

"THERE'S MILLIONS IN IT."—We have reference to the Peacock-Copper-tail lead of Bybee & Co., down at Galice creek. Bybee and Ed. Smith returned from there Thursday evening and bring glowing reports, backed up by some of the richest rock ever found in this country. Bybee says there is rock enough now on the dump to produce \$8,000, at least calculation. He stands on tiptoe now when reciting his prospects and rocks back on his heels with the solid weight of an actual millionaire. He intends to have a mill at work on the rock as soon as it can be put up. He will work by the best known methods—pans, concentrators, etc. Ed. Smith will put up the mill as soon as he completes an arastra for the Green Brothers, who are working what is evidently the continuation of the Bybee lead. The rock is identically the same although miles up in the mountains from Bybee's, and the prospects are equally as good.

FORGER ARRESTED.—Monday last Sheriff Manning arrested a man employed at Wm. Bybee's, who is charged with having committed forgery in Marion county, a short time since. He gave his name here as D. W. Brennan—or Drennan, in other instances,—but has numerous aliases. He formerly worked near Jefferson, on the O. & C. R. R., and hypothesized a forged note for \$275 with or through Reed & Co., brokers of Salem, on which he procured \$160. In a few days the note was discovered to be a forged one, and steps were immediately taken for the apprehension of the forger, with results as stated. On Thursday morning last Sheriff Baker, of Marion county, took the bird from our jail and started with him for Salem. Is it not probable that thieves and rogues will soon learn to avoid this part of the country, as they almost invariably get caught or killed here.

JOSHED 'EM.—When the robbers attacked the stage the other day Lieut. Hoyle took advantage of their attention to the other passengers and dropped his money into a water bucket in the boat. When they came to examine him of course he had nothing, and they dismissed him with the remark that "soldiers are always infernally poor." They got \$120 from one of the Chinamen but neglected to search his bundle of dirty clothes and thus missed \$1300 secreted therein. There was no hurry or confusion in the affair, and the highwaymen leisurely departed and have not since been heard from, only that their pursuers chased them so closely at one time that one of the robbers was compelled to abandon his horse and take to the brush afoot to avoid capture.

COUNTY COURT.—This body closed its session Thursday. Little of general importance was transacted. The care of the County Hospital for the ensuing year was awarded to Dr. L. Danforth for the sum of \$1,980. Reports of viewers for changes in and establishment of various county roads were reported back for further action thereon. A ferry license was granted to A. J. Wilcox, with rate of toll established, to maintain a ferry on Rogue river, at or near the mouth of Indian creek.

THE STRAWBERRY FESTIVAL.—According to announcement this affair came off on Thursday evening, and as was anticipated proved a grand success in every particular. The Sunday School Library will derive material benefit from the festival, as we are informed that the net proceeds will foot up \$60 or more. The admission fees alone will nearly, if not quite, defray the expenses.

BIG STRAWBERRY.—Beekman, of this place, has raised the champion strawberry. It measures 8 by 7 inches in circumference and is about three-fourths of an inch in diameter. Will somebody give the solid contents of that measurement? It is one big berry made up of 8 or 10 smaller ones, all grown together in the form of a rosette.

LIFE INSURANCE PAID.—C. W. Kahler, administrator of the estate of John Bilger, has been paid \$3,000, the amount of the Life Insurance policy of the late John Bilger, from the Pacific Mutual Life Insurance Company of Sacramento. There were two policies—one of \$1,000 and another of \$2,000.

All our big-town exchanges complain of patronage given by their youths to opium-smoking dens. They are one luxury we don't enjoy here.

Nat. Langell and Rev. J. R. N. Bell, accompanied by Misses Eliza Langell and Alice Hanley, started on a trip last Monday for the Willamette.

The boys turned out en masse on Thursday evening and treated the newly-married couples to a genuine, old-fashioned chivari. Good nature ruled throughout.

We are requested to state that all persons having dishes used at the late strawberry festival will find the same at the club room, and are requested to call and identify them.

What's the matter now? A picnic party ascended Table Rock Wednesday and they returned all sound and cheerful. Was that because "Sargent" wasn't along, for escort?

The long existing sewing machine monopoly by patent has burst out, and experts say that machines will soon sell for half or one-third of the prices formerly demanded.

The famous "Alleghenians"—with Swiss Bellringers—are coming to see us. They have sent us word that they will be here soon and when they do arrive ample notice will be given of a show that our citizens can have no fear of being bilked by.

J. M. Sutton, of Ashland, is among us again, after his severe illness, looking the worse for wear, but still worth any number of dead men. He is slowly recovering, but hopes to reach his fighting weight in due course of time. His present visit is influenced by the meeting of the Pioneer Society.

C. A. Garrison, who resides three miles east of Hopwood's mill in this county, met with the misfortune of losing his outhouses and kitchen by fire on the 26th ult. By great exertion his residence was saved. His loss luckily only amounts to about \$250, where he stood a good show to lose thousands. The citizens of Jacksonville, says the Sentinel, have made up a purse of \$25, to be given as a premium to the winning second nine of any base ball club organized in this county, the game to be played here on the 4th of July. The game part is all right; but don't the balance of it look a good deal like gunning, contrary to both the letter and spirit of the law, in such case made and provided?

The hydraulic mines lately set in operation at the mouth of Little Applegate have got down to square work and muddy Main Applegate to its mouth, we are informed. Their ditch carries 1500 inches, which will all be used when available and the mine in full blast. As soon as the Winter season furnishes sufficient water they will put on another pipe in a different place. The boys about town have been visiting this new wonder and are emphatic in their pronouncements of its grandeur. Several wagon loads paid the mine a visit on Sunday last.

Quite a funny time was experienced the other evening by the Mashal and posse in the capture of the drunken Indian "Stonewall," who got on a spree and executed a scalp dance in the street. On attempting to arrest him, that redoubtable hero, who "bullet-doses" Kanaka Flat occasionally, took to the woods at a Ten Broeck pace, and was only captured by running over him with a horse. After thus knocking him down a time or two he squealed and is resting in Ad's hotel awake.

A number of our cotemporaries throughout the State have purchased new dresses and would all present much improved appearances if they would hire some good practical workmen to use the material. Sam. Robinson, of Miller & Richards, of San Francisco, seems to have circulated among the craft pretty generally, and wherever his advice has been listened to we can see more or less change for the better.

Cornell, Turner and John S. Miller have returned to their cinnabar claims on Beaver creek, with a wagon load of grub, etc., enough to do them a month or two. They have gone out this time to view out and construct a wagon road over the mountains, a distance of about 12 miles, to their mine. They will then take in some retorts and commence business on a permanent and paying scale. They have lots of ore on the dump already.

Next week J. S. Howard, surveyor, will commence the permanent survey of the ditch for the Portland-Sterling Mining Company. The preliminary survey was 23 1/2 miles in length, with a capacity of 4,000 inches. We presume that standard will be maintained by the new Company, who announce their intention to conduct the work on the largest scale possible by the most approved modern method of hydraulizing.

Remember the 4th. The proceedings of last night's meeting were enacted after we went to press.

DEFINITE WORD FROM THE LOST STEAMER GEO. S. WRIGHT.

After more than three years have passed, news has at last been received from the lost steamer George S. Wright, which is of a definite character, as follows:

VICTORIA, June 3d.—A survivor of the wreck of the lost steamship Geo. S. Wright has at last been discovered. He is an Indian named Coma, and was a coal heaver on board. He was recognized on the street at Nanaimo the other day, and arrested and brought to Victoria. The Colonial says: Since the disaster Coma has constantly evaded the police, and until quite recently it was not known that there existed a single survivor of the wreck. About a fortnight ago he ventured into Nanaimo, where he was arrested by Constable Stewart on Friday and arrived here yesterday. Coma confessed to the superintendent of police, after being duly cautioned, that at night the boilers of the steamship exploded and she began to sink at once. Capt. Ainsley, with four U. S. officers and a passenger, got into a boat and told Coma, who was on deck, to get in too. The rest of the people were in bed or tried to escape by means of another boat. The Captain's party, seven in all, pulled ashore, near Cape Caution, the party were nearly naked and the Indians gave them blankets to keep them warm. A day or two afterwards three canoe loads of Indians came to the spot and Captain Ainsley offered the leader five hundred dollars to convey the shipwrecked men to Fort Rupert. Four of the Indians were armed with muskets with which they killed all the whites, tied ropes to the bodies and sank them in deep water. They robbed the bodies of all valuables including the captain's gold watch and chain. They spared Coma but told him that if he ever dared to narrate the circumstances they would kill his father. Coma thinks that all the people on board who were in bed at the time of the explosion were drowned, as the boat went down rapidly. The prisoner was to-day confronted by the four prisoners who were brought by the Rocket and have since been in gaol here, and identified two of them as belonging to the party of murderers.

The Border Troubles. The raids over the border by Mexicans on the Texas frontier has become insufferable, and our Government has at last been induced to take measures for its repression. To that end our troops have been ordered to pursue raiders over the border. The following dispatch explains the orders to Gen. Ord, and the limits of his actions:

NEW YORK, June 1st.—The Times' Washington special, speaking of McCrary's letter to Sherman, says the letter is understood by Sherman that the military is not to wait until the Mexican government is heard from before pursuing marauders over the lines, but is construed as giving permission to Ord, when in pursuit of robbers, to cross over if he thinks he can catch them in a reasonable time, and if he is in sight of them, or following a fresh trail. It is considered reasonable for him to go a day's march into Mexican country. McCrary is of the opinion the mere publication of the order will go far to stop marauding, for the knowledge that the military are not allowed to pursue them beyond the Rio Grande has always been a temptation to raiders to run over into Texas.

The Gospel of Merit. Where there is so much rivalry as in the manufacture of family medicines, it is not surprising that each party should endeavor to give the most convincing proof of merit. This is an age of inquiry. People take nothing for granted. They must know the "why" and "wherefore" before acknowledging the superiority of one article over another. Among the best preparations that have stood the test, those manufactured by R. V. Pierce, M. D., of the World's Dispensary, Buffalo, N. Y., have for many years been foremost. The truth of any statement made concerning them can be easily ascertained, for Dr. Sage's Catarrh Remedy and Dr. Pierce's Golden Medical Discovery are now prescribed by many physicians in curing obstinate cases of Catarrh and Prostatic Consumption. The Discovery has no equal in curing Coughs, Colds, Bronchial and Nervous Affections. It always all irritation of the mucous membrane, aids digestion, and when used with Dr. Pierce's Pleasant Purgative Pills readily overcomes Constipation and Constipation, while the Favorite Prescription has no rival in the field of prepared medicine in curing diseases peculiar to females. If you wish to "know the why" procure a copy of "The People's Common Sense Medical Adviser," an illustrated book of nearly 100 pages, adapted to the wants of every body. Price \$1.50, postage prepaid. Address the author, R. V. Pierce, Buffalo, New York.

Tonic. Every one, at times, feels the necessity of some restorative of the vital powers, depressed by mental or bodily exhaustion. In such conditions, let every one, instead of using the alcoholic or medicinal stimulants, which must be followed by depression equal to their excitement, reinvigorate his deranged system by the natural tonic elements of the PERUVIAN SYRUP. Sold by all druggists.

Unsolicited Testimony. FAIRFIELD, ME., April 28, 1874. Gentlemen—Seeing numerous certificates in the Maine Farmer endorsing the merits of the Great Lung Remedy, WISTAR'S BAL-SAM OF WILD CHERRY, I am induced and I take great pleasure in giving publicity to the great cure it accomplished in my family in the year 1856. During the summer of that year my son, Henry A. Archer, now postmaster in this place, was attacked with spitting of blood, cough, weakness of lungs, and general debility, so much so that our family physician declared him to have a "seated consumption." He was under medical treatment for a number of months, but received no benefit from it. At length, from the solicitation of himself and others, I was induced to purchase one bottle of WISTAR'S BAL-SAM OF WILD CHERRY, which benefited him so much I obtained another, which in a short time restored him to his usual state of health. I can safely recommend this remedy to others in like condition, for it is, I think, all it purports to be—THE GREAT LUNG REMEDY FOR THE TIMES! The above statement, gentlemen, is my voluntary offering to you in favor of your Balsam, and is at your disposal. As ever yours, ANDREW ARCHER.

NEW, THIS WEEK. Administratrix's Notice.

THE UNDERSIGNED HAVING BEEN appointed by the County Court of Jackson county, Oregon, administratrix of the estate of Henry D. Cromer, deceased, all persons having claims against said estate are requested to present the same, with the proper vouchers, to the undersigned, within six months from this date; and all persons owing said estate are notified to make immediate payment. CHARL CROMER, Administratrix. June 9, 1877.

Citation to Heirs In the County Court of the State of Oregon, for the County of Jackson, June, 1877, sitting in probate.

In the matter of the estate of Napoleon Baker, deceased. To Amelia Baker, William Baker, Samuel Baker, James Marion Baker and Nancy Ann Brown, heirs of the property and estate of Napoleon Baker, deceased, and all others interested therein: YOU ARE HEREBY NOTIFIED THAT William Hay, administrator of said estate, has filed his petition praying for an order of said Court to sell the following described real property belonging to said estate, to-wit:

Lot No. 3 and the N. 1/2 of N. W. 1/4 and the S. W. 1/4 of the N. W. 1/4 of Sec. 27 and lots No. 1, 2 and 3 of Sec. 28, in Township 38 South, of Range 3 West, containing 157 acres, situated in Jackson county, State of Oregon.

Therefore notice is hereby given to the heirs at law of said estate, that the prayer of said petition will be heard and determined at the Clerk's office in Jacksonville, Jackson county, State of Oregon, on

Friday, July 3, 1877, at 10 o'clock A. M., at which time the said heirs and all others unknown, are hereby notified to appear and show cause why an order of sale should not be made as in said petition prayed for.

By order of SILAS J. DAY, County Judge. E. D. FOUFRAY, County Clerk. Jacksonville, June 5, 1877.

1,000,000 BOTTLES OF THE Centaur Liniments

have been sold the last year, and not one complaint has reached us that they have not done all that was claimed for them. Indeed, scientific skill cannot go beyond the result reached in these wonderful preparations. Added to Carbolic, Arica, Mentha, Seneca-Oil and Witch-Hazel, are other ingredients, which make a family liniment that relieves RHEUMATISM and bed-ridden cripples have by it been enabled to throw away their crutches, and many who for years have been afflicted with Neuralgia, Sciatica, Catarrh of the Bladder, Weak Backs, &c., have found permanent relief. Mr. Josiah Westlake, of Marysville, O., writes: "For years my Rheumatism has been so bad that I have been unable to stir from the house. I have tried every remedy I could hear of. Finally, I learned of the Centaur Liniment. The first three bottles enabled me to walk without my crutches. I am now perfectly cured. I think your Liniment simply marvelous." This Liniment cures Burns and Scalds without a scar, extracts the poison from bites and stings, cures Chilblains and Frost-bite, and is very efficacious for Ear-ache, Head-ache, Cutaneous Eruptions, &c. THE CENTAUR LINIMENT, YELLOW WRAPPER, is intended for the tough fibres, cords and muscles of horses, mules, and animals. READ! READ! Rev. Geo. W. Manokill, Schoharie Co., N. Y., says: "My horse was lame for a year with a fetlock wrench. All remedies utterly failed to cure and I considered him worthless until I procured to use Centaur Liniment, which rapidly cured him. I heartily recommend it." It makes very little difference whether the case be "wrench," sprain, spavin, or any other kind, the effects are the same. The great power of the Liniment is, however, shown in Poll-evil, Big-head, Sweeney, Spavin, Ring-bone, Galls and Scratches. This Liniment is worth millions of dollars yearly to the Stock-growers, Livestock-men, Farmers, and those having valuable animals to care for. We warrant its effects and refer to any Farrier who has ever used it. Laboratory of J. B. Rose & Co., 46 St., New York.

CHILDREN A complete substitute for Castor Oil, without its unpleasant taste or recoil in the throat. The result of 20 years' practice by Dr. Sam'l Pitcher, of Massachusetts. Pitcher's Castoria is particularly recommended for children. It destroys worms, assimilates the food, and allows natural sleep. Very efficacious in Croup and for children Teething. For Colds, Feverishness, Disorders of the Bowels, and Stomach Complaints, nothing is so effective. It is as pleasant to take as honey, costs but 35 Cents, and can be had of any Druggist. This is one of many testimonials: "CONRAD WALL, LEBAKON CO., (Pa.) March 17, 1874. "Dear Sir,—I have used your CASTORIA in my practice for some time. I take great pleasure in recommending it to the profession as a safe, reliable and agreeable medicine. It is particularly adapted to children where the repugnant taste of Castor Oil renders it so difficult to administer. E. A. ENDERS, M. D." Mothers who try Castoria will find that their children sleep nights and that their babies will be healthy. J. B. Rose & Co., New York.
