THE highest cash price paid for county orders. For further particulars apply at the TIMES office.

BALL.—The ball given Wednesday evening by M. Chapman was a well attended and pleasant affair.

RETURNED.—T. G. Devens, who has been absent from town for some time, has returned, and reports having discovered quartz mines that will lay the Comstock in the shade. We hope so.

ACCIDENT.—A son of Joel Dixon, of Table Rock, last week fell from a tree, dislocating the elbow of his left arm and breaking a bone of the same. Dr. Matthias was summoned, and the sufferer is doing well.

THE TEMPERANCE CANDIDATE.—We learn that Rev. G. W. Dimmick, the Temperance candidate, will also be here on the 8th and join in the discussion with the other candidates. The more, the merrier.

PROBATE COURT.—In this Court Wednesday, Mrs. Fanny Clark was appointed administratrix of the estate of Owen Clark, deceased. An appraisal of the property of said estate was filed by J. A. Wilson, T. B. Kent and J. Numan, the appraisers appointed, and administratrix authorized to sell personal property.

NARROW ESCAPE.—John Bolt, the affable P. M. of Applegate, had a close call on Thursday, the 26th ult. An artery in his leg broke while he was engaged in his store, and before the wound could be stanchd the loss of blood was so great as to render him very weak. We are pleased to learn that he is doing well and will be about as usual ere long.

SCHOOLS.—The Sisters' school commenced Monday last with a good attendance of pupils.

Miss Mollie McCully's school will reopen on Monday, Sept. 13th.

The District School, under the management of Professors Merritt and McFadden, will open next Monday, Sept. 6th. The rates of tuition have been reduced to \$3 per term for the higher department and \$2 for the primary.

IN TOWN.—Judge Sifers, of Kerbyville, is in town, and reports matters living up somewhat in Josephine county, owing to mining interests there moving forward. He is engaged on the erection of the mill of the O. Q. M. & M. Co., of Portland, and says work thereon has been delayed somewhat, owing to the saw mill in that section suspending operations, on account of low water. Lumber to finish the work will be procured from this county, and Mr. Sifers' business here is in relation to the completion of the mill.

ASHLAND NOTES.

ASHLAND, August 30th. More wedlocking.

Peach-cobblers are ripe. A. D. Helman has gone to San Francisco in the interest of the Grangers.

N. H. Clayton, who, this Summer, has been so successfully engaged in teaching school on Applegate, is now making his relatives and friends happy by a visitation.

Saturday, the 23th inst., Rev. Mr. Frazier and Rev. M. A. Williams organized a Presbyterian church here. They have twenty-two or twenty-three members. Messrs. Goodchild and Grubbe, Sr., were elected Elders, and Messrs. McCall, Goodchild and Walker, Sr., Trustees. A large congregation was at the 11 o'clock service on Sabbath, at which time Rev. Mr. Frazier made an able effort.

Again the undersigned is coerced by a sense of his high duty as a chronicler to record the conjugation of two of our friends, who were young and th—fairest. Mr. Geo. Baldwin and Miss Josie Nail were united in your city Sabbath last. They are sadly missed in our social circle. They have gone to Linkville to reside. We tender our congratulations and hope that their union may prove a blessing to them and many others.

The first of the week Messrs. W. C. Daley and J. R. Tozer started on a hunting excursion. On the Dead Indian road, near Mrs. Phoebe Walker's, they faced a plantigrade of the species Ursus Americanus Bearum, (as I am not proficient in Latin, this may be slightly erroneous). The nimrods presented arms, and the aforesaid bear essayed to make a physical demonstration, but changed his mind and direction and came in a nth of escaping; but a pop shot from our marshal made a finis.

Messrs. Rolph, Prentice, Eubanks and Michelson, are each having constructed a neat residence, and James Ewing is materially modifying his. Such reports as this could often be made. They are not brown stone edifices, but substantial cottage homes, each in a "green garden spot." Our Ashland fathers seem to have the true American ideas of home and education. They regard the comfort, beauty and attractiveness of their dwellings as objects worthy of their most assiduous care; and make the thorough, practical education of their children their continuous endeavor. PILOT ROCK.

AN EXPENSIVE DOG.—The Justice's Court was this week the scene of a suit for a dog, which proved rather interesting. S. Cohn sued George Schumpf for the recovery of the dog Cuff, he alleged to be wrongfully held by defendant, or damages to the amount of \$20, as the value of said dog Cuff. Legal talent was brought into requisition, and on Tuesday, the 31st ult., the matter came up for trial. A jury of six was summoned, but two failing to make their appearance, four sat on the case, who could not agree, however, and were discharged. Next day another jury was summoned, who finally brought in a verdict for the defendant. The costs in the case amount to about \$134, (not including attorney's fees) which are saddled on the plaintiff. This is a large sum to expend on a dog, and then not get the animal in the bargain.

SHERIFF'S SALE.—The goods in the store of John A. Boyer will be sold at Sheriff's sale on Saturday, September 11th, between the hours of 9 o'clock A. M., and four P. M. The stock consists of groceries, provisions, boots and shoes, tobacco and cigars, candies, nuts, stationery, etc., of the first quality, and those wishing the best of goods at their own rates should not fail to be on hand.

HORSE STOLEN.—Dr. J. P. Parker some time ago had a fine horse, running out on Rancheria Prairie, stolen by a stranger. We learn that the thief has been tracked to Siskiyou county, California.

OUR cotemporary denies that Mr. Lane will receive the votes of any Independents or Republicans. We could mention the names of several, and some responsible men are among them, too.

ADMINISTRATOR'S SALE.—E. D. Foudray, administrator of the estate of John Thurber, Sr., deceased, offers some real estate for sale. Read the advertisement.

SHEEP.—The band of sheep belonging to Walter Jackson and taken east of the mountains a few weeks ago, numbered about 2,000 head.

Personal.

Mrs. John Dick, of Linkville, is in town.

B. F. Dowell has returned from Salem.

Mrs. J. S. Burpee, a former resident of this place, arrived in town last week on a visit.

F. H. Lamb, Superintendent of the W. U. Telegraph for this section, was in town this week.

Dr. Robinson, an early resident of Jacksonville, but now living in Oakland, Cal., is in town.

Sheriff Manning and family left yesterday on a visit to relatives in Pendleton, Umatilla county.

Ben Sachs has returned from San Francisco, where he has been laying in a first-class stock of goods.

Mrs. H. C. Paige, nee Miss Emma Coffin, formerly of this place, but now of Portland, is in town on a visit.

Mrs. Seldeff and daughter, of Roseburg, sister and niece of Mrs. J. H. Penn, are on a visit to this section.

P. D. Hull has been appointed traveling agent of the Albany Democrat, and has gone to Coos Bay on business connected with that paper.

James C. McCully left for Salem yesterday. He was accompanied by his sister, Miss Isa, who goes to attend the Willamette University.

Judge Watson returned last week from a trip to Coos Bay. The Judge reports everything lovely on the Bay, and looks much improved himself.

B. W. Griffin, ex-Sheriff of Walla Walla county, W. T., is sojourning at present with his relations near this place. He is a son of Capt. B. B. Griffin.

C. C. Beekman and lady returned Tuesday from a trip North. They were also participants in the late grand Masonic reunion and excursion, at which an "away-up" time was had.

ANOTHER RICH LEDGE.—Reynolds, Jewett & Co. have for the past few months been prospecting a very promising ledge a short distance from the Elizabeth mine, which has every evidence of proving a paying investment. They are now crushing rock by means of an arastra, worked by horse power, and are always making expenses. The ore contains sulphurets, which they are unable to work by their process, but are throwing them aside for future operations. The ledge is from three feet and upwards in width, and seems to get better as the work proceeds. The company has fifty tons on dump, and from present appearances they seem to have a good thing. We learn that Wm. Bybee is also interested.

JOINT DISCUSSION.—Jacksonville has been made the scene of the opening of the joint discussions between the candidates for Congress, and next Wednesday, Sept. 8th, Honorables L. F. Lane, Henry Warren and George M. Whitney, the Democratic, Republican and Independent nominees respectively, will meet together at the Court House and present their claims to the citizens of Jacksonville county. The discussion will commence at one o'clock P. M.

THE RAILROAD.—The Yreka Journal says it is understood that a large force of workmen are to follow the surveyors on the railroad above Redding, and that the work will be pushed forward until a connection is made with the Oregon road. It is supposed work will be commenced on the Oregon end also, towards closing the gap. Where the connection will be made is still unknown to the public, and probably will be for some time.

BOARD OF EQUALIZATION.—Assessor Childers elsewhere gives notice that the Board of Equalization will meet at the County Clerk's office on the last Monday of this month and publicly examine the assessment roll. All persons feeling themselves aggrieved at their assessment can then have the same examined and rectified if incorrect.

THE STATE GRANGE.—Delegates to the State Grange, which meets in Portland, commencing on Tuesday, the 23th, on presenting their certificates and paying full fare one way on the railroad will get tickets for the round trip.

SETTLE UP.—As will be seen elsewhere, the accounts of Manning & Ish have been placed in the hands of H. K. Hanna, Esq., for collection, and those indebted to said firm are requested to settle immediately.

MORE new goods at Kubli's.

ARRIVAL OF THE DEMOCRATIC CANDIDATE.—Hon. L. F. Lane, our candidate for Congress, arrived in town on Monday's stage and is now canvassing this section. The flags were flying in honor of his coming, and he was most heartily received. It was the first time we had the pleasure of meeting Mr. Lane, and we found him a most affable and agreeable gentleman. He was in excellent spirits, and he enters the campaign with an energy and confidence most gratifying to see. He remained over night, and started the next morning for Linkville, accompanied by H. L. Webb, where he goes to open the joint Congressional campaign, and will be met there by Mr. Whitney, the Independent nominee.

THE Indians of Klamath Lake, Yainax and Warm Springs have been for the past month in the Selcian Valley horse-racing and hunting. They broke camp a short time ago and started for their homes. According to the story of a Warm Spring Indian, says the Plaindealer, there is a chance for some trouble between the Warm Springs and Klamaths. He says the Klamaths accuse the Warm Springs Indians of stealing their horses, and they were going to resent the insult. They would take their squaws out of the way and returning will give the Klamaths a sound thrashing. But as these Indians are great boasters and talkers, we apprehend but little trouble in that direction.

SURVEYING EXPEDITION.—A force of eleven men, headed by Charles Cadwalader, Resident Engineer of the California and Oregon Railroad, left yesterday with the necessary outfit to survey the line of that road from Reading to the Oregon line. It is understood to be the intention of the railroad company to connect the California and Oregon Railroad with the Oregon Central Railroad as soon as possible.

IRON DISCOVERY.—J. M. Sutton some fifteen years ago discovered a mountain of iron ore opposite Gold Hill, in this county, which proved upon assay to contain 80 per cent. metal. The quality of the iron has been pronounced excellent, says the Bulletin, and parties are now interesting themselves to induce capitalists to erect smelting furnaces and commence the reduction of the ore.

FURTHER APPOINTMENTS.—At the request of many friends, Hon. L. F. Lane has consented to address his fellow citizens at Ashland on Tuesday, Sept. 7th, and at Applegate, at the house of John Pearson, on Thursday, the 9th. It may be probable that one or both of his opponents will join him, as Mr. Lane invites them to participate at all times. Let a good attendance greet our champion.

MILITARY ORDERS.—The following order has been issued by Gen. Howard from Portland: The public exigencies requiring the immediate delivery of the articles, the post commissary of subsistence, Fort Klamath, is authorized to purchase in open market, at the lowest obtainable rates, twenty-five thousand pounds of potatoes and thirteen thousand pounds of onions.

"Quick sales and small profits" is their motto, and those desiring anything in their line will be accommodated at the lowest rates. \* No MEETING.—The meeting of the Agricultural Society, advertised to come off last Saturday, failed to be held, as but few of the members put in appearance.

WOOD.—Those who have promised, as also those who intend settling their subscription in wood, are informed that we are now ready to receive the same.

INSANE.—Amanda Centers was yesterday examined before Judge Watson by Dr. Callender, and pronounced insane. She will to-day be taken to the Asylum by J. B. Coates.

COUNTY COURT.—The September session of the County Court will be held next week.

The National Gold Medal was awarded to Bradley & Rulofson for the best Photographs in the United States, and the Vienna Medal for the best in the world. 429 Montgomery street, San Francisco.
