GRAND MASS MEETING.

PATRIOTS TO THE FRONT! A grand mass meeting will be held at Jacksonville on Monday, January 8, 1877, at 12 o'clock, noon, for the purpose of counseling together and expressing, in some suitable way, a solemn and emphatic protest against the outrages and usurpations sought to be perpetrated upon the people through the machinations of corrupt and unscrupulous returning boards. The meeting will be addressed by a large number of speakers. Everybody is invited to be present and participate.

CONTRACT AWARDED.—The contract for transporting Indian supplies from Portland to the Klamath Agency has been awarded to L. Solomon, of this place.

RAIN-FALL.—Through the courtesy of Peter Britt we are enabled to state that the rain-fall since October 17th last has been 6 1/2 inches. This is much less than for the same time last year.

I. O. O. F. ELECTION.—Jacksonville Lodge No. 10, I. O. O. F., on the evening of the 30th ult. elected the following officers for the ensuing term: J. H. Hyzer, N. G.; John Miller, V. G.; Daniel Cronmiller, Recording Secretary; Fred. Luy, Treasurer; Silas J. Day, Permanent Secretary.

PAPER.—The keeping of the county poor is one of the heaviest items of expense our County Commissioners have to contend with. Their sustenance costs the tax-payers several hundred dollars a year, and the authorities are as economical as possible in the matter. Jackson is unfortunately a border county, which, in a measure, may account for our numerous paupers. And there seems to be more than usual just now.

A CURIOUS MINERAL.—A. Miller, Jr., one of our County Commissioners, yesterday brought into our sanctum a specimen of a mineral, black in color, of a fine composition, which he lately discovered near his place on Antelope. Mr. Miller says this substance is found in a ledge of granite, and will blacken boots and other substances. He also believes that, with proper preparation, good printer's ink can be made of it, and we propose trying it. It is certainly a curious article, and may be of value.

PROBATE COURT.—The following business has been transacted in this Court since our last report: The appraisers appointed to appraise the estate of A. F. Farnham submitted their report, showing the estate to be valued at \$15,252.34, which was accepted.

In the matter of the estate of A. J. Rountree, deceased, J. J. Charlton, administrator, submitted his final account. Tuesday, February 6th, 1877, appointed as the day for hearing the same.

A BALL-ROOM SCENE.—At one of the parties in the country during the holidays occurred a scene quite novel. A young lady conceived a dislike for a young fellow for something he had done, and in a moment of anger insulted him. He quietly took it all at the time, but when a good opportunity presented itself he revenged himself by gently cutting off the ribbon that ornamented her "pull-back." She did not miss her loss for some time, but when it was discovered, she immediately surmised what had become of it. Accordingly, when her tormentor's back was turned, she advanced with a sharp knife and, cutting down the seams of his coat, detached the tail of it. Nothing daunted, and with the greatest of nonchalance, he offered her the balance of the coat, but she declined. The party broke up shortly afterward, and hostilities were thus suspended for the time being.

LOCAL BREVITIES.

Beautiful weather. County scrip taken at par. Schools in full blast again. Read the new advertisements.

Our Lake county visitors have about all left us. Wm. Bybee returned from California this week.

The weather is fine for stock men but bad for the miners.

J. S. Howard is selling at very low rates. Give him a call.

Correspondence from all portions of Southern Oregon solicited.

There is some talk of a concert to take place at no distant day.

There promises to be a large attendance at the mass meeting on Monday next.

Chas. Winters has sold his ranch near this place to John Margreiter for \$800.

It is next thing to impossible to get either gold notes or greenbacks in town.

H. Kelly, Esq., has returned from a visit to his mining claims on Cayote creek.

The holidays are over, and all will agree with us in saying that they passed off pleasantly.

Commence the New Year by paying for your paper, as printers need money as well as other folks.

A grand ball by one of our prominent benevolent societies is promised us sometime next month.

Rev. W. Hurlburt will hold divine services at the M. E. Church next Sunday morning and evening.

George W. Fletcher, formerly of this section, was married to Miss Nellie Blackley in Eugene City on December 25th.

"General" Taylor, Deputy Sheriff of Josephine county, was in town this week. He is in a fine state of preservation.

David Phipps, an old resident of this section, died at the residence of his son, I. J. Phipps, on the afternoon of the 4th.

Jacob Ish, who recently purchased Geo. H. Lynch's saw mill on Wagner creek, is about commencing to run it himself, we learn.

The Commissioners' Court was in session this week. Considerable business was transacted, a report of which will be published next week.

Grain being a little scarce last year, not as many hogs have been fattened as usual, and less will consequently be manufactured into ham and bacon.

Old 1876 stepped down and out on Sunday night, and 1877 was ushered in with a grand wake and serenade by Gideon's band, which made "Rome howl."

A. W. Sturges and John Newcomb wrestled for \$20 a side at Kubli & Bolt's store, on Applegate, the other day. Newcomb won after a severe contest.

The New Year's party given by the Jacksonville Social Club last Monday evening was much of a success. About seventy tickets were sold. A fine time was had.

W. F. Herrin, Esq., of San Francisco, was on a flying visit to this section last week. He is attending to a will case up in the District Court at Yreka, California.

H. K. Hanna, Esq., Sol. Sachs and A. W. Sturges started for Portland on Tuesday, to be in attendance on the Sturges bankruptcy case, which comes up in Judge Deady's Court this month.

W. V. Smith, the champion long distance rider, will probably visit this section ere long. He will attempt to ride 50 miles at Yreka, on the 8th, in two hours and eight minutes, using ten California saddle horses, and will change animals each and every mile.

School Superintendent Farlow was in town Saturday and held a public examination of applicants for teacher's certificates. Only two applicants presented themselves—Henry Shidler and Mr. Hollaway, who were awarded certificates, the latter receiving his on the evidence of one given by Superintendent Thatcher of Lake county.

Next Monday (the 8th) is the anniversary of the battle of New Orleans, at which Gen. Jackson so completely demoralized English pretensions toward the possession of America. It is also appropriately appointed as the time when the people of the United States will meet in mass meeting and protest against Federal usurpation and the outrages being practiced upon them by official hirelings.

ROCK POINT ITEMS.

"Mark" Colvig, manager of the W. U. T. Co. at Puyallup, W. T., has been spending the holidays with us.

The dramatic entertainment, given by the young people on the evening of the 25th, was an immense success. The house was literally packed with both young and old.

The case of Thos. H. Fielder vs. Joseph Solomon, civil action to recover money, was tried before a jury in Squire Hayes' Court on the 23d ult. Verdict in favor of plaintiff.

Miss Lottie Ganiard, of Sam's Valley, has been quite sick during the past week with diphtheria. She is now convalescing. Several other cases are reported in the neighborhood.

On Friday evening, 29th ult., a social party transpired at White's Hall. It was largely attended by the elite of Rock Point society, and was altogether the most enjoyable gathering of the season.

Autumn, the beautiful Indian girl, seems to have won the heart of tyrant Winter, and has persuaded him to abdicate in her favor; at least, the hoary-headed "ruler of the inverted year" appears to be loitering on his way longer than usual.

Mrs. F. G. Birdsey showed the writer a fossil remain, which is much of a curiosity. It is the front part of a woolen sock-foot which, becoming filled with sediment, has turned into a hard stone. Every thread of the original fabric is plainly discernible. It was taken out of the Foot's creek mines.

While at work on the old Deskin ranch, opposite Rock Point, the writer found a rare and curious fossil. It is a biscuit turned to stone, and yet so perfect in every particular as to plainly show the finger prints of the cook. Some, who have seen it, say it was made by a gentleman now living in Oakland, Cal., in early times, and when he was leading the happy life of a bachelor on the ranch. I contemplate donating it to the Pioneer Society, as a relic.

Lake County Items.

Times at the county seat are quiet since the last shooting affray.

The weather is fine indeed out here—almost like Summer. Snow is to be seen only on high mountain tops.

Stock of all kinds are in excellent condition. Having just returned from a trip to Silver Lake, I find stock men generally feeling buoyant.

The Democrats in Lake county do most heartily endorse the action of Governor Grover and Secretary Chadwick, in giving a certificate to Mr. Cronin. All hail the action as right, true and brave.

Married.—At the residence of Mrs. Renfro, December 14th, by Judge Mason, John Stanley and Miss Serrepta Renfro. Also, at the residence of G. C. Duncan, (Silver Lake) December 17th, by Judge Mason, Walter A. Brown and Miss Elzora Hill.

Lakeview is improving; but it will most likely be some time before she will have anything but a temporary Court House, as our revenues will not justify much expenditure in that way, and, believing as the people do, that it is the worst policy to plunge a county in debt.

VINDEX.

Lake County, Dec. 23, 1876.

If you want photographs of superior quality and finish taken, bear in mind that Abell & Welsh have put up a building on the corner of California street, opposite Wells, Fargo & Co.'s express office, where they will remain for a few weeks only. Children's pictures a specialty. All negatives finely retouched. Cabinet and card photographs highly burnished, giving a beautiful gloss. Don't forget for a short time only. Messrs. Abell & Welsh come to our town well recommended by the press where they have been, and the public may expect and will receive the best work ever executed in Jacksonville. Give them an early call and prove the truth of this notice. Gallery open every day.

INSTALLATION OF OFFICERS.—At a special meeting of Ruth Rebekah Degree Lodge No. 4, I. O. O. F., held on the evening of the 2d inst., John A. Boyer, D. D. G. Kubli, R. S. N. G.; Kato McDaniel, L. S. N. G.; Kaspar Kubli, R. S. V. G.; N. Fisher, Con.; Veit Schutz, I. G.

Three Chinamen were also interred, making a total of fifteen interments in the different Cemeteries. This is by far the lightest mortality of any year for 13 years past.

R. S. DUNLAP, Sexton.

DIPHTHERIA AND ITS CURE.—This terrible disease among children, which has been prevailing for some time past in the Willamette, we learn, has made its appearance in this and Josephine counties. Many remedies have been suggested, but the following is recommended as one of the simplest and most effective: A small quantity of either sulphate of iron, tannin, or chlorate of potash, put upon the tongue and allowed to dissolve there, once in every hour, have all been found to be most efficient remedies in early stages of diphtheria. This disease appears under three varieties or forms. First, there is a fever, severe pains in the back, bones and limbs, and very great prostration. There may be no soreness of the throat, but on examining it small white specks will be noticed on the tonsils, but few or none on the rest of the throat. These cases will recover under any and every variety of treatment in four to six days. The great but false reputation of many remedies and physicians is based upon the necessarily favorable results of these cases. Second, large patches of false membrane will be observed, both on the tonsils and back of the throat; but the glands of the neck do not become swollen. The majority of these cases will also recover under very simple treatment, unless the disease extends down the windpipe, which it rarely does. Third, true malignant diphtheria, with swelling of the glands of the neck and under the jaw; profuse and often offensive exudations in the mouth and throat; more or less discharge from the nostrils. Chlorate of potash is a disinfectant as well as a curative remedy, and, if given pure and dry upon the tongue, every hour, night and day, will rarely disappoint the practitioner. A small dose every night may act as a preventive remedy. Sometimes tannin may be given more readily than the chlorate of potash. The sulphate of iron is rather more irritant, and must be given in smaller quantities. The main points in the use of these remedies are to give them dry upon the tongue, and frequently and regularly, both by night and day.

OFFICIAL CROOKEDNESS.—A correspondent, writing from Lakeview, says: It may be of some interest to the readers of the TIMES to know the reason Democratic tickets were not received in Crooked creek precinct until after election. The tickets were sent to Gus Colvin, but he left for Red Bluff, Cal., a few days before election. However, he left instructions with the Postmaster to deliver his mail to Wm. Patton. This the Postmaster did not do, but was heard to say to his wife, when opening the mail, "there are the Democratic tickets; they will not get them until after election;" and so it proved. Alas! where is honesty; shall we despair of finding it among Republican officials?

LITERARY SOCIETY.—At a regular meeting of the Jacksonville Literary Society, held on Friday evening, December 29th, the following officers were elected: Chas. L. Mosher, President; Miss Mary Bilger, Vice President; Miss Sophie Nickell, Secretary; Miss Eliza Langell, Treasurer; Frank Kashafer, Librarian; J. R. Baldwin, Censor; Raymond Farmer, Janitor.

THE fog, which quite frequently hangs over us, seems to prevail only in portions of the valley.

BEAUTIFY the complexion, and remove pimples, spots, burns, scalds, stings, chapped lips, prickly heat and all irritations of the skin by using Glean's Sulphur Soap. In cases of Gout and Rheumatism it is also very efficacious.

BUSINESS NOTICE.—We contemplate making substantial improvements on the TIMES in a few months, both in size and typographical appearance. This will necessitate an outlay of a considerable amount of money, and we therefore call on those indebted to come forward and settle immediately, thus assisting us in our project and benefiting themselves besides.

GERMAN RED MEN.—At a regular meeting of Jacksonville Stamm 148, U. O. R. M., held on the evening of the 4th, the following officers were elected: E. Jacobs, O. Ch.; Newman Fisher, U. Ch.; J. Meyer, B. Ch.; V. Schutz, Treasurer; Max Muller, Secretary; Herman v. Helms, G. S.; Newman Fisher and Simon Caro, Trustees.

A HEALTHY YEAR.—As will be seen by the report of our City Sexton, R. S. Dunlap, the mortality for the year 1876 was the least since he took charge of the Cemetery, thirteen years ago. Only fifteen burials were made, which speaks very well for the health of this section. May it ever be thus.

MARRIED.

DAVIS—SMITH.—At the residence of Eber Emery, Little Butte creek, December 28, 1876, by Elder Martin Peterson, James F. Davis and Miss Lullie T. Smith—all of Jacksonville county.

DIED.

PHIPPS.—On Bear creek, January 4th, David Phipps, aged 61 years and eight months.
