but the Democrats have made very heavy gains in all parts of the State.

A Western editor informs a correspondent that the words "No cards," accompanying a marriage notice, signify that the wedded pair don't play poker.

Tilton says Victoria C. Woodhull is "a green leaf, and her legion of relations are caterpillars who devour her." A contemporary unfeeling adds: "Let the caterpillars be encouraged."

When a lady fainted at a Wisconsin party, a gentleman thought he could resuscitate her by biting her ear. She recovered promptly. He is going around with a poultice on his eye.

A Vermont girl who sued a false lover for \$40 for breach of promise, gave the Court this rule for reckoning the damages: Nine shillings per week for setting up, plus the value of lights and fuel.

Science now declares that the average tea drinker takes in enough leather in the course of a year to make a stout pair of boots. Tea contains tannic acid, which combined with milk, forms first-rate leather.

A rich bachelor of New Jersey recently died, leaving by will several legacies of from ten to twenty-five thousand dollars each, to ladies who had rejected him. He said that they had afterwards grown to be so ugly that he could not be sufficiently grateful.

"To obtain sweet milk," says the veteran farmer Greaser, "lay down his head, and gaze placidly into the face of his inquirer." "To obtain sweet milk, feed your cows twice a day on sugar cane, and be sure to keep the calf away from the mother while teething."

The first willow tree ever planted in America was set out on the line of the present Third Avenue, New York City, 185 years ago. It was a willow twig which came in a package of figs from Palestine; was stuck in the ground and in a few years became a large tree.

A good instance of sharp practice is that of a man in Ohio, who was acquitted of murder on a plea of insanity. He had secured his lawyers by giving them a mortgage on his farm, but now repudiates the mortgage on the ground that he was insane when he made it, according to these same lawyers.

A Boston lady left her little boy at home to amuse himself with matches, and when she returned met him in the street crying. He said he only made a little fire in the bureau drawer, and lots of red-shirted men with a big tea-kettle, came and squirted water all over the house. They saved the cellar door.

A girl out in Iowa lately broke a young colt, climbed a tree after a hankly hen, and fell down and dislocated her shoulder and chin; got up, harnessed a horse, and started for a doctor; got run away with, and broke her collar-bone, and put her nose out of joint, got fixed up, and was married three days afterward. How's that for grit?

An Irishman in battle was not a little astonished when his comrade on his right lost his head by a ball; soon his comrade on his left received a wound in his hand, and threw down his gun yelling with pain, when the Irishman rushed up to him exclaiming—"Blast your soul, you could woman, stop your crying, for be jabbers, ye make more noise about it than the man who lost his head!"

At Steubenville, Ohio, two little pauper children dug a grave and caught a little helpless cripple and buried him in it alive, holding him down and piling on him dirt and stones until he ceased to struggle and died. These two playful little boys were taken and sent to the Reformatory School, and no doubt will be educated for missionaries to the Southern blacks or as first-class carpet-bag politicians.

Asafetida is a very good preventive for many of the ills that chickens and other species of poultry are heir to. Put a few small crumbs in their water troughs, but so covered with water or otherwise that they cannot eat it. Bulbs of garlic, thoroughly bruised, and kept in their water will serve much the same purpose as asafetida. Pulverized black pepper should also be occasionally given to them mixed with their food.

## WORMS IN HORSES.

Intestinal worms are parasites which develop themselves in all the domestic animals, each, however, possessing its own varieties. The presence of worms in the digestive tube is marked at first by an increasing appetite, but the animal, notwithstanding the quantity of food which he consumes, falls off in condition; his coat is rough, and is not shed at the ordinary time; there is an annoying itching, which causes the horse to rub his upper lip against the manger or on the wall; sometimes there is considerable itching about the rectum, which is indicated by the horse rubbing his tail or rump against anything within reach. The symptoms mentioned are such as would cause one to suspect the existence of worms, but it is only when they appear among the dung voided by the horse that we can speak with certainty on the nature of the disease. At a later period, and especially when the worms have developed in great numbers, the symptoms are very much aggravated, and the horse becomes emaciated and suffers occasionally from colicky pains, the flank is tucked up, the inside of the eyelids are pale, he walks with difficulty, and a fatal termination sometimes ensues. A dose of Aloe (four or six drachms) may be given, which has often the effect of expelling worms without having recourse to further treatment. If this fails, divide six ounces of iron filings among twelve balls, and give one every morning until they are finished, and then give a dose of Aloe, which will cause the expulsion of any worms which remain in the horse's intestines.—*Scottish Farmer.*

A BROTHER AND SISTER UNITED IN MARRIAGE.—Some years ago, at New Albany, Indiana, a married couple died suddenly, leaving two children, a boy and a girl, in destitute circumstances. The orphans were adopted by the neighbors. The boy was shortly afterward taken to the far West, and after the death of his adopted parents, became a rover. At the age of twenty-five, in the course of his travels, he got back to the place of his birth. He met, fell in love with and married a beautiful girl. Three years passed away, bringing them much happiness and two children. About this time an old man, who had been a former resident, came into the neighborhood on a visit, and having known the young man in his childhood and convinced him he had married his sister. Tears and a dissolution of the matrimonial connection took place. They are living yet, the boy, his sister, husband and wife, and their two children, and the brother-in-law provides for his sister-wife and children.

RADICAL GOVERNORS have a way of getting into trouble. Holden, of North Carolina, was impeached and removed. Butler was impeached for fraud and corruption in Nebraska. Davis has been disgraced in Texas. Bullock has stampered from Georgia to avoid impeachment. Gov. Austin, of Minnesota, has been charged with having taken a bribe of \$5,000. And now Gov. Scott, of South Carolina, is charged with fraudulently issuing State bonds to the amount of \$200,000. A precious party they belong to.

EVIL EFFECT FROM HEAVY EARRINGS.—Many ladies have ruined the shape of their ears by wearing heavy, massive ear-rings, which not only spoil the shape of the ear by elongating it, but also produce head-ache and pain in the face.

CURIOUS SENTENCE.—The following sentence, of only forty-eight letters contains every letter of the alphabet: "John P. Brady, give me a black walnut box of quite a small size."

THE national debts of the different countries of the world amount to twenty-two thousand million dollars.

THE NEW FOOD.

For a few cents you can buy of your Grocer or Druggist a package of SEA MOSS FARINE made from pure Irish Moss or Carrageen, which will make sixteen quarts of Blanc Mange, and a like quantity of Puddings, Custards, Creams, Charlotte Russe, &c. It is the cheapest, healthiest and most delicious food in the world. It makes a splendid Dessert, and has no equal as a light and delicate food for Invalids and Children.

A Glorious Change!!

THE GREAT WORLD'S TONIC.

Plantation Bitters.

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid, it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate, or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits. For sale by all druggists.

## THE UNK WEED REMEDY, OREGON RHEUMATIC CURE.

History.

This remedy is composed of the active principle of the Unk Weed, Equisetum arvense, a native plant, indigenous to Oregon. Grows most abundantly and perfectly in Washington Co. Properties, Etc.

It contains an ACTIVE VOLATILE principle, extracted by Ether, and a LITTE TONIC principle, soluble in Alcohol.

It is the most specific cure for Rheumatism, Rheumatic Gout and Rheumatic Pains of all kinds that has ever been introduced in Materia Medica. The Unk Weed Remedy, as prepared by us, in consequence of its existing bitter principle, possesses the necessary virtue of being a POWERFUL TONIC, Promoting the Appetite and Invigorating the whole Digestive Apparatus, thus building up and strengthening the system, while at the same time the volatile principle, being absorbed in the blood, sets specifically on the Rheumatic Poison, removing it from the circulation and system.

There are a few remedies known to the Medical Profession which will remove the RHEUMATIC POISON from the blood, but whose action is so powerful in depressing the system of the already enfeebled Rheumatic patient, that their use has to be abandoned before the desired effects are obtained, hence the want of success in treating this prevalent and in consequence heretofore incurable disease. Unlike these medicines, already known, the UNK WEED REMEDY, though producing a powerful and debilitating effect on the blood and system in removing the Rheumatic Poison, also possesses a strong TONIC and recuperating element which admits of its continued use even by the most debilitated and enfeebled patient. Thus it has the distinction for the first time of these TWO necessary elements in ONE remedy, which accords for its Superior and Never-Failing curative effects in Rheumatism, Rheumatic Gout, and Rheumatic Pains of all kinds.

We are aware of the fact that is generally an easy matter to procure certificates attesting the efficacy of patent medicines from a certain class of those who use them. We have selected the following because the names attached to them are those of men of the most careful and scrupulous character, and because the large class of their acquaintances in Oregon will not, for a moment, accuse or suspect them of any exaggeration in the statements they may make. Remarkable cure of Mrs. Hoover, Wife of Hon. Jacob Hoover, ex-Treasurer of Washington County, Oregon. Tautain Plains, Washington County, Oregon. July 22, 1871.

A. M. LORRY & CO.—I have been troubled with Rheumatism of the hip and leg, and have been especially those of my feet and hands, were badly swollen, so that I could with difficulty go around. My shoulder pained me a great deal and a large blood blister was made on my shoulder, but I could not raise my hand to my head.

Since last Spring I have been taking your "Unk Weed Remedy," and find myself much improved. My shoulder and pain has left my joint, and shoulder, and the blood blister has entirely disappeared and I use my limbs and am far better than I have been for years. A. M. HOOPER.

Certificate from the Deputy Jailor of Multnomah County Jail: City Jail, Portland, Oregon, June 7th, 1871.

A. M. LORRY & CO.—I was attacked with a severe case of Rheumatism. It was in my thigh, hip, fingers, shoulder blade—in fact in all the joints of my body I suffered great pain and anguish. I was attended by a regular physician, but with no effect. I was induced to try your Unk Weed Remedy, and it immediately cured me up. I consider it, from my experience, the best remedy for Rheumatism known.

JOHN P. TURNER, Deputy Jailor.

This is to certify that the above statement is correct to my own knowledge. JOHN P. WARD, Jailor.

Certificate of A. R. Shipley, Esq., special contributor to the Willamette Farmer, and Secretary of the Oregon Horticultural Society: Oswego, Oregon, March 28th, 1871.

A. M. LORRY & CO.—Some four weeks ago I was entirely prostrated with rheumatism; in fact I was almost helpless. I was induced to try your Unk Weed Remedy, and it immediately cured me up. I consider it, from my experience, the best remedy for Rheumatism known.

A. R. SHIPLEY.

Certificate from Hon. A. J. Duffer, ex-President of the Willamette Farmer, and author of "Statistics of Oregon": East Portland, April 1, 1871.

A. M. LORRY & CO.—I was afflicted with a severe attack of chronic rheumatism; was confined to my bed most of the time from January to July, when I used the Unk Weed, and it cured me up.

A. J. DUFFER.

Certificate from Hon. Gideon Tibbitts, a member of the City Council of East Portland: East Portland, April 7, 1871.

A. M. LORRY & CO.—Gents: This is to inform you that I have used your "Unk Weed" Remedy, and can cheerfully recommend it to those in need of such a remedy. Yours, GIDEON TIBBITTS.

Certificate from James Bybee, the celebrated stock-grower, and "King of the Oregon Horse Ranges": Saxe's Island, January 14, 1871.

A. M. LORRY & CO.—This is to acknowledge the efficacy of your "Unk Weed" remedy, or Oregon Rheumatic Cure. I was afflicted for months with a very serious attack of the inflammatory rheumatism, and tried nearly all of the so-called rheumatic remedies without any relief perceivable. I then tried your Remedy, and its use resulted in the most happy effects—a perfect cure. Truly yours, JAMES BYBEE.

Certificate from Hon. E. L. Quimby, ex-County Commissioner of Multnomah County, Oregon: East Portland, April 1, 1871.

A. M. LORRY & CO.—I have used the "Unk Weed Remedy," and am satisfied it is a valuable medicine. It regulates and invigorates the system. Truly yours, E. L. QUIMBY.

Certificate from the well-known merchant, O. W. Weaver, Esq.: The Dalles, May 25, 1871.

A. M. LORRY & CO.—I have used the "Unk Weed Remedy," and can cheerfully recommend it to persons afflicted with inflammatory rheumatism. It cured me of that disease. My hands, wrists, ankles—indeed, all my joints—were swollen and very painful. O. W. WEAVER.

Certificate from Hon. N. H. Lane, Pilot Comptroller of Multnomah County, a member of the City Council of East Portland: East Portland, April 19, 1871.

A. M. LORRY & CO.—I have been afflicted for several years past with "weakness in the back," and wandering rheumatic pains, accompanied by severe constipation. By the use of one bottle of your Unk Weed Remedy, or Oregon Rheumatic Cure, I have been entirely relieved, and I cheerfully recommend it as a most valuable and effective remedy. NAT. H. LANE.

Put up in 10-ounce bottles, at \$1.50 per bottle. Prepared at the Oregon Medical Laboratory, by A. M. LORRY & CO., East Portland, Oregon. For sale by all Druggists.

## HENRY T. HELMBOLD'S COMPOUND FLUID

Extract Catawba GRAPE PILLS.

Component Parts—Fluid Extract Rhubarb and Fluid Extract Catawba Grape Juice.

FOR LIVER COMPLAINTS, JAUNDICE, BILIOUS AFFECTIONS, SICK OR NERVOUS HEADACHE, CONSTIPATION, ETC. PURELY VEGETABLE, CONTAINING NO MERCURY, MINERALS, OR DELETERIOUS DRUGS.

These Pills are the most delightfully pleasant purgative, superceding castor oil, salts, magnesia, etc. There is nothing more acceptable to the stomach. They give tone, and cause neither nausea or griping pains. They are composed of the finest ingredients. After a few days' use of them, such an invigoration of the entire system takes place as to appear miraculous to the weak and enervated, whether arising from impure blood or disease. H. T. Helmbold's Compound Fluid Extract Catawba Grape Pills are not sugar-coated, but pass through the stomach without dissolving, consequently do not produce the desired effect. THE CATAWBA GRAPE PILLS, being pleasant in taste and odor, do not necessitate their being sugar-coated. PRICE FIFTY CENTS PER BOX.

## A GREAT MEDICAL DISCOVERY DR. WALKER'S CALIFORNIA VINEGAR BITTERS

Hundreds of Thousands Bear testimony to their Wonderful Curative Effects. WHAT ARE THEY?

These are Genuine Preparations well known to the people of the United States, and are the best of their kind. They are the result of a long and successful experience in the treatment of all kinds of diseases, and are the best of their kind. They are the result of a long and successful experience in the treatment of all kinds of diseases, and are the best of their kind.

THEY ARE NOT A VILE FANCY DRINK. Made of Pure Rum, Whiskey, Proof Spirits and Refine Liqueurs, spiced and sweetened to please the taste, called "Tonic," "Appetizer," "Restorer," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulents. They are the GREAT BLOOD PURIFIER AND A LIFE GIVING PRINCIPLE, a perfect Restorer and Invigorator of the System, carrying off all poisons matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

\$100 will be given for an incurable case, provided the bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Biliousness, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulder, Congestion of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the Regions of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia.

They invigorate the Stomach and stimulate the liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Itch, Scalds, Spots, Pimples, Freckles, Boils, Carbuncles, Ring Worms, Red-Itch, Sore Eyes, Erysipelas, Itch, Scalds, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried off by the action of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Changes the Vitiated Blood whenever you find its impurities breaking through the skin in Pimples, Eruptions or Sores, cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, your complexion will soon be clear. Keep the blood pure and the health of the system will follow.

FOR PALE AND OTHER WORKS, arising in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the directions around each bottle, printed in four languages—English, German, French and Spanish.
