base ball players left for Roseburg on Sunday to compete for the prize bat offered there on the Fourth of July. A dispatch received from Charles L. Mosher informs us that they were very successful, defeating the other two -competing clubs quite handily. Hurrah for Jacksonville!

ELECTION OF OFFICERS.—On Thursday evening, July 5th, the election of officers of Jacksonville Stamm No. 148, U. O. R. M., took place. E. Jacobs was elected Oberchief; Newman Fisher, Underchief; Jacob Meyer, Beichief; Max Muller, Secretary; H. v. Helms, Assistant Secretary; Veit Schutz, Treasurer; H. v. Helms, Trustee.

Manning yesterday received a telegram from John Hendricks, Deputy Sheriff of Siskiyou county, Cal., dated Cottonwood, instructing him to arrest one Tom Brown, who is supposed to be one of the men who robbed the stage near Reading on May 27th. The telegram states that he stopped at Cole's on Thursday night and rides a small black mare.

We will then be prepared to execute all descriptions of book and job printing in the best manner and at bedrock prices.

THE ALLEGHANIANS .- This troupe of vocalists and Swiss bell-ringers performed to a fair audience at the M. E. Church on Tuesday evening last. The programme was excellent and duly appreciated, the performances on the bells by the company and on the glass tumblers by Prof. Benjamin being especially good, although the vocal music was also fine. The stage was illy managed and the building altogether unsuited for the occasion, which prevented the troupe from showing off to advantage.

REDUCTIONS MADE. - In anticipation of its contract expiring next year, we learn that the Oregon and California Stage Company has been making changes and reductions in various matters connected with its business. All six-horse stock has been hauled off excepting between Cole's station and the Mountain House and running out of Roseburg. The drivers' wages have all been cut down from \$5 to \$10 a month each, besides which other reductions with a view to lightening expenses have been made. The company does not seem to entertain any hopes of getting the next mail contract at a price that will justify them.

The principal feature of the procession was the car containing thirty-eight young misses appropriately clad and representing the various States of the Union, with Miss Mary Brentano as the Goddess of Liberty and Miss Annabel Short as the Angel of Peace, supported by Frank Bybee as the brave soldier boy and Ralph Vining as the gallant sailor. It is his intention to introduce a new method of raising water two or three hundred feet by the use of two steam engines set by the creek, and having pipes attached so that he can raise water to his gravel bed, and have nozzles attached to the pipes, running a hydraulic force by steam. Mr. Salmon has to cure and I considered him worthless great confidence in this new plan and thinks it will be cheaper than to dig a ditch to get water to his diggings.
