

THE CANBY.

It is not perhaps very generally known that General Canby, recently killed by the Modoc Indians, owned a farm within a few miles of this city, that he was preparing for the future residence of himself and family after the war were over.

Charles Canby and his sister, a lady of fine intelligence, went to Indiana to attend the funeral of the General, their deceased brother.

SAVE THE SLOPS—At nearly every farmer's back door, and sometimes the front one, we see several square yards bare and muddy from slops being thrown there.

COMMUNICATION FROM CAPT JACK.—As a good many of readers would like to hear from Capt. Jack, since he has been made a "good Injun," we take the following from the Banner of Light.

TALLOW AS A CURE FOR GAPES.—A correspondent of the London Field writes to that journal as follows: One day I noticed a flock of eleven pure bred Crevecoeur chickens very bad with what is generally called "gapes."

NUTRITIVE PROPERTIES OF APPLES.—It is stated that by a careful analysis it has been found that apples contain a larger amount of phosphorus, or brain food, than any other fruit or vegetable.

BEAUTY.—After all the truest beauty is not that which suddenly dazzles and fascinates, but that which steals upon us insensibly.

THE SUN. DAILY, SEMI-WEEKLY & WEEKLY.

THE WEEKLY SUN is too widely known to require any extended recommendation; but the reasons which have already given it fifty thousand subscribers, and which will, we hope, give it many thousands more, are briefly as follows:

It is a first-rate newspaper. All the news of the day will be found in it, condensed when unimportant, at full length when of moment, and always presented in a clear, intelligible, and interesting manner.

It is a first-rate family paper, full of entertaining and instructive reading of every kind, but containing nothing that can offend the most delicate and scrupulous taste.

It is a first-rate story paper. The best tales and romances of our literature are carefully selected and legibly printed in its pages.

It is a first-rate agricultural paper. The most fresh and instructive articles on agricultural topics regularly appear in this department.

It is an independent political paper, belonging to no party and wearing no collar. It fights for principle, and for the election of the best men to office.

It reports the fashions for the ladies and the markets for the men, especially the cattle-markets, to which it pays particular attention.

Finally, it is the cheapest paper published. One dollar a year will secure it for any subscriber. It is not necessary to get up a club in order to have THE WEEKLY SUN at this rate.
