GENERAL NOTES AND NEWS.

Oregon has 49 Odd Fellows Lodges. Leeches are killing sheep in Yamhill. A Californian has signified his intention to bring 3,000 Angora goats to Oregon next year.

The Mormons despair of ever completing their temple, which the same was commenced twenty years ago. Lower California is having fine rains, as well as other portions of the State, and all fears of a short crop are now removed.

The Coos Bay wagon road has been sold to a California company for the sum of \$110,000, whereat the stockholders rejoice. A female auctioneer is the latest California sensation.

Steps are being taken by the Western Union telegraph line to construct a telegraph line to Marshfield, Coos county, from Roseburg. Ex-Governor Thomas E. Bramlette, manager of the great lottery, died at his residence in Louisville on the 13th, of rheumatism of the heart.

A severe snow storm and awfully cold weather prevailed throughout the Northwest last week. Hogs were frozen to death in Chicago. There are 5,000,000 bushels of wheat in store at New York, which is three times as much as there has been at the close of navigation since 1871.

Out of one thousand convicts in the California State prison, 160 are under 21 years of age, and 241 are under 26 years. The result of idleness among the youngsters of that State. Miss Yokum is the most popular school marm Empire City has ever had.

A gentleman just down from Eastern Oregon informs the Bulletin that the loss of stock must be great, as many ranchers did not have a spear of hay with which to feed when the storm broke upon them. Now that the Third Term business is gone up, the New York Herald and Tribune are preparing a veracious narrative that President Grant is engaged in a plot to abdicate the throne in favor of Susan B. Anthony.

A St. Louis radical organ sneers at Senator Wright for introducing a bill to fix the salary of the President, and rejoices that no new law can affect the salary of the present incumbent. One would think we were in the very midst of the late Civil War, says the Democrat, to hear the Bulletin and other Republican sheets shriek "traitor," "rebel," "copperhead."

ORGANIZATION OF LAKE COUNTY.

The following is the bill organizing the county of Lake, passed by the late Legislature: AN ACT To create the county of Lake and fix the salaries of County Judge and Treasurer.

SECTION 1. That all that portion of the State of Oregon embraced within the following boundary lines be, and the same is hereby, created and organized into a separate county by the name of Lake, to-wit: Beginning on the forty-second parallel of north latitude at a point where said parallel is intersected by the east boundary of township No. 23, east of the Willamette Meridian, thence due north on said township line to the south boundary line of township No. 22 south of the Oregon base line, thence due west on said township line to the east boundary line of Lane county, thence southerly along said boundary line and the east boundary line of Douglas county to the southeast corner of said Douglas county, thence to and south on the east boundary of township No. 4 east of the Willamette Meridian to said 42 deg. parallel of north latitude, thence due east along said parallel to the place of beginning.

SEC. 2. The territory embraced within said boundary lines shall compose a county for all civil and military purposes, and shall be subject to the same laws and restrictions and entitled to elect the same officers as other counties in this State. Provided, That it shall be the duty of the Governor, as soon as convenient after this Act shall become a law, to appoint for Lake county, and from her resident citizens, the several county officers allowed by law to other counties of the State, which said officers, after duly qualifying, according to law, shall be entitled to hold their respective offices until their successors are duly elected, at the general election of 1876, and have duly qualified as required by law.

SEC. 3. The temporary county seat of Lake county shall [be] located at Linkville in said county, until a permanent location is adopted. At the next general election the question shall be submitted to the legal voters of said county and the place, if any, which shall receive a majority of all the votes cast at said election, shall be the permanent county seat of said county; but if no place shall receive a majority of all the votes cast, the question shall be again submitted to the legal voters of said county between the two points having the highest number of votes at said election, at the next general election, and the place receiving the highest number of votes at such election shall be the permanent county seat of said county.

SEC. 4. The legal electors of Lake county shall be entitled to elect, at the general election of 1876, and thereafter, until otherwise provided by law, one member of the House of Representatives, while the county of Jackson shall be entitled to elect but two, and said county shall for Senatorial purposes be annexed to the 16th Senatorial district.

SEC. 5. The County Clerk of Jackson county shall send to the County Clerk of Lake county within thirty days after this Act becomes a law, a certified transcript of all delinquent taxes from the assessment roll of 1874 that were assessed within the limits of Lake county, and also a certified transcript of the assessment of persons and property within the limits of Lake county for 1874, and the said taxes shall be payable to the proper officers of Lake county. The County Treasurer of Lake county shall, out of the first money collected for taxes, pay over to the Treasurer of Jackson county the full amount of State tax on the assessment roll of 1874 due from citizens of Lake county; the said Clerk of Jackson county shall also make out and send to the Clerk of Lake county within above limited time, a transcript of all cases pending in the County and Circuit Courts of Jackson county between parties residing in Lake county, and transfer all original papers in said cases to be tried in Lake county.

SEC. 6. The said county of Lake is hereby attached to the first Judicial District for judicial purposes, and the term of the Circuit Court of said District shall be held annually at the county seat of said Lake county on the fourth Monday of June and November in each year until otherwise provided by law.

SEC. 7. The County Court of Lake county shall be held at the county seat of said county on the first Monday of every alternate month, beginning on the first Monday of the month next after the appointment by the Governor of county officers, as provided for in this Act.

SEC. 9. The County Treasurer of Lake county shall receive an annual salary of one hundred dollars. Approved October 24, 1874. Attest: S. F. CHADWICK, Secretary of State.

GOOD COWS.—The difference between a good cow and a poor one is not generally appreciated. Often than otherwise, the price at which cows are bought and sold, is made to accord with the amount of milk they will give. But this is not a sound way of estimating their value.

DOLLAR MARK.—The theory of a writer in the Atlantic Monthly is that the two parallel upright marks may be traced back to pillars of Hercules, and the S-like figure to a scroll entwined around them (\$). According to tradition, when the Tyrian colony landed on the coast of Spain and founded the ancient city of Gades, (now Cadix) Melcartus, the leader of the expedition, set up two stone pillars as a memorial, over which was built the temple of Hercules. Centuries later, when Charles V. became Emperor of Germany, he adopted a new coat of arms, in which the pillars of Gades occupied a prominent position in the device.

A DASHING youth went up to an elderly New York newsdealer and claimed acquaintance. "You don't know me?" asked the young man, emphasizing the word me. "Why I am James, the son of Mr. Johnson. Father took papers of you years before he died, and I have ever since; but we've moved up town. By the way, I believe I owe you a dollar on the last quarter." The old gentleman's pulse quickened; he adjusted his spectacles, took another look at the youth and remembered. His youthful debtor produced a ten dollar bank note, the debt was settled, and they bade each other a courteous adieu. The note was counterfeit.

BIG CHEESE.—Among the items of cargo being shipped on board the Inman Steamship Line are a number of large cheeses. Many of them weigh from 300 to 600 pounds, and one even weighs 1,200 pounds. All are of extra quality, and were manufactured by W. H. Fuller, of Oneida county, in this State, and they pass through the hands of C. S. Brown & Co. to Messrs. Ware & Son, who send them to England as Christmas stock.—N. Y. Republic.

CROUP.—It can be cured in one minute, and the remedy is simply alum and sugar. The way to accomplish the deed is to take a knife and grate or shave off in small particles about a teaspoonful of alum; then mix it with twice its quantity of sugar to make it palatable, and administer it as quickly as possible. Almost instantaneous relief will follow.

SOIL FOR FRUIT.—The Gardener's Monthly gives briefly the following rules for selecting the best soils for the different fruits. A light, dryish soil for the peach, a strong loamy soil for the pear, nearly the same for the plum, a heavy loam for the apple—if on limestone all the better, and if for the cherry a soil similar to that of the peach.

NINETEEN years ago a Tennessee, father refused to let his young daughter go to a candy-pull, and she disappeared. The other day she returned, lifted eleven children out of the wagon, and entered the house and took off her things as coolly as if she hadn't been gone over a day.

SUICIDES seldom occur in families where there is plenty of good music. It is only those who have no music in their souls who see nothing but darkness and hopelessness in this world, and who voluntarily take the final leap into darkness.
