

The Democratic Times.

THURSDAY, AUGUST 17, 1876.

SOCIAL PARTY.—The Jacksonville Social Club will give one of its popular parties at its rooms to-morrow evening, August 18th. Good music will be in attendance. Tickets, \$1.

SCHOOL FUND APPORTIONMENT.—Treasurer Orth has received from State Treasurer Brown Jackson county's portion of the interest on the Irreducible School Fund for the year 1876, which amounts to \$1,463.14 in coin and \$683.78 in currency.

THEATRE.—The Sawtelle Dramatic Company, composed of three male and three female performers, gave three performances at the Social Club Rooms last week, which were well attended. Rip Van Winkle, East Lynne and other plays were presented in first-class manner, and Harry Gordon favored the audiences each night with some excellent songs. The troupe gave general satisfaction. It left for the North Sunday morning, and will be at the coming State Fair.

FALSE RUMOR.—Our citizens were considerably exercised last week by a report in circulation that small-pox had made its appearance among the Indians at the Klamath Agency, and that some had died of it. The rumor fortunately proved unfounded, several persons directly from the Agency denying that there was a single case prevailing there. Such reports are liable to do much injury to the business interests of the community, and should not be made without good foundation for them.

DR. CONLAN LYNCHED.—The notorious Dr. Conlan, who was such a nuisance to the people of this place and Linkville last year, as will be seen by the following from the Yreka Union of last Saturday, came to a sudden death in California: By a gentleman who arrived in Yreka from Redding on Thursday night, we learn that the news had just reached Redding before he left that the notorious Dr. Conlan had been lynched at Adin, Modoc county. The particulars of the affair, as related to us, are as follows: Conlan had been bothering E. Lauer, formerly of this place, all day, endeavoring to make a fuss with him, and finally chased him down the street with a pistol. A young man lately from Colusa county, and who had been married but two weeks, interfered to prevent Conlan shooting, when Conlan took aim at him and shot him, the ball entering his forehead between the eyes and killing him instantly. The citizens of Adin, who witnessed the affair, enraged beyond endurance by the previous actions of Conlan and the subsequent murder of an estimable young man, now rose in a body, captured Conlan, took him to a tree and hung him.

P. S.—Since the above was in type we learn that the story of Conlan being lynched is untrue. He is confined in the county jail of Modoc awaiting trial.

PROBATE COURT.—The following business was transacted in this Court last week:

The final settlement of Fanny Clark, administratrix of the estate of Owen Clark, deceased, was allowed and administratrix discharged.

The petition of Herman Helms, administrator of the estate of Lavinia Stow, deceased, to sell certain personal property, was granted.

Herman Helms, administrator of the estates of P. W. and Lavinia Stow, deceased, files his semi-annual exhibits of the affairs of said estates, which were approved.

W. Beeson, administrator of the estate of Roxanna Thurber, deceased, was given until the next term in which to file his semi-annual exhibit.

The inventory and appraisement of the estate of Samuel Laport, deceased, showing the same to be \$685.80, was presented and approved.

Herman Helms, administrator of the estate of P. W. Stow, deceased, files his sale bill of personal property sold, which shows that property to the amount of \$995.15 was disposed of. Sale bill approved.

Wm. Ray, administrator of the estate of Napoleon Baker, deceased, files the appraisement of said estate, which was approved. Administrator given an order to sell personal property.

John P. Walker, administrator of the estate of Elizabeth Walker, deceased, filed a supplemental appraisement of property found since first appraisement, which was accepted by the Court.

The Galice Creek Mining Company sent a quantity of ore to be assayed at San Francisco on the day of the stage robbery, but the robbers made away with it, no doubt thinking that they were getting away with that much gold-dust out of the express box.

The sealed proposals for covering the Court House and laying a new floor in the same were opened. Two bids were made—one by Ole C. STAGE AGAIN ROBBED.

Stage robberies, which were unknown for years in this section, are becoming frequent now. A short time ago the stage was stopped near Cottonwood, Cal., and last Thursday evening it was again halted by two men on the Siskiyou mountains, while on its way to Yreka, and the express box and mails taken. Milo Mathews, the driver, observed the men just ahead of him, while slowly ascending the mountain, but supposed they were tramps. On nearing the summit they got off on the side of the road and, as the stage came up, halted it and demanded the express box and mail-sacks of the driver. Milo attempted to parley with them, but they gave him to understand that they meant business by threatening to shoot him. There being no chance of resistance, he accordingly forked over and passed on. At Cottonwood the authorities of Siskiyou were telegraphed to, but took no action in the premises. When the news got here the next morning, Sheriff Manning and Marshal McDaniel started immediately for the scene; but, after a careful search, could find no clue of the whereabouts of the robbers. Tracks were found, but could not be traced any distance. Deputy Sheriff Coates and Deputy U. S. Marshals W. A. Owen and N. Langell resumed the pursuit on Sunday, but discovered nothing further except the supposition that the robbers got into the road again a distance from where the robbery was committed. Officers are yet on the track, and a vigorous search will be prosecuted. Postal Agent Underwood, who is here assisting in working up the case, has received a telegram from Washington, in which the Postmaster-General authorizes a reward of \$200 each for the apprehension and conviction of the perpetrators of the robbery, which, in connection with the standing reward of \$300 each offered by Wells, Fargo & Co., makes the amount \$500 for each.

The robbers made a very good haul. Mr. Underwood estimates that they got about \$7,000 in all. The express box contained only \$45, but a large quantity of gold-dust, amounting to about \$5,000, had been sent by registered letters from Kerbyville and Waldo, which they captured, together with some greenbacks and gold-notes. The fellows seemed to have some idea that the gold-dust was aboard, as they desisted from cutting the sacks when they had secured it. The only passengers were four ladies, and they were not molested.

The driver, on returning the next morning, found the six sacks and express box lying in the road, and brought them back to this place. Four of the sacks had been cut open with a sharp knife, and their contents strewn along the road. The box was broken open and everything taken from it.

Various conjectures are made as to the whereabouts of the culprits. Some seem to think that they have made their way to the Coast; others believe they have escaped by way of Lake county, while there are still others who surmise they are yet secreted in the mountains. Of course it is yet impossible to tell which is correct. However, the chances are considerably in favor of the thieves. We trust that they may be speedily captured and the property recovered.

JACKSONVILLE PUBLIC SCHOOL.—The Jacksonville District School will reopen on Monday, September 11th, under the management of Prof. J. W. Merritt and a corps of efficient assistants. Two large rooms have been added to the old building, a set of philosophical apparatus and an organ have been provided, and instructions will be given in music and such academic studies as pupils may wish to pursue. A first-class opportunity is thus offered to those who do not wish to take a full course, but desire to give their time and attention to particular studies. Non-residents of the District wishing to attend should apply to George Brown, President of the Board of School Directors.

What are the credentials of GLENN'S SULPHUR SOAP? Firstly, it is indorsed by medical men as a disinfectant, deodorizer, and remedy for local diseases of the skin. Secondly, it is an admirable article for toilet use. Thirdly, it is inexpensive.

ANOTHER OPPORTUNITY FOR THE RELIEF OF THE AFFLICTED.

The Surgeons of the National Surgical Institute, located in Indianapolis: Pacific Division, Alhambra Building, Bush Street, San Francisco, have yielded to the many urgent appeals from their patrons and friends in Oregon and Washington Territories and adjoining regions to revisit Portland. The former visit was highly satisfactory and encouraging, many of the patients then accepted for treatment being now entirely cured, while nearly all are greatly benefited and in a fair way of recovery. Three or more of the Surgeons will be at the Cosmopolitan Hotel in Portland, Oregon, from Monday, the 28th day of August, until Saturday, the 2d of September, 1876, six days inclusive.

They will have with them a great amount of surgical apparatus, appliances, etc., and competent assistants and workmen to change, fit, and make such apparatus as may be required. They will come especially prepared to treat all surgical cases: Paralysis, all kinds of Deformities of the Face, Spine and Limbs, Diseased Joints, Diseased Eyes, Catarrh, Private Diseases, Piles, Fistula, etc. All who wish to avail themselves of the advantages of the Institute, without the long journey to San Francisco or Indianapolis, should do so at this time. No cases will be undertaken without a fair hope of relief. It is needless to say that the institution is entirely responsible, and the largest and most popular of the kind in America, curing thousands annually. Remember the time and place, and come early. Send to the Institute for circular.
