

RALLY, DEMOCRATS, RALLY!

A. C. JONES, W. M. COLVIG, JR.

And others will address the citizens of Jackson county on the Political Issues of the Day at the following places: Table Rock precinct, at Stanley's store, on Saturday, September 23d; Little Butte precinct, at the Brownborough school house, on Saturday, September 23d, at which time Tilden and Hendricks Clubs will be organized. Speaking to commence at 1 o'clock p. m. Everybody is invited to attend.

RELIGIOUS SERVICES.—Rev. W. Hurlbut, the new pastor, arrived a few days ago, and will hold religious services at the M. E. Church next Sunday.

MACHINERY ARRIVED.—The machinery of the Alden Fruit Dryer arrived last week and is being put in position. It is expected that operations will commence in a week or two. The season has so far progressed that but few varieties of fruit will this year be put up by this method.

SWEET POTATOES.—James McDonough has this season raised about 1,000 pounds of sweet potatoes on his place near Willow Springs, which are pronounced excellent by those who have tried them. This is a new wrinkle in the vegetable line in this section. Had the season been favorable Mr. McDonough's crop would have been considerably larger.

CATHOLIC INTELLIGENCE.—There will be an eight days' mission commenced in the Catholic Church on Sunday, Sept. 24th, to be preached by the Rev. Father Callan, of Yreka. Morning exercises on both Sundays at 10:30 o'clock and evening exercises at 7 o'clock; on the week days, in the morning at 7:30 o'clock and in the evening at 7 o'clock. Catholics are expected to attend and non-Catholics are respectfully invited.

ODD FELLOWS' CELEBRATION.—The Odd Fellows of Jackson and Josephine counties celebrated the Centennial year yesterday in appropriate style. The various lodges were well represented. Owing to the late rains the celebration did not take place at Rybee's Grove as announced. The members formed in procession at about eleven o'clock and marched to the Court House, where the advertised programme was performed in a becoming manner. The ball in the evening was well attended and a very pleasant affair. Want of time precludes a more extended notice, which we would like to have given it.

LEGISLATIVE COMMITTEES.—The Southern Oregon delegation to the Legislature has been liberally honored with positions on the various Committees. Senator Herrin is Chairman of the Committee on Counties. Senator Green is Chairman of the Committee on Mining and member of the Committees on Military and Public Lands. Representative Crain is Chairman of the Committee on Elections. Mr. McCall is on the Committee on Ways and Means. Mr. Fidler, of Josephine, is Chairman of the Committee on Mining and member of the Committee on Enrolled Bills. Mr. Cheesman, of Lake, is Chairman of the Committee on Public Lands. He was also Speaker pro tem. of the House upon its organization.

ROBBERY ON BEAVER CREEK.—From W. F. Cornell, just in from Beaver creek, we learn that on the 8th three masked men made a raid on the Chinese companies mining on Beaver and Hungry creeks, and robbed them of what gold-dust they had in their possession, as also what was in the sluices at the time, which they made them clean up, all of which must have amounted to a considerable sum. This robbery was committed in open daylight, and it is thought by some that the robbers are none others than the Wells boys, who are supposed to be prowling in the Siskiyou mountains. We also learn that a miner's cabin in that region was broken into the night before and robbed of a watch and quite a sum of gold-dust.

have been received at the Roseburg Land office.

John Bilger and son returned last week from a Centennial trip East. Mr. Bilger visited the Philadelphia Exposition and speaks in high terms of that affair. He has been absent almost three months from this place and considers himself amply repaid for his visit. He was accompanied by a niece from Buffalo, N. Y.

A BOLD ROBBERY.—Last Sunday morning, as a man named John Critchfield was passing a China house with his purse in his hand and which he was just putting in his pocket, a Celestial, known as the "Doctor," suddenly snatched it and darted into the house. Critchfield made complaint to Marshal McDaniel, who immediately arrested the Chinaman, as also another one who was standing by at the time of the theft, and lodged them in the calaboose. The latter was subsequently released, but the "Doctor" on Tuesday had a preliminary examination before Justice Kent, who bound him over in the sum of \$500, in default of which he was remanded to jail. Critchfield is just from Josephine county, where he was employed as mill-wright in Wimer & Son's mill. He alleges that there were three twentys, a \$20-greenback, a \$5 gold-piece and two trade dollars in the purse at the time. There is no probability that the money or any portion of it will ever be recovered. It was certainly a very bold robbery, to say the least.

WHAT OUR DELEGATION IS DOING.—The members of the Legislature from Jackson, Josephine and Lake counties are busily at work and will doubtless distinguish themselves in their respective positions. Up to the present time they have introduced the following bills: Mr. Herrin—Senate bill No. 10, for the relief of Jackson county to the amount of \$898. Mr. Fidler—To locate the county seat of Josephine county at Kerbyville or Wilderville. Mr. McCall—To bond balance of the Modoc war claims. Mr. Cheesman—To amend section 85 of the civil code of procedure; also making an appropriation for the Silver Lake and Eugene wagon road and Southern Oregon wagon road. Mr. Cain—To amend the election law as regards selling liquor on that day.

EXCITING INCIDENT.—The Salem Mercury of the 16th says: "Yesterday evening there was considerable excitement on Commercial street, occasioned by Jack Montgomery attempting to take his child, a little girl, from its mother—his former wife—from whom he has been separated for some time. He had in his pocket a decree of the Court of one of the southern counties granting him possession of the child, and when he undertook to take it in keeping he was resisted vigorously by the mother, whose cries soon attracted a large crowd. The mother was finally referred to an attorney for his opinion, who, finding that the decree was not accompanied by an order of the Court for possession, decided that the mother could not be legally dispossessed and she was allowed to depart in triumph."

ON THE STUMP.—By the San Francisco papers, we see that Dr. J. Grey Jewell, formerly of this place, is doing some good work for Tilden, Hendricks and Reform. The Doctor is an effective speaker, and having had much experience in public affairs at Washington will doubtless give some interesting chapters of how Radicals manipulate affairs in Washington. We learn that he will stump California in behalf of the Democracy.

DISTRICT SCHOOL.—The Jacksonville District School re-opened last Monday with an attendance of one hundred and seventy scholars in the four departments, a large increase over previous attendances. The new addition is a big improvement in every way, and there is plenty of room for all comers.

SUICIDE.—A Swiss in the employ of the Galice Creek Mining Company committed suicide on the 11th by shooting himself in the head with a rifle. He was supposed to be temporarily insane at the time, as he had acted rather strangely of late. He was about 40 years of age.

Sale will commence on Saturday, September 2, 1876, and will be continued every Monday and Saturday following, until all is sold. The entire stock will positively be sold without reserve. Come everybody and secure bargains. Those indebted to us are requested for the last time to come forward, pay up, and save expenses. SACHS BROS.

THE STATE FAIR.—The managers of the next State Fair, which will commence on the 9th of October, are making great efforts to make it the best and most complete ever witnessed in Oregon. Many improvements to the ground, buildings, etc., have been and are being made, and no pains will be spared to make it successful in every particular. Read the advertisement elsewhere.

EDEN CLUB MEETING.—Owing to the heavy rain that prevailed Saturday evening the speakers announced to address the Tilden and Hendricks Club at Phenix did not put in appearance. They will be on hand next Saturday evening, however, when an interesting meeting will be held. Everybody is invited to attend.

FOR SALEM.—W. C. Myer, accompanied by Ed. B. Caton, left yesterday for Salem, taking with him several horses of the Percheron stock, including his fine stallions and mares, which he intends exhibiting at the State Fair. He takes some animals along with the intention of selling them.

NOTHING is more harassing than ulcers or boils. Fortunately they can be quickly healed by the use of Glenn's SULPHUR SOAP, which purges the sore of its poisonous virus or proud flesh, and thus removes the only obstacle to its healing.
