Religious Directory.

M. E. CHURCH.—Religious services every Sunday, at the usual hours, by the Reverends A. Hardison, W. Hurlburt and M. A. Williams, alternately.

CATHOLIC CHURCH.—Divine Services every Sunday, at the usual hour, by Rev. Father Blanchett.

M. E. SUNDAY SCHOOL.—Regular meetings every Sunday afternoon at 2 o'clock.

CATHOLIC SUNDAY SCHOOL.—Regular meetings every Sunday afternoon, at two o'clock.

INSANE.—Matilda J. McGrew, of Leland precinct, was last Wednesday examined before Judge Day by Dr. J. S. Jackson and adjudged insane. She was yesterday taken to the Asylum by Sheriff Manning.

NEW LOCK-BOXES.—Postmaster Muller has placed lock-boxes on the outside of the Post Office that are so arranged that we can get our mail at any time and without going inside for it. They are as handy as a pocket in a shirt.

SETTLE UP.—Next week being the commencement of Circuit Court, an excellent opportunity is presented to those who will be in attendance and are indebted to the TIMES office to call and settle. We will take county scrip, gold and silver at par.

LAND OFFICE.—George E. Strong, agent of the California and Oregon Land Company, will return about the 1st prox. and establish an office of that corporation in this place. This will greatly accommodate those who have business with the Company.

SHEEP FOR CALIFORNIA.—Henry Blecher this week started another band of over 1,000 mutton sheep to the California market. This lot will join the other, which left here last week, in Lake county, and the whole will then be driven to San Francisco. Mr. Blecher purchased them in this section.

NEW MILLINERY.—Mrs. Brentano has just received an elegant supply of millinery goods, and is now prepared to fill all orders in that line with neatness and dispatch and at reasonable rates. Her stock is of the best and comprises the latest styles out. The attention of the ladies is called to her advertisement, and they are invited to give Mrs. Brentano a call. She guarantees satisfaction.

DIPHTHERIA.—There seems to be a decrease of this disease on Applegate, although a few severe cases still exist. On our first page will be found an excellent article on this disease. It will be observed that if looked after in time the scourge can be readily overcome, neglect of early treatment being generally the cause of its fatal termination. Next week we will give the views of the California State Board of Health on the matter, which should receive due attention.

ACCIDENT.—A son of H. J. Terrill, of Butte creek, aged about 15 years, had his hand badly injured by an accident one day last week. He was standing in a wagon with his hand on a gun, which was loaded with bird-shot, when the team started and caused the weapon to explode, the load of which lodged in his right hand. Fortunately there was but a slight charge of powder in the gun, and the charge did not go through. Dr. Aiken, who attended him, says amputation will not be necessary.

CARR'S ENTERPRISES.—Jesse D. Carr writes that he is getting along finely with his improvements at Clear Lake. His reclamation ditch will be completed within thirty days. The ditch is four feet deep, sixteen feet wide, and about one and a half miles in length, and conveys the waters of Willow creek into Lost river, thereby reclaiming between 9,000 and 10,000 acres of swamp land. His fence, when completed, will be about forty miles in length. During the Summer he has employed about sixty men, but, owing to having suspended work on the fence, the force at present is not so great. Mr. Carr says he can cut any amount of hay, and as his outside range is unlimited he has no fears but that he can carry his stock through any kind of a winter. He has expended a large amount of money on these enterprises.

Speaking of roads, the Western Star says: The work that our County Commissioners have had done this year, that should be specially commended by the people, is the grade over Roberts' hill and the one around the Myrtle creek hill. By these new grades the heaviest pulls on the road between this place and Jacksonville have been avoided and our people will ultimately be repaid for the money expended thereon by an increased amount of the freight trade from Jackson county.

Two more saloons are soon to be built in Lakeview. We then exclaim in poetical language: "On wings of love we fly, from grocery to grocery."

There has been some talk of removing the Camp Bidwell Herald press to Lakeview. But, as \$800 figures in the premises, the change is not likely to be effected.

Being personally acquainted with the individual, and knowing him to be in the habit of drawing on the imagination, we are not at all surprised to see such statements, which only show the shallowness of that immaculate (?) person, as he knows that his charges are false, and will soon be so proven in a very effectual manner.

DECISION CONCERNING MINING CLAIMS.—The General Land Office renders a decision of importance concerning section 2,342 of the Revised Statutes, which requires certain annual expenditure on all mining claims. Commissioner Williamson holds that the first annual expenditure upon a claim located prior to May 10, 1872, should have been made by the 1st day of January, 1875, the second by January 1, 1876. Also, that the first annual expenditure upon a claim located since May 10, 1872, should have been or must be made within one year from the date of discovery and location, and that the amount required by local mining laws or regulations to be expended, before a record of such location can be made, may apply upon the first annual expenditure of claims thus held, if other provisions of the law are complied with. The second year commences immediately on the expiration of the first, and the required expenditures may be made at any time during the year.

LAND CONTEST.—Quite a number of citizens from Foot's creek have been in town this week making depositions before County Clerk Foudray in a contest for some land in that section. The affair grows out of an attempt by an emigrant, named Walter King, to homestead a piece of land. Chauncey Nye claims as mineral. The case goes before the officers of the Roseburg Land Office, and each party seems sanguine of success.

"Don't Make a Noise," is the title of a new schottische just received from the well known music house of Sherman, Hyde & Co., San Francisco. In this age of progress, what wonderful amount of skill and ingenuity is expended in the construction, improvement and preservation of the costly and intricate machinery used in the manufacture of the various articles so necessary to our comfort. How much more important is it that we watch with rigid care this most wonderful machine, the human body. Adjusting all its parts with nicest care, each to the other, that all may perform their allotted duty. There is nothing better calculated to do this thoroughly and efficiently than Presc's Hamburg Tonic; a simple vegetable remedy, yet powerful in its ability to build up and restore the energies, and to give tone and vigor to all its powers.

HAIR'S VEGETABLE SICILIAN HAIR REGENERATOR is a scientific combination of some of the most powerful restorative agents in the vegetable kingdom. It restores gray hair to its original color. It is recommended and used by eminent medical men, and officially endorsed by the State Assembly of Massachusetts. For sale by all dealers.

That which was lived by the excellent lady who was so hard of hearing that she could not understand her grocer, who had been trying for some years to palm off some other yeast powder on Donnelly's. It won't work, even on deaf people. They will have Donnelly's.
