STATE DEMOCRATIC PLATFORM.

Resolved, 1. That we, the Democratic party of the State of Oregon, are pledged to a strict construction of the Constitution, the restoration and preservation of the rights of the States to regulate their internal affairs, and especially the elective franchise, free from the control or interference of the General Government; the protection of individual rights in accordance with the fundamental laws of the land, including the rights to the writ of habeas corpus, trial by jury and freedom from unreasonable searches and seizures.

2. That we are opposed to every species of corruption in all departments of the Municipal, State and National Governments.

3. That our motto is, no privileged classes and no privileged capital.

4. That we are in favor of a tariff to raise money only for the necessary expenses of the Federal Government, and not for the benefit of monopolists.

5. That we view with alarm theagrant and open violation of the Constitution by the party now controlling the General Government, in the passage and enforcement of the Reconstruction and Klax laws, and the corruption and fraud which characterize their administration of every Department of Government, and we pledge ourselves to use all lawful and peaceable means to secure a speedy correction of these outrages and usurpations.

6. That the freedom, welfare and rights of the people are superior to the interests of incorporations, and should be protected against the exactions of oppressive monopolies.

7. That we favor the appropriation of the fund arising from the sale of swamp lands to purposes of internal improvements and the aid of common schools.

8. That the construction of locks at the Falls of the Willamette is a judicious and effective safeguard of the commerce of the Willamette Valley, and we favor legislation to the end that the commerce of the Columbia river may be in like manner benefited and protected.

9. That the thanks of the people of Oregon are due our present State Administration for its successful efforts in securing to the State the grants of land which otherwise would have fallen into the hands of grasping corporations.

Public Speaking.

GOVERNOR GROVER

Will address the citizens of Jackson county at the following times and places: At Ashland, May 17th; at Jacksonville, May 18th.

HON. GEO. R. HELM

Will speak at Rock Point, May 24th; Ashland, May 27th; Korbville, May 29th; Waldo, May 30th; Jacksonville, June 1st.

REBUKE.—The Democracy of Douglas county did not adopt the eminently modest suggestion which Senator Mosher made in his paper, the Plaindealer, to the effect that by virtue of his admission to the seat of B. Hermann, in 1870, he was entitled to hold a full term. Nor did the aforesaid Democracy pay him the compliment of nominating him as his own successor? "Such conduct as does" does not indicate a very high regard for Senator Mosher's services, or a very tender solicitude for his feelings. This side of the Canyon it looks very much like a rebuke.

DOUGLAS COUNTY TICKET.—The Democracy of Douglas county have made the following nominations: For Joint Senator, Sol. Fitzhugh; Representatives, John C. Drain, Jesse N. Barker, J. N. Hall, Clark, E. Stephens; Sheriff, W. Munds; County Commissioners, J. L. Hanks, G. J. Callahan; Treasurer, Dr. S. Hamilton; Assessor, T. R. Boggs; School Superintendent, J. W. Howard; Coroner, Dr. S. Palmer.

DIDN'T SEE IT.—When Judge Williams told the serenading party that Oregon ought to be grateful to Grant for appointing him Attorney-General—a Cabinet officer and confidential adviser to the National Gift Enterprise Man—there was no enthusiasm visible to the naked eye in that crowd. It is manifest that the people here did not appreciate the honor, as the Judge expected.

THE REPUBLICAN FUNERAL.—The Colored County Convention meets to-day, when the Republican corpse will be duly arrayed for the grave in which it will be decently interred on the 3d of June, by the Democratic undertaker whose name we place at the head of our columns to-day.

THE COUNTY TICKET.

We place to-day at the head of our columns the ticket nominated by the Democratic County Convention, held last Thursday, and it may be regarded now as the list of county officers for Jackson county for the next two years.

Henry Klippel, Eli C. Mason and L. D. Wade are the nominees for Representatives. Of Mr. Klippel, very little need be said here. He is the present Sheriff of this county, is personally acquainted with almost every voter in the county, and we are but reflecting the sentiments of every man of his acquaintance, in asserting that the people have the fullest confidence in his ability and integrity. One of the oldest citizens of Jackson county, he is fully conversant with all of its wants, and has the requisite zeal, public spirit and energy, to accomplish much for the benefit of this county in the Legislature. Mr. L. D. Wade resides at Table Rock; is a man of more than ordinary intelligence and ability. He was the unanimous choice of his delegation, and is certain of polling the entire Democratic strength. Mr. E. C. Mason is a resident of Goose Lake precinct, and although comparatively unknown to the residents of this valley, is the unanimous choice of the people east of the Cascades for the position to which he has been nominated. The acquaintances of Mr. Mason fully endorse him as a man of ability and energy. He has served in the Legislature of Missouri for a number of years, and will ably represent the mining interests of the county.

For County Judge, Mr. John M. Black, of Butte Creek, is the nominee. Mr. Black is a gentleman of sound judgment and discretion, and is otherwise admirably qualified for the position.

Capt. John S. Miller is the nominee for Sheriff. Capt. Miller is one of Jackson county's pioneers. During the numerous Indian wars, of which our county was the theatre, he always bore an honorable and prominent part. He has all the requisite qualifications to make a good Sheriff.

Silas J. Day, of Jacksonville, has been re-nominated for County Clerk. Mr. Day has made an excellent Clerk—the best this county has ever had—and will be Clerk again.

For Treasurer, Kaspar Kubli, of Jacksonville, has been presented. Mr. Kubli has been engaged in the mercantile business on Applegate for a number of years, and possesses all the necessary business qualifications, besides being a man of spotless integrity.

Messrs. John O'Brien, of Applegate, and Thomas Wright, of Willow Springs, were nominated for County Commissioners. The latter is a member of the present Board, and has performed his duties as a Commissioner to the satisfaction of the people. Mr. O'Brien is a pioneer of Jackson county, and is admirably qualified for the office.

For School Superintendent, John B. Farley, of Antelope, is the nominee. Mr. Farley has been a teacher in this county for over ten years, and the eagerness with which his services are sought by the Directors of our different schools, is the best recommendation that could be given him.

Wm. Gregory, of Manzanita, is the nominee for Assessor, and is well qualified for this important office.

Geo. H. Lynch, of Eden, is the nominee for Surveyor. He is well qualified, and will make an excellent officer.

Dr. L. T. Davis, of Jacksonville, has been nominated for Coroner, and will hold an inquest over the defunct body of Radicalism on the 3d of next June. The ticket is a sound one. Every man upon it is a sound, unflinching Democrat, and is qualified for the position for which he has been made a candidate. The test of competency and honesty has been applied to each of them, and the characters of each in this county respond favorably to the test.

The offices have been so distributed throughout the county as to give each division a representative upon the ticket, and thus the false and puerile cry of "town clique" is effectually squelched. The people of the country have received a liberal share in the distribution of the offices, the men selected are honest and competent, their political reputations are unimpeachable and unimpeachable, and their election is a foregone conclusion.

THE CINCINNATI PLATFORM.—The following is the platform adopted by the Cincinnati Convention, as furnished by press dispatches:

Horace White, from the platform, reported the resolutions unanimously adopted by the Committee on Resolutions. They declare the equality of all men before the law; reunion of States and no reopening of questions settled by the Thirteenth, Fourteenth and Fifteenth Amendments; removal of all disabilities incurred by the rebellion; general amnesty and local self-government; supremacy of civil over military authority; respect of habeas corpus; return to methods of peace and the maintenance of constitutional limitation of power; civil service reform; single term for the Presidency; the system of Federal taxation not necessarily to interfere with the industry of the people, and as there are honest and irreconcilable difference of opinion as to the merits respectively of the systems of protection and free trade, the question be submitted to the people in the Congressional Districts [wild cheering], and the decision of Congress thrown wholly free of Executive interference or dictation; maintenance of the public debt against repudiation in every form; speedy return to specie payment; recognition of the services and sacrifices of soldiers and sailors; against further grants of lands to railroads or other corporations; in our foreign relations it is the duty of the Government to cultivate friendship, demanding nothing not right and submitting to nothing wrong.

A voice—"Three cheers for the two Declarations of Independence!" There were cries of "question," overwhelming the few who tried to get the floor to speak.

The Chair put the question and the report was adopted, with loud and continuing cheering. The Chair announced the vote as unanimous.

READER, do you take the TIMES? If you don't, subscribe for it.

RADICAL HONESTY.

During the delivery of Joe. Wilson's harangue on the 29th ult., Psalm Colver, the anti-Swamp Land Apostle, impatiently awaited to hear an onslaught on the Swamp Land Bill, and at length, fearing that the question had inadvertently escaped Wilson's attention, he ventured to jog his memory, by calling out "Swamp land! What about the Swamp Land Bill?" Imagine his disgust! "Phancy his pheelinks!" when Wilson replied, in that flippant way of his, that everybody had heard enough on that question. The gentle Joseph did not want to talk on Swamp Land. That is a question "not for Joseph." Cause why? The Hon. Bernard Goldsmith, one of the leading Radical luminaries in Portland, besides other magnates of the same party in that locality, too numerous to mention, together with Beekman, Langell and other leaders here, who are all Swamp Landers—and heavy ones at that—made the question too delicate a one for Joseph to handle.

The Radicals have made a tremendous howl over this Swamp Land question, but the sincerity of it cannot bear the test applied by Psalm Colver at the discussion. Their orators dare not attack on the stump, because too many of their leading men are Swamp Landers themselves. Think you Joe. Wilson would dare assail a question in which Barney Goldsmith has so deep an interest? It was this influence that knocked Dowell out of time. His blatant and windy articles on swamp land quietly but effectually crucified him. No man, who persistently, honestly and openly opposed the Swamp Land Law, could get the Radical nomination for Congress, and Joe. Wilson knew that if he dared to fight that question here, he might as well haul down his colors, shoulder his scrap-book, tell his last smutty joke and go home. His chances would not be as good as that of the celebrated cat in Hades, which was deprived of claws.

The Radical candidate for Congress showed plainly by his reply to Colver on the 29th ult., that he dared not discuss this question. His disinclination was manifest to every person in the house, and cannot be disputed. Then we ask, if the Radical opposition is sincere, if it is not the merest sophistry, the most transparent humbug, the lowest demagogism, why did not the chosen champion of the Radical party discuss the Swamp Land Bill before an audience composed of the citizens of a county which has a greater area of swamp land in its limits than any other, and who are, of course, more vitally interested than almost any other people in the State in the discussion of the Swamp Land problem? Let our Radical anti-Swamp Land friends ponder. Let them ask themselves if their party leaders are not humbugging them about this Swamp Land question. They will soon see that they are both humbugged and deceived.

The Convention of Liberal Republicans, which met at Cincinnati, May 1st, has completed its labors by nominating Horace Greeley, the philosopher of the Tribune, as a candidate for the Presidency, and B. Gratz Brown, the present Governor of Missouri, as the candidate for Vice-President, and in framing a platform of principles which we publish in another column.

Grantite journals and Grantite orators profess to treat the Cincinnati movement with derision; but the serious uneasiness which Grant's friends really feel at the formidable character of this schism, is easily discernible beneath the transparent varnish of disdain which they profess to entertain.

This revolution in the hosts of Radicalism is a most formidable one, and no man, who closely studies the situation, can for a moment fail to perceive it. Some of the brightest intellects in the Republican party are its leaders, and these men are not confined to one section of the Union, but hail from the East, the Middle States and the young, but powerful, West. They are men like Sumner and Adams, in the New England States; Greeley, Grosvenor and Curtin, in the Middle States; Trumbull, Chase and Brown, in the West; and Carl Schurz, a man whose splendid intellect and spotless integrity of character reflects a lustre upon the Germans, from whom he sprung and whose hosts he leads. These men, comprising some of the founders of the Republican party, show a combination of genius, talent, statesmanship and integrity which the friends of Grant cannot begin to present, and this movement, led by such men, having for its object the purification of the Republican party and the reform of the Government, must wield an influence among the masses of the Republican party which no prodigality, as regards Federal influence or patronage, can counterbalance.

We think the duty of the Democratic party plain under the circumstances. Let it place a ticket, composed of sound Democrats, in the field, and let its platform exhibit a bold and unmistakable enunciation of Democratic doctrines, and a triumphant Democratic victory, over the warring and demoralized hosts of Radicalism, will be the result.

THE BOLT.

Prior to the meeting of the Democratic County Convention last Thursday, a general caucus was held, and the Pinto delegates demanded a compromise upon the officers to be nominated. Now, a compromise, in the general acceptance of the term, means a concession from both the parties to it; but the definition of the term in Pinto minds is altogether different. It means concessions all on one side. They demanded that they be allowed two nominees on the Legislative ticket, if not the whole, and then that the nominations be equally divided throughout. When we remember the conduct of these same men in the last County Convention, when they not only contemptuously refused to divide the delegation to the State Convention, or even gave the Bedrocks a delegate, but even scorned to hold a general caucus, the proposition made is exceedingly cheeky indeed. But when it was coupled and attempted to be enforced by the threat of a bolt, if their preposterous demand was not complied with, it passed the comprehension of any reasonably modest man. Upon the refusal to comply with this extraordinary demand, Pope Barron and Ed. DePeatt, of Ashland, Davis, of Link River, Wm. Parker, of Big Butte, P. D. Hull, of Flourence Rock, and George Ingram, of Rock Point,

"Folded their tents like the Arabs, And silently stole away." Not one of these men possess a particle of political influence, even in his own precincts. Hull and Parker misrepresented the county—Flourence Rock and Big Butte. Davis' colleague refused to bolt with him. Songer and Jacobs, the remaining members of the Ashland delegation, also refused, as did Haymond, who held the majority of the votes from Rock Point. Willow Springs, which sent up a Pinto delegation, refused to follow out the programme of the disorganizers. As it was, this bolt, from which so much was expected, proved a very small and very contemptible fizzle. No doubt, after they had bolted, these gentlemen were astonished to find the sun shining and the world wagging pretty much as it used to do before. They expected things would go to pieces if they withdrew, but they didn't go to pieces worth a cent. This bolt was contemplated long before the Convention, in fact as soon as the primaries decided the question of ascendancy in the county, for we have unquestionable evidence that a paper was in circulation in several precincts, pledging the signers to vote against the regular Democratic ticket. The preposterous demands made by these men only shows the more conclusively that they were seeking a pretext to bolt, and no concessions, short of an entire surrender of the ticket to them, would have satisfied their demand. The Democracy thrashed the instigators of this bolt, Ross, Bill Owen and the rest two years ago, and the same Democracy will do it better this time.
