OUR NOMINEES.

The Democratic Convention has completed its work, and well did it do it. From all parts of the county comes the news of the harmony existing among the Democrats who hope to see their principles perpetuated and triumph. The ticket is admitted by even the opposition to be one of much ability and strength. It was not fixed by caucus, but was nominated in open convention, where each delegate could present the claims of his friends. Nor can it be said that one faction made the nominations. Everybody went into the Convention bent on harmony, and a more harmonious and enthusiastic one rarely has occurred.

John S. Herrin, candidate for Senator, is a staunch Democrat, a man of sterling integrity and ability. He has served this county in the capacity of Commissioner, and fulfilled the duties of his office with honor and credit. Although not a flowery speaker, Mr. Herrin can express his ideas in a concise and forcible manner. He is identified with the farming interests of this county, is Master of Phœnix Grange, and President of the Jackson County Agricultural Society. In his election, the interests of Jackson county will not languish, and we can safely say will be greatly benefitted thereby.

For Representatives, the names of W. J. Plymale, G. B. Van Riper and Thos. Wright are presented. Mr. Plymale is an old and respected citizen of Jackson county, a farmer by occupation. His integrity and ability no one can question, and he will do ample justice to the Legislative wants of Jackson county. The same may be substantially said of Mr. Wright. He has filled the office of Commissioner with credit and to the satisfaction of his constituents. He is well fitted for the duties of the position, to which he, with the rest of the ticket, will be elected. Mr. Van Riper is a substantial farmer and stock-raiser of Link River, and represents the Eastern portion of the county on the Legislative ticket. He is a pioneer of Oregon, having arrived in this State somewhere in 1840. He represented old Umpqua county in the Territorial Legislature some years ago, and is popular with those who know him, who express the highest confidence in his ability and integrity.

The Convention nominated for the important office of Sheriff J. W. Manning. "Wes.," as he is familiarly called, is decidedly one of the best candidates that could have been nominated. Popular, clever and able to fill the requirements of the office, no one can say a word of reproach against J. W. Manning. He adds strength to the ticket, and we predict his election by a large majority.

For Clerk E. D. Foudray was nominated. He has filled the office of Deputy Sheriff and Clerk upon several occasions, and a better man for the place cannot be found. No one can doubt his Democracy. In the dark days, when the fair name of Democracy was loathed with horror, everybody knew where to find Mr. Foudray. This important office cannot be placed in safer or more skillful hands.

John O'Brien, of Applegate, and M. A. Hueston, of Sam's Valley, are the nominees for County Commissioners. The affairs of the county cannot be placed in better hands.

K. Kubli, candidate for Treasurer, has been engaged in the mercantile business for many years, and is well qualified for the position in every particular.

W. A. Childers for Assessor is another excellent candidate. Competent, honest, and popular, he will make an excellent run. Table Rock, one of the largest precincts in the county, is a unit for him and his nomination is but a just tribute to a good man

For School Superintendent, H. C. Fleming is the nominee. Those acquainted with him speak in the highest terms of his ability and character. The fact of his receiving 22 votes on the first ballot against such men as Prof. Farley and others, is sufficient guarantee of his fitness for the office.

E. C. Mason for Surveyor is another excellent nomination. He has been tried in the important position of Representative and not found wanting. It is consequently not necessary to speak further on this subject.

The nominee for Coroner is Dr. Inlow, of Ashland. The Doctor is well qualified for the arduous task of holding an inquest over our many opponents after election, and will do his duty well.

The Modoc Accounts.

From a private letter received from Salem recently, we learn that the State Board of Military Auditors commenced the work of auditing the expenses incurred during the Modoc war some weeks ago, and have been since steadily progressing. The Board consists of the Governor, Adjutant General Dennison, and the Secretary of State. The Governor is necessarily absent on the canvass, but before leaving, he, in concert with other members of the Board, established certain rules for the auditing and adjustment of these claims, so that the business could proceed just as well in his absence; and Secretary Chadwick, at much sacrifice of his own personal interests in the campaign, has, since the convening of the Board, devoted all his available time to the prosecution of the work in conjunction with Col. Dennison. The importance of this audit cannot be overrated, as it constitutes the official endorsement of the State of Oregon to the legitimacy and correctness of these claims, forming a basis for proper action by the incoming Legislature, and for an appropriation by Congress to reimburse the State.

Undeserved Praise.

The Republican press are making much capital over the fact that during Tolman's eight years administration our debt was decreased several thousand dollars. Like Tim Davenport, we are of the opinion that the people, instead of the "Judge," paid it, and we fail to see where the distinction accorded him comes in. If the "Judge" had paid the debt, he would doubtless receive many votes in this county. But that isn't the case, and the capital made on that score will amount to but little.

POLITICAL NOTES.

Unlimited Cheek—The "Bulletin" prating about lies.

The Eugene "Guard" now issues a neat and spicy daily from its office. We wish it success.

Everything is lovely in old Linn, and the Democracy will carry the county by an overwhelming majority.

Hon. Ben. Hayden is stumping the State in behalf of the Democratic ticket, and doing good work for the cause.

We have cheering news from all parts of the State. The election of the entire State ticket is considered a certainty.

Scott, with all his mendacity didn't do the work well enough, so the Mitchipple ring called upon O'Meara to fill the void.

Vic Woodhull is on her way to this coast It is surmised that she will take the stump for her friend and co-worker Tim Davenport.

This ticket is composed of men of both parties and it is believed that the people of Multnomah County will elect it by a good majority

The "Oregonian" says that Tolman is disgusting his friends by his silly and vapid speeches, and that he has a slim show for election.

The "Bulletin" is the only paper in the State that will persistently repeat a misstatement after being convinced of its falsity. For revamping an old lie or manufacturing a new one commend us to the "Bulletin."

The Land Office at Eugene City now issues a daily from the "Journal" in the interest of the Ring ticket. It is a second edition and tender of the "Bulletin;" at least it publishes that paper's contemptible lies in full and with great unction. It is scarcely necessary to say that scrap book Odell does the scribbling for it.

The Radical press is using the fact that Governor Whiteaker's Administration was honest and economical as an argument in favor of Republican rule in our State. The next thing that anybody knows, says the "Mercury," some of these Republican papers will be claiming for their party all the credit of Governor Grover's Administration.

Slippery Dick says he is in favor of boarding up the State Capitol and letting it stand so for the next twenty years. He doesn't say this at Salem, where the building is being erected but elsewhere. By this he means he is in favor of letting the Legislature and Supreme Court, and other public bodies sit in inconvenient and expensive quarters, and let the State pay high rents, etc., etc., the very thing his Radical brethren of the press and stump are having so much to say about. How very consistent he is!

A committee selected by the citizens of Portland, who do not worship at the Custom House shrine, and composed of influential men of both parties, says the "Democrat," met last week and nominated the following county ticket; For State Senators—William Strong and J. S M. VanCleave; for Representatives—J. Johnson, C. W. Gay, R. S. Jewett, John Gearin, William Sherlock, S. Norris and Raleigh Stott; County Judge—W. F. Trimble; County Commissioners—H. Hansen and Chas. Holman; Sheriff—E. J. Jeffrey; Clerk—Geo. L. Story; Treasurer—A. Waldman; Assessor—John Dolan; Surveyor, C. W. Burrage; Superintendent of Schools—Rev. T. L. Elliot; Coroner—Dr G Kellogg.

C. M. FOSTER.—The following is a copy of the original letter written by C. M. Foster, Radical candidate for Secretary of State, to his friend Slocum, while the former was running for County Clerk of Baker.

AUBURN, Oregon, May 5, 1866.

Friend Slocum: The object of this communication is to impress you with the importance of bringing the pollbooks and election returns yourself from Pleasant Valley and Camp Alford precincts.

Slater was here last night, and told some of his Democratic friends that Pleasant Valley precinct would give a majority of twenty for the Democracy. If such should be the case, and you are unable to get a larger at Camp Alford, do not bring the returns in until the ten days shall have elapsed.

Slocum, be sure and make arrangements with the Judges of election in Pleasant Valley precinct to bring the election returns yourself. Don't let the Judges give them to any other party but yourself, but be sure you have a Union majority before you make your appearance with the returns. The election returns will be opened and canvassed on the 14th of June, so you can govern yourself accordingly. We do not want to be beaten by the votes in the precincts you are waiting upon, and if those precincts go against us you know what course to pursue. Do the best for the cause, and trust in Providence.

Write what the prospects are as soon as you can ascertain.

Yours, sincerely,
FOSTER.

A Suggestion.

It has been suggested to us that Bro. Skidmore should patronize his friend Tolman, by purchasing his peach and apply brandy for sacramental purposes, as the "Judge" has an experienced distiller engaged to make his brandy the coming season, who will, no doubt, furnish him with an article that will have a saving and sanctifying influence on the members of the Church; who, after slacking their spiritual thirst, will be better prepared to discharge their Christian duties at the polls, by voting for the State Temperance ticket, which the "Judge" heads as candidate for Governor. O, glory! how the temperance cause goes marching on!

A CARD.

The annexed card explains itself:

In the speech of J. C. Tolman, Republican candidate for Governor, made on last Saturday, he said that there was no law for charging a fee of $5 for each State deed. The act of October 27th, 1864, Code, page 885, has the following provision in relation to State lands, last of section 6: "and when the purchase money and interest, if any, shall be fully paid the purchaser shall receive a deed, substantially in the following form on the payment of a fee in coin of five dollars therefor." This provision is now the law. But the section requiring a part of these fees to go to the compensation of the Board of School Land Commissioners has been repealed. All fees therefor, required by law, have been collected and paid into the State Treasury, and not a dollar of them retained by or paid to any member of the Board or other officer.

The report of the Board of School Land Commissioners, made to the last Legislature, gives the name of each man who has paid a fee for a State deed, and shows the whole amount received for that purpose, and that the same has been fully paid to the Treasurer. See report of the School Land Commissioners, page 80. This report was examined and fully approved by the last Legislature.

T. H. CANN,
Clerk of the Board of School Land Commissioners.

A Righteous Vote.

Ben Simpson's organ says that the Democratic candidate for State Treasurer voted to tax unnaturalized foreigners. Yes, and he did right. The Radicals had imported a herd of "heathen Chinee" on the mining districts of Oregon, and under their treaty, says the "Enterprise," it was held that no law could be passed discriminating against the plague. So a bill was introduced to tax all UNNATURALIZED foreigners, which it was thought would reach the emergency of the case. White foreigners generally get naturalized and if they are not, they can easily become so. But the "Heathen Chinee" cannot, and hence it was intended as a guard for the white laborers against the Mongolians, and not with any view to injure white foreigners. It was a most righteous vote, and the white voters will thank Mr. Brown for having sustained their rights and endeavored to protect them. They will give their votes to the man who has ever been found to be the friend of the laboring whites.

Swamp Land Grabbers.

But little is heard of the "swamp land swindle" on the part of the Radicals now-a-days. This is owing to the fact that they are even more implicated in this act than are the Democrats. Slippery Dick Williams, however, denied here that he was a grabber, and most emphatically did he do so. We nevertheless find conclusive proof of his applying for 100,000 acres of these lands in the official report of the Governor to the Legislature of 1872, the authenticity of which no one will deny. Tolman has also been dabbling in these lands to the extent of over 16,000 acres, but he has not the temerity to deny it, and is careful to keep mum on that subject.

The Prospect.

A friend, writing from Salem, under date of May 14th, says:

We are having lively times down this way in the political line. Governor Grover and the whole Democratic ticket will, I think, carry this county. The Republicans,—a majority of them at least,—do not expect to carry the county. There are very few of the old line Republicans who are working with zeal for the Tolman ticket.

Tolman is still riding two horses. He will not endorse or refuse the temperance nomination, and maintains a studied silence when asked by Mr. Campbell what he intends to do. Governor Grover is gaining friends by every speech he makes, and I think he will be elected by more than 1,000 majority.

Important Decision.

Judge Deady, to whom was referred the case of the State of Oregon vs. Jesse Applegate and B. F. Dowell, bondsmen of the defaulting Sam. May, has decided that they are liable to the amount of $10,000, and recommends a judgment for this sum in favor of plaintiff. We shall in the future give a more extended account of the decision.
