

WAGON ROAD MEETING.

A large attendance from all parts of the county was present at the meeting called last Saturday for the purpose of considering the proposition of building a wagon road to Galice Creek.

The meeting was held at the Court House, and was called to order by Gen. John E. Ross, who was chosen Chairman.

Some thinking a road from this place to Galice Creek, via State Creek, the most practicable, while others deemed a route by way of Grave Creek best.

The meeting adjourned without accomplishing anything, not even adjourning until some other time, when an understanding might be reached.

We regret that this should be the case, as a wagon road from this valley to these mines is of utmost necessity.

Concerning the route for a wagon road, we deem the way by Applegate the most beneficial for the interests of Jackson and Josephine counties.

If we build a road with our money and labor, we should receive the benefits of it, and not let other sections of Oregon, who are not out a cent by the building thereof, compete with us at that market.

Be that as it may, however, a road is of prime necessity, if we desire a market for our surplus produce.

Let us have another meeting, and that soon, and come to some definite understanding. A market is what is needed to place this section firmly on its pins again, and now that we have this desired object in our reach, let us take advantage of the opportunity.

Talk will not build a road. Early action in the premises is necessary.

Modoc War Claims.

The telegraph says that the House Military Committee have agreed to report a bill appropriating \$72,637 for the payment to the State of Oregon of the expenses of the Modoc War.

Portland, Dalles and Salt Lake Railroad.

A dispatch from Washington, dated February 12th, says:

During the debate in the Senate to-day, on the Portland, Dalles and Salt Lake Railroad bill, Frelinghuysen said the Committee on Railroads, during this session, has had before them six or seven bills providing for subsidies.

The Senate by a vote of two yeas, twenty-six nays, refused to order to its third reading the Portland, Dalles and Salt Lake Railroad bill, Cameron and Flanagan being the only Senators who voted in the affirmative.

A special dispatch to the Bulletin from Senators Mitchell and Kelly, says the fate of the bill settles the question as to all other subsidies now before Congress; and that the vote in the Senate stood nineteen for, and thirty-eight against.

Liberal.

Since the new postal law went into effect, Wells, Fargo & Co., with their accustomed liberality, are carrying newspaper exchanges on their routes free of charge.

Another Abortion.

Efforts are being made at Washington by leading Liberal Republicans, and others not Republicans, to organize a National Independent People's party.

The resolution introduced by Morton admitting Pinchback, the bogus Senator from Louisiana, was tabled on the 18th, after a continuous session of 29 hours. The vote stood 39 to 22, several Republicans voting with the Democrats. This is perhaps the last of this fraud, at least for this session.

The Eugene Journal's Washington correspondent, writing under date of Jan. 23d, says: "Senator Mitchell and Surveyor-General Simpson went before the House committee on appropriations yesterday and had a hearing. The committee had agreed upon \$60,000 for surveying in Oregon, but will now probably report \$70,000."

Mormon Lee has agreed to turn State's evidence and divulge the whole story of the Mountain Meadow tragedy. He denies the ravishing and murder of helpless women, and asserts that Haight, Higby and others have charged their enormities upon him. He suffers much from inflammatory rheumatism and takes a gloomy view of life.

Seventy barrels of flour, donated at Salem for the Kansas grasshopper sufferers, remain undisposed of, and as the word from Kansas is to "keep your flour and send us money," the relief committee will proceed to pay the donations back, pro rata to the donors. The Record says the Kansas relief men are altogether too hungry for "money."

The Cost of Our Recent War.

Mr. David A. Welles has furnished the Cobden Club of England with an essay upon the expenses, income and taxes of the United States.

The whole cost of the war to the Northern and Southern States from 1861 to 1866 is estimated as follows: Lives, 1,000,000; property, by destructions, waste, etc., \$9,000,000,000. The gross expenditures of the United States from June 1861 to July 1866, \$5,792,257,000. Of this the actual war expenses were about \$5,342,237,000.

The expenses of States, counties, cities and towns in the Northern States, not represented by funded debts, have been estimated at \$500,000,000. The increase of State debts on the war account was \$123,000,000. The increase of city, town and county debts is estimated at \$200,000,000. Total war expenses of the loyal States, and the National Government, \$16,165,238,000.

The estimated direct expenditures of the Confederate States on account of the war were \$2,000,000,000. Aggregate estimated expenses of the war to the country, North and South, \$8,165,237,000.

The total receipts from all sources during the second year of the war were less than \$12,000,000. The expenditures were \$60,000,000 per month, at the rate of \$700,000,000 a year.

How the Money Goes.

A Washington dispatch of last Monday says the House Committee on appropriations have appropriated, among other items, \$1,000,000 for the government's share of expense of the District of Columbia; \$15,000 for the purchase of Mrs. Ransom's portrait of General Thomas; and \$23,000 for Carpenter's painting, signing of the proclamation. What will the people's money go for next?
