

Religious Directory.

M. E. CHURCH.—Religious services every Sunday, at the usual hours, by the Reverends A. Hardison, W. Hurlburt and M. A. Williams, alternately.

PROFESSIONAL.—Dr. J. S. Jackson, of California, has located in this place and opened an office on the corner of California and Fifth streets.

TEACHERS' INSTITUTE.—The semi-annual session of the Teachers' Institute will take place at Ashland next week, commencing Thursday and continuing three days.

REAL ESTATE TRANSACTIONS.—H. F. Phillips has sold his farm near town to Silas W. Wright for \$3,500.

PERSONAL.—Hon. P. P. Prim and H. K. Hanna, Esq., left for Josephine this week. The Circuit Court for that county commenced at Kerbyville last Monday, to hold which was their mission.

FROM SALEM.—Col. J. N. T. Miller arrived home from Salem last week and reports the State Fair a failure on account of the wet weather.

EARTHQUAKE.—Some residents of this place and vicinity aver they experienced a shock of earthquake on the night of the 18th, at about ten o'clock.

ACCIDENT.—A. C. Jones, Esq., met with an accident on Saturday last, which, though painful, fortunately is not serious.

HORSES FOUND.—E. C. Whyte, of Polk county, had two horses stolen while at the State Fair.

JOSEPHINE COUNTY SEAT.—The last Legislature passed a bill allowing the citizens of Josephine county to vote on the removal of the county seat from Kerbyville to Wilderville at the next election, and this matter is already being agitated.

CONTRACTS AWARDED.—Rev. J. H. Rook, Indian agent at the Klamath Agency, has awarded contracts for supplying the Agency to the following persons and firms: Beef, Thatcher & Worden, of Linkville, 3 1/2-100 cents per pound; lumber, Thatcher & Worden, Linkville; hickory, 50 cents per foot, maple, 40 cents per foot; stationery, Helman & Fountain, Ashland, \$37.75; work oxen, J. D. Hanks, Jackson county, \$84 per yoke; flour, Wagner, Anderson & Co., Ashland Mills, \$18 per 1,000 pound; wheat, J. M. McCall, 72 cents, in sacks.

LIST OF JURORS.—The following is the list of Jurors drawn for the November term of the Circuit Court:

J. N. T. Miller, John Cimborosky, David Keenan, Wm. H. Basy, John Murphy, R. C. Armstrong, Joseph Robinson, Josiah Cannon, Jr., George L. Deane, David Cronmiller, Daniel Hopkins, Thomas G. Reames, Thos. H. Stinson, James Miller, Hugh F. Barron, Milton Lindly, James M. Matney, Haskel Amy, Alexander N. Jones, A. V. Gillette, Martin F. Hurst, John W. Baker, A. S. Jacobs, M. A. Houston, Benjamin Meneh, R. A. Cook, Bartlett Obenchain, George W. Isaacs, Jetha Davison, James F. Gregory, Fred Heber.

BRIEF MENTION.

Singer. More rain. Star ale at Atkinson's. Plenty of strangers in town. More new goods at Fisher's. Holt's building is looming up. Farmers getting ready to plow. P. Fehely is up from Josephine. Wine-making commences soon. The Post office is being removed. A heavy wind prevailed yesterday. We will take four on subscription. David Linn is agent for the Singer. M. Mensor has returned from Portland. W. C. Myer has returned from the State Fair.

Dr. H. F. Adams, of San Francisco, is in town. A little more rain and grass will get a fine start. Jos. Lousignont is back from Columbia county. A grist mill near Chavner's bridge is talked of. The Town Hall is now lit by a handsome chandelier.

Dr. Inlow is constructing a two-story building at Ashland. Robt. Henderson has our thanks for a supply of fine grapes. Wm. Deneff, of Farmer's Flat, is putting up a hydraulic. Order a Singer for your wife, wife's sister or mother-in-law.

Abram Tenbrook, of Goose Lake, was in town this week. Mr. Jones, of Applegate, last week lost a child by diphtheria. John Cimborosky and James Birdsey have returned from Yreka. A local troupe will shortly edify Ashland with feats in minstrelsy.

The Emeline Company will ship its quicksilver to San Francisco. K. Kubli is having his residence re-singled and otherwise improved. Wm. A. Owen is down from Florence Rock viewing the political horizon. E. D. Foudray and lady have returned from a visit to the Willamette. L. B. Tucker is driving stage for Robt. Garrett, who is off on his honeymoon.

Milo Matthews is again driving for the O. & C. Stage Company, vice Hanks. Some hoodlum threw a stone through our new street lamp on Sunday last. A lot of the "New White" sewing machines just received at the Misses Cardwell. A female scrimmage edified the denizens of the western portion of town this week. The School Clerk is making the assessment of this District. Taxes will soon be due.

The miner anticipates largely, the present prospects for a wet Winter being favorable. Samuel Watt, formerly of this place, is lying very ill with consumption at Judge Tolman's. Rev. M. A. Williams will hold divine services at the M. E. Church Sunday morning. E. F. Rockfellow, L. Neil and Misses Eubanks and Thornton, were down from Ashland Friday. Rev. J. H. Rook passed through town this week on his way to his post at the Klamath Agency.

C. Magruder, of Central Point, was in town Wednesday, and reports matters quiet in that region. Henry Bleecher started yesterday for California, driving a band of 2,000 wethers to that market. J. H. Way is in this section in the interests of his Centennial soap, which is pronounced first-class. Hon. James K. Kelly has returned to Portland. He expresses himself well pleased with this section. Rev. J. S. McCain, Presiding Elder of the Umpqua District, was in town this week on a professional visit.

A. Marks has received a fine stock of cloths and is prepared to make a nobby suit of cloths on short notice. The press and material of the late Bidwell (Cal.) Herald, rumor says, is to be removed to Lakeview, Lake county. Now is the season when the average hunter is in his glory and John Miller sells all kinds of ammunition at bed-rock prices. The California and Oregon Land Company has levied an assessment of 35 cents per share. Read the notice elsewhere.

Sheriff Manning is summoning the Jury for the November term of the Circuit Court, which commences on the 12th prox.

Any person having land, stock, etc., for sale, will find the TIMES an excellent medium through which to announce the fact.

Advertising is a necessity now-a-days, but it is a matter of choice whether a man does it for himself or has the sheriff do it.

The new street lamps will soon be put up, and the Board of Trustees will pass a rigid ordinance to protect them from the hoodlums.

Hull Bros. offer their fine farm on Rogue river, as also their stock, for sale on reasonable terms. Read their advertisement elsewhere.

If you do not want to get robbed of your good name, now that the rainy season is at hand, don't have it put on your umbrella.

Ye hungry printers bow in reverence unto Robt. Moore for a basket of magnificent grapes. They were raised in Col. J. N. T. Miller's vineyard.

And now the water-soaked chicken stands behind the barn on three toes, with his hands in his pockets and dreams of the "summer land of song."

The average Ashlander now muses over his jargon and wonders if he can ever be in perfect communion with Chief Applegate. *Kiahiun sir! Ki—k.*

Dr. Spence, of Josephine county, has built a residence at the junction of Sucker creek and Althouse and Illinois valleys, where he may hereafter be found.

Some enormous apples may frequently be seen hereabouts now-a-days. It is nothing un-usual to see one measuring fifteen inches and weighing about a pound and a half.

H. J. Terrill, who has been in Linn county for the past year, has returned to Butte creek. He is better satisfied with this section than ever since trying the Willamette.

Klippel, Hanna & Co.'s ditch is now fully under way, contracting for building two miles of it having already been let. It is expected that it will be completed by January 1st.

Herman v. Helms, administrator of the estates of Peter Ottebach and Herman Kirmsey, will sell some property belonging to the same on November 3d. Read the posters.

Jacob Olefer, who bilked Jacksonville and Ashland last year, has left the Dalles in the same unceremonious way he skeddaddled from this, leaving sundry creditors in the lurch.

The amount and the quality of the goods brought to Jacksonville this season is a commendable evidence of the enterprise of our merchants, as also denoting that business is growing.

A gentleman from Missouri has made an offer for the P. of H. mills, and the stockholders of the latter will meet in Phoenix on the 29th to consider the propriety of selling them.

George Conn, Receiver of the Lake County Land Office, is now in town, taking transcripts of real estate in Lake from the records in the County Clerk's office. He reports his section as thriving.

The party at the residence of John Tupper last Friday night was well attended and withal a pleasant affair. Messrs. Wolters and Berry furnished good music, while the supper was not to be excelled.

Judge Duncan was in Josephine county last week looking at the mines. He says the proposed road from Crescent City is being freely discussed and almost everybody there is in favor of it. Some definite steps in the premises should be taken immediately.

An Iowa immigrant recently sold a check for \$625 and another for \$125 on a bank in that State to parties in town. Subsequently it was discovered that the bank was non est; but, as the Iowan made restitution, the merchants will not lose the full amount.

About this time the farmer gleefully rubs his hands as the juice of the apples trickles from the seams of the press, and the farmer's boy impatiently waits around the corner, until the old man shall depart, to attend to other things which go to ennoble the yeoman's industry.

Indian Bob, who officiated in the Union Livery Stable some time since, is wanted. Two brethren of the Crescent City tribe are making inquiries concerning him, alleging that they lent him a horse and he forgot to return it. That worthy, however, sold the animal and sloped for Yreka. Hence the pursuers' lament.

BOARD OF TRUSTEES.

Pursuant to adjournment, the Board of Trustees convened on the evening of the 19th. Present—President Linn, Messrs. Reames and Britt; absent—Messrs. Kubli and Numan.

The minutes of the previous meeting were read and approved.

The Road Committee made a report on the foot-bridge over Daisy creek, and recommended that a new one be constructed from the line of Hockenjos' shop to Mrs. Little's sidewalk, seven feet wide, and to be substantially built, with a railing on each side. Report accepted and order passed directing the Road Committee to proceed at once and report expense.

The Sexton made his quarterly report, which was placed on file.

The following bills were ordered paid: D. Linn, \$1.25; R. S. Dunlap, \$8; C. J. Howard, \$4; lamp for hall, etc., \$27; D. W. Crosby, killing and removing dogs, \$6.

The following liquor licenses were granted: H. Pape for 12 months; C. W. Savage for six months; S. P. Jones for six months; Matt. Dillon for six months.

A petition was received from Herman v. Helms praying that the time for the removal of his fence and porch be extended, which was granted and an order passed accordingly.

The following points are designated and established for setting the lamp posts, to-wit: The north-east corner of block No. 5, 26 (being the old Mensor corner); the south-west corner of block No. 2 (being the Fisher corner); the south-east corner of block No. 15 (being W. J. Plymale's stable corner); the north-west corner of block No. 8 (being S. P. Jones' saloon corner); the south-west corner of block No. 4 (being the corner of David Cronmiller's shop); the south-east corner of block No. 22 (being the corner of D and Fourth streets). And it was ordered that the work be done without delay.

On motion, J. Numan was granted sixty days' leave of absence.

The Board then adjourned.

FROM BEAVER CREEK.—Capt. Caton, Superintendent of the Emeline cinnabar mine, arrived in town Saturday. He informs us that during the short time the retort was in operation 11,925 pounds of rock were reduced and 6,273 pounds of quicksilver realized, or over 50 per cent. Mr. Caton will this week remove his family to Beaver creek for the Winter. The development of the vein will be continued and more ore taken out for next year's reduction. The Emeline Company has the assurance of an inexhaustible supply of rock, and Mr. Caton expects the run for 1878 to amount to several thousand dollars. They have every grade of ore, and there is none but which is higher than that usually reduced in the furnaces of the New Almaden and Redington mines of California. The greatest care has been exercised in the reduction of the ore, and purchasers can rely on the quicksilver being pure and unadulterated. Several flasks have been sold to parties in this section and Northern California. Isaac Sachs, formerly of this place, has been appointed San Francisco agent. The prospects of our cinnabar interests are certainly encouraging.

INTERESTING TO QUARTZ LODE MINERS.—The Commissioner of the General Land Office, in a case coming up from Colorado, has rendered a decision of importance to tunnel owners and prospectors, holding that no patent can issue for a vein or lode without surface ground. The assurance that it overlies the apex of a vein or lode discovered in a tunnel can be ascertained by sinking a shaft or following the lode up on its dip from the point of discovery. No survey of such lode can be made until the exact surface of the ground is ascertained.

LIST OF APPOINTMENTS.—The following is a list of my appointments for November: First Sunday at Phoenix. Second Sunday at Ashland. Third Sunday at Jacksonville. Fourth Sunday at Eagle Point. This will be the plan of my monthly appointments during the Winter unless hereafter changed, of which notice will be given.

W. HURLBURT, Pastor.

RACES IN LAKE COUNTY.—They had a whole week's racing at Lakeview recently, which made matters quite lively in that section. The races were well contested, O. Z. Morgan, of Chewaucan, and John Moon carrying off the principal purses.

That Hall Storm. A terrible hall storm visited Portland a few days ago, destroying and unroofing many fine buildings, breaking over 1,000 window lights, raising a large locomotive off the track, knocking down many pedestrians who were carried into different drug stores for treatment; the hall stores picked up were the size of hens' eggs. Saloon keepers gathered up enough ice to last them for months. A reporter was dispatched in hot haste after the storm was over and was met by a large delegation of citizens who stated that a large lot of Donnelly's Yeast Powder had been received that day, and it was thought that the air had become impregnated, raising the wind to such a fury, causing a large cloud that was hanging over the city at the time to burst wide open. Hence the storm. The reporter left saying, "I have heard that Donnelly's Yeast Powder would raise the lids off a red-hot stove, but would not believe it would raise such a commotion as this. Walla Walla Statesman."

I. O. R. M. TRIBE AT YREKA.

John Cimborosky, Past Great Sachem of this State, assisted by James Birdsey and others, instituted a tribe of the Improved Order of Red Men at Yreka last Saturday night. Ieka Tribe No. 53 is the title of the organization, which starts with twenty-five charter members. Ieka is the Indian name for Mt. Shasta, and the original Indian name from which Yreka is derived. The officers-elect of the new Tribe are as follows: Prophet, F. G. Hearn; Sachem, A. P. McCarton; Senior Sagamore, A. H. Burrows; Junior Sagamore, J. Quinn; Chief of Records, A. E. Paine; and Keeper of Wampum, John Pasiburg.

PACIFIC COAST BENCH SHOW.—We are in receipt of a season ticket to this exhibition, which commences next Monday and continues one week. This exposition of the genus canine is under the auspices of the California Kennel Club, and great pains are being taken to have every description of dogs exhibited, \$5,000 in premiums being offered. Of course there will be an endless variety, and our only regret is that we cannot be there with our dog. The California railroads have granted free transportation to all canines intended for exhibition.

ALTHOUSE DIGGINGS.—The Messrs Brown are proceeding satisfactorily with their operations on Althouse, Josephine county, and will probably make a run this Winter, although they do not expect to get under full way before 1879. A breakwater one mile in length has been built, which will prevent the water of the creek from flooding the diggings. The tunnel is being cleaned out and other substantial work performed. Their claims are situated in a district well known for its richness.

RAILROAD PROSPECTS.—The Journal learns from citizens of Yreka, who have been below lately, that it seems to be common talk that the railroad will be extended above Reading next spring. The section of this coast now without a railroad has proven the most prosperous on the Pacific slope, the central and southern portions being destitute of crops and the business men failing from the inability of customers to pay, in consequence of the great drought of the past summer.

NEARLY COMPLETED.—The Sterling ditch will be finished in the course of two or three weeks and in readiness for operations. Water has already been turned into it and everything found to work in good style. A flume a little over a mile in length is now being built, to bring Glade creek into the ditch, which will greatly augment the volume of water.

A BEET THAT CAN'T BE BEAT.—Chris. Ulrich this week left at the TIMES office a beet that would take the blue ribbon anywhere. This monster measures 14 1/2 inches in circumference, is 20 inches in length and weighs 10 pounds. It was raised on L. Chappel's ranch, Applegate.

NEW MILLINERY.—The Misses Cardwell have just received an elegant supply of millinery from San Francisco, which will astonish the fair sex of this vicinity. Of course nothing but the latest styles and best goods are kept, and they "go off like hot cakes."

NEW POST OFFICES.—A post office has been established at Althouse, Josephine county, with Chas. H. Beach as Postmaster. Also another at Sumner Lake, Lake county, with W. H. Averill as Postmaster.

TAXES.—The assessment roll has been placed in the hands of Sheriff Manning, and he will proceed to collect taxes after the November term of the Circuit Court. His appointments will be found elsewhere.

VARIOUS CAUSES—advancing years, care, sickness, disappoinment, and hereditary predisposition—all operate to turn the hair gray, and either of them inclines it to shed prematurely. AYER'S HAIR VIGOR will restore faded gray, light and red hair to a rich brown or deep black, as may be desired. It softens and cleanses the scalp, giving it a healthy action, and removes and cures dandruff and humors. By its use falling hair is checked, and a new growth will be produced in all cases where the follicles are not destroyed or glands decayed. Its effects are beautifully shown on brassy, weak, or silky hair, to which a few applications will produce the gloss and freshness of youth. Harmless and sure in its operation, it is incomparable as a dressing, and is especially valued for the soft luster and richness of tone it imparts. It contains neither oil nor dye, and will not soil or color white cambric; yet it lasts long on the hair, and keeps it fresh and vigorous. For sale by all dealers.

MARRIED. GARRETT—THORNTON.—In Ashland, October 21st, by Rev. J. B. Donaldson, R. M. Garrett and Miss Ella Thornton—all of Jackson county. BEARD—MILLS.—Near Jacksonville, October 18th, by Rev. W. Hurlburt, John A. Beard and Miss Mary A. Mills—all of Jackson county.

A WATER WHEEL AT WORK.—A turbine wheel has been started up at the mouth of Sutro tunnel, which runs the machinery of the machine shop, the blower in the blacksmith shop, and the printing press. The wheel is placed in the bottom of a shaft 60 feet in depth and is run with water from the tunnel. A tunnel from the bottom of the shaft carries away the water that has passed through the wheel. The wheel makes 1,000 revolutions per minute and has been christened the "Little Joker."

In this age of progress, what wonderful amount of skill and ingenuity is expended in the construction, improvement and preservation of the costly and intricate machinery used in the manufacture of the various articles so necessary to our comfort. How much more important is it that we watch with rigid care this most wonderful machine, the human body. Adjusting all its parts with nicest care, each to the other, that all may perform their allotted duty. There is nothing better calculated to do this thoroughly and efficiently than Frese's Hamburg Tea; a simple vegetable remedy, yet powerful in its ability to build up and restore the energies, and to give tone and vigor to all its powers.

DIED. BIRDSEY.—At the family residence, October 18th, Louise, wife of Fred G. Birdsey, aged about 35 years. [Mrs. Birdsey was about joining her husband in the States, when fever overtook her, and after an illness of a week, her spirit took its flight. She was universally respected, and her sudden death will be a source of surprise as well as of regret to all who knew her. Requiescat in pace.]

SOCIETY NOTICES. Jacksonville Grange No. 88, P. of H. Holds its regular meetings every two weeks at Odd Fellows' Hall, Jacksonville. JOHN E. ROSS, Master. ANNE MILLEN, Secretary. Oregon Chapter No. 4, R. A. M. Holds its regular meetings monthly on Tuesday evenings of or preceding each full moon, at 7 1/2 o'clock. Companions in good standing are invited. J. K. N. BELL, High Priest. MAX MULLER, Secretary.
