PERSONAL.-Hon. James K. Kelly is in town at present, having arrived here Tuesday last. He is looking after his mining interests in this section and will remain with us a short time.

GRANGE MEETING.—Central Point Grange will meet in the Mound district school house on Saturday, November 3d, at ten o'clock A. M. A dinner will be served at twelve o'clock M., after which a public meeting will be

REMOVAL -Newman Fisher is now moving into Fisher & Caro's former store and will soon have everything in apple-pie order. By the way, he is in receipt of and still receiving a splendid stock of ladies' dress and fancy goods, clothing, hats, boots and everything imaginable in the general merchandising line. Nothing but the latest styles and best articles kept. Look out for his advertisement next week.

INDIANS IN TOWN .- The Klamath Indians are now here on their annual trading expedition, arriving Sunday. They brought with them nearly a hundred head of ponies, which they have been selling for old clothing, supplies, etc. They make night hideous with their fantastic singing and dancing, track being proposed. and the average hoodlum is now in his glory thereat. Lo is becoming civilized, as we learn that he closes down exercises if the boys fail to contribute to the hat which is passed around.

ANOTHER ACCIDENT.-Last Saturday evening a son of J. T. Bryan, of Applegate, aged about seven years, was accidentally shot by an elder brother while out hunting cows. As they were going through some brush the hammer caught, causing the gun to explode, the load of which took etfeet in the left hand of the younger, who was leading, and badly injured the thumb and two of the fingers. Dr. Aiken was summoned and amputated the wounded portion of the hand at the wrist.

FARMS SOLD .- There is an unusual activity in real estate at present. Several farms have been sold of late, the purchasers being from California and the States. The prices are generally fair-Among the transactions that have recently taken place are the following: John A. Grieve has sold his farm to Martha A. Edsall for \$3,000; Isaac Woolen has disposed of his place near Ashland to Govan High for the sum of \$6,000. We also learn that Jesse Dollarhide has sold the farm formerly owned by Daniel Doty, receiving \$2,000 therefor.

WORK SUSPENDED .- The weather being unfavorable for further operations this season, the Emeline company's retort has been shut down until next Spring. Eighty-two flasks of quicksilver, of seventy-six pounds each, have been realized since the retort was started a short time ago. They will all be brought in and placed upon the market. Parties in San Francisco a: e ready to advance on it, and there is no doubt but what the entire lot will be sold without any trouble, as it is of fine quality. Work on the vein will continue during the Winter.

"GONE TO THE RACES."-Dr. Conlan, shot by Mayfield at Ashland on the 7th, died at the County Hospital last Saturday and was buried the same afternoon. Dr. Danforth informs us that the scalds inflicted by himself were the immediate cause of his death, as he may have lingered a long time from the pistol wound. Conlan was a dangerous character, having not long since killed a man in Modoc county, Cal., as well as being engaged in other minor affrays. He was an aspirant for the violent death which so suddenly cut off his career, the only question being who should perform the deed.

FROM EAGLE POINT .- Geo. Brown was over from Butte creek Wednesday and reports matters progressing finely at Eagle Point. He has just completed a store-house for R. H. Brown and will also build him a dwelling. The street of this place has been widened and other improvements made. A large number of teams are constantly coming for flour, which for sale. gives everything a lively appearance. with work and has orders for several weeks ahead. They have about 200,-000 bushels of wheat stored, which are ground as fast as possible. The future of Eagle Point is certainly a very promising one.

Then came a warrant from Eureka for his arrest, founded upon a complaint of citizens of that place. At last accounts he was held for trial on this complaint.

FORT KLAMATH NEWS .- From R. the P. of H. Mill Company elsewhere. V. Beall, who has lately returned from Fort Klamath, we learn that Capt. Jackson's company, including Lieutenants Adams and Hoyle, is now on its way from the Nez Perce Indian war and shortly expected home. We made a visit to Fort Klamath while in Lake county recently, and were agreeably surprised at the extent of the post, as also the neatness and order that prevailed there. It is prettily situated, and withal one of the best-arranged in the Department of the Columbia. We found Lieutenant Moore, the officer in command, an affable and accommodating gentleman. The hospital is complete in all its details, and under the supervision of Dr. Hemmenway, who is ever ready to show you through it, ranks among the best. Jay Beach keeps a full supply of general merchandise and does a good business. A hotel, managed by Jos. Bending, furnishes a very fair meal.
