

DEMOCRATIC NOMINATIONS.

FOR PRESIDENT:

SAMUEL J. TILDEN, OF NEW YORK.

FOR VICE PRESIDENT:

THOS. A. HENDRICKS, OF INDIANA.

FOR PRESIDENTIAL ELECTORS:

W. R. LASWELL, Of Grant; HENRY KLIPPEL, Of Jackson; E. A. CRONIN, Of Multnomah.

FOR CONGRESS:

LA FAYETTE LANE, OF DOUGLAS.

PUBLIC SPEAKING.

Hon. Henry Klippel and Gen. W. H. Odell, Democratic and Republican candidates for Presidential Elector, will discuss the political issues at the following places and on the designated dates: Canyonville, Friday, October 27th; Roseburg, Saturday, " 28th; Oakland, Tuesday, " 31st; Cottage Grove, Wednesday, Nov. 1st; Eugene City, Thursday, " 2d.

Tilden's Record.

The Republicans, for want of something to say against his eminent public career, have been and upon all occasions are yet engaged in the dirty, unprincipled work of falsely assailing Mr. Tilden's private record and character. Their charges are proved to be malicious and contemptible in the utmost, and it shows to what straits the Radicals are driven for capital against their opponents. The greatest proof of the high, unimpeachable reputation of the Democratic standard-bearer is found in the fact that only two years ago the people of his native State, in which he has lived over sixty years, elected him Governor by 53,000 majority over Gen. Dix, who but two years before received a like majority. Sensible people are not to be caught by such chaff, but are more likely to become highly disgusted with this reprehensible slandering of eminent citizens.

Another Abortion.

Some ten or twelve persons met at Salem on the 16th inst. and put out a Cooper and Carey or greenback ticket. Fen. Sutherland, of Douglas, Daniel Clark, of Marion, and Bart. Curl, of Grant, were nominated for Electors. We doubt very much if these gentlemen will accept the empty honor of being sacrificed in an unworthy cause. The intent of this movement is to draw votes from the Democratic ticket. Fortunately there are but few Democrats foolish enough to thus waste their votes in this important election, and this thsco will little avail the officeholders' ring, which doubtless originated this scheme.

The Gain in Electoral Votes.

In the State elections so far held the Democracy has not merely gained on the popular vote of 1872 two hundred thousand votes, but has secured the votes of Alabama, Arkansas, Indiana and West Virginia; in all, thirty-six electoral votes from States which voted for Grant in 1872. With Colorado and Ohio yet in doubt, and of all the States yet voting, only two, Maine and Vermont, safe for Hayes, there can be no doubt of the triumph of Tilden and Hendricks by a large majority of the electoral college.

Democratic Arguments.

\$30,000,000 saved in annual federal expenses by the action of one branch of Congress in one session. \$65,000,000 of retrenchment proposed and the amount cut down only in consequence of the Republican Senate and Executive. \$6,000,000 saved to the taxpayers of New York State in one year by Governor Tilden.

A WORD TO THE WORKINGMEN.

What party has controlled the affairs of the nation for the past 16 years? The Republican party. Who has levied and collected enormous taxes, given away millions of acres of our public lands, plundered the National treasury, squandered our revenues, paralyzed our industries, closed our mines, rolling mills, furnaces, forges and workshops, and brought our people to starvation, bankruptcy and ruin; thrown thousands of honest men out of work and banished them from their homes to "tramp" upon every thoroughfare and highway in the land in pursuit of employment? Is it not the Republican party that is responsible for all this stagnation in business; for all this misery and woe?

Shall we give this party which has been guilty of these crimes, of this outrageous career, a new lease of power? Shall we vote for Hayes and Wheeler and thus perpetuate the reign of a decay movement and enjoin to the force of voting for Cooper and Carey, who cannot possibly obtain a single electoral vote, and thereby aid in continuing the Republican party in power? Or shall we act the part of sensible men, and vote in a manner that our ballots will count in the great battle for reform which will come off in November?

Shall we not act like wise men and vote with the army of reform that is now marching on under the leadership of those fearless, gallant and honest leaders, Tilden and Hendricks? There is but one escape from our present difficulty; there is but one road which will lead us out of our fearful condition, but one course left for us to pursue, and that is to vote for Tilden and Hendricks. Business and working men, shall we not do this, and achieve a victory decisive and complete? In the event of the election of Tilden and Hendricks, a new era will dawn upon us, which will revive trade, set the industries of the nation in motion, giving employment to laborers, mechanics and artisans in every vocation and calling. Vote for Tilden, Hendricks and a restoration of our crippled industries and a general revival of business.

The October Triumph.

The conclusive news of the great victory in Indiana has inspired the Democracy with the wildest enthusiasm. Never was a political success won against more fearful odds, and when one contemplates the enormous concentration of radical power and corruption in that single State, it seems almost a miracle that the simple virtue of the people, set in their resolve for reform and purification of public affairs, should have triumphed. Blue Jeans Williams' election is a trophy not merely for the Democratic party, but for popular government, because it shows that all the engineering of wealth and power is impotent against the determination of a free and virtuous people. The few may be corrupted, but the many cannot be. They may for a time be deceived by bad men, but when the people are once enlightened as to their real character, the untrustworthy are driven from power by the sharp scourge of popular suffrage.

Wheeler and Goat Island.

The Republican candidate for Vice-President proves no better than Morgan, Anthony, Orth or Chamberlain. The villainous affair of Ogdenburg, Champlain and St. Lawrence Railroad, in which he simply blackmailed a corporation out of \$20,000, is still fresh on the public mind. An examination of his record as Chairman of the Pacific Railroad Committee shows a series of transactions of a most questionable character. The infamous Goat Island scheme to give away \$2,500,000 worth of property in the San Francisco harbor to the already pampered Central Pacific, passed the House through the great exertions of Wheeler. He fought for it day after day, and exerted in its favor every conceivable legislative trick. The people will not elevate the head of Congressional land grabbers to the Vice-Presidency.

More Northern Outrages.

Six whites, returning home from a Democratic mass meeting at Edgard, S. C., near dark on the 18th, were fired into by colored men in ambush. One was killed instantly and another severely wounded. Maj. Kline and other U. S. officers, at the request of the whites, went to the spot, and while viewing the body, a white man sent for the coroner was also shot at from ambush and his leg shattered and horse wounded. The meeting had been quiet and orderly.

POLITICAL NOTES.

The net result of eight years of Grantism - bayonet.

Hayes is worth \$70,000, but he carries a \$12 watch and drives a \$20 horse. He has also blooded cattle valued at \$12.50 per capita. See his tax list.

Bob Ingersoll says: "There is no God," and alternately reviles the Deity and the Democratic party. After election he will wish there was no God and no Democratic party.

A boy in blue, who never voted anything but the Radical ticket, says: "I have made up my mind to vote for Tilden. The smoke has gone out of one chimney, long enough. The country needs a change."

School teaching seems to have been the stumbling block of more than one prominent Radical in Oregon. And they all appear to have a bankinging to go to Washington, either in the capacity of Senator or Congressman.

We find among the Republican leaders of today, "red-handed rebels" of the war, like Longstreet, Mosby, Alcorn, Holden, Settle, etc.; while on the other hand the larger number of Union Generals are active supporters of Tilden and Hendricks.

Ex-Governor Scott, of South Carolina, thinks Wade Hampton will be elected sure, unless more troops are sent to the rescue. Senator Patterson, who thought there was "five years more of good stealing in South Carolina," has seen the President and says it is all right; the troops will be forwarded.

It may take the shape of the "bloody shirt," Tilden's record, "the solid South," the results of the war, or whatever may come handy; but the real issue with the Radicals is to divert public attention from the unexampled corruption of the Radical party during the past eight years.

All the monopolies with which our distressed people are burthened are the outgrowth of Republican rule. The Republican party has never abated a monopoly. The Democratic party has never created one. The Republican party always multiplies legislation. The Democratic party persistently removes bad laws from the Statute book.

From March 4, 1879, to June 30, 1861, or 72 years, the entire net ordinary expenses of the Government were \$1,581,706,195; from June 30, 1861, to June 30, 1875, or fourteen years, they amounted, exclusive of the public debt, to \$3,220,250,750. The net ordinary expenses in the ten years of peace since 1865, are \$2,044,233,412. The total expenditures of the six years of President Grant's administration, ending with June 30, 1875, \$1,008,438,461.

Hayes and the Catholics.

R. B. Hayes, the Republican, Presidential nominee, exhibited his narrow, proscriptive spirit when he made the following speech in the Ohio campaign last fall:

"Fellow-citizens, I am a bitter and uncompromising enemy of Roman Catholics. I am opposed to their election or appointment to office. I am in favor of disfranchising them peacefully, if possible, if not then with the bayonet. And I am in favor of prohibiting the increase of their churches and convents, abolishing their popish schools, and by this means root out every vestige of Popery from the United States. Fellow-citizens, Roman Catholic citizens cannot be loyal to our Government notwithstanding their sworn allegiance to it. I say again they cannot be truly loyal owing to their paramount allegiance to the Pope of Rome, whose every command they are always ready to implicitly obey."

This is a direct insult to the many Catholics who, in the Revolution and on subsequent occasions, fought and bled for the American Republic, and is also an unnecessary plunging of religion into the pool of politics, which but the smallest politician will indulge in. Perhaps Mr. Hayes will yet have occasion to be thankful for all the Catholic votes he can get.

Democrats Yet Sanguine of Ohio.

The Republican majority in Ohio is only about 6,000, and the Democracy, as the annexed dispatch shows, is yet sanguine of Ohio. The Democrats made the fight in the October election on a greenback platform, and many a Democrat and Liberal would not vote the ticket in consequence. A different result may be looked for in November.

COLUMBUS, Oct. 18.—The Democratic Central Committee and a number of prominent Democrats were in council here to-day. A number of speeches of the most hopeful character were made. The determination was reached to renew the contest in Ohio with all possible vigor and work with the idea of carrying the State. The committee will to-morrow issue an address congratulating the Democracy on the gallant fight they have made, urging them to renewed efforts, stating that if the Democracy do their whole duty the State can be carried for Tilden.

Horrible.

The latest charge on Gov. Tilden is to the effect that he has been guilty of cruelty and inhumanly whipping his mother-in-law. As this charge is as well substantiated as any of the others which have been brought against him, we call for an explanation. Let him be investigated by a committee composed of the class to which the victim of his cruelty belongs, and let his vindication be perfect and complete, or let him be frowned down. An old bachelor who will whip his mother-in-law can never be President of this great Republic.

A Nice Hard-Money Candidate.

The Republicans have much to say about "Slippery Dick" Williams as a hard-money man, yet we find the Douglas Independent, the sole organ of the greenback party, supporting him even more ardently than his own party papers. Comment is unnecessary.

Saving \$1,000,000 a Week.

A rice, economical party the Republican party is for hard times. They increased their estimates for running the Government \$25,415,698 over the appropriations of last year. They asked for \$203,099,025, or nearly a million dollars a day—an expenditure nearly on the scale of that of war times. The House cut them down to \$120,611,871, and would have kept them down to \$109,244,140, if it had not been for the obstinacy of a wasteful Senate. As it was, in spite of the resistance of the Senate, the Democratic House cut down the Republican estimates \$55,380,650. In other words, the Democratic House save the taxpayers of the country \$151,725 a day for a year to come; \$1,065,012 a week for a year to come; \$4,615,054 a month for a year to come. This is the work of the Democratic party in one year in Congress. In two years of Democratic administration in New York the taxes have been reduced one-half. The Democracy is the party for hard times.

West Virginia and Indiana.

The following from the Salem Mercury will give an idea of how the Republicans did things in Ohio and West Virginia:

We are informed by a Democrat that he received a letter from a friend in West Virginia, written before the October elections, in which the writer says that the Democracy would be successful in that State by an overwhelming majority, for the reason that some four thousand negroes had gone over to Indiana to vote the Radical ticket and defeat "Blue Jeans" Williams for Governor. It was also stated in the public prints and not successfully denied that a few days before the election in Indiana about fifteen hundred negroes had crossed over into that State from Kentucky for the purpose of voting the Radical ticket, and thwart the will of the people living in that State. Democrats and honest people everywhere should make a note of this, and rebuke the party at the polls on the seventh of next month that would resort to such disgraceful and dishonorable practices, and bury them for all time to come in the grave of oblivion.
