A Virginia (Nevada) editor recently won a piano by shaking dice, and now all the houses in his immediate neighborhood are for rent, and the leader of the Chinese band has committed suicide.

In a recent breach of promise trial in Idaho, a lady witness defined "courtship" to be "looking at each other, taking hold of each other's hands and all that kind of thing." Our devil says a little hugging is included down this way.

An old farmer said to his sons: "Boys, don't you ever spekerlate or wait for something to turn up. You might just as well go and sit down on a stone in the middle of a medder, with a pail 'twixt your legs, an' wait for a cow to back to you to be milked."

A Portland scoundrel was in the habit of chasing young girls after night. He chased the wrong man's sister the other night, and now the doctor thinks he can save one eye and a piece of his left ear. But his nose will never again be an or-

nament to his physiognomy. At the letting out of the paupers, a few days since at Trenton, Mrs. Lucy Locky, a very respectable white lady, was bid off by a negro. One of the beauties of Abe Lincoln's unconstitutional performances, and the practical working of the "mission" of the Radical

party. One of the boss Mormons cannot be said to be the happiest man in the world, although his cup of joy is not yet emptied. He has lost one wife by elopement every four weeks for the past four months. As may be expected, he is getting sad and lonely, and if this sort Jackson and Josephine Counties of thing continues for 13 or 14 years, he will be a single man again.

A Lewiston gallant concluded he would show his geranium how he could ride on muleback. When he got in front of her house the mule squatted down, then all at once humped up its back, and the gallant rider flew upward into the air about as high as Mt. Hood, and came down astride of a picket fence. The girl says he showed his agility successfully.

A man all broken out with the smallpox walked into a San Francisco hotel and took his seat at the dinner table, just as the boarders had all taken their seats. Those boarders now think it was a mean trick of the stingy landlord to save grub and that he ought not to make them pay for the doors and windows that they busted up in their hasty retreat from that room.

Josh Billings was asked, "How fast does sound travel?" His idea is that it depends a good deal upon the noise you are talking about. The sound of a dinner-horn, for instance, travels half a mile in a second, while an invitashun tew git up in the morning i have known to be three quarters ov an hour goin' 2 pair of stairs, and then not hev strength enuff left to be heard.

This yarn is told of a Topeka lady who wrote to a New York matrimonial agent for a husband. The agent transferred the letter to a crusty old bachelor, who, in replying to it, accidently substituted for his own photograph that of a pet orangoutang. The lady answered: "There is certainly not much personal beauty about you, but as you appear to have an

honest manly face, I accept." There is a Miss Fay, a missionary traveling in the West, who can take care of herself under all circumstances. The other day while passing along a very narrow sidewalk in Chicago, she saw before her a great lout of a fellow who had "made a back for leap frog," and not wishing to step into the muddy street she made a short run and took the leap in regular boy style, landing some distance beyond the human obstruction. This done, she moved gracefully away amid the applause of the spectators.

Vinegar Bitters are not a vile Fancy Drink,

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair. Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. In these complaints it has no equal, and one bottle will prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints, in young cr old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so de-

cided an influence that a marked improvement is For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bil-ious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Cleanse the Vittated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when.
