

# The Democratic Times.

Official Paper for Jackson & Josephine Counties.

CHARLES NICKELL, EDITOR.

SATURDAY, APRIL 18, 1874.

## DEMOCRATIC STATE TICKET.

For Congress, GEO. A. LA DOW, of Umatilla.

For Governor, L. F. GROVER, of Marion.

For Secretary of State, S. F. CHADWICK, of Douglas.

For State Treasurer, A. H. BROWN, of Baker.

For State Printer, MART. V. BROWN, of Linn.

For Superintendent of Public Instruction, E. J. DAWNE, of Marion.

First Judicial District, H. K. HANNA, of Jackson.

For Prosecuting Attorney, H. K. HANNA, of Jackson.

## PUBLIC SPEAKING.

HON. L. F. GROVER,

Democratic candidate for Governor, will address the citizens of Jackson county at the following times and places:

Ashland, Friday, April 24th, at 1 p. m.

Jacksonville, Saturday, April 25th, at 1 p. m.

Opposing candidates invited to participate.

## Ticket Nominated.

The People's Nominating Convention for the Portland Judicial District has nominated Hon. E. D. Shattuck of Portland, for Circuit Judge and H. Y. Thompson, Esq., of Portland, for Prosecuting Attorney. This ticket will undoubtedly be endorsed by the Democratic District Convention. The Custom House or Radical nominations are W. C. Johnson, of Oregon City, for Judge, and J. C. Moreland, of Portland, for Prosecuting Attorney. The People's ticket, besides receiving the united vote of the Democracy, will receive a good Republican support, which makes its success certain. It is a good ticket, and deserves the support of all honest men and good citizens.

## A Cut and Dried Affair.

It took the Republicans less than a day to perform all their business of nominating, making platform, etc. Nor should it take any longer, when it was a notorious fact that the whole affair was already cut and dried by the Custom House Ring, and only lacked ratification by the convention. A vast army of Government leeches, such as Harvey W. Scott, Custom House Collector and editor of the *Bulletin*, Surveyor-Generals Simpson and Odell, and a host of smaller fry were present and participated. It was a truly model office-holders' convention, and the work it performed does not belie its parentage.

## A Power for the Radicals.

The news from Connecticut and other Eastern elections must have been a wet blanket on the Radical State Convention, judging from the material it put up for sacrifice. Does anybody for a moment doubt that were prospects good for the election of their ticket, the claims of such men as T. R. Cornelius, J. N. Dolph, T. McF. Patton and other prominent members of the Custom House Ring, would have been put aside for such noodles as the present ticket is composed of? These chaps are too cute to be sacrificed in such style.

## Mistaken.

It now appears that we were mistaken in our article of last week, in which we stated that the bid of J. P. Goddard was a "straw" one, and that Dave Thompson, of Oregon City, was awarded the contract at a much higher figure. The Postmaster-General says such a report is not substantiated. It is not probable, however, that Goddard will take the contract at the price he offers to perform it for, (\$24,000), and come out anywhere like even on it. He is a resident of Vermont, but claims that it is his intention of making Yreka his post-office address.

## Who He Is.

From our Radical exchanges we learn that L. L. Rowland, Republican candidate for Superintendent of Public Instruction, sports the title of "Rev.," and is employed at one of the Indian Agencies in Wasco county. No qualifications for this important office does anybody assert as belonging to him, but being an office-holder was enough reason for his nomination by his party. He is comparatively unknown, and affords no ground for hope of no more.

## The "Oregonian's" Views.

We opine that the editor of the *Oregonian* (an anti-Holladay Republican paper) must be intimately acquainted with Mr. Tolman, or somebody who is has given him a correct description, as the following from that paper just describes the "Judge" to a dot:

The Holladay ring convention has been held, and the Holladay ring candidates are in the field. In the main, the convention seems to have acted upon the presumption that the better a ring man is known the less likely he is to receive the support of the people. We cannot but commend their judgment on that point. In pursuance of this policy, the first place on the State ticket, and that which is most important to the people at large, is filled by an obscure old gentleman of Jackson county, by name J. C. Tolman—sometimes called "Judge" Tolman, a title accorded to him for some reason which it is difficult to divine, unless it is intended as a delicate piece of irony. As few persons outside of Jackson county have ever heard of J. C. Tolman, or ever will hear of him again after the election, we take this occasion to say that he has been an active politician, in a small way, for a long time, and would make a reasonable good County Commissioner, so far as education and intelligence are concerned, but is no more fit for Governor than Joe Meek is fit for Minister to the Court of St. James. Grover's twenty-three years' "struggle" against the litigant law is a mere bagatelle compared to the struggle Tolman would have, if elected, to write an intelligible message to the Legislature. Exit Grover, enter Tolman! No, thank you; excuse us.

## Much Exercised.

The Portland *Bulletin* of the 20th ult. is very much exercised over the nominations of the Democratic State Convention. It says that there are "effrightful maledictions heard in Democratic circles, and nobody satisfied." Now, says the *Baker Herald*, did it ever occur to the *Bulletin* editor that he is not posted and that he ought to always look before he jumps. The Democratic Convention nominated men of their choice, and all dissatisfaction emanates from a few discarded office-seekers. No true man in the party is heard to censure or protest against the proceedings of the Convention. We do not attach any blame to the *Bulletin* for unmasking its fears—it is disappointed in these nominations—and we feel sorry when we think of the still greater disappointment which it will realize after the first Monday in June.

## The Old Story.

The *Bulletin* propounds the question: "Who is there that believes he (La Dow), could have the least particle of influence as the Representative of an enlightened people?" This, says the *News*, is precisely the question asked by the same paper in the last canvass concerning Col. Nesmith. It even devoted whole columns of editorial space to the attempt to show that Col. Nesmith would be worse than powerless at Washington; that Congress would take special delight in killing every measure introduced by him, and that officers of the different Departments would shrink from business contact with him. The public have had ample opportunity to see how wide of the mark these speculations were. They will have an opportunity of seeing how wide of it they are when applied to Mr. La Dow.

## Tolman's Speech.

We are pained to learn that Governor Grover has announced his intention of canvassing this county this early. Although Tolman and a host of co-workers have been hard at work on a harangue ever since the "Judge" was nominated, it is supposed from present appearances that it will not be completed for some weeks to come yet, of such force and eloquence will it be. It has been suggested that Surveyor General Odell, with his ever-ready scrap-book, be sent for, to facilitate matters, so as to get it ready for one delivery before Tolman takes his passage for Salt river.

## Why He was Nominated.

The general understanding prevails that Waite, Radical nominee for State Printer, owes his nomination to a bargain made by himself and prominent Republicans to raise a note held by parties against Randall on account of the *Statesman* office. The Custom House Ring desires an organ at the Capital, and this is the arrangement to get it. The *Statesman*, however, still continues to be published by Sam Clarke, and the Radicals are naturally becoming uneasy about Waite fulfilling his contract. Give us light, say they.

## PACIFIC COAST NEWS.

The Roseburg *Valleydealer* is running again, after a collapse of a few weeks. Geo. Rogers is the publisher.

Rich mines of gold, silver and antimony are reported as just discovered in the Wetaw country west of Arkansas.

An Albany boy induced his father to sit down in a pan of hot grease on the first of April. He now mourns because he did not get half-soled with sheet iron on the 31st of March.

The notorious Miss Edith O'Gorman, who perambulated this State some time since in the role of "The Escaped Nun," is a bright and shining light among the Chicago crusaders against liquor.

Mrs. Ah. Dick, a lovely and accomplished daughter of the "Flowery Kingdom," is soon to be joined in the holy bonds of wedlock to a Lothario of Melian extraction, in Sparta, Baker county.

R. H. Magill, the San Francisco agent of the Phoenix and other insurance companies, has been removed for peculations, which has made him a defaulter to a large sum. He is succeeded by his brother, Arthur E. Magill, as agent. R. H. Magill has given up all his property towards liquidating in part his defalcations.

A dispatch dated Victoria, April 3d, says the steamer *Californian* arrived at Esquimaux at 12:30 o'clock last night from the north. She reports things very lively at Cassiar, (Stickeen), and the miners making from \$12 to \$30 per day to the land. There are between seven and eight hundred men at the mines. The weather was very mild. The river is expected to open about the first of May. Sylvester, of Barnard's Express, arrived in three days and a half from Bucks bar, on the ice, with about \$7,000 in dust.

A prayer platoon of sixteen women visited the Webfoot Saloon at Portland on the 7th, to engage in exercises on the sidewalk. The proprietor, Walter Moffet, sounded a whistle for the police. The Chief of Police ordered the women from the premises. They refused, and were placed under arrest on a charge of obstructing the sidewalk. Police Judge Denny dismissed the case, remarking that the Constitution of the United States and the Constitution of Oregon gave every one the right to worship God according to the dictates of his conscience, and he presumed that the ladies thought they were performing a religious duty. The affair created quite a sensation. In the afternoon the praying platoon on duty was increased in number. The saloons have not yet been closed by their efforts, but the women say they have made a deep impression on several saloon-keepers. The women are very determined, and there are strong symptoms of a protracted campaign.

## "Wasn't Hunting It."

One of the delegates to the Republican State Convention from this county took occasion to impose upon the credulity of that body by asserting that "Tolman wasn't hunting the nomination, but would take it if offered to him." This is little "too thin," for it is well known that Tolman and his supporters spent no inconsiderable time in setting up the primaries throughout the county, so that he received a full delegation from here.

## Have You Heard from Connecticut?

Again we are called to chronicle a glorious Democratic triumph which occurred in Connecticut last week. The entire Democratic State ticket is elected by 3,000 majority over Republican and Prohibition combined. The Legislature is overwhelmingly Democratic, thus securing us a U. S. Senator, which has not happened for many years. Verily, this is cheering news.

## By Proxy.

We learn that negotiations are in progress for engaging ex-Governor Geo. L. Woods as proxy for Tolman in the coming campaign. It is doubtful, from Woods' reputation in this State, if he can be prevailed upon to serve. We hope Tolman will secure some man of ability to present his claims, as we dislike to see Governor Grover walk over the course in that manner.

## The Independent Ticket.

The Independent State Convention nominated Rev. T. E. Campbell, of Polk, for Governor; Congress, Tim Davenport, of Marion; Secretary of State, J. H. Douthitt, of Wasco; State Treasurer, — Beach; State Printer, Wm. M. Hand, of Wasco; State Superintendent, Rev. R. C. Oglesby, formerly of this county.

## POLITICAL NOTES.

The *Bulletin* publishes the Republican State ticket as an advertisement. It has not the success of its party so much at heart but that it is bound to have liberal pay for all it does for it.

The *Enterprise* says: The Radical ticket is receiving a very cold reception in Clackamas county. We have not seen or heard of a man that considers it even probable that a single man on it will be elected. The ticket is received as cold as if it were a lump of ice.

The *Democrat* says nearly two hundred people listened to Governor Grover at Seio, on Saturday, the 4th inst.; that the city hall was crowded and many were forced to go away or stand outside for want of room. The meeting was characterized by the real old fashioned Democratic enthusiasm for which the gallant Democracy of the "Gibraltar" are noted.

The Republicans have nominated John Kelsay, of Benton, for Judge of the Second District; F. A. Chenoweth, of Benton, District Attorney of the same District; N. B. Humphrey, of Linn, District Attorney of Third District; Judge of Fourth District, W. Cary Johnson, of Clackamas; District Attorney, J. C. Moreland, of Multnomah; District Attorney of Fifth District, J. C. Cartwright, of Wasco.

The Salem *Mercury*, speaking of the Republican State Convention, says: We derive an immense amount of satisfaction from the thought that we shall not be troubled with the presence of the individuals who were candidates and aspirants before the Radical State Convention for four years to come, at least. They won't any of them be sent here to do the State service—unless it be to learn the art of brick-making in that well known institution just east of the city.

The Oregon City *Enterprise* says: From all parts of Clackamas county we hear general approval of the Democratic State ticket, and the people's hearty approval. Governor Grover's renomination meets with universal favor, and so also does that of S. F. Chadwick, as they all declare that they have made honest and faithful officers, and that no such charges of corruption as were brought against their predecessors can be made successfully against them.

## Farmer Candidates.

A great many papers in Southern Oregon are just now grumbling because they claim that there should have been a farmer put upon the State Ticket. We are happy to state to our contemporaries that there is one good practical farmer on the ticket. A. H. Brown, candidate for State Treasurer, has been an extensive stock-raiser and farmer for years. He now owns, and personally superintends one of the largest farms in Powder River valley, and is in more respects than this one a people's man. In the Convention he had a number of highly respectable competitors for the office, and the fact that he came off victor is a sufficient guarantee that he is known and respected by our neighbors of Western Oregon.

Democrats here in Eastern Oregon are satisfied that the ticket is the strongest that could have been nominated. We claim that the people owe to Gov. Grover a re-nomination and re-election. He has been a faithful public servant, and therefore of right deserves to be retained the second term. *Baker City Herald*.

## PAIN-KILLER!

FOR OVER THIRTY YEARS

Perry Davis' Vegetable PAIN-KILLER

Has been tested in every variety of Climate,

and by almost every Nation known

to Americans.

It is the constant companion and estimable friend of the missionary and the traveler, on sea and land, and no one should travel on Lakes and Rivers without it. It has been before the public over thirty years, and probably has a wider and better reputation than any other proprietary medicine of the present day. At this period there are but few men acquainted with the merits of the Pain-Killer, but who some extol it as a liniment, they know but little of its power in easing pain when taken internally, while others use it internally with great success, but are equally ignorant of its healing virtues when applied externally. We therefore wish to say to all that it is equally successful whether used internally or externally, and it stands today, unrivalled by all the great catalogue of family medicines. It is sufficient evidence of its virtues as a standard medicine, to know that it is now used in all parts of the world and that its sale is constantly increasing. No curative agent has had such wide-spread sale of given such universal satisfaction. It is a purely vegetable compound, and perfectly safe in unskillful hands.

After thirty years' trial, it is still receiving the most unqualified testimonials to its virtues, from persons of the highest character and responsibility. Physicians of the first respectability recommend it as a most effectual preparation for the extinction of pain. It is not only the best remedy ever known for Bruises, Cuts, Burns, &c., but for Dysentery or Cholera or any boxed complaint, it is a remedy unsurpassed for celerity and rapidity of action. In the great cities of India, and other hot climates, it has become the Standard Medicine for all such complaints, as well as for dyspepsia, Liver Complaints, and other kindred disorders. For Coughs and Colds, Canker, Asthma, and Rheumatic difficulties, it has been proved by the most abundant and convincing testimony to be an invaluable medicine.
