PERSONAL.—Chas. Hughes, Esq., County Clerk of Josephine, was in town Friday last. Hon. J. F. Watson, of Roseburg, and Judge E. C. Bronaugh, of Portland, arrived in town last week, and are in attendance on the Circuit Court.

RAIN.—It has been raining with regularity this week, which has been of good effect to the growing crops, but bad on the hay, a considerable portion of which has already been cut. The rain Sunday was for a time the heaviest that has fallen in this section for a long period.

LAKE COUNTY.—Hon. E. C. Mason, of Lake county, was in town on Monday, and from him we learn that the County Court was in session at Linkville last week, Mr. Stelling, one of the Commissioners, and himself, being in attendance. Geo. Putnam, of Silver Lake, was appointed County Assessor, vice J. P. P. Smith, resigned.

PROBATE COURT.—The following proceedings occurred in the Probate Court Saturday: In the matter of the estate of Thilo Gassman, deceased, L. Herling, Administrator, having filed his exhibit and praying that a day be set for hearing the same, Tuesday, August 10, 1875, was set as said day.

ARRESTED.—Two warrants were last week sworn out against Daniel Doty, one charging him with an attempt to kill Brooks Johnson, and the other with an assault with a dangerous weapon on Mrs. Johnson. Justice Stinson held him to appear before the Grand Jury in the sum of \$2,500 on the first charge and in \$1,500 bonds on the last. Doty procured bail in both cases, Alex. Martin, John Orth and Jesse Dollarhide being his bondsmen in the first instance and P. Donegan, Jesse Dollarhide, Sol. Sachs and John Orth in the other.

TECUMSEH ALL RIGHT.—In our last issue we stated that Tecumseh, while coming over the Siskiyou mountains, got off the stage to walk, since when he had not been heard from. We learn now that he did disappear rather suddenly; but after considerable search it was discovered that some persons at one of the small stations along the road frightened him, and he had wrapped his blanket about him and cut across the Cascade mountains for home. Being well acquainted with the country, he had no trouble in arriving at his destination. Capt. O. C. Applegate, who had him in charge, was afraid lest Tecumseh was also among the missing, which made him quite uneasy, and was glad enough to hear that the disgusted chief had safely returned to his own illheo.

The stockholders of the Patrons of Husbandry Mill Company will meet in the Jacksonville Grange Hall to-day at 10 o'clock a. m.

The town was lively this week, many strangers being in town, in attendance on the Teachers' Institute and Circuit Court.

The Misses Cranston represented Lake Lodge of Linkville in the Grand Lodge of Good Templars, held at Portland last week.

McColl & Co., of the Ashland Store, will sell for cash and freight for cash during the next sixty days. A fine chance for bargains.

The report that J. J. Comstock has purchased the O. & C. Stage Line, copied by us from the Eugene Journal last week, turns out to be a mistake.

Superintendent Fleming elsewhere gives notice that the regular quarterly examination of applicants for certificates will be held in Jacksonville on Saturday, June 26, 1875.

N. Langell is the member of the Republican State Central Committee for this county, and Alex. Watts the member for Josephine. The Committee will meet in Portland on July 14th.

Patents have been received at the Linkville Land Office for the following residents of Lake county: Joseph Langell, Oliver H. Swingle, Robert Hall, Alfred R. Jones, William H. Averill, Benj. Hall, Robert Tenbrook and Thomas Wilson.

Jackson county has 2,405 school children, and receives \$1,226.55, coin, and \$432.90, currency, school money from the State. Josephine has 519 school children, and receives \$264.69, coin, and \$93.42, currency, school money from the State.

From Frank Niday, of Leland, we learn that severe rains have fallen in that section during the past week, which were the heaviest witnessed for some years. The roads were placed in bad condition thereby, being even worse than they were in Winter.

Wm. Bybee recently had his riding animal bitten by a rattlesnake on Antelope. The horse undoubtedly stepped on the serpent, and before he could recover his feet it struck him. Although Mr. Bybee administered the antidotes at hand, the animal swelled up rapidly, and when he left was in a precarious condition.

The Plaindealer says: "The Chetco Wagon Road Company, of Jackson, Josephine and Curry counties, are steadily pushing their plans to perfection, and some of these fine mornings

the railroad company, the Canyon road company, Roseburg, and everybody else, will wake up to find this road opened and the principal portion of the travel and freighting of Southern Oregon and California turned in that direction."

MINING NEWS.

James Lawrence, W. H. McDaniel and one or two others started on a prospecting tour Monday morning.

Messrs. Henry Klippel, W. F. Cornell, W. M. Turner and John S. Miller, have consolidated their cinnabar claims on West Beaver creek, under the name of the Emeline Quicksilver Mining Company.

Some more rich float from the Beaver creek cinnabar mines has been brought to town. There is much of this there, but the question is where it comes from, which those engaged there are endeavoring to find out.

A mining expert from Nevada, who has seen the ore of the quicksilver mines of Lake and Napa counties, Cal., and other sections, upon looking at the specimens from the Beaver Creek District, says the cinnabar ore of those regions is none such as that from the latter place, which he considers very fine.

A representative of the English company which purchased J. H. Reed & Co.'s placer diggings on Galice creek arrived in town this week. He left yesterday for that section, in company with Judge Reed and a mining expert from Nevada, which latter gentleman, we learn, will act as superintendent of the mines.

It is a common street rumor that a company has made a bargain with McNair and other parties of the famous Galice creek mines to erect a twenty-stamp mill in that section for the consideration of a half interest in their claims. After the cost of the mill is realized, the original owners of the claims will have an equal half interest in the mill as well as the ledges. We trust it is so, as there is but little doubt that with a fair trial those regions will speak for themselves.

CIRCUIT COURT.—The regular June term of the Circuit Court commenced Monday. The trial of Mrs. Caroline Briggs, under indictment of murder in the first degree, has been in progress, and is now fairly under way. Considerable difficulty was experienced in getting the requisite jury, about 75 persons being summoned before the 12 jurors were obtained. The jury consists of the following named gentlemen: R. S. Armstrong, Geo. A. Cooksey, W. T. Lever, Andrew Brophy, Wallace G. Bishop, T. J. Beall, Edmund Brooks, John Beard, John Cardwell, M. Bellinger, James M. Payne, Jos. H. Davis, H. K. Hanna, Esq., District Attorney, assisted by Judge E. C. Bronaugh, of Portland, are conducting the prosecution, while Messrs. James D. Fay, J. F. Watson, of Roseburg, J. H. Reed and Kahler & Watson, represent the defense.

TEACHERS' INSTITUTE.—The Teachers' Institute for this Judicial District met at the School House in this place last Monday, and after an instructive and interesting session of over two days adjourned. Prof. L. L. Rowland, State School Superintendent, was in attendance. Prof. J. H. Skidmore, of Ashland, presided, and Prof. H. C. Fleming officiated as Secretary. A good number of teachers from various portions of the District participated, and the programme each day was carried out in excellent manner. A large number of visitors were present each evening. A detailed report will appear in our next, it having not been handed us in time for this issue.

OUR EXPORTS.—In a recent number of the Portland Commercial Herald we find the following in reference to the hams, bacon and lard shipped there by our merchants not long since: Whatever else may have been expected from Jackson county—the farthest southern portion of the State—surely bacon was not in the list of probabilities. But we reckoned incorrectly. Bacon has been forwarded lately from Jacksonville here—sides and hams—to the large house of Corbitt & Macleay, and parties who have tested its merits join in the testimony that it is of very superior quality. Were it not, we might be sure, however, that Corbitt & Macleay would not receive or offer it.

FINE MARE.—Addison Sizemore, of this county, recently purchased a fine "Vermont" mare sired by the well known "Dr. Lindsay," dam a full-blooded "Vermont" mare. The price paid was \$600, and we understand she promises to be one of the fastest animals in the county.

COUNTY COURT PROCEEDINGS.

JUNE TERM.

Present—Hon. E. B. Watson, Judge; M. A. Hueston and John O'Brien, Commissioner; S. J. Day, Deputy Clerk.

The bill of Coos county for care of Walker Harriott, a pauper, was postponed till next term.

The report of the viewers appointed to review and relocate the county road running from Jacksonville to Jackass creek, near the latter place, was received. Report confirmed and the road established as prayed for.

The report of viewers appointed on a petition to change the road leading from Fisher's Ferry to the Salt Works, on Evans creek, was received. Report confirmed, excepting recommendation that the width of road be 30 feet.

The petition for a road from Herling's, on Poorman's creek, to intersect the Phoenix road, via the places of H. Blecher, W. C. Lacy, J. P. True and others, was granted so far as a view and survey is concerned. W. Ray, F. Heber and J. D. Buckley were appointed viewers, and J. S. Howard, Surveyor.

Jacob Wagner was authorized to make repairs on the Linkville road, between Soda Springs and Green Springs, not to exceed \$100.

S. J. Day, Street Commissioner, was empowered to purchase lumber to repair bridge on the road from Jacksonville to Yreka, crossing Rich Gulch.

L. Tinkham was appointed Supervisor of District No. 16, vice D. Farrar, deceased.

The County Treasurer was authorized to convert currency belonging to School Fund in his hands into coin.

The County Treasurer was ordered to surrender to Carrie Sexton and John Bolt their joint note for \$750, given to John Neuber as County Treasurer.

Bills to a large amount were audited. Court adjourned.

THE RAILROAD.—In conversation with a member of the firm of Geo. Tay & Co., San Francisco, well posted on railroad matters, we learn that a change is liable to take place in the management of the Oregon branch of the O. & C. R. R. at any time. The German bondholders, our informant says, will take charge of and run affairs themselves ere long, ousting Ben Holladay. He says that these foreign capitalists have some millions invested in this enterprise and are out considerable, and the only way that they can get even is to build the railroad through. It will take some \$13,000,000 or \$14,000,000 more to run it to the line; but this gentleman says they will undoubtedly do so, slowly but surely. The railroad is not paying much more than expenses, if it does that, and he thinks that a through line will be a good plan to get their money back. Our prospects are doubtless good for a railroad in a few years.

GRAND JURY.—The Grand Jury has been in session all week, and up to time of going to press had not adjourned. Two true bills against Daniel Doty have been found, one for assault to kill and the other for assault with a dangerous weapon; and one of larceny against the Chinaman last week arrested for stealing a watch. Not a true bill was returned in the case of the boy Foster. The following gentlemen compose the Jury: A. M. Berry, foreman, Herman v. Helms, B. F. Myer, Jasper Dennis, M. Baum, Veit Schutz, B. C. Goddard.

ELAINE FUNERAL MARCH.—We have just received from Messrs. Sherman & Hyde, Music Dealers, of San Francisco, a copy of the "Elaine Funeral March," composed by Blumenthal, and published by them. The title page is embellished with an accurate photograph of Toby E. Rosenthal's magnificent painting, "Elaine." Every lover of good music should send 50 cents in currency or stamps to the publishers, and obtain a copy.

HEAVY EXPENSES.—Through the courtesy of Deputy Clerk Day we are enabled to state that bills to the amount of \$5,314.77 were audited. These include warrants on the Building Fund, which amount to about one-fourth of the total sum. This is the largest sum audited at any one session of the County Court for a long time.

LOST.—On Tuesday, 15th inst., between the Post Office and the store of G. Karewski, a lady's purse, containing about \$12 in money, a golden cross and 23 rubles. The finder will be liberally rewarded by leaving it at this office.

THE LOST CABIN FOUND.—It is believed a party of Nevada miners have discovered the famous Lost Cabin, where rich gold mines were discovered, and the discoverers all killed by Indians. It is situated on McCloud river in this county, where gold and silver has been found in abundance. Bartol and sons have taken up a placer claim and quartz ledge in the vicinity, being residents on a milk ranch in that section. In the placer claim they found a nugget of gold about two inches in length, and think they have struck very rich diggings. Bartol, senior, was in town yesterday to see Steele in regard to the extent of ledge he can claim for himself and sons. The Nevada miners have located ledges also, one of which is a silver mine, said to assay \$1,000 a ton. These mines are beyond Mt. Shasta, and can be reached from the Sacramento river stage road.—Yreka Journal.

We trust our cotemporary's article will prove correct. But there is too much presumption in great mining discoveries now-a-days, and we are afraid lest this too will prove a gigantic myth. The "Lost Cabin" has always been supposed to be situated somewhere in this section, and what search has been instituted therefor has usually been prosecuted in these regions.

THE VERDICT.—After being out about 24 hours, the jurors in the case of Daniel Doty, under indictment of murder in the first degree, brought in a verdict of not guilty. The jurors were then polled, and after signifying their acquiescence in the verdict, discharged, having undergone a siege of almost two weeks. The prisoner was also soon after let out of Jail. The case was ably conducted on both sides and well contested throughout.

THANKS.—We acknowledge the receipt of an invitation from the Committee to attend the celebration of the coming Fourth of July under the auspices of the Patrons of Husbandry.

NEW GOODS.—Fisher & Caro have just received a large stock of general merchandise, which they offer at the very lowest prices. Give them a call.

CAST THEM OUT.—If there are any diseases which deserve the name *demonic*, Dyspepsia is one of them. It racks and tears the system like a veritable fiend, and renders life a burden. The medicines of the Dispensary will not expel it. Cast it out with Dr. Walker's Vegetable Food. There is no form of indigestion or liver complaint that can withstand this potent tonic and alterative. The newly discovered California roots and herbs, from which it is prepared, are of more value to mankind than all the gold of the Pacific States.

IMPORTANT.—Endorsed by the Medical profession. DR. WALKER'S BALSAM FOR THE LUNGS cures Coughs, Colds and Consumption, and all diseases of the Throat and Chest. DR. TOWNSEY'S TOOTHACHE ANODYNE cures in ONE MINUTE.

MARRIED.

KLUM-FINLEY.—In this city, at the residence of W. H. McDaniel, by Judge E. B. Watson, on June 12th, C. K. Klum to Miss Lucinda H. Finley—all of this county. [Compliments received. We wish the happy couple a long and pleasant life of wedded bliss.]

The Law of Newspapers.

- 1. Subscribers who do not give express notice to the contrary are considered as wishing to continue their subscriptions. 2. If any subscribers order the discontinuance of their newspapers, the publisher may continue to send them until all arrearages are paid. 3. If subscribers neglect or refuse to take their newspapers from the offices to which they are directed, the law holds them responsible until they have settled the bills, and ordered them discontinued. 4. If subscribers remove to other places without informing the publisher, and the newspapers are sent to the former direction, they are held responsible. 5. The courts have decided that refusing to take newspapers from the office, or removing and leaving them uncalled for, is prima facie evidence of intentional fraud. 6. The postmaster who neglects to give the legal notice of the neglect of a person to take from the office the newspapers addressed to him, is liable to the publisher for the subscription price.
