

NEVER SAY FAIL.  
Keep pushing—'tis wiser  
Than sitting aside,  
And dreaming and sighing  
And waiting the tide;  
In life's earnest battle  
They only prevail  
Who daily march onward  
And never say fail.  
With an eye ever open,  
A tongue that's not dumb,  
And a heart that to sorrow  
Will never succumb,  
You'll battle and conquer,  
Though thousands assail;  
How strong and how mighty  
Who never say fail.  
The spirit of angels  
Is active, I know,  
As high and higher  
In glory they go:  
Methinks on bright pinions  
From heaven they sail,  
To cheer and encourage  
Who never say fail.  
In life's rosy morning,  
In manhood's firm pride,  
Let this be your motto  
Your footsteps to guide;  
In storm and in sunshine,  
Whatever assail,  
We'll onward and conquer  
And never say fail.

Advertising begets wealth.  
When you hear a man say the world  
owes him a living, don't leave any  
ham's laying around loose.

An Irishman being asked in Court  
for his certificate of marriage, showed  
a big scar on his head about the size of  
a small shovel.

The people of Omaha are variously  
and pleasantly alluded to by outsiders  
as "Omahogs," "Omahosses," "Omahorribles," etc.

Western women are grumbling terri-  
bly because the managers of the agri-  
cultural fairs don't give at least a  
year's notice when they offer prizes  
for the finest babies.

A Detroit woman sues for a divorce  
because her husband insists upon sleep-  
ing with his feet upon the pillow so  
that he can tickle her feet when she  
snores.

Implement and machines that will  
not be required until next spring  
should be taken apart, if necessary,  
and stowed away. Be careful to lose  
none of the bolts or nuts.

When some man slaps me on der  
shoulder, und say, "I vas glad to hear  
you vas so well," und den stick behind  
my pack his fingers to his nose, I haf  
my opinion of dot feller.

The rallying cry in Kansas, upon  
which newspapers of divers views are  
unanimous is: "Let no man be elected  
to office who owes over five year's sub-  
scription to a local paper."

Cows should be taken in about sun-  
set, or before they are preparing to  
rest for the night, and on no account  
allow them to be hurried to or from  
the pasturage, especially when full of  
milk.

Fruit jellies may be preserved from  
mouldiness by covering the surface  
one-fourth of an inch deep with finely  
pulverized loaf sugar. Thus protected,  
they will keep in good condition for  
years.

This is from the Augusta, Ga.,  
Chronicle: "Delinquent subscribers  
should not permit their daughters to  
wear this paper for a bustle. There  
being so much due on it, there is dan-  
ger of taking cold."

A man who was discovered asleep  
among a lot of tombstones in a stone-  
cutter's yard said, on being awakened,  
that he had come in to buy a monu-  
ment for himself, and having picked  
out one, made up his mind he would  
try it one night before purchasing.

A deacon called on a brother deacon,  
and in the brother's absence, kissed  
the brother's wife. Called on for an  
explanation, he said it was done in  
play merely, as he was full of pranks  
from boyhood; whereupon the offend-  
ed brother thrashed him and threw  
him down stairs, with the remark that  
he had been full of such pranks from  
boyhood!

A Colorado sheep fence is canvas,  
fastened between two stakes, the posts  
being ten feet apart. It is about two  
feet wide, is set eight or ten inches  
from the ground, can be rolled up  
every morning, placed in the herder's  
wagon, and put down at night again  
wherever the sheep may be. It is the  
invention of A. M. McWilliams, of Col-  
orado county, California.

A new use for patent pills has been  
discovered: A farmer living in a Kan-  
sas village was abruptly visited by rob-  
bers one night not long ago, and hav-  
ing a gun and powder, but no shot,  
loaded with a box of fever pills and  
blazed away. The result was as satis-  
factory as though the rascals had swal-  
lowed the pills. One of them was  
killed outright, and another danger-  
ously wounded.

A crowd of quarrelsome people were  
dispersed from the front of a residence  
in a very singular and sudden manner  
one night. A stranger visiting the  
family slipped into the crowd unper-  
ceived, and extending an inverted hat,  
announced that he was making a mis-  
sionary collection. Two minutes later  
he stood there alone, with not a single  
member of the turbulent mass to be  
seen in any direction.

THE SUN.

DAILY, SEMI-WEEKLY & WEEKLY.

THE WEEKLY SUN is too widely known to  
require any extended recommendation;  
but the reasons which have already given it  
fifty thousand subscribers, and which will,  
we hope, give it many thousands more, are  
briefly as follows:

It is a first-rate newspaper. All the news  
of the day will be found in it, condensed  
when unimportant, at full length when of  
moment, and always presented in a clear,  
intelligible, and interesting manner.

It is a first-rate family paper, full of enter-  
taining and instructive reading of every  
kind, but containing nothing that can offend  
the most delicate and scrupulous taste.

It is a first-rate agricultural paper. The  
most fresh and instructive articles on agri-  
cultural topics regularly appear in this de-  
partment.

It is an independent political paper, be-  
longing to no party and wearing no collar.  
It fights for principle, and for the election of  
the best men to office. It especially devotes  
its energies to the exposure of the great cor-  
ruptions that now weaken and disgrace our  
country, and threaten to undermine republi-  
can institutions altogether. It has no fear  
of knaves, and asks no favors from their  
supporters.

It reports the fashions for the ladies and  
the markets for the men, especially the cat-  
tle-markets, to which it pays particular at-  
tention.

Finally, it is the cheapest paper published.  
One dollar a year will secure it for any sub-  
scriber. It is not necessary to get up a club  
in order to have THE WEEKLY SUN at this  
rate. Any one who sends a single dollar  
will get the paper for a year.

We have no traveling agents.

THE WEEKLY SUN—Eight pages, fifty-  
six columns. Only \$1.00 a year. No dis-  
counts from this rate.  
THE SEMI-WEEKLY SUN—Same size  
as the Daily Sun. \$2.00 a year. A discount  
of 20 per cent. to clubs of 10 or over.

THE DAILY SUN—A large four-page  
newspaper of twenty-eight columns. Daily  
circulation over 130,000. All the news for 2  
cents. Subscription price 50 cents per month,  
or \$6.00 a year. To clubs of 10 or over, a  
discount of 20 per cent.

PIPIFAX.

The Rosicrucians were a sect of philoso-  
phers who flourished in Germany during  
the seventeenth century, and presented  
profound researches into Natural Science  
and Occult Philosophy; and sought to dis-  
cover the Elixir of Life. Although some su-  
perstition may have been developed among  
them and other alchemists in search for the  
elixir vitae, yet there is Scientific Truth at  
the bottom of Alchemy and Astrology. They  
were impressed with the properties of her-  
bal preparations, and found dynamic and  
psychic force in the extract of certain  
plants.

PIPIFAX

Is due to the researches of a learned scholar  
of Europe, among the archives of the Rosi-  
cruces. It is made from twenty different  
herbs, gathered at such seasons of the year  
when their juices are strongest and virtues  
are unimpaired, forming a combination un-  
rivaled in the materia medica.

PIPIFAX

Is an enemy to all corruption—it assists and  
fortifies nature. Its manner of operation is  
to drive to the extreme parts and through  
the pores of the skin and all emanations of  
the body, the bad humors which molest it,  
giving ready relief even in diseases the most  
refractory and difficult to cure, such as Neu-  
ralgia, Dyspepsia, Constipation, Sick Head-  
ache, Nervous Weakness and Biliousness.

It is pleasant to the taste, mild in its ac-  
tion, Marvelous in its effects, unsurpassed  
as a tonic.  
Used as a beverage in malarious districts,  
it neutralizes miasma and prevents Fever  
and Ague.  
Sold by Druggists, Grocers and Liquor  
Dealers.  
Depot 409 Front street, San Francisco. 36

ing of the lungs, and every affection of the  
throat, lungs and chest, are speedily and  
permanently cured by the use of  
Dr. Wistar's Balsam of Wild Cherry.

This well-known preparation does not dry  
up a cough and leave the cause behind, as is  
the case with most medicines, but it loosens  
and cleanses the lungs and allays irritation,  
thus removing the cause of the complaint.

CONSUMPTION CAN BE CURED

ceived by the proprietors. None genuine,
