WOOD WANTED.—Those who have promised us wood will please bring the same forthwith. We are in need of it.

RAIN.—Several fine showers of rain have fallen during the past week, which is a fine thing for the crops and is also of some benefit to the miners.

FOR SALEM.—K. Kubli, Esq., our County Treasurer, left for Salem last Sunday, to pay over to the State Treasurer Jackson county's share of State taxes, which amounts to about \$9,000.

FINE ORE.—B. F. Wade, of Sam's Valley, has sent us some samples of cinnabar taken from the claim of Houston & Co., on Evans Creek, which is some of the finest we have yet seen.

SOLD.—W. C. Myer, of Ashland has sold his stallion "Capt. Sligart" to Capt. Kellogg, of Washington Territory. We were unable to learn the price. The horse was forwarded to his destination last Monday.

TEACHERS' EXAMINATION.—Tomorrow, Saturday, March 27th, the regular quarterly examination of applicants for teachers' certificates by Superintendent Fleming, will take place. Those interested will take notice.

BALL.—A ball will be given at Veit's Hall next Monday evening, March 29th. Good music and supper will be furnished, and a good time may be expected. Everybody is invited to attend.

SENTENCED.—His Honor, Judge Prim, this week administered sentences upon the following persons: J. J. Cummins, larceny of a horse, one year in the Penitentiary and to pay costs of action; Wm. Doherty, assault with a dangerous weapon, six months in the same institution and to pay costs; Jenn St. Luc DeRoboam, malicious injury to animals, fined \$200 and costs, amounting to \$100; Edmund Brooks, assault, fined \$50 and costs.

SUNDAY LAW TO BE OBSERVED.—The merchants of Jacksonville have taken the matter in their own hands and will hereafter observe the Sunday law, which has stood as a dead letter upon our statute books. No goods, only in extreme cases, will be sold on that day. This is an excellent move. As a general thing, everybody can buy what they may need on days other than Sunday, and a day of rest will no doubt prove as acceptable to the merchants of Jacksonville as it can to any one else.

ARRESTED.—Since our last issue, Deputy Sheriff Kent has arrested two men near Canyonville, named Barden and Carey, for the larceny of McMahon's band of sheep, which recently disappeared from Rogue river, and they are now lodged in jail. They will have a preliminary examination in a few days. Foul play is also suspected in the premises, and several parties have begun a search for McMahon. Up to the time of going to press no one had yet returned from the search, consequently we are unable to state how successful it has proven.

BOARD OF TRUSTEES.

THURSDAY, March 15th. The Board of Trustees met this evening, pursuant to adjournment. A full Board was present.

The meeting was called to order by President Beekman.

The record of the two previous meetings was read and approved.

The Finance Committee, to whom was referred the annual statement of the Town Treasurer, reported that on examination they find the same correct. Report accepted and Treasurer's report ordered filed.

The following bills were allowed and ordered paid: Judge & Nunan, \$20; Fire Wardens, \$20; H. Pape, \$13.75; Sachs Bros., \$1.50. Total, \$55.25.

The Committee on the Street Commissioners' road report sent the same back without recommendation. On motion, the said report was recommitted to the same committee, with instructions to examine said report and recommend some definite action thereon.

The following bills were presented: F. Grob, Marshal's bill for past year, \$125; U. S. Hayden, Recorder's bill \$74.50; stationery, \$2.25. Referred to the usual committee.

The bonds of the Treasurer and Marshal were approved.

The ordinance restraining cows from running at large at night was called up, when an amendment was proposed. No vote being had on the amendment, it went over to the next meeting.

Mr. Judge called attention to the matter of fencing up part of Sixth street. On motion, an order was passed requiring the fence to be removed from off the street forthwith by the Street Commissioner.

An order was passed directing the Street Commissioner to have the filth and rubbish on C street, between Oregon and Third, taken away and the street put in good order without delay.

An ordinance was passed requiring the property owners on the south side of C street, between Oregon and Third, to construct sidewalks, adjacent to their premises, of plank or gravel—the work to be done under the supervision of the Street Commissioner, the same as required in laying down all sidewalks.

The Board then adjourned.

Tribute of Respect.

WARREN LODGE No. 10, A. F. & A. M., Jacksonville, March 17, 1875.

Again the Grand Master of the Universe has visited our Masonic Temple and removed by death our esteemed brother John McPherson; therefore be it

Resolved, That we deeply mourn the loss of our much esteemed brother, as we recognized in him a true Mason, as well as a worthy citizen.

Resolved, That as a token of our respect for his memory, we, the members of this Lodge, will wear the usual badge of mourning for thirty days, and that the Charter and Lodge be draped in proper mourning for the same length of time.

Resolved, That a copy of these resolutions, under the seal of the Lodge, be presented to the relatives of our deceased brother, and that they be entered upon the records of our Lodge and published in our county papers.

P. DUNN, N. LANGELL, MAT. OBECIALAN, Committee.

PUBLIC IMPROVEMENTS.—We are assured that the Board of Trustees will this year inaugurate a healthy system of public improvement. This is a matter that has been neglected heretofore, and the people of Jacksonville will doubtless coincide with the Board that it is in many instances a necessity. Several streets and other public property sadly need this attention. And not least is the Town Hall, which has long been a standing shame to this place. Any one-horse incorporated town of Oregon has a better one than we have. We do not wish to be understood as championing the building of a costly Hall or making of other expensive improvements, nor do we believe the Trustees have any motive of doing so. But we do advocate the improving of the Hall, streets, etc., so that they will be adequate to the requirements of the community. The residents will doubtless approve of any judicious improvements the Board may make.

SCHOOL ELECTION.—The qualified voters of Jacksonville School District will on Monday, April 6th, meet at the School House in this place for the purpose of electing a School Director for the ensuing three years, a School Clerk for one year and the transaction of such other business as may legitimately come before the meeting.

LOCAL BREVITIES.

Strangers abundant. Next Thursday is All Fool's Day. Circuit Court is drawing to a close. Drummers are flocking thickly again. Day after to-morrow is Easter Sunday.

Ashland is quiet, very little of importance transpiring.

The County Jail is rushing up as fast as the weather will permit.

The Gaylord family performed in Ashland this week to a good house.

The Literary Society elects officers this evening. A full attendance of the members is solicited.

The matrimonial market is very dull at present, the County Clerk not having issued a license for about two months.

We regret to learn that Mr. Edward Magruder is so seriously indisposed that his ultimate recovery is considered doubtful.

The effects of John Blattner, deceased, were sold at administrator's sale last Saturday. Nearly every article sold very low.

The Jail has been overflowing with birds during the past week, and the station-house has been brought into use to accommodate the surplus.

A. W. Presley, of Josephine, has proven the navigability of Rogue river by making several trips down it to the Galice Creek mines with his craft laden with goods.

The Circuit Court for Josephine county meets on the fourth Monday of April and October, and the County Court on the first Monday in January, April, July and September.

The man who had a fit in town week before last, has had the same at several points along the road between here and Portland, and been relieved by the liberal citizens of each place. At Portland, a purse of \$150 was made up for him and he was sent to San Francisco. It is thought by some that he is playing a dodge on the people and that his fits are but feigned ones. If that be true, he plays them desperately well.

FROM GALICE CREEK.—Calvin and George Witherill, of Yreka, says the Journal, returned last Friday from a trip to Galice Creek. They say there are huge ledges of granite quartz in that section, which, if containing gold or other minerals in paying quantity, are extensive enough to furnish employment for a very large population. Claims have been staked out along Rogue river for four miles, but very little work has yet been done on any of the ledges. George says a tunnel has been run about 15 feet on the Yank ledge, and that the owners struck a body of slate rock at the end of this tunnel. They saw about thirty or forty white men, and twenty-five Chinamen, but Lige Heard said there were about seventy-five white men in the diggings. Lige is acting as receiver in a store lately attached, which has been established some twenty-five years, and supplied the miners in placer diggings on Galice Creek.

[NOTE.—There is an error as regards slate being found in a tunnel on the Yank ledge where originally discovered, as little work has been performed thereon. Parties well acquainted with the facts say that slate may have been struck in the tunnel run by B. F. Myer & Co., which they consider self-evident, as the eastern wall of the ledge is something of a slate formation, but they regard it as almost certain that the main ledge will be struck again when the slate is worked through.—ED. TIMES.]

ACCIDENT.—Prof. Kennedy, the phrenologist, writes us that he had a narrow escape while coming from the Galice Creek mines. His horse went off the trail about a mile from Rogue River and rolled down against the root of a fallen tree with Mr. Kennedy on him. The horse was so severely injured that he died shortly afterward, but the Professor escaped with a sprained wrist and a few bruises. His letter is unavoidably crowded out this week.

A MISTAKE.—The Willamette papers announce that Uncle Jesse Applegate lost 3,000 sheep the past Winter in Southern Oregon. This is a mistake. In the first place, he didn't have that number to lose, and again, the Winter has been comparatively mild, stock doing fairly.

LECTURE.—Mrs. Mattie Gaylord, the distinguished lecturer and tourist, will deliver a lecture on "Our Girls" in Jacksonville this evening. The evening's entertainment will be interspersed with songs, recitations, etc. She comes well recommended.

J. Elliott vs. D. W. Jones; action to recover real property. Continued.

E. Brooks vs. John Hockenyo; action for damages for trespass. Verdict for plaintiff for \$50 and costs.

E. Brooks vs. John Hockenyo; action to recover real property. By stipulation between parties, judgment was given for plaintiff.

State vs. E. Brooks; assault. Defendant fined \$50 and costs.

White & Martin vs. W. C. Miller et al.; confirmation of Sheriff's sale. Sale confirmed.

State vs. Jean St. Luc DeRoboam; motion for new trial. Motion overruled.

Grand Jury Report. The following is a synopsis of the report of the Grand Jury empaneled for the March term of the Circuit Court:

CRIMINAL AFFAIRS. State of Oregon vs. J. J. Cummins; a true bill found.

State vs. W. H. Price; a true bill. State vs. Wm. Dougherty; a true bill. State vs. Elizabeth Johnson; not a true bill.

State vs. Edmund Brooks; a true bill. State vs. Geo. L. Thompson; not a true bill.

COUNTY AFFAIRS. To the Honorable the Circuit Court: We, the Grand Jury for the County of Jackson, State of Oregon, do respectfully report that we have examined the public buildings, etc., belonging to the county, and report as follows:

The Court House and county offices are in as good condition as can be expected from the nature of the same. County records well kept.

The jail is a disgrace to the community. All of which is respectfully submitted, LYMAN CHAPPEL, Foreman. Attest: JOHN A. BOYER, Clerk. Jacksonville, March 19, 1875.

PERSONAL.—J. B. White, formerly of Rock Point, but now of Oakland, (Cal.) is in town.

D. L. Watson, of Coos Bay, passed through town last week on his way home from San Francisco.

We are pleased to learn that Mrs. Glenn, wife of Major James T. Glenn, who has been severely ill with typhoid fever at her residence in Oakland, is convalescing.

Surveyor-General Simpson passed through town on his way home the other day.

Dr. Jackson has returned from a professional trip to Ashland.

M. Caton has gone to look after his interests in the cinnabar country on Evans Creek.

The many friends of Sheriff Manning will be pleased to learn that his condition is somewhat improved.

D. R. Jones arrived from east of the mountains this week.

LECTURE.—Mrs. S. C. Smith, of California, lectured at the Court House last Monday and Tuesday evenings. Her subject was principally "Temperance," but in the course of her remarks she dwelled considerably upon the faults the gentler sex is heir to. A large attendance was present each evening, and the lecturer acquitted herself fairly.

EDITOR TIMES: Allow us through the columns of your paper to express our heartfelt thanks to those more than kind neighbors in our deep affliction in our little daughter's last painful illness. S. P. and E. V. JONES.

MODOC BONDS.—Reliable advices from Salem announce that State Treasurer Brown is endeavoring to perfect arrangements for the payment of the coupons on the Modoc War bonds, due on January 1st, at an early day.

Lake County Items.

A Linkville correspondent sends us the following items: Stock is doing well. Travel has commenced. Jack Snyder is breaking some fine horses here.

Uncle George Nourse has a fine span of bay geldings.

John Dick is dealing out egg-nogg to the boys at a lively rate.

Squire Stephenson has the contract of fitting up the Clerk's office.

Fishing has commenced. S. Conker caught 57 fine ones the other evening.

W. Orr, of Tule Lake, will start for Chicago about the 1st of June with 1,000 head of cattle.

George Nourse killed a hog which weighed 540 pounds dressed, and has been running at large all winter.

Lieut. Hoyle stopped at Linkville the other day, en route for Yreka. He reports the roads good between here and the Fort.

Those desiring to visit our country can ride with Robt. Garrett, the ever-obliging stage driver, from Ashland. Hatton & Garrett have the contract for carrying the mail between Ashland and Lake City, Cal., and run a stage with four horses attached.

AMENDE HONORABLE.—As the name of Mr. Jesse Dollarhide has often been coupled in connection with an indictment for larceny in these columns, and the law having been vindicated and the matter settled, we deem it no more than just that especial mention should be made of his acquittal by jury last week. The testimony adduced showed Mr. Dollarhide as having conscientious scruples about the horse being his, and when he sold it there was a mutual understanding between him and the buyer that the horse should be redeemed if it proved otherwise, which was done. The jury gave a verdict of "not guilty" after a short deliberation.

SOLD OUT.—John Noland has sold the stock and fixtures of the Eagle Sample Rooms to Webb & Jones, who will conduct them hereafter. He will leave for California in a few weeks to engage in business there, and in another column calls on those indebted to settle immediately. Mr. Noland has long been a resident among us, and is one of our best and most enterprising citizens, and we regret that he should be necessitated to leave Jacksonville. We wish him success wherever he may go.

DIGGINGS SOLD.—We learn that Judge Reed has sold his Galice Creek placer diggings, ditch, etc., to an English company. Arrangements are about, or have been consummated, for the transfer, and the price agreed upon is said to be over \$30,000. Other parties have also sold to the same persons at good figures. These mines are some of the best on the Coast and under proper management will yield largely. The company will work them on an extensive scale.

MAN DROWNED.—Wm. Bilger this week received a letter from Samuel Harkness, in which he stated that a young man lately from Chico, Cal., was drowned the other day at Galice Creek. It seems that he was prospecting and was out in a boat in the rapids of the river just below the ledge at the time. A rope was tied to the boat, and it is supposed he lost his balance, and in endeavoring to get out became tangled and was drowned.

CHANGE.—Webb & Jones have purchased the "Eagle Sample Rooms," and will as ever keep them stocked with choice liquors, wines, cigars, etc. They will also conduct the "New State" until the 16th prox. Give them a call.

GRANGE ADDRESS.—The address of the Worthy Ceres of Jacksonville Grange, Mrs. W. J. Plymale, delivered before that body at its last meeting, will appear in our next.

MISLAID.—Owing to a communication from Sam's Valley having been mislaid the forepart of the week, it does not appear to-day. It will appear in our next.

FOR LANE COUNTY.—W. C. Myer left for Lane county this week, taking with him his Percheron stallion "White Prince" and some mares of the same stock.

BRIGHTLY breaks the morning of a new era in the annals of medicine. Alcohol will soon be banished from the list of remedies, and only known as a poison. Dr. J.
