

GENERAL NOTES AND NEWS.

Democrats are jubilant everywhere. President Grant and family are in Texas.

Gen. Custar's command has been ordered to New Orleans. Beecher's libel case against Tilton is set for the November term of the court.

Gen. McKenzie has achieved a triumph over the Cheyennes, which will teach them a salutary lesson.

Baltimore had a destructive fire on the 13th. The Opera House and a large number of stores were burned.

"Jay Gould," a trotting stallion, the other day made a mile in 2:19, beating "Smuggler's" famous stallion time of 2:20.

The Grangers of California have appointed a commission of their order to assist in bringing immigrants there, and in finding homes for them.

In portions of Louisiana, the colored voters repudiate the Republican party, in State politics; but claim to have faith in Grant's administration.

The Oregonian says: People of Portland are feeling generally good over the passage of the Portland, Dulles and Salt Lake Railway bill. Many think we shall see work begun on the road right away; that is, early next Spring.

A Woman's Congress is in session at Chicago to consider some matters of practical importance to the sex outside of the question of suffrage. Some of the ablest women in the country are in the Congress, with Mrs. Livermore as President.

Wheat is 33 cents a bushel lower in New York this year than it was last; but in St. Paul, Minn., it is only nine cents cheaper. The reason is in the cost of transportation, which is 24 cents less this year. All through the Northwest the decline in value is largely compensated for by the reduction of freights.

The Law of Newspapers.

- 1. Subscribers who do not give express notice to the contrary are considered as wishing to continue their subscriptions. 2. If any subscribers order the discontinuance of their newspapers, the publisher may continue to send them until all arrearages are paid. 3. If subscribers neglect or refuse to take their newspapers from the offices to which they are directed, the law holds them responsible until they have settled the bills, and ordered them discontinued. 4. If subscribers remove to other places without informing the publisher, and the newspapers are sent to the former direction, they are held responsible. 5. The courts have decided that refusing to take newspapers from the office, or removing and leaving them there, is prima facie evidence of intentional fraud. 6. The postmaster who neglects to give the legal notice of the neglect of a person to take from the office the newspapers addressed to him, is liable to the publisher for the subscription price.

Ayer's Cathartic Pills,

For the relief and cure of all derangements in the stomach, liver, and bowels. They are a mild aperient, and an excellent purgative. Being purely vegetable, they contain no mercury or mineral whatever. Much serious sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the Pills with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by Ayer's Pills, and stimulated into action. This incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who employ it, can hardly be computed. Their sugar coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although sometimes they are mild, and operate without disturbance to the constitution, or diet, or occupation.

For Dyspepsia or Indigestion, Loss of Appetite, Nausea, Langor and Loss of Appetite, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Bilious Headache, Sick Headache, Jaundice or Green Sickness, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For Dysentery or Diarrhoea, but one mild dose is generally required.

For Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For Dropsy and Dropsical Swellings, they should be taken in large and frequent doses to produce the effect of a drastic purgative.

For Suppression, a large dose should be taken, as it produces the desired effect by sympathy.

As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach. An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageously where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.
