READ the new advertisements.

CROWDED OUT.—Owing to the press of other matter, the County Court proceedings are omitted this week.

BITTEN.—A little boy of P. Fehely was severely bitten one day last week by a dog belonging to Louis Hubert. One side of his face was injured in a severe manner, but fortunately not seriously.

RETURNED.—Dr. Matthias has returned from Josephine county, where he has been attending several cases of sickness at Waldo and vicinity. From him we learn that all the invalids are convalescing.

THE WEATHER.—The weather has turned warm and agreeable again, which fact is of much benefit to the grapes and other late fruits, which were in danger of being nipped by the first frosts.

NEW OFFICE.—Major Glenn is having a building erected on his lot adjoining Donegan's blacksmith shop, which will be occupied as an office by the agent of the Western Union Telegraph Company, W. M. Turner.

LARGE TRAVEL.—The stages from both directions come loaded almost every trip now-a-days and travel overland seems to have increased considerably within a few weeks. The reduction lately made by the Stage Company seems to be popular.

A NEW FEATURE.—The District School has a new feature added to it in the engagement of Miss Root, an accomplished vocal and instrumental preceptor. An instrument will be added to the school, and all those desiring lessons in music can then be accommodated.

NEW DIGGINGS.—Messrs. Rumley and Mann returned from the Red Dog diggings, in Josephine county, and report good prospects and plenty of ground. One piece of gold, weighing \$95, has been found, and also various smaller pieces. Comparatively few claims have as yet been taken up.

SHOW.—An individual, calling himself Paul Bosco, gave a performance at Veit's Hall to a small audience last Wednesday evening. He offered considerable sport to the boys, who, owing to the majority of his tricks being so clumsily performed, detected them readily. The balance of the crowd acknowledged themselves badly joshed, however. He is traveling southward.

MAN STOPPED.—Sheriff Manning last week stopped a man named Le-Masters on the stage bound South, on a requisition from Lane county. It seems that he was leaving the State with some debts behind him. He was released, however, by the Sheriff, after paying the amount telegraphed Mr. Manning, and left by the same stage. It afterwards transpired that the reason he was in such a hurry was they wanted him for some more.

COUNTY FINANCES.—The finances of the county are in a fair way of being in a healthy condition again. We learn that the bondsmen in the Jos. Wells' case are making preparations for a settlement with the county, and this amount, in connection with that due from the Oregon Central Military Road Company, which there is every prospect will be shortly liquidated, will place Jackson county almost, if not quite out of debt.

RAILROAD MEETING AT ASHLAND.

Pursuant to public notice, a meeting of the citizens of Jackson County was held at the School House, in Ashland, on the 9th instant, to take into consideration the advisability of organizing the proposed Humboldt Pacific Narrow-gauge Railroad Company.

D. S. K. Buick was called to the chair, who in a few brief remarks stated the object of the meeting.

On motion, Quincy A. Brooks was chosen Secretary.

S. B. Cranston, one of the incorporators, being called upon, read the articles of incorporation, and stated more in detail the object of the proposed Company, the length and character of the proposed route, the probable expense of construction, the necessity of the road, and the probable resources from which the required means for building the same could be secured.

Mr. Cranston was followed in an able speech on the same subject by the Chairman.

He also was followed by Major Brooks, who at the conclusion of his remarks moved that a committee of three be appointed by the Chair to report resolutions expressive of the sense of the meeting in regard to the subject under consideration, which motion was adopted.

The Chairman thereupon appointed Quincy A. Brooks, John M. McCall, and J. H. Russell on said Committee.

The Committee then retired, and, during their absence, George H. Marshall, being called upon, addressed the meeting in a pithy speech, showing the great advantages to Southern Oregon of the proposed road.

The Committee returning, reported the following preamble and resolutions, which were unanimously adopted, viz:

WHEREAS, articles of incorporation have been duly filed for the organization of the Humboldt Pacific Narrow-gauge Railroad Company, to construct a narrow-gauge railroad from the Central Pacific Railroad, at or near the big bend of the Humboldt River, through the Klamath Basin and Rogue river Valley to the Pacific Ocean; and

WHEREAS Southern and South-Eastern Oregon, owing to her isolated position, is utterly destitute of any adequate means of transporting her products to a market; and

WHEREAS the construction of some kind of a railroad, by which the products of this region can be conveyed to a suitable market, is one of the most vital importance; therefore, be it

Resolved 1. That we recommend our fellow citizens of Oregon and elsewhere to subscribe to the capital stock of the proposed Humboldt Pacific Narrow-gauge Railroad Company, and urge that the organization of said Company be fully completed without delay.

Resolved 2. That we earnestly and respectfully entreat our State Legislature and the people of Oregon, with regard to locality, to aid the proposed enterprise by every legitimate means in their power.

Resolved 3. That we respectfully and earnestly ask our delegation in Congress to use all honorable efforts in their power to procure such action by Congress as will secure the construction of the proposed Railroad at an early day.

Captain McCall being called upon, addressed the meeting, favoring the enterprise, and was followed by Prof. Skidmore in the same strain, who showed that the route was well chosen.

Notice was then given by the incorporators that books would be open at 7 o'clock that evening at the Post Office for subscriptions to the capital stock of the Company.

On motion, the Secretary was ordered to furnish a copy of the proceedings of this meeting to the Jacksonville *Sentinel* and *Times*, and that other Oregon papers be requested to copy.

On motion, the meeting adjourned.

QUINCY A. BROOKS, Sec'y.

SISKIYOU COUNTY FAIR.—Posters are about town announcing that the annual County Fair for Siskiyou county, Cal., will commence Oct. 7th, continuing four days. A liberal premium list and speed programme is offered, and the affair promises to be successful.

REWARD.—Fifty dollars reward is offered by the Superintendent for arrest and conviction of any person breaking the telegraph wire or injuring the insulators by shooting or throwing stones, etc., at the top of the telegraph poles.

RAILROAD MEETING AT ASHLAND.

A dispatch from Ashland, Sept. 9th, says: "An enthusiastic railroad meeting was held here this afternoon, favoring the organization of the proposed Humboldt and Pacific Narrow-gauge Railroad Company. The projected road starts at the Big Bend of the Humboldt, running through Klamath Lake Basin and Rogue River Valley to Crescent City. The distance is about five hundred miles. Capital stock, \$7,500,000, in shares of \$500 each. The meeting was numerously attended, and speeches were made by Messrs. Buick, Cranston, Brooks, Marshall, McCall and Skidmore, showing the necessity of the road, the practicability of the route, economy of constructing and the propriety of State and Federal aid. Resolutions were adopted recommending the people to subscribe to the capital stock, urging that the organization of the company be completed without delay, and earnestly requesting the Legislature and people of Oregon to aid the proposed enterprise by every means in their power, and also respectfully asking the Oregon delegation in Congress to spare no effort to secure Congressional aid. Books will be opened this evening for subscription to the capital stock."

FROM JOSEPHINE.—Dan L. Green, the efficient Sheriff of Josephine county, was in town this week. From him we learn the following items:

The County Jail at Kerbyville had a narrow escape from fire the other day. The building had caught fire from a defective flue, but was discovered and fortunately extinguished before much harm was done.

S. W. Sawyer, an old citizen of Kerbyville, is making preparations to remove to some California city.

Times are dull in Josephine, but the many mining discoveries are expected to relieve the depression in time, as some of them promise well.

A REAL ROMANCE.—On our first page will be found an interesting narrative entitled "A Real Life Romance." What will make it more interesting to our readers is the fact that the heroine of the romance is a sister-in-law of Dr. Thompson, formerly of this place, but now of Washington. W. M. Turner, Esq., who furnished us the story, pronounced it as correct in its most prominent features, as it was related to him by the Doctor, in presence of Lady Talmadge herself.

FROM THE LAKE COUNTRY.—Thos. F. Beall, R. Ish and their employees, who have been filling the contract for furnishing Fort Klamath with hay, returned last week, having finished their labors.

P. Fehely and his employees, who have been manufacturing 100,000 brick for the Government, also returned Sunday, after an absence of two months. They report the weather cold and snow having already fallen to quite a depth on the mountains.

RENOVATING.—Pat Ryan is making preparations to repair his brick building which was burned out in April, 1873, and has started already. We learn that he contemplates making it a two story, and that it will be used as a hotel. He is having a well dug in the rear of the building. This will be a decided improvement in the appearance of that portion of town.

WORK TO BE COMMENCED.—The Masonic fraternity intend excavating a cellar immediately, and have advertised for proposals for digging the same. The work is to be completed by October 15th. Other work will doubtless be done toward starting the proposed structure, but building will not be prosecuted until next Spring.

SPRAGUE RIVER VALLEY.—From James A. Stewart, just returned from this valley, we learn that affairs are quiet once more and cattle doing well. The elder Brown, who had no connection with the killing of Hurt, returned a short time since from the North, and expresses a desire of selling out and leaving the county.

SULPHUR SPRINGS.—A sulphur spring has been found in one of the northern counties, and a local paper in great ecstasy pronounces it the only one in the State. We would inform our enthusiastic cotemporary that he is sadly mistaken, as Jackson county contains several of superior quality.

DRUMMERS.—The Fall flight of drummers has fairly set in, and our town has been deluged with them for days past. Each stage brings new recruits, and still they come. In the language of the poet, "Give us a rest."

PERSONAL.—W. H. S. Hyde, Henry Pape and B. Robb left for Coos Bay this week, on a tour of observation. They expect to be gone about three or four weeks.

John A. Boyer has so far recovered from his sickness to be about again.

Wm. Bybee, Jr., left for Salem this week, where he will pass a year in study at the Willamette University.

Max Muller left for San Francisco last week.

Quincy A. Brooks left for Salem Tuesday, where he will be a prominent member of the third house.

John Miller started for San Francisco Tuesday, to lay in a superior and complete stock of goods in his line.

Uncle Billy Chambers, who has been quite ill for several weeks past, is able to be about again.

John Dick, of Linkville, is in town.

Jos. Wetterer has just returned from a trip East of the mountains, where he has been delivering sundry kegs of his superior lager.

WAR ON KANAKA FLAT.—Last Saturday night the denizens of Kanaka Flat, assisted by the colored population of Jacksonville, had a lively row, which resulted in the shooting of the negro wood-chopper, Jackson, and his subsequent death. We are not familiar with the circumstances of the affray and are consequently not able to comment on it. The following is the report of the Coroner's inquest held on the Flat on the 15th inst. by J. H. Stinson, J. P., and acting Coroner, on the body of Jackson:

"We, the Jury, find that the deceased, Jackson, came to his death on Kanaka Flat, Jackson County, on Sept. 12th, by means of a rifle ball supposed to have been fired by Geo. Ephraim; we also find property sufficient to pay funeral expenses."

The last seen of Eph. he was taking a bee-line to California at double-quick time.

YREKA ITEMS.—From the *Journal* of last Wednesday we glean the following items:

Quite a large delegation of old Sconchin's Modocs, who remained on the reservation when Capt. Jack's band left, were in town last week, on a leave of absence for twenty days. After an excursion around to the principal towns, they will return so to be at Yainax reservation, near Fort Klamath, by the time their permit expires.

The new telegraph line was finished to the office in town Saturday. The new line is of a larger wire than the old one and stretched on larger and more substantial poles, with glass insulators. The poles are set closer together than those of the old line, and consequently it seems an impossibility to have breakages.

Ashland Woolen Mills.

EDITOR TIMES:

We visited Ashland yesterday and had a pleasant stroll through the woolen factory of Marshall & Goodchild. They have a large lot of fine blankets and flannels nearly finished, and will soon commence manufacturing other goods for the market. They appear to understand the business. I think their enterprise will be a success and will be of material advantage to the community.

THE BRIGGS-DELMATTER MURDER.

Mrs. Briggs and son, the murderers of John Delmatter, still languish in jail at Kerbyville. An application for *habeas corpus* was made before Judge Prim some weeks ago, but denied. A change of venue will probably be moved at the next term of Court, as it is deemed impossible to get a jury in Josephine. We learn that the Briggs will be represented by Richard Williams, James D. Fay, J. F. Watson and Kahler & Watson.

POSTMASTERS are directed to exclude from the mails all letters or packages having gross or abusive words indorsed on the envelope or wrapper, and particular attention is called to this matter. Letters deposited in an office for mailing bearing a stamped envelope should be held for postage, and at the proper time forwarded to the Dead Letter Office. The Postal laws exclude all liquids and fruit from the mail.

POSTPONED.—We last week received the following telegram, which explains itself:

ASHLAND, Sept. 12th, 1874.

EDITOR TIMES: Railroad meeting at Jacksonville postponed. Speakers can't be there to-day. J. C. BELT, M. P.

COUNTY HOSPITAL.—The Board of County Commissioners will receive sealed proposals for keeping the county poor until October 7, 1874. See advertisement elsewhere.
