They hailed him, invited him in, and after conversing for a few moments. they asked him, very abruptly :

"Mr. Nesmith, you have come from a very wild country, where you say the greater portion of your life has been passed. Will you tell us what cup, and ended by slinging a dish of first struck you on coming to the Senate ?"

"Well, gentlemen, when I took my seat in this august body, said to be composed of the brains of the country, I was overwhelmed with the strangeness of the one idea-how I came to be here."

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native ierbs found on the lower ranges of the Sierra Nevada mountains of California, tho medicinal properties of which are extractad therefrom without the use of Alcohol. The question is almost daily asked, "What s the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that hey remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Dis-

ANTIDOTE TO POISONING .- The experiments made by Professor Binz, of Bonn, with reference to the effect of alcohol on animals, are regarded as of FIVE BRAN NEW FLORENCE much importance, inasmuch as he seems to have discovered the reasons why alcoholic stimulants are so useful in snake poisoning. He found that when decomposed blood was introduced into the veins of the living animal, all the symptoms of putrid fever were shown, the temperature increasing until death ensued. Alcohol, it 45 is stated, reduced the heat and retarded the putrid process, increasing the action of the heart-precisely the effect of alcoholic stimulants, it is said, when administered in case of rattlesnake poisoning.

A GLASS EYE NEVER AFFECTED BY GLASSES .- The Danbury News has this to say :

There is nothing more assimulating, more artful, more tainted with duplicity than a glass eye. A Danbury man, a little given to his cups, and afflicted with one of those optical deceptions, drops into see us from time to time, and invariably when he is tight. To gaze at the natural eye of that man and see it drunk at every square inch of its spheroidity, and then turn to his glass eye to behold in it the vigor of youth, the fire of genius and the essence of sobriety, is trying to the nerves.

In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR.J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same

time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs. Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the off-springs of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc., etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.-Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelminities, will free the system from worms like these Bitters.

A POTATO-SOWING MACHINE .--The Journal d'Agriculture Pratique states that among the new machines which especially attracted the attention of the agriculturists at the recent meeting of the Palais de l'Industrie, was a potato-sowing machine, invented by M. Couteau, and constructed by M. Peltier, Jun. By means of an ingenious contrivance, worked by a gear, the tubers, previously placed in a box, are carried successively into a pipe which opens and shuts automatically, depositing the seed with perfect regu-larity in the furrow made by a share with which the machine is provided.

An old negro, returned one night from a dancing frolic, when crossing the river, lost both cars, and came near being swamped. Determined to do what he had never done before, he dropped on his knees, and exclaimed, "Oh, Massa Lord, if eber you's gwine to help old Ira, now is de time !"
