WATCH AND CHAIN STOLEN.—Some thief last week entered the residence of James A. Cardwell and stole a valuable gold watch and chain belonging to one of his daughters. They were first missed on Saturday last.

FIRE IN JOSEPHINE.—Dick Ish, the affable Josephine expressman, informs us that Wm. Sawyer's residence, near Kerbyville, was totally destroyed by fire on the 25th, at about noon. The origin of the fire is traced to a defective flue. Nothing was saved.

BOARD OF EQUALIZATION.—This body commenced its labors on Monday last and is still busy examining the assessment roll. The valuation of property falls considerably below last year's estimate, and an increase of several mills in the levy may be looked for.

FOR COOS BAY.—Judge Watson, of the Second Judicial District, having been attorney in some of the cases to be tried at the September term of the Circuit Court for Coos county, Judge Prim of this District has consented to sit in his place. The Court meets on the 11th prox., and His Honor will start for Empire City next week.

THE CHETCO ROAD.—John O'Brien, W. Beeson and D. S. K. Buick left for Kerbyville on Tuesday to meet the delegates of Josephine and Curry counties in relation to matters concerning the Chetco wagon road. The conference meets to-day, and we will be able to give the result of its labors in our next issue.

CIRCUS COMING.—Montgomery Queen's celebrated circus will be at Ashland on Sept. 7th, at Jacksonville on Sept. 8th, and at Rock Point on Sept. 9th. This immense combination needs no praise at our hands. It takes largely wherever it goes and is highly spoken of by all who have seen it. Read the advertisement elsewhere and see for yourselves.

BASE BALL GAME AT ASHLAND.—The Jacksonville and Ashland first nines will play the return game on the grounds of the latter club to-morrow afternoon at two o'clock. The Jacksonville Club will comprise the following players: James C. McCully, pitcher and captain; Chas. Prim, catcher; Henry Mensor, short stop; Wm. G. Kinney, first base; Lewis Ross, second base; Leon Stinson, third base; Robt. A. Miller, left field; F. M. Nickerson, center field; Wm. Mensor, right field. There may be a slight change in the above, but we are not aware of it at present. The game will be played according to the rules of 1876. A rattling game may be expected, as both clubs mean business.

His horse jumped suddenly to one side—he got up and scratched the dust out of his eyes. Linkville distant two miles; time, four minutes; horse winner by about one hundred yards. Mail carrier 'ceased.'

At last, so we are informed, the time has been arranged for playing the return game of base ball between the first nines of Jacksonville and Ashland, and the match game will occur next Friday, Sept. 1st, at Ashland, on the grounds of the Ashland Base Ball Club. We hope it will prove an interesting game, and all will pass off quietly.

ROB ROY. ASHLAND, August 28, 1876.

INDIANS AT SILVER LAKE.—J. J. Jones informs the Yreka Journal that there are upwards of 2,000 Indians at Silver Lake and vicinity, consisting of the Warm Springs, Snakes, Putes, Klamaths or Yainax and others. They are there with numerous race horses, for the purpose of having match races, and also engage in gambling, a favorite pastime among the Indians. The Warm Springs have about 500 loose horses for racing, and about 500 on which they ride, while all the others also have large bands of horses. The Klamaths and Snakes are not very friendly to Oregonians or soldiers, ever since the Modoc war, but like the Californians.

TILDEN AND HENDRICKS' CLUB.—An impromptu meeting of the Democracy was held at the Court House at 1 o'clock P. M. yesterday, for the purpose of organizing a Tilden and Hendricks Club. Over sixty names were enrolled, after which A. C. Jones, Esq., was elected President; Hon. S. J. Day, Secretary; T. B. Kent, Esq., Corresponding Secretary. Several short and stirring addresses were made by parties present. The utmost enthusiasm prevailed. The meeting then adjourned, to meet at 2 o'clock P. M. of Saturday, Sept. 9, 1876, to which a general invitation is extended for everybody to attend.

LOOK OUT FOR THE TRAITOR.—Republican officials are distributing Pomeroy's Democrat gratuitously in this and other sections. There is certainly no further proof necessary to convince an intelligent person that Pomeroy has been bought and is endeavoring to transfer his Democratic readers bodily into the Republican fold. Democrats should not be hoodwinked by this 'wolf in sheep's clothing,' but get rid of his traitorous sheet immediately.

FLOUR AT FORT KLAMATH.—Sealed proposals will be received at the office of the Chief Commissary of Subsistence at Portland and by the acting Commissary at the post until Tuesday, September 12, 1876, for the delivery at Fort Klamath of twenty thousand pounds of flour and fifteen hundred pounds of family flour.

Come everybody and secure bargains.

Those indebted to us are requested for the last time to come forward, pay up, and save expenses. SACIUS BROS.

POLITICAL NOTES.

The Omaha Herald calls the letter of Tilden "the first epistle of Samuel."

The whisky thieves in St. Louis are organizing Hayes and Wheeler Clubs.

So logical, so sound, and so strong is the ground taken by Gov. Tilden, in his letter, on the great public questions of the times, that his adversaries have been unable to make a successful assault upon any part of it.

The Republicans have given up all hopes of carrying New York. The Albany Journal, a leading Republican organ, is trying to figure up the election of Hayes, without New York, but the figures will not come out right.

Western Massachusetts is coming up nobly for Tilden and reform. The Chinese question is one of the elements of the canvass in that section, and the working men express themselves as dissatisfied with the equivocation of the Republican platform on this matter, while they heartily approve the position of the Democratic party.

If the business of the Government was done by only just as many people as are required to transact it effectually, thousands of office-holders would get their walking papers, and the people would be saved millions annually. But the Republican party cannot afford to give up so many workers. The only way to get rid of them is to elect Tilden.

Republican newspapers may assail the Democratic House as much as they choose, but they cannot get over the fact that though opposed at every step by the Republicans and hindered by the extravagant Republican Senate, they have yet saved about thirty millions in the appropriations. This is something on which they can proudly go before the country.

The Bloomington Leader is thoroughly disgusted with the Courier's figures showing the economy of Tilden's administration in New York, and the extravagance of Hayes in Ohio. It is really dangerous, these hot days, to show a column of statistics to these Radical clowns, for it throws them instantly into convulsions. And how they would bite if their teeth hadn't been drawn!

When Grant was re-elected the business of the country was prosperous—its agriculturists thriving, its manufacturers were all in full operation. This has all passed away. The mills are closed, business is prostrated, the farmer is despondent and the artisan idle. During this time robbery has been going on in almost every department of the Government. Is it not time that all this should be changed?

The increase in the number of government officials under the Republican administration shows that reform is necessary. Admit the necessity of the increase from 1861 to 1865, because of the war, and see what Grantism means. See the figures. This is the civil list: 1861, total, \$6,049,183, total, \$7,365,185; total, \$5,167,183; total, \$4,207,187; total, \$7,997,187; total, \$8,857,187; total, \$1,119. Republican organs please copy.

We think the majority of the people would like to elect Mr. Tilden and try what a change would do for the country. There is a longing for a change—to be free from military Presidents, to have a general clearing up of the old mansion. In this desire many Republicans share. They would like the Republicans to go out of power now for going on in almost every department of the Government with renewed strength four years hence.—N. Y. Herald.

The reform professions of the Republican party belie its record. Had it done its duty during its long tenure of power, there would be no urgent need of reform. The real question on which the Presidential election is to turn, is, whether official honesty and administrative reform be more important than the protection of negro rights in the South. If the country regards the negro question as paramount, it will elect Hayes; if it regards the reform question as paramount, it will elect Tilden.—N. Y. Herald, Ind.

It was no doubt a very creditable feeling of solicitude for the welfare of our Southern brethren that caused our President to desire that the protection of the military should not be withdrawn from them, against the Indians. The people at large,

however, who have to pay the bills, would prefer that the South was left a little more to look after itself. They object to an unnecessary increase of their expenditures, and think that by this time their brethren of the warm and sunny lands ought to be able to take care of themselves. They desire to live within their incomes.

The Tilden column is full, strong, united and flushed with the confidence of victory. With reform written on its banner, it is marching against the hosts of Grantism, led by Zack Chandler, with the amiable Hayes as the nominal captain. The people mean to drive out of their public offices the whole herd of Grants, Dents, Babcocks, Sharps and Casseys, and to make Washington an unsafe place for post-trader Belknap, Secor Robeson, Landauet Williams, Boss Shepherd and the other thieves who have for eight years riddled there. In the battle of reform against corruption there can be only one issue in a country which has not lost all its sense of honor and detestation of public thievery and jobbery. When Grant departs from the White House next March, Tilden will move in and cleanse the Presidential mansion of its foul associations. During the next four years the rascals who have so long plundered the treasury will rest at home or behind the bars of a prison.

ANOTHER OPPORTUNITY FOR THE RELIEF OF THE AFFLICTED.

The Surgeons of the National Surgical Institute, located in Indianapolis: Pacific Division, Alhambra Building, Bush Street, San Francisco, have yielded to the many urgent appeals from their patrons and friends in Oregon and Washington Territories and adjoining regions to revisit Portland. The former visit was highly satisfactory, the encouraging many of the patients then accepted for treatment being now entirely cured, while nearly all are greatly benefited and in a fair way of recovery. Three or more of the Surgeons will be at the Cosmopolitan Hotel in Portland, Oregon, from Monday, the 28th day of August, until Saturday, the 2d of September, 1876, six days inclusive.

They will have with them a great amount of surgical apparatus, appliances, etc., and competent assistants and workmen to change, fit, and make such apparatus as may be required. They will come especially prepared to treat all surgical cases: Paralysis, all kinds of Deformities of the Face, Spine and Limbs, Diseased Joints, Diseased Eyes, Catarrh, Private Diseases, Piles, Fistula, etc. All who wish to avail themselves of the advantages of the Institute, without the long journey to San Francisco or Indianapolis, should do so at this time. No cases will be undertaken without a fair hope of relief. It is needless to say that the Institute is entirely responsible, and the largest and most popular of the kind in America, curing thousands annually. Remember the time and place, and come early. Send to the Institute for circular.

There is nothing mysterious about the disappearance from the skin of eruptions, rashes, scurfs, blouses, ulcers and sores, through the influence of GLENN'S SULPHUR SOAP. Sulphur is a potent purifier and healer of the skin and is most beneficially utilized in this form.
