A JOURNALISTIC BIOGRAPHY .-Here is a journalistic biography, condensed from Max Adler in the Dan-

bury News: Colonel Bangs, editor of the Argus, became a journalist because he couldn't and ordered them discontinued. help it. Shortly after he was born, the doctor ordered that the baby should be fed upon goat's milk. This was pro- they are held responsible. cured from a goat in the rear of the office of the Weekly Startler, and fed chiefly upon the exchanges which came to that journal. The consequences were that young Bangs was fed entireby upon milk that was formed from dressed to him, is liable to the publisher for digested newspapers, and he throve on it, although when the Irish woman mixed the democratic journals carelessly with the whig papers, they disagreed after they were eaten, and the milk gave the baby the colic. Old Bangs intended the boy to be a minister; but as soon as he was old enough to take notice, he cried for every newspaper that he happened to see. He ran away from school four times to enter a newspaper office as a devil, and finally when old Bangs put him in the House of Refuge, he started a weekly in there, and called it the House of Refuge Record; and one day he slid over the wall, and went down to the Era office, where he changed his name to Whangs, and began his career on that paper with an article on "Our Roformatory Institutions for the Young." Then old Bangs surrendered to what seemed to be a combination of manifest destiny and permitted him to pursue his profession. But you would hardly believe this story if you ever read the Argus. I often suspect, when I am looking over that sheet, that the nurse used to mix the goat's milk with an unfair proportion of water.

A MINISTER CONFESSES TO THE CRIME OF ADULTERY .- One Roy. Dr. Fisk, pastor of the Universalist Church at Grand Rapids, Michigan, having been charged with the crime of adultery, confesses his guilt in a card to the public, published in the Democrat of that city. In the closing sentences he refers to our common grandfather, Adam, as a coward and a sneak. The card is as follows:

TO THE PUBLIC.

Editors Daily Democrat : I frankly confess to the fearful sin of which I am charged, and will not be cowardly enough to lie or seek a palliation of my weakness and guilt. I can only crave the pity and compassion of the world I have offended, and the forgiveness which my sincere and profound repentance before God and man calls for. I have returned my letter of fellowship to the denomination which I have so grievously stricken, and abandoned the profession which I have so deplorably shamed. May God and man pity me and aid me to do some humble AT MOST REASONABLE RATES! work yet in life for the good of society. I am not a coward and a sneak to make Adam's plea that a woman did it. It was my own weak and unguarded soul that in a moment of frenzy and passion wrought my downfall.

In his report, the Commissioner of Indian Affairs pays some attention to our old friends, the Modocs. The Shawnees, in the Indian Territory, for a consideration, allowed the Modocs to settle upon a tract of land in their neighborhood. The Commissioner

It will be remembered that these Modoes were transerred from the Pacific Coast after the termination of what is known as the Modoc war. Their tribal relations were destroyed. and they were taught by this extinguishment of their nationality that they could not pursue their barbarous practices and escape punishment This example will, I think, have a salutary influence upon other tribes; certainly it is producing good resultamong themselves, and it is gratifying to be able to say that they are accepting the situation and conforming to the requirements of the government with great facility, and are in every way rapidly improving their cordition.

Ir has been estimated that of 12,-000,000 women in America, 11.000, 000 wear called dresses, more or less : that the spirit of economy has, during the past year, induced them to forego one dress apiece from their outlay; that the average calico dress contains eleven yards, and that, consequently, there has been a loss to the trade by this retrenchment of 121,000,-000 yards. This is the entire product of all the mills of Massachusetts for one year.

A Young lady at home from boarding school for the holidays was asked if she would have roast beef, when she replied: No, I thank you; gastronomical satiety admonishes me that I have arrived at the ultimate stage of degintition consistent with dietetic integrity!" The young lady was never asked if she would have anything ever again.

# Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic

No one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assur-ance, founded on proof, that no harm can arise

from its use in any quantity.

That which protects from or prevents this disorder must be of immense service in the com-munities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "CURE" expels the miasmatic poison of FEVER AND AGUE from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of everybody; and in bilious districts, where Fever and Ague prevails, everybody should have it, and use it freely, both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Qui-nine or mineral; consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of dis-orders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asth-ma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis

and derangement of the Stomach, all of which, when originating in this cause, put on the in termittent type, or become periodical. This "CURE" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the mala-rious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure; and few will ever suffer from Intermittents if they avail themselves of the protection this remedy affords. For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity, and producing many truly remarkable cures, where other medicines fail.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Dis-

If men will enjoy good health, let them use VINEGAR BITTERS as a medicine, and avoid the use of alcoholic stimulants in every form.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair. Grateful Thousands proclaim VISE-

GAR BITTERS the most wonderful Invigorant that ever sustained the sinking system. Bilions, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers through-out the United States, especially those of the Mississippi, Ohio, Missonri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannali, Roanoke, James, and many others, with their vast tribu-taries, throughout our entire country dur-ing the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by ex-tensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the

liver, and generally restoring the healthy functions of the digestive organs. Dyspepsia or Indigestion, Head-ache, Pain in the Shoulders, Conghs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a handred other painful symptoms, are the offsprings of Dyspepsia. For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons en-

gaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally. For Skin Diseases, Eruptions, Tetter,

Pustules, Boils, Carbuncles, Ringworms,
Scald Head, Sore Eyes, Erysipelas, Itch;
Scurfs, Discolorations of the Skin, Humors

and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelminities, will free the system from

worms like these Bitters. For Female Complaints, in young or old, married or single, at the dawn of womanhood or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible. Jaundice.-In all cases of jaundice. rest assured that your liver is not doing its work. The only sensible treatment is to

promote the secretion of the bile and favor its removal. For this purpose use VINEGAR BITTERS. Cleanse the Vitiated Blood when-ever you find its impurities bursting through the skin in Pimples. Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse. it when it is foul; your feelings will tell you when. Keep the blood pure, and the
