

CIRCUIT COURT.—The March term of the Circuit Court, Hon. P. P. Prim presiding, will commence next Monday, the 19th. The docket is not very heavy.

RETURNED.—A. C. Jones, Esq., this week returned from a professional trip to Lake county. He reports the snow as having almost disappeared from the mountain and the roads as being very muddy.

CABIN ROBBED.—We are informed that the cabin of Geo. Black, on Sterling, was broken into during the owner's absence the other day and robbed of a watch and a small amount in money.

TO WHOM IT MAY CONCERN.—The Circuit Court next week will bring to town several who may know themselves indebted to the TIMES office. We extend a cordial invitation to all to come forward and settle, as the money is needed. County scrip will be taken at par.

ANOTHER UNFORTUNATE.—A young man named S. Mills, living a few miles from town, was this week examined before Judge Day by Dr. Aiken and adjudged insane. He was taken below Tuesday by J. B. Coates. Religious excitement is supposed to be the cause of his aberration.

ARRESTED.—E. Manville was last Wednesday arrested upon a warrant sworn out by Wilson, Kubli & Co., charging him with violation of a modified injunction. A portion of the testimony was heard by Judge Prim on the 14th and the case continued until yesterday. It was still progressing as we went to press. This matter has some relation to the Jackass mining troubles.

WAR IN AFRICA.—The attaches of the TIMES office were somewhat startled on Thursday evening by the sudden appearance of a colored individual who answered the description of one of Dowell's bull-dozed Louisiana negroes. He had his clothes almost torn off him, and was in a demoralized condition generally. Upon inquiry, it was discovered that he had come out second best in a combat with one wall Jackson and was looking for a prosecuting attorney.

COSTLY EXPERIENCE.—Some time ago Isaac Ford, living near Uniontown, took up an stray horse which, through ignorance of the law, he neglected to fast and dispose of, but worked it instead. Complaint was made to the authorities and, as prescribed by the statute, the County Treasurer entered suit against him. Upon trial in Justice Kent's Court this week, Ford was required to pay the sum of \$40 and costs, which will amount to about \$65 in all. This is dear experience, and others may profit thereby. The estray law is not always observed and may sometime cause trouble to its violators. We will publish it entire next week.

BOUND OVER.—Emilium DeRoboam was last Sunday arrested on a warrant sworn out by his father, charging him with an assault with a dangerous weapon. Emilium is the possessor of an infant son, which DeRoboam, the elder, was anxious to have baptized in the Catholic faith. But the former was averse to such proceedings and, upon his father insisting, attempted to prove his priority of right in the premises by bringing a pistol into service. He was examined the following day by Justice Kent, who held him to appear before the Grand Jury in the sum of \$600. Messrs. Penn and Weirman went his security, and he was released.

MINING TROUBLES ON JACKASS.—More trouble has been transpiring between the miners on Jackass during the past few days, concerning water rights. It seems that the mines worked by the Chinese, but owned by white men, are above those mined exclusively by whites, and the water used in working them is caught in a dam from the creek. One day recently the white miners went up in a body and tore the dam out, which they have repeated whenever the reservoir was repaired. Considerable feeling is manifested on either side over this matter. We are not informed in the premises, but, for the sake of peace and the safety of all concerned in this matter, steps should immediately be taken to amicably settle all differences and bring these mining troubles to a close ere serious difficulties ensue.

SALT CAVE DISCOVERED.—A correspondent from Lake county informs us that while out on a hunting and trapping expedition recently, S. H. Williams and Isaac Gearheart discovered a cave of salt near the Klamath river. In their meanderings, they came upon a high bluff of burnt quartz and began looking for gold-bearing rock, during which search they found their way into a large cave containing a white substance that proved to be salt of a pure quality. They also found saltpetre in one portion of the cave. Persons who have examined it say the bed of salt is very extensive. The bluff spoken of above is a burnt mass of quartz and flint, with some indications of gold. There are also prospects of good diggings and plenty of water to work them. The parties intend commencing work soon.

RAISING MULES.—A friend has suggested to us the propriety of calling the attention of our farmers to the raising of mules. A number of fine thoroughbred jacks have recently been imported from Kentucky by Col. Payne, and there is no reason why this county should not soon export a large number of mules yearly. We have it from a person evidently well informed upon the subject that every mule that can be raised California furnishes a cash market for as soon as it is two years old and past. An unbroke mule of ordinary size will sell for \$125 in that market at any season of the year. It is ready for market at two years old, while a horse must be four and broke to work and ride before he is fit therefor. The farmers of California are working their farms with mules as fast as they can get them, hence a good market is at our door. Times are hard and money scarce, but if the farmers were able to export several hundred mules every Fall this would bring many thousand dollars into our county and make quite a difference in our financial condition. Mules and wool are articles that always find a ready market and can be exported, and we therefore advise our farmers to raise them extensively.

CLEARING OUT SALE.

For the next sixty days we will sell our Dry and Fancy Goods, Clothing, Hats and Shelf Hardware, at greatly reduced rates for cash only, to make room for a large stock of Spring importations. In order to do this as quickly as possible, we have determined to offer such inducements as were never heard of before in a regular business. Call and examine for yourselves. We throw out no baits. REAMES BROS.

A QUERY.—How many Republicans of Jackson county were among the 369 persons who signed the petition to the Senate asking that body to exclude Senator Grover? Now, that a partisan Senate unceremoniously snubbed the document, we suppose those who countenanced it feel heartily ashamed of themselves. It was a very weak affair, gotten up in a weaker cause.

CRYSTAL.—In Jacksonville, March 13th, to the wife of G. W. Crystal, a daughter.
