

CAMP SONG NO. 4.

(Air—"Yankee Doodle.") Tilden and Hendricks are the men to guide the storm that's brewing...

Yesthey will take upon themselves the task of renovating the party dominating...

Reformers will take upon themselves the task of renovating the party dominating...

There's a whistling and other things that makes the mind grow weary...

What is it of prisons, courts or laws, if they are disregarded...

Good people all let's emulate our Tilden at reforming...

HINTS TO THE GIRLS.—An old stage, who has been through the mill, gives the following parental advice to the girls:

Take lessons on the piano and learn to paint and sing, but let your mother do the washing.

Do worsted work, and make nice little neckties for the heathen, but don't acquire that mystic art to cook "pork and beans."

Go to boarding school and pursue some French, Spanish and German, but neglect your good old mother English.

Flatly deny the soft impeachment that you are engaged. Treat your young sprig precisely as if you were ashamed of him.

When you laugh, laugh hearty. Your gold fillings may be seen. It is a sign of a great deal.

Tell people who are pestered, and consequently know better, that you are exactly nineteen last or next summer, you forget which. They'll believe it, you know.

Say naughty things of your rival and next-door neighbor, and speak disparagingly of Miss Q's nose. But entirely overlook your own incongruities.

By all means "note" a nice little dog after you on the street. There is a chance of your being taken for some one else, while it speaks volumes—for the dog.

Walk four abreast and keep the center of the sidewalk, but never for a moment allow yourself to be disconcerted. It shows consideration for the happiness of others.

Finally, quit being girls by marrying some old half-breeded buffer, with lots of "tin," and ruthlessly thrust aside a man of brains with a becoming competency.

NEW YORK FASHION NOTES.

Here is the latest from the fashionable world, which we clip for the especial benefit of our lady readers:

The Pifferari hat is a favorite one with young girls. The last novelty arrived from Paris is the red fan with black sticks.

No blue toilettes are considered quite complete unless touched up with red. The forget-me-not shade of blue is a fashionable color for an evening toilette.

French dresses have whalebones in every seam, and steels are oftentimes used. It is prophesied that felt hats will not be as popular next winter as they were last.

High and pointed crowns are the distinguishing characteristics of new fall bonnets. The newest style of watch for gentlemen has a very thick glass face not enclosed.

Dark colors, and black best of all, are the only suitable ones in which to have a photograph taken. Polonaises are given a comparatively new effect by buttoning them on the side, or lacing them in the back.

With the hair arranged high on the head, either side combs, back combs, or hairpins in the shape of daggers or swords are worn. Again it is necessary to mention that bows from the trimming or part of it on every dress. Those made of ribbon are most fashionable.

Petticoats trimmed with flounces or embroidery are made of cambric or of jaquet muslin, as they make the garment less heavy and take starch better. Plaided skirts with jackets are the most suitable dresses for boys under six years. With these, long stockings the color of the costume are worn in winter and short ones in summer.

REFORM IN FEDERAL TAXATION.—Reform is necessary in the sum and modes of Federal taxation to the end that capital may be set free from distrust, and labor lightly burdened. We denounce the present Tariff, levied upon nearly 4,000 articles, as a masterpiece of injustice, inequality, and false pretense.

It yields a dwindling, not a yearly rising, revenue. It has impoverished many industries to subsidize a few. It prohibits imports that might purchase the products of American labor.

It has degraded American commerce from the first to an inferior rank on the high seas. It has cut down the sales of American manufactures at home and abroad, depleted the returns of American agriculture—an industry followed by half our people.

It costs the people five times more than it produces to the Treasury, obstructs the process of production and wastes the fruits of labor. It promotes fraud, fosters smuggling, enriches dishonest officials, and bankrupts honest merchants.

We demand that all Custom House taxation shall be only for revenue.—St. Louis Platform. EIGHT HUNDRED RASCALS.—The tables prepared by the Treasury department show that Federal office holders who have proven defaulters to the Government since U. S. Grant has been in the Presidential chair. These defalcations do not come under the head of "swindling," but are direct thefts of money from the Treasury.

The total amount thus stolen, and so reported by the Treasurer, is \$5,500,595.93. Other official speculation, such as sale of Post Traderships, whisky ring frauds, Sanborn contracts, Indian Frauds, Credit Mobilier rings, and a thousand other smaller items, are not included in the list. The fact is, Grant has appointed to office eight hundred persons who could not make their own figures and the cash returned to the Government agreed.

"TOMMY, my son, what are you going to do with that club?" "Send it to the editor, of course." "But what are you going to send it to the editor for?" "Cause he says if anybody will send him a club, he will send him a copy of his paper." The mother came near fainting, but recovered herself sufficiently to ask, "But, Tommy, dear, what do you suppose he wants with a club?" "Well, I don't know," replied the urchin, "unless it is to knock down subscribers as don't pay for their papers. I suppose there are plenty of such mean people." That boy stands a chance for the Presidency, if he lives.

A GENTLEMAN caught a negro carrying off some of his fancy poultry the other night. "What are you doing with my chickens?" he yelled. "I've wuz gwine for to fetch 'em back, boss. Dere's a nigger 'round here what's been 'puttin' longer me 'bout dem chickens. I sed dey was Cochin' Chyniz, an' he sed dey was Alabamur pullets, and I waz jes takin' 'em round fer ter 'establish my noledge. Dey don't lay no aigs, dos dey, boss?" If dey does, I'm mighty shamed fer huslin' av 'em 'roun'. Aigs is sease."

CENTAUR LINIMENTS!

The Quickest, Surest and Cheapest Remedy. Physicians recommend and Farriers declare that no such remedies have ever been in use. Words are cheap, but the proprietors of these articles will present trial bottles to medical men, gratis, and will guarantee more rapid and satisfactory results than have ever before been obtained.

The Centaur Liniment, White Wrapper, will cure Rheumatism, Neuralgia, Lumbago, Sciatica, "Aked Breasts, Sore Nipples, Frosted Feet, Chilblains, Swelling, Sprains, and any ordinary FLESH, BONE OR MUSCLE AILMENT.

It will extract the poison of bites and stings, and heal burns or scalds without a scab. Lock-jaw, Palsy, Weak Back, Caked Breasts, Toothache, Itch and Cutaneous Eruptions readily yield to its treatment.

Henry Black, of Ada, Hardin Co., Ohio, says: "My wife has had rheumatism for five years—no rest, no sleep—could scarcely walk across the floor. She is now completely cured by the use of Centaur Liniment. We all feel thankful to you, and recommend your wonderful medicine to all our friends."

James Hurd, of Zanesville, O., says: "The Centaur Liniment cured my Neuralgia." Alfred Tash, of Newark, writes: "Send me one dozen bottles by express. The Liniment has saved my leg. I want to distribute it, &c."

The sale of this Liniment is increasing rapidly. The Centaur Liniment, Yellow Wrapper, is for the tough skin, flesh and muscles of HORSES, MULES AND ANIMALS.

We have never yet seen a case of Spavin, Sweeney, Ring-bone, Wind-gall, Scatiches or Polio, which this Liniment would not speedily benefit, and we never saw that a few cases which it would not cure. It will cure when anything can. It is lolly to spend \$20 for a Farrier, when one dollar's worth of Centaur Liniment will do better. The following is a sample of the testimony produced:

JEFFERSON, Mo., Nov. 10, 1873. "Some time ago I was shipping horses to St. Louis. I got one badly crippled in the ear. With great difficulty I got him to the stable, on Fourth Avenue. The stable-keeper gave me a bottle of your Centaur Liniment, which I used with success. In two days the horse was as active and nearly well. I have been a veterinary surgeon for thirty years, but your Liniment beats anything I used with success." "A. A. McCARTHY, Veterinary Surgeon."

For a postage stamp we will mail a Centaur Almanac, containing hundreds of certificates, from every State in the Union. These Liniments are now sold by all dealers in the country. Laboratory of J. B. Rose & Co., 46 DEY ST., NEW YORK.

MOTHERS. CASTORIA is the result of 20 years' experiments by Dr. Samuel Piercier, of Missouri. It is a vegetable preparation as effective as Castor Oil, but perfectly pleasant to the taste. It can be taken by the youngest infant, and neither gas nor gripes. Dr. J. Green, of New York, says: "I have tried the Castoria and can speak highly of its merits. It will, I think, do away entirely with Castor Oil; it is pleasant and harmless, and is wonderfully efficacious as an aperient and laxative. It is the very thing."

The Castoria destroys worms, regulates the Stomach, cures Wind Colic, and permits of natural healthy sleep. It is very efficacious for Colic, and for Teething Children. Honey is not pleasant to the taste, and Castor Oil is not so certain in its effects. It costs but 35 cents, in large bottles. J. B. Rose & Co., 46 Dey St., New York.

AFTER A QUARTER of a CENTURY

Of active work in the field of honorable practice in California, during exposure to thousands of the most difficult cases of premature decay and diseases of contaminating poison have been overcome and the sufferers restored to healthy life and manhood.

The J. C. Young MEDICAL AND SURGICAL INSTITUTE still offers to the afflicted the positive assurance of honorable treatment and rapid and absolute cures, as can be shown by thousands of testimonials from grateful Patients. Let me call the attention of those who suffer from some of the effects of

SEMINAL WEAKNESS. The preservation of health and life is dependent upon the proper condition of the procreative functions and any weakness or cause of weakness of the generative organs or their uses is a direct attack upon the general health as well as a sure destruction—if not properly cured—of the organs that are the pride of one sex and the blessing of the other. In youth is laid the foundation of much of the misery of after years by the indulgence of the most destructive habits making life a curse and spreading weakness and ruin among mankind, for it is a well known fact that the indulgence in solitary vice, even in the slightest degree, plants seed of weakness in the system that grow to a harvest of disease and shame in after years.

YOUNG MAN, If you experience any weakness you should not delay for a day, but immediately pervert your health if not your life. In all forms of weakness and premature decay a cure is guaranteed by the Doctor to the young, middle-aged or old, without exceeding the hindrance from business. The remedies are purely vegetable and of a nature that leaves no taint behind. Observe the symptoms and hasten to check the course of the complaint, if you experience any of the following: night discharges, slight discharges at other times, trembling, anxiety, forgetfulness, confusion, pain in the back, limbs or body, forebodings, indigestion, timidity, aversion to society, loss of confidence, want of constant variable temper, attacks of sickness akin to biliousness, deposits in urine, irregular bowels, &c., &c.

TERRIBLE POISON. Among the most subtle and virulent of poisons in the human blood is that arising from venereal taint, often breaking out, after years of apparent cure, in hideous sores upon various parts of the body. Its great danger lies in the fact that it is given to the innocent partner or to the unborn child without showing in the person originally contracting it.

THE USE OF MERCURY. Only aids in this terrible deception by drying it upon the surface and driving it back into the blood. All venereal poison is a blood poison and can be communicated in the blood and the only certain prevention of transmission is in the positive cures of the reform treatment practiced at the Dr. J. C. Young Medical Institute, comprehensive, scientific and thorough, having received endorsements as the best of all modern practice. Recent cases cured in a few days and chronic cases with remarkable rapidity. Our test of the presence of the taint in the blood are never failing.

TO FEMALES: There are no class of complaints that so enlist the sympathies of the medical mind or so commands its gravest thought and study as those which afflict women. The Doctor after years of patient investigation and treatment is enabled to assure them rapid and thorough cures in all the complaints incident to the sex. The weak can hope for strength and the suffering for relief and cure. Those who require personal supervision the Doctor can furnish with apartments with careful and skillful nurses where unremitting attention and constant care give every assurance of rapid and permanent cures.

The Institute is supplied with a LIVING-IN DEPARTMENT where patients receive the treatment so essential in such cases. CURED AT HOME. Correspondence. The great difficulty many sick find is the trouble of visiting the city, often incurring an expense far exceeding the cost of treatment. This expense can be avoided by writing to the Doctor, giving in your own way, the symptoms of your trouble or complaint. Cures guaranteed the same as by personal visit. All communications strictly confidential and all letters either returned or destroyed.

The Doctor can be relied upon in all cases requiring secrecy and confidence. He possesses confidence in him, all who are in distress. He will speedily relieve and cure you. Address: BENJ. F. JOSSELYN, M. D., 615 SUTTER ST., SAN FRANCISCO, CAL. Box 625.
