TILDEN AND REFORM.

Come, all ye honest Democrats,
Let each man raise his voice;
The time has come for every man
To let his heart rejoice.
We'll gather round the good old flag,
With hearts both true and warm,
And give three honest, rousing cheers
For Tilden and Reform.

CHORUS.

Three cheers for Samuel Tilden,
Three cheers for Hendricks too;
Stand by the good old flag,
The red, white and blue.

Come let us live as once we lived,
Obey your country's laws,
The Constitution as it is,
The Union as it was;
We'll take the Democratic ship
And bravely face the storm,
And land her safe in port again,
With Tilden and Reform.

CHORUS.

Come strike now while the iron is hot,
Remember Washington;
The work of honest government
Has honestly begun.
Let's shout aloud to all the world,
And give the wild alarm,
To let them know that people are
For Tilden and Reform.

CHORUS.

Come rally round the same old flag
That won the world's applause,
When Jackson fought at New Orleans,
Unchain the Word of Liberty
To soar above the storm,
God bless our country! let us shout
For Tilden and Reform.

CHORUS.

Come, now's the time; 'twere better far
We all were in our graves
Than to submit to men who made
Us nothing but their slaves.
Let Liberty lift up her eyes,
To Heaven raise her arm,
And say, "Thank God! the country's
saved,
Through Tilden and Reform."

CHORUS.

POOR ELIZABETH.—The exact truth about the present relations between Mr. and Mrs. Tilton is this: When Tilton was home to spend the holidays, he sent his two daughters to see their mother and carry her flowers, and they were rudely repulsed. He made known to her lawyer that, if she was unprovided for, he would gladly send her a check for \$1,000. She sent back word that she would receive a dollar from him.

On returning from his lecture tour, two months ago, Tilton one day received a note from a venerable and well-known lawyer, asking him to call at his office. He called. The lawyer announced that he had superseded Mr. Wheeler, Mrs. Tilton's former lawyer; that the purchase of \$1,200 raised by Plymouth Church for Mrs. Tilton's support, of which Mr. Augustus Storrs was the almoner, was entirely exhausted; that she was living by her own hard labor, and that she requested that he (Tilton) would contribute to her support. Mr. Tilton replied that he had always been willing to support Mrs. Tilton without any regard to her feelings towards him or others; and he drew on the spot and placed in the lawyer's hands a check for \$1,000. The money on the check was drawn the next day, and Mrs. Tilton has been ever since, and is now, living upon it. She is apparently deserted by the Plymouth Church people, only one or two of them ever calling upon her, and that at long intervals. As to the children, the case is as simple as this: that they live exactly where they please. Three of them choose to live with their father, and the fourth will follow soon. There is not the least constraint, under the laws of the state of New Jersey, or otherwise.—*Chicago Tribune.*

READ THIS.—In view of the late small-pox having made its appearance in Victoria, and the probability of its breaking out on the Sound, the following may be of value. It is taken from an exchange: "When Jenner discovered cow pox in England, the world of science hurried an avalanche of fame upon his head; but when the most scientific school of medicine in the world—that in Paris—published this recipe as a panacea for small-pox, it was unheeded. It is unfailing as fate and conquers in every instance. It is harmless when taken by a well person. It will also cure scarlet fever. Here is the recipe, as I have used it and cured my children of the scarlet fever. I have used it to cure small-pox; and when learned physicians said the patient must die, it cured: Sulphate of zinc, 1 grain; fox glove (digitalis), 1 grain; half tea-spoonful of water; when thoroughly mixed add 4 ounces of water. Take a spoonful every hour. Either disease will disappear in twelve hours. For a child, smaller doses, according to age. If countries would compel their physicians to use this, there would be no use of pest-houses. If you value advice and experience, use this for that terrible disease."—*Puget Sound Courier.*

PROSPERITY shines on different persons in much the same way that the sun shines on different objects. Some it hardens like mud, while others it softens like wax.

THE PEOPLE'S FIGHT.—Never in the history of political partisan organizations has the action of a Convention given such universal satisfaction as did the nomination of Samuel J. Tilden and Thos. A. Hendricks by the Democracy at St. Louis. All over the State of California come to us through every exchange the gratifying intelligence of the awakened, zealous enthusiasm of the party for its nominees. There are now absolutely no growlers or fault finders among the Democrats of California. For the first time in fifteen years all the elements of the party on the Pacific Coast are pleased, and anxious to work for the cause. The fight is rapidly being taken from the hands of mere leaders and assumed by the people. Each and every Democrat is now an earnest partisan and political worker in the cause of his country. The controversy has in a great extent already left the forum, and is being taken up at the hearthstone. The watchword of the people is reform and purity in the Government, as is embodied in the names of Tilden and Hendricks. Partisan papers and such stumblers as E. A. Butler, Morton, Conkling, Gorham and Sargent may rant and hold up the bloody shirt; still, the minds and hearts of the great mass of our countrymen are looking hopefully for victory on the issues of ability, and the firm, proven honesty of the Democratic standard bearers.—*Stanislaus (Cal.) News.*

SELF HELP.—As a matter of practical philosophy, hardly anything can be more essential to the young than that they should set out in life with a correct understanding of how largely they hold their fortunes in their own keeping. Be courageous, but prudent; enterprising, but painstaking; industrious and persevering; always remembering that the proverb, though old, is still true, and will never wear out—Providence helps those who help themselves.

Did you ever, asks the Cincinnati Times, watch the noiseless movements of a pretty girl's lips as her dress is trodden upon, and marvel at the command which enables her to do the situation justice in so quiet a manner? A dozen fonts of type wouldn't furnish dashes enough to represent the remarks of the average man under like excitement.

SMALL POX.—A physician publishes the following prescription in the Cincinnati Star: "Pure water, 1 pint; Epsom salt, half ounce; fluid extract of digitalis, ten drops; mix. Dose, one table-spoonful every hour. It will cure small-pox, measles and scarlet fever in one day. No other medicine is needed."

PROFANITY and plug tobacco spoil the mouth of a boy; gum and slang that of a girl.

CENTAUR LINIMENTS!

[Letter from a Postmaster.]

"ANACOSTA, D. C., Dec. 1, 1874.
Messrs. J. B. Rose & Co.:—My wife has, for a long time, been a terrible sufferer from Rheumatism. She has tried many physicians and many remedies. The only thing that has given her relief is your Centaur Liniment. I am rejoiced to say this has cured her. I am doing what I can to extend its sale."
W. H. RING.

This is a sample of many thousand testimonials received, of wonderful cures effected by the Centaur Liniment. The ingredients of this article are published around each bottle. It contains Witch Hazel, Mentha, Arnica, Rock Oil, Carbolic, and ingredients hitherto little known. It is an indisputable fact that the Centaur Liniment is performing more cures of Swellings, Stiff Joints, Eruptions, Rheumatism, Neuralgia, Sciatica, Caked Breasts, Lock-jaw, &c., than all other Liniments, Embrocations, Extracts, Salves, Ointments and Plasters now in use.

For toothache, earache, weak back, itch, and cutaneous eruptions, it is admirable. It cures burns and scalds without a scar. Extracts poison from bites and stings, and heals frost-bites and chilblains in a short time. No family can afford to be without the Centaur Liniment, white wrapper.

The Centaur Liniment, Yellow Wrapper, is adapted to the tough skin, muscles and flesh of the animal creation. Its effect upon severe cases of Scavin, Sweeney, Wind Gall, Big Head and Poll Evil, are little less than marvelous.

Messrs. McClure & Co., Druggists, cor. Elm and Front Sts., Cincinnati, O., say: "In our neighborhood a number of teamsters are using the Centaur Liniment. They pronounce it superior to anything they have ever used. We sell as high as four to five dozen bottles per month to these teamsters."

We have thousands of similar testimonials.

For wounds, galls, scratches, ring-bone, &c., and for Screw Worm in Sheep it has no rival. Farmers, Livery-men and Stock-raisers have in this Liniment a remedy which is worth a hundred times its cost.

Dr. E. Dimoch, of Dupont, O., says: "I am using Castoria in my practice with the most beneficial results. Most nurses in New York city use the Castoria. It is prepared by Messrs. J. B. Rose & Co., 46 Dey St., New York, successors to Samuel Pitcher, M. D."

You may be in the first stage; remember you are approaching the last. If you are bordering upon the last, and are suffering some or all of its ill effects, remember that if you persist in procrastination, the time must come when the most skillful physician can render you no assistance; when the door of hope will be closed against you; when no angel of mercy can bring you relief. AFTER A QUARTER OF A CENTURY

Of active work in the field of honorable practice in California, during which time thousands of the most difficult cases of
