

MEMORY.

Gently, like the moonlight gleaming
O'er the calm majestic sea;

Like soft music swiftly blending,
With some misty, waning light;

Like in autumn, softly falling
Of the serene and yellow leaves;

Like our life's onward flowing,
O'er life's dark, turbulent sea;

Swift as these our thoughts are going,
With the maze of memory.

FATTENING ANIMALS.

A very common error among farmers, which needs correction, is the opinion that animals may be fattened in a few weeks, and fitted for market, by heavy feeding, or, as is termed, by pushing.

Many farmers do not think of beginning to fatten their hogs or cattle for early winter market until autumn has actually commenced.

Their food is then suddenly changed and they are dosed with large quantities of grain or meal. This sudden change often deranges the system, and it is frequently some time before they recover from it.

From observation and inquiry we find that the most successful managers adopt a very different course. They feed moderately, with great regularity, and for a longer period.

When the French were in Mexico the stage robberies in the vicinity of Monterey became very frequent. With the practical common sense for which the French were distinguished when they go about killing people, the French General at Monterey devised a plan that worked like a charm.

He picked out a half dozen of his smallest Zouaves and dressed them up as females and put them in the stage. Each had a short breech loading carbine concealed under his petticoats, and they covered their demure faces by veils.

Of course the robbers surrounded the stage, and the ladies, with an excess of feminine modesty, climbed out of the vehicle and fell into line with the rest of the passengers, when of a sudden an epidemic broke out among those Mexican patriots, for each lady, on an average, destroyed about three of them, and the rest lost all taste for female society and went away disgusted.

HEAVY WEIGHT LIFTING.—The recent death of Dr. George B. Winship, professor of physical culture in Boston, has occasioned some discussion as to the limit of man's lifting powers.

HOME-MADE BAR SOAP.—To seven and a half pounds of grease add three gallons of strong lye. Let them stand so until the grease is nearly eaten; then put on the fire, adding slowly a cupful at a time of water, until you have used as much as two gallons.

UPTO HIS ANKLES.—An Irishman's friend having fallen into a slough, the Irishman called loudly to another for assistance. The latter, who was busily engaged in cutting a log, and wished to procrastinate, inquired, "How deep is the gentleman in?" "Up to his ankles," said the other. "No, there is not," replied the first; "I forgot to tell you he's in head first."

SOME one says: "Learn this lesson: No one cares about the size of your feet except yourself; therefore be comfortable." But a young man who is going to see a girl, who has an eccentric father, cares more about the size of the parent's foot than he does about his own.

TEACHER: "What is the definition of flirtation?" Intelligent young lady pupil: "It is attention without intention, sir."

HOW TO MAKE THE GRANGE USEFUL.—A correspondent of the Cincinnati Grange Bulletin, whose Grange was speedily brought up to a membership of sixty, initiating only those whom the most deliberate judgment pronounced worthy, says:

"After the initiatory process became less interesting from its frequency we raised important questions, involving science and practical experience, thus increasing the interest in the lodge-room. By interchanging opinion, mental benefit resulted. Also, a course of lectures was given, occurring semi-monthly during cold weather; and the lecturers having the privilege of selecting their subjects, a variety of material was brought before us for deliberation. Outsiders were benefited also by these entertainments being free for all. Hence it would be no easy calculation to estimate the good influences resulting from this plan.

"We next turned our attention to literary improvement. We secured a library of a few hundred volumes, by each member donating whatever important and useful works he possessed, or saw fit to purchase and present to the lodge, to become his property again at his discretion. Essays and selections occupied a prominent position; and considerable zeal and energy is constantly manifested in this particular. Some considerable talent and intelligence is also discernible. So we have satisfactorily demonstrated the necessity of work, outside of lodge work proper, to keep up and retain the interest in our lodges."

THE EXTRAORDINARY REVIVAL OF TRADE.—It is remarkable that a general revival of trade should take place in the midst and heat of a Presidential canvass, when, usually, even in good times, trade suffers and becomes slack. If this business revival were felt only in the Eastern cities, it might properly be called one of the effects of the Centennial Exhibition. But trade is awakening, and confidence reviving West as well as East. St. Louis journals note an increase of country buyers, and a generally active trade. Chicago, Cincinnati, and other Western cities report greater activity in trade than has been known since 1873.

CENTAUR LINIMENTS!

The Quickest, Surest and Cheapest Remedies.

Physicians recommend and Farmers declare that no such remedies have ever been in use. Words are cheap, but the proprietors of these articles will present trial bottles to medical men, gratis, and will guarantee more rapid and satisfactory results than have ever before been obtained.

The Centaur Liniment, White Wrapper, will cure Rheumatism, Neuralgia, Lumbago, Sciatica, Caked Breasts, Sore Nipples, Frosted Feet, Chillsblains, Swelling, Sprains, and any ordinary

FLESH, BONE OR MUSCLE AILMENT. It will extract the poison of bites and stings, and heal burns or scalds without a scar. Lock-jaw, Palsy, Weak Back, Caked Breasts, Earache, Toothache, Itch and Cutaneous Eruptions readily yield to its treatment.

Henry Black, of Ada, Hardin Co., Ohio, says: "My wife has had rheumatism for five years—no rest, no sleep—could scarcely walk across the floor. She is now completely cured by the use of Centaur Liniment. We all feel thankful to you, and recommend your wonderful medicine to all our friends."

Samuel Hard, of Zanesville, O., says: "The Centaur Liniment cured my Neuralgia."

Alfred Tush, of Newark, writes: "Send me one dozen bottles by express. The Liniment has saved my leg. I want to distribute it, &c."

The sale of this Liniment is increasing rapidly. The Centaur Liniment, Yellow Wrapper, is for the tough skin, flesh and muscles of horses, mules and animals.

We have never yet seen a case of Spavin, Sweeney, Ring-bone, Wind-gall, Scratches or Poll-Evil, which this Liniment would not speedily benefit, and we never saw but a few cases which it would not cure. It will cure when anything can, it is folly to spend \$20 for a farrier, when one dollar's worth of Centaur Liniment will do better. The following is a sample of the testimony produced:

"JEFFERSON, Mo., Nov. 10, 1873. We have never yet seen a case of Spavin, Sweeney, Ring-bone, Wind-gall, Scratches or Poll-Evil, which this Liniment would not speedily benefit, and we never saw but a few cases which it would not cure. It will cure when anything can, it is folly to spend \$20 for a farrier, when one dollar's worth of Centaur Liniment will do better. The following is a sample of the testimony produced:

"Some time ago I was shipping horses to St. Louis. I got one badly crippled in the ear. With great difficulty I got him to the stable, on Fourth Avenue. The stable-keeper gave me a bottle of your Centaur Liniment, which I used with such success that in two days the horse was as active and nearly well. I have been a veterinary surgeon for thirty years, but your Liniment heads anything I ever used."

"A. J. M'CARRY, Veterinary Surgeon." For a postage stamp we will mail a Centaur Almanac, containing hundreds of certificates, from every State in the Union. These Liniments are now sold by all dealers in the country.

MOTHERS.

CASTORIA is the result of 20 years' experiments, by Dr. Samuel Pitcher, of Massachusetts. It is a vegetable preparation as effective as Castor Oil, but perfectly pleasant to the taste. It can be taken by the youngest infant, and neither gags nor gripes. Dr. A. J. Green, of Royston, Ind., says of it: "I have tried the Castoria, and can speak highly of its merits. It will, I think, do away entirely with Castor Oil; it is pleasant and harmless, and is wonderfully efficacious as an aperient and laxative. It is the very thing."

Castoria destroys worms, regulates the stomach, cures Wind Colic, and permits of natural healthy sleep. It is very efficacious in Croup, and for Teething Children. Honey is not pleasanter to the taste, and Castor Oil is not so certain in its effects. It costs but 35 cents, in large bottles. J. B. Rose & Co., 46 Dey St., New York.

YOUNG MEN

Who may be suffering from the effect of youthful follies or indiscretions will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. Dr. SPINNEY will guarantee to forfeit \$500 for every case of seminal weakness, or private disease of any kind or character which he undertakes and fails to cure. He would therefore say to the unfortunate sufferer who may read this notice that you are leading upon dangerous ground when you longer delay in seeking the proper remedy for your complaint. You may be in the first stage; remember you are approaching the last. If you are bordering upon the last, and are suffering some or all its ill effects, remember that if you persist in procrastination, the time must come when the most skillful physician can render you no assistance; when the door of hope will be closed against you; when no angel of mercy can bring you relief. In no case has the Doctor failed of success. Then let not despair work upon your imagination, but avail yourself of the beneficial results of his treatment before your case is beyond the reach of medical skill, or before grim death hurries you to a premature grave. Full course of treatment, \$25.00. Send money by Post Office order or Express with full description of case. Call or address.

TO FEMALES:

There are no class of complaints that so enlist the sympathies of the medical mind or so command its gravest thought and study as those that attend on the female. The Doctor after years of patient investigation and treatment is enabled to assure them rapid and thorough cures in all the complaints incident to the sex. The weak can hope for strength and the suffering for relief and cure. Those who require personal supervision the Doctor can furnish with apartments with careful and skillful nurses when unremitting attention and constant care give every assurance of rapid and permanent cures.

The Institute is supplied with a LIVING-IN DEPARTMENT Where patients will receive the treatment so essential in such cases.

CURED AT HOME. Correspondence. The great difficulty many sick find is the trouble of visiting the city, often incurring an expense far exceeding the cost of treatment. This expense can be avoided by writing to the Doctor, giving in your own way, the symptoms of your trouble or complaint. Cures guaranteed the same as by personal visits. All communications strictly confidential and all letters either returned or destroyed.

The Doctor can be relied upon in all cases requiring confidence and secrecy. Repose confidence in him, all who suffer or are in distress. He will speedily relieve and cure you. Address,

AFTER A QUARTER OF A CENTURY

of active work in the field of honorable practice in California, during which time thousands of the most difficult cases of premature decay and diseases of contaminating poison have been overcome and the sufferers restored to healthy life and manhood

The J. C. Young MEDICAL AND SURGICAL INSTITUTE

still offers to the afflicted the positive assurance of honorable treatment and rapid and absolute cures, as can be shown by thousands of testimonials from grateful Patients. Let me call the attention of those who suffer from some of the effects of

SEMINAL WEAKNESS. The preservation of health and life is dependent upon the proper condition of the procreative functions and any weakness or cause of weakness of the generative organs or their uses is a direct attack upon the general health as well as a sure destruction—if not properly cured—of the organs that are the pride of one sex and the blessing of the other. In youth is laid the foundation of much of the misery of after years by the indulgence of the most destructive habits making life a curse and spreading weakness and ruin among mankind, for it is a well known fact that the indulgence in solitary vice, even in the slightest degree, plants seed of weakness in the system that grow to a harvest of disease and shame in after years.

YOUNG MAN, If you experience any weakness you should not delay, for a day may imperil your health if not your life. In all forms of weakness and premature decay a cure is guaranteed by the Doctor to the young, middle-aged or old, without exposure or hindrance from business. The remedies are purely vegetable and of a nature that leaves no taint behind. Observe the symptoms and hasten to check the course of the complaint, if you experience any of them—night discharges, slight discharges at other times, tremulousness, forgetfulness, confusion, pain in the back, limbs or body, forebodings, indigestion, timidity, aversion to society, loss of power, want of control, variable temper, attacks of sickness akin to biliousness, deposits in urine, irregular bowels, etc., etc.

TERRIBLE POISON. Among the most subtle and virulent of poisons in the human blood is that arising from venereal infection. It breaks out, after years of apparent cure, in hideous sores upon various parts of the body. Its great danger lies in the fact that it is given to the innocent partner or to the unborn child without the sufferer's knowledge, and leaves no taint behind.

THE USE OF MERCURY. Only aids in this terrible deception by drying it upon the surface and driving it back into the system, where it remains in a blood poison and can be communicated in the blood and the only certainty of prevention of transmission is in the positive cures of the reform treatment practiced at the Dr. J. C. Young Medical Institute, comprehensive, scientific and thorough, having received endorsements as the best of all modern practice. Recent cases cured in a few days and chronic cases with remarkable rapidity. Our test of the presence of the taint in the blood are never failing.
