THE EMELINE CINNABAR MINE.—The Yreka Journal says: "The specimen of emerald rock from the 'Emeline' mine, or West Beaver, in this county, sent us by Wm. M. Turner, one of the owners of the ledge, is one of the finest samples of emerald we have ever seen."

AN ELEGANT FLOWER.—We have seen one of the most wonderful flowers of this country at the residence of Mrs. Henry Pape, presented to her by Mr. Peter Britt, who raised the flower in his garden in this place.

OWNS UP.—Dave Weatherford, the man with the aliases who was a short short time since arrested at Bybee's, on a charge of forgery in the Willamette, on being confronted with his accusers has owned up and returned \$100 of the money.

PAINFUL ACCIDENT.—On Monday last Mr. Abram Miller, residing on Missouri Flat, Lower Applegate, was thrown from his wagon by the running away of his team.

MASONIC OFFICERS.—The Grand Lodge of Masons of this State, lately in session at Portland, on the 12th of this month elected the following officers to serve for the ensuing year:

LARGE PIE PLANT.—Mr. Chris Ulrich has laid on our table the finest specimen of rhubarb or pie-plant we have seen lately.

COURT IN LAKE COUNTY.—Judge Prim and attorneys Hanna, Jones and Watson will leave by Sunday's stage for Lake county, where the Circuit Court will begin its session on the 25th of this month.

BRIEF MENTION.

Drummers abound yet. Look out for the Alleghanians. Flour sells in Aahland for \$3 per 100 pounds.

Prepare for a grand celebration on the 4th. Soda water is a very popular drink now-a-days.

A week ago the Kael brothers were at Bonanza, Lake county. Rev. J. H. Skidmore will preach in the M. E. Church next Sunday.

Ranchmen are mighty busy now, haying and preparing for harvest. Emigrants are still rolling into the valley from the States and California.

There will be a raffle at Pape's Saloon this evening for a watch and chain.

Times have been rather lively in town the past week on account of Court.

Dr. Jackson, dentist, has gone to Lake county on a professional trip of indefinite duration.

The genial rays of the sun during the past week have perceptibly denuded Mount McLaughlin of its dazzling coat of snow.

The household and kitchen furniture of C. W. Savage was auctioned off on Thursday. The family will move Northward soon.

Dave Cronmiller and party returned the other day from their prospecting tour in the Siskiyou's. They will go out again in a few days.

Senator Morton and party, it is stated, will go from San Francisco to Salem overland. They may be looked for here at an early day.

Going out to see the big hydraulic on Applegate is still a favorite pastime; but they'll be so common around here soon that curiosity will cease.

John Orth has taken pity on the folks and has constructed an underground drain past the Postoffice to relieve the cellar under that block.

Read the card for the dance at the Junction House on Slate creek, July 4th. Knight is manager there and you can have an "away up" time, you bet.

The Portland Bee winds up a puff for a millinery establishment with: "Please call and examine the Misses Dickinson." What can that stokey mean?

At the last session of the County Court H. K. Hanna was appointed the foster father of Hattie Maud Overbeck and her name was changed to Hattie Maud Hanna.

The weather grew intensely warm on Saturday last, the thermometer going up to 95 in the shade. This lasted for a day or two, only, and now the weather is as pleasant as mortal could ask.

Hal, Hoffman, A. T. Johnson, Steve, Hubbard, Geo. Howard and others of the boys have gone on a month's run in the mountains with J. S. Howard—constitute part and parcel of that party.

"Tilden and Hendricks are enjoying themselves in New York."—Ee. That's what you'd think we were doing here if you could only see our cherry and strawberry basket, not to speak of the beer.

J. M. Sutton, say all the papers in the State, has finished his fine painting of Table Rock and scenery on Rogue river. What everybody says must be so, and we know it is, and mighty well done, too.

The Yreka Journal is quite merry over the manner of the meeting of John Hockenjos and his intended wife. If John Miller had been a little better posted there would have been a joke worth relating.

We have received a communication from Linkview concerning local affairs which we do not feel at liberty to print in the absence of the proprietor. He will be at home in a short time, when his attention will be called to it.

"Stick a ginger snap on the end of a knitting needle and you have the latest style of parasol."—N. Y. Herald. "And wrap a sheet of foolscap around the neck of a mineral water bottle and you have the latest style of gent's collar."

We passed a sober-looking urchin the other day quietly whittling on a goods box and humming to himself: "If all the gals in this 'ere town Were melted into one, And I were the only male biped, Oh! wouldn't I have fun!"

Accident disclosed the fact that his "gal" had mitted him from going to that picnic of Sargent's spoken of by the Sentinel.

F. M. Spaulding, of Remington's Paper warehouse of San Francisco, dropped in on us the other day, on his way home. He informs us that his house has established a branch house in Portland, with Pittock & Co., and his visit North was in connection with that matter.

Frank Ennis happened to be in town when Howard and party started out on their ditch survey and for fun accompanied them. He explains his sudden return as owing to their "sad lack of hotel accommodations, which were shocking." Their "lubricating moisture" consisted of a preparation of flour, bacon-grease and water, the technical name of which he has forgotten.

On Tuesday Judge Tolman and Capt. Geo. Rogers started for the Cow creek country, where they and others have gravel mining in view.

While everybody about here is blowing about how cheap they can sell their goods John Miller wishes to say that he is prepared to do it.

We cheerfully make our most profound salams to Mrs. Bushey for the present of a bucketfull of her nicest cherries at the hands of Master Geo. Neuber. Mrs. B. has some of the handsomest cherry trees in Oregon, which never fail to bear enough good fruit to divide with her friends.

Capt. Ankeny has been in town most of the week (left on Thursday) employing hands to work on his gravel mines in the Galice creek region, and attending to other business thereof.

Gov. Briggs, of Josephine, among the "numerous arrivals" in attendance on Court. He is accompanied by W. Q. Brown, who is interested in the Altohuse gravel mines not far from Kerbyville.

Suppose Miss Mary Langell does "attend to her father's business during his absence", don't Miss Nettie Howard do the same? and Miss Izzie McCully attend to her own store and the Misses Cardwell do the same? What are you blowing about?

Bill Angle came to town the other day from the head of Sucker creek and "tharabouts", where he has been prospecting and mining for several months. He says Fehely and partners have good ground in there and are sluicing away.

Every one, at times, feels the necessity of some restorative of the vital powers, depressed by mental or bodily exhaustion.
