Official Paper for Jackson & Josephine Counties.

CHARLES NICKELL, EDITOR.
SATURDAY, MARCH 28, 1874.

DEMOCRATIC STATE TICKET.

For Congress, GEO. A. LA DOW, of Umatilla
For Governor, L. F. GROVER, of Marion
For Secretary of State, S. F. CHADWICK, of Douglas
For State Treasurer, A. H. BROWN, of Baker
For State Printer, MART. V. BROWN, of Linn
For Superintendent of Public Instruction, E. J. DAWNE, of Marion

First Judicial District.
For Prosecuting Attorney, H. K. HANNA, of Jackson

OUR PLATFORM AND TICKET.

The Albany Convention did its work nobly and well. The platform enunciated for true merit and point is unexcelled. It is not alone a Democratic platform because it is labeled Democratic and was adopted by a Democratic Convention, but the principles embodied therein are of the true Democratic type. We publish it entire on our first page, and invite everybody to peruse it carefully. No wonder the candidates endorsed it with such alacrity. And well they might.

The candidates nominated are of sterling worth, integrity and ability, and which every Democrat can, and should, and will support.

Geo. A. LaDow, the candidate for Congress, is a leading lawyer of Umatilla, whose integrity and ability cannot be disputed. He represented his county in the last Legislature and has held other positions of profit and trust, to the eminent satisfaction of his constituents. He will poll a heavy vote in Eastern Oregon, as well as everywhere else.

The Convention showed its good sense and hearkened well to the public voice when they nominated Governor Grover by acclamation, without one dissenting voice. The result was received with deafening cheers and other evidences of approval. Governor Grover has proven himself a friend of the people, and their reward for his devotion will be unmistakably shown by an overwhelming majority at the polls. For his manly and timely action in the Modoc campaign, whereby the blood of our settlers was saved from being further spilled, and the many other valuable services rendered us, he should be particularly acceptable to the people of this section. We predict his triumphant election by an unprecedented majority.

The efficient and popular Secretary of State, Chadwick, has been renominated for the position which for the past four years he has filled with honor and credit to himself. By the accommodating and impartial manner in which he has administered the affairs of his office, he has gained hosts of friends in both parties, and we candidly say no better man for the position could be found.

For State Treasurer, another man of ability and integrity, in the person of Senator A. H. Brown, of Baker, is presented. He represented his county well in the two last sessions of the Legislature, is an old resident of this coast, and is popular.

Our jovial friend Mart. Brown will be the next State Printer. Mart. is a good printer; consequently has the necessary qualifications for the office, and everybody should vote for him.

Dr. E. J. Dawne, the candidate for Superintendent of Public Instruction, is well qualified for the place, and school matters will not languish under his control.

For Prosecuting Attorney, H. K. Hanna, Esq., is the nominee. He is a young lawyer of fine abilities, and well calculated for the duties of the office. He has served us in this capacity before, and with such force and ability did he prosecute his cases that he won the highest encomiums from older lawyers, such as 'Squire Steele, of Yreka, and others.

B. R. Curtis, once of U. S. Supreme Court, is the caucus nominee of the Democrats of the Massachusetts Legislature. As the Democrats have quite a power, it is expected enough Republicans will vote in conjunction with them for Curtis to secure his election.

THE CAMPAIGN OPENED.

When we read the *Bulletin* of the 23d inst., we averred that the campaign of Radical lying, slander, calumny, etc., had opened with a vengeance, and what would not be said was beyond all mortal imagination. For in that issue there appeared a most enormous and ridiculous perversion of the truth that we have yet had opportunity to brand. It evinced how exceedingly hard up the Radical press is for arguments in this political campaign and to what straits it had been driven to.

The article referred to, after a lengthy and false allusion to the harmony existing in Democratic ranks, goes on and attempts to make its assertions good by saying the Salem *Mercury*, Eugene *Guard*, Benton *Democrat*, Roseburg *Plaindealer* and *DEMOCRATIC TIMES* would repudiate the ticket, and hinted strongly that they would advocate the cause of the "Dolly Vardens."

Its assertions were proven ridiculously false by the appearance of the papers, who not only flew the ticket at the mast-head, but spoke in the highest terms of the ticket.

In regard to ourselves, we would say that we are not in the habit of bolting Democratic nominations, and especially ones of such merit and integrity as the ticket, which will be found at the head of our columns, is composed of. We never for a moment dreamed of such a thing as repudiating them, and where the *Bulletin* derived its information, if it had any, is difficult to perceive.

We shall, as ever, work for and advocate the election of our ticket, and nothing shall remain undone in our power to secure a triumphant victory for it.

The Opening of the Campaign.

A large crowd of people gathered at the wharf on the afternoon of the 19th in Salem, to greet the members and candidates of the Albany Convention upon the arrival of the Willamette Steamboat Company's steamer *Governor Grover*. As the boat, with banners flying, approached the city, in the distance, says the *News*, she was greeted with the firing of cannon from the shore, and as she neared the wharf, the candidates were welcomed with deafening cheers by the crowd. The crowd formed in procession and, headed by the Salem brass band, marched to Reed's Opera House, where a meeting was organized by the election of J. S. M. Van Cleave, as Chairman, and an adjournment had to 7 p. m. of the same day. Promptly at 7 o'clock, the crowd began pouring in at Reed's Opera House, and in a half hour afterwards every seat was filled. It was noticeable that an unusually large number of ladies were present. In response to loud calls from the audience, Gov. Grover came forward and spoke with great effect. He was followed by Hon. J. H. Slater in a most telling speech. Hon. S. F. Chadwick, M. V. Brown, Esq., and Mr. J. L. Story, of Umatilla County, followed in brief and telling speeches, after which the meeting adjourned. Every one of the speakers was applauded to the echo, and the greatest good feeling and enthusiasm was manifested throughout the meeting. The most enthusiastic friend of the cause could not have wished for a more auspicious opening of the campaign.

The Difference.

The New York *World* thus shows the different manner in which Democrats treat thieves and ringleaders that adopted by the Radical party. The Ring plundered New York of \$20,000,000. Democrats have expelled them from power and brought them to justice. Tweed is in jail, Connolly is an exile and Genet a convicted fugitive felon. North Carolina has been plundered of \$20,000,000, but no one has been punished. The Southern States have been plundered of \$200,000,000, but no one is punished. The District of Columbia has been plundered of many millions, but no one has been punished. The Freedmen's Bureau thieves plundered the United States Treasury out of ten or twenty millions, but no one has been punished.

Case Decided.

The case of Crandall vs. Clarke, for the possession of the Salem *Statesman*, has been decided in favor of Crandall, and against Clarke, who attempted to ouster the former out of the office. Crandall finds it impossible to run a daily, owing to the style in which Sam has mixed up the material with that of the *Farmer*; consequently Clarke runs it as yet.

GENERAL NOTES AND NEWS.

The woman's temperance crusade is on the decline everywhere.

Report says the Bank of Cuba is bankrupt, and has out \$50,000,000 more notes than it has coin to redeem.

Summer's autopsy showed considerable ossification of the principle artery, but nothing at all abnormal in the condition of the brain.

Latest advices from Washington announces the death of Lewis Dent, brother of Mrs. President Grant, of tumor in the stomach.

A Washington special says Mrs. Attorney-General Williams is lying dangerously ill at her residence in that city, of nervous disease.

Meacham is writing a history of the Modoc War. He ought to be able to give a graphic account of the *modus operandi* of "chair lifting."

Emperor William reached his seventy-seventh birthday on the 22d instant, and was congratulated by the Generals of the army present at Berlin.

Bald Mountain, in Western North Carolina, has suddenly become a volcano, so fearful as to drive away the inhabitants near it. The eruption is accompanied by earth motions violent enough to shake down houses.

The army reform bill cuts down the number of enlisted men to 25,000, and takes care to rid the army of a number of officers corresponding with the reduction of 5,000 enlisted men. The reform is to be completed gradually by January 1st, 1875.

A dispatch dated at Washington says a movement is being organized there and elsewhere in favor of Newton Booth for the next President. Prominent men in the labor organizations say there can be massed 3,000 societies throughout the country in his support.

Thos. B. Van Buren, who gained unenviable notoriety by his participation in the Vienna Exposition scandal, whereby he, as Commissioner, speculated in selling stalls, etc., and thus brought shame and disgrace on this country, has been confirmed as Consul to Nagasaki, Japan. This is the kind of stock Grant persistently puts into the offices.

And now the President may be presumed to be happy. He has signed the new salary-law which repeats all increase of salaries but his own. He does not seem to appreciate the fact that the infamy of the old measure, which was spread out over a great many persons, is now, without being diminished in quantity, all concentrated on himself.

London dispatches report that a large republican army has just been utterly defeated by Carlists commanded by General Palaocis, forty miles southwest of Cuenca; and that Palaocis at the head of his victorious army is marching on to Madrid. This news receives some confirmation in a report from Madrid that the publication of unofficial war news is prohibited.

"Was Ever Thus."

Jacksonville was thrown in *furor* last Saturday evening by the reception of a telegram here, which announced in the more forcible than elegant language that "the *Mercury* was against Grover—independent as he—!" Our Republican friends were delighted at the news; they congregated on the street corners and at their headquarters, chuckling over it and congratulating themselves; they even went so far (God save their economy) and invested in sundry extra drinks. But alas! their joy was of but short duration. For on the appearance of that sheet, which was awaited with intense anxiety, the dreaded ticket was found flying in bold relief at the mast-head, and its encomiums thereof were far from being against it. These economical Rads now swear they will have confirmation first, before they proceed to jubilate hereafter.

Its Disguise thrown Aside.

Many have been the tilts indulged in by the *Bulletin* and *Oregonian* over the assertion of the former that the latter had abandoned the Radical party, which was strenuously denied. Their readers will now be pleased to learn that all difference of opinion on that score is virtually ended. The *Oregonian* no longer has any good words for the Republican party, but unequivocally pronounces the salvation of the State dependent upon the success of the Dolly Vardens. Ah! But the *Oregonian* is a very fit companion of the *Statesman*, run by that superannuated jackal, Sam Clarke.

PACIFIC COAST NEWS.

Salem is to have a new steam ferry. Oregon has twenty-two money-order offices.

San Francisco is to be supplied with one hundred fountains, attached to lamp-posts.

It is estimated that 10 per cent. of the cattle in Umatilla county have died during the winter.

Northern Idaho wants to be annexed to Washington Territory, and has so petitioned Congress.

A case of small-pox is reported in Salem. It is a young girl who arrived recently from California.

Mrs. Daniway has gone on a lecturing tour through California, under the auspices of the State Woman Suffrage Association.

Last Sunday E. Holgate, Justice of the Peace at Corvallis, married a Chinaman to a squaw. Query—which race is improved?

A Salem lumber company have secured the contract of furnishing 215,000 feet of lumber, to be used in the construction of the Palace Hotel in San Francisco.

The *Enterprise* confirms the report that a case of small-pox exists in Oregon City, but says: "Every precaution has been taken to prevent its spread, and hope soon to chronicle its disappearance."

The McKay Bros. gave their first exhibition in Walla Walla, last week, to large audiences. They had ten Warm Spring Indian scouts along with them, who danced scalp, religious and war dances.

An artesian well has been sunk to the depth of 400 feet at Shasta river, near Yreka, Cal., which ejects 144,000 gallons of water daily. The well was sunk for the purpose of obtaining water for the manufacture of salt.

Captain Coffin, of the Dalles, is the man who introduced the famous Chinese knife-throwers and magicians in the United States in 1872, and it was his uncle, an old sea Captain, who brought the Siamese Twins from Siam to the United States.

A Good Nomination.

The delegates from the counties of Polk and Benton to the Democratic State Convention nominated Hon. B. F. Burch, of Polk, as the Democratic candidate for Senator. This is an eminently proper nomination, and one calculated to add much strength to both the county and State tickets. Mr. Burch has already long served as Senator from Polk with ability and honor, and we predict his election by an overwhelming majority.

KIND WORDS.

The Associated Reformed Presbyterian says:—For years Perry Davis' Pain-Killer has been known as a most useful family medicine. For pains and aches we know nothing so good as the Pain-Killer. We speak from experience, and testify to what we know. No family ought to be without a bottle of Davis' Pain-Killer.

MESSRS. PERRY DAVIS & SON, PROP. R. I.—GENTS.—Although a stranger to you I am not to your valuable medicine, Pain-Killer. I formed its acquaintance in 1847 and I am most intimate terms with it still; my experience in its use confirms my belief that there is no medicine equal to Pain-Killer for the quick and sure cure of Summer Complaints, Sore Throat, Croup, Bruises and Cuts. I have used it in all and found a speedy cure in every case.

Yours Truly, T. J. GARDNER, M. D.
Judging by our own experience, whoever one makes a trial of Perry Davis' Pain-Killer, will not fail to recommend it widely as an unequalled liniment, and valuable internal remedy for colds and various other complaints.—Every Month.

The efficacy of Perry Davis' world-renowned Pain-Killer in all diseases of the bowels, even in that terrible scourge, the Asiatic cholera, has been amply attested by the most convincing authority. Missionaries in China and India have written home in commendation of this remedy in terms that should carry conviction to the most skeptical, while its popularity in communities nearer home is ample proof that the virtues claimed for it are real and tangible. Among family medicines it stands unrivaled.—Boston Courier.

The *Saturday Evening Gazette* of Boston, says: It is impossible to find a place on this broad land where Perry Davis' Pain-Killer is not known as a most valuable remedy for physical pain. In the country, miles from physician or apothecary, the Pain-Killer is cherished as the exclusive panacea, and it never deceives.

Perry Davis' Pain-Killer is really a valuable medicine, and, unlike most of the articles of the day, is used by many physicians. It is particularly desirable in locations where physicians are not near; and, by keeping it at hand, families will often save the necessity of sending out at midnight for a doctor. A bottle should be kept in every house.—Boston Traveller.

We have tested the Pain-Killer, and assure our readers that it not only possesses all the virtues claimed for it, but in many instances surpasses any other remedy we have ever known.—Herald of Gospel Liberty.
