CATHOLIC SUNDAY SCHOOL.—Regular meetings every Sunday afternoon, at two o'clock.

COUNTY COURT.—The December term of the Probate and County Commissioners' Courts will be held next week.

FOR SCOTLAND.—James R. Cameron, for several years past a prominent stock-raiser of this section, on Sunday last left for his old home in Scotland, to be gone a few months. Bon voyage.

INSANE.—A Celestial was brought over from Applegate on Saturday last and examined before the County Judge the following day on a charge of insanity. Dr. Jackson pronounced him insane and he will be taken below this week.

INSURANCE.—G. W. Carey, agent of the Pacific Mutual Life Insurance Company, will doubtless succeed in establishing a branch of that corporation in this county, and an organization is expected to be effected in the next few days.

FROM STEAMBOAT.—James Herd and a Mr. Cook are prospecting for the Fowler ledge on Steamboat, one of great richness, but which was lost some years ago. They have sunk a shaft over thirty feet in depth, and are confident that they will eventually be successful in their search.

PERSONAL.—George E. Strong returned from San Francisco last week. He will establish an office of the California and Oregon Land Company in Jacksonville. This corporation has some valuable lands in South-eastern Oregon for sale, application for the purchase of which can be made to Mr. Strong.

MODERN GUILLOTINING.—Sprague, of McKenzie's mill, the other day made an attempt to behead himself, and came near succeeding. He swung a sharp ax over his shoulder and went out to cut down a tree. In taking off the implement he cut a severe gash in his neck. Fortunately he did not cut deep enough, and therefore survives the accident.

FATAL ACCIDENT.—A Slate creek correspondent writes us that John Noben, working at the Reed claim on Galice creek, was killed one day last week. The tunnel or shaft had filled up with tailings, and, while attempting to loose them the whole gave away and swept him some 300 feet through the tunnel and 70 feet down the dump. The water carried him 200 feet down the gulch, tore his clothes and boots off him and mangled him in a horrible manner. When found he was still breathing, but expired soon after.

THANKSGIVING DAY.—Yesterday was the time appointed by the President and Governor for thanksgiving, and the event was duly observed in Jacksonville. The schools were dismissed for the day. Services were held at the M. E. Church by Rev. M. A. Williams. In the evening the M. E. Sunday School, assisted by volunteers, gave an entertainment at the Social Club room, which comprised an original thanksgiving play, written by Mrs. F. Shipley, songs, recitations, etc. The Times went to press too early to give a report of the affair in this issue.

APPLAGATE DIGGINGS.—A gang of Chinamen to-day commences a contract on the ditch which will carry the waters of Squaw Lake to the diggings of Klippel, Hanna & Co., on Big Applegate. A large force is now at work on it, but it will not be completed as early as expected. The hydraulic is now on the way from Roseburg and will be put up immediately. A wagon road, which will lead to their camp and also make freighting to Elliott creek practicable, is now in course of construction. The country in which these diggings are situated is rough, but the obstacles are not such but that they may be surmounted.

LAKE COUNTY ITEMS.

Matrimonial market dull.

Ground covered with snow.

Sheriff Brattain is collecting taxes.

Commissioners' Court convenes on the first Monday in December.

An unusual amount of sickness prevails throughout Goose Lake valley.

Two Christmas trees are sprouting in Lakeview—one in commemoration of an eventful occasion, the other for pure "cussedness."

A large number of beef cattle have been sold and driven from Goose Lake and adjacent valleys recently, making money rather more plentiful than usual.

The building of the Lakeview school house is rapidly progressing, and, when finished, will add much to the appearance of our town, besides being just what is greatly needed.

The Receiver of the Lakeview Land Office can truthfully exclaim: "I am monarch of all I survey," as he temporarily occupies both the positions of Register and Receiver.

There is more talk of removing the Camp Bidwell Herald press to Lakeview. It can now be bought at a very reasonable figure. Lake county, perhaps, offers a good opening for such an enterprise; but, before investing, a thorough canvass should be made, as it takes a combination of all—brains, practical ability, money, subscribers (who pay) and devils (have 'em) to insure success in that line of business.

Lakeview, Nov. 22, 1877.

SENSIBLE REMARKS.—At a recent meeting of the stove manufacturers of the country, the President of the convention gave the members the following good advice: "If we would make the best possible use of our money, we should patronize ably-conducted and responsible newspapers. The newspaper is immeasurably the best medium open to our trade; the most liberal and expert advertisers testify to its value, and in the employment of its columns we would find a means of escape from watchful, undignified and ineffectual methods to which so many resort in their eagerness to secure attention and patronage." These words do not apply to the stove dealers alone, but to all classes of persons, at all times, everywhere, who are transacting legitimate business.

LUCKY QUEEN MINE.—A short time ago the Directors of the Lucky Queen mine employed Prof. James M. Tiernan, mining engineer and metallurgist, as an expert to examine their mine and report upon the same. His report, which is quite lengthy, is published in full in the Portland papers. The assays made range from a few dollars to nearly two hundred to the ton of rock. The Professor states that the ores in the mine are very refractory and require to be thoroughly desulphurized and oxidized before the precious metals can be amalgamated. With a proper process he thinks the mine will pay well for the working and will greatly aid in developing the best mineral resources of Southern Oregon.

I. O. O. F. ELECTION.—The U. S. Grand Lodge of the I. O. O. F. having provided that the officers shall be given one month in which to learn the charges, instead of one week, the election of officers will therefore take place that much earlier than heretofore. In consequence thereof, Jacksonville Lodge No. 10 held its election on Saturday evening last, at which the following officers were elected for the ensuing term: Daniel Cronemiller, N. G.; J. H. Penn, V. G.; Silas J. Day, Secretary; John Miller, P. S.; F. Luy, Treasurer; K. Kubli, T. B. Kent and John Hockenjos, Trustees.

FROM THE OLD COUNTRY.—There arrived in town this week George, Robert, Henry and Edward Noble, four brothers, just from Collon, Louth county, Ireland. It is the intention of these gentlemen to buy land and permanently locate among us. They come from the same place our fellow townsman, P. Donegan, hails from.

Etiquette now says that it is no longer fashionable for young men to call on their girls on Saturday evening. This will give the girls a chance to eat onions for supper and put their silken tresses up in little wads of paper for their Sunday conquests.

Henry Klippel and Col. Reed were over from their diggings this week and report matters progressing steadily.

Admitted Yeast Powders.—Are now being extensively forced upon the market. Avoid them and use the old reliable Donnelly's yeast powders. Don't let your grocer palm off on you any other. It has been used over twenty years.

HOW THEY DANCE IN OREGON.—A similarity exists between the Oregon and Nevada styles of dancing; but there is something so fascinating as the Web-foot girl whirls through the "Tralalo" and the "Happy Hottentots" that impresses us with the fact that "She is as Pretty as a Picture."

If she is from Long Tom she throws her hair back, jumps up and cracks her heels together, carries off her astonished partner as if a Soap creek zephyr struck him and knocks over all obstacles in her mad career. An Albany girl crooks her body in the middle like a door-hinge, takes her partner by the shoulders and makes him miserable in trying to hop around her without treading on her No. 9 shoes. An Ashland girl creeps closely and timidly up to her partner, as if she would like to get into his vest pocket, and melts away in ecstasy as the strains of "The Blue Danube" sweep through the hall. A Portland girl will now and then give a touch of double shuffle or a bit of pigeon wing. A Salem girl throws both her arms around his neck, rolls up her eyes, and, as she floats away, she is heard to murmur, "Oh, come nearer to me, Gawge!" A Jacksonville girl is a natural and faultless waltzer, and does it with an exquisiteness that is perfectly charming.

SAW MILL AT LINKVILLE.—W. S. Moore & Co. will ere long put up a saw mill at Linkville, the machinery for which is now on the way from Roseburg. A splendid water power is furnished by Link river and the dense forests bordering on Klamath Lake afford an inexhaustible supply of material. It is also proposed to connect a grist mill therewith in the course of time. It is confidently believed that grain can be raised in the country surrounding Linkville, as some very large crops have been the result of experiments made by various persons. If this is established as a certainty, an impetus will be given to the prosperity of Lake county.

MINES PURCHASED.—A. Sterritt has purchased the mines belonging to the Oregon Quartz Mill and Mining company, located in Josephine county, and has employed Prof. J. M. Tiernan to make a scientific examination of them. The Bee says the professor started last Monday for the locality of the mines, and if, upon his return, his report is favorable, Mr. Sterritt will have the mines opened.

A bill has been introduced in Congress providing that any grower of apples, peaches or any other fruit may manufacture it into brandy for his own domestic use, or sale, exempt from all taxation, on condition that it be sold only at the place of manufacture, and that stills, etc., be registered in the office of the Collector of Internal Revenue.

ATTENTION! For the next thirty days I will sell Men's and Boys' Hats, Shirts, Underwear, and Neckties, Toys, Fancy Goods, Holiday Goods, Games, Musical Instruments, Looking Glasses, Jewelry, Glassware and Crockery at greatly reduced prices. Talk is talk, but figures will tell.

F. BRECKENFELD, City Cigar Store.

MILITARY NOTES.—Assistant Surgeon John M. Dickson is assigned to duty as post surgeon at Fort Klamath, Oregon, to which post he will repair and report to the commanding officer. The services of Acting Assistant Surgeon Stacy Hemenway, on being relieved as post surgeon at Fort Klamath, Oregon, will terminate.

A LARGE FAMILY.—The family of J. M. Cook, of Rock Point, numbers sixty-five and comprises children, grand-children and great-grand-children. Of these, with the exception of two or three, all are now residing in Jackson county. We doubt if there is a similar instance existing in the State.

The Oregon and California Stage Co. has issued a new schedule, giving the days and times of the departures from and arrivals at Portland and San Francisco and at the most prominent places between those points.

MARRIED.

GOODIN.—EVANS.—At Ashland, November 21st, by Rev. J. B. Donaldson, John B. Goodin, of Douglas county, and Mrs. Bella Evans, of Jackson county.

BAKER.—COAKLEY.—In Willow Springs precinct, November 22d, by T. B. Kent, J. P., John W. Baker and Mrs. Sarah Coakley.

CARTER.—HELMAN.—At Ashland, Nov. 27th, by Rev. J. B. Donaldson, John A. Carter and Miss M. J. Helman; all of Jackson county.

C. W. Kellogg, of San Francisco, who in his palmy days, invested largely in trotting horses from this section, has been adjudged a bankrupt. Stock speculation is the prime cause of his misfortune.

Mining operations are expected to be commenced on Judge Tolman's diggings about January 1st. The pipe is 1,500 feet long and will have a pressure of about 200 feet.

How sad to see one gifted with youth and beauty, a pleasant home, surrounded by loving friends, and everything that makes life desirable and enjoyable, fading away day by day, with no hope of release save in death. It was only a slight cold at first. A single dose of Freser's Hamburg Tea would have removed the obstruction, restored the circulation, and given back to society one of its brightest ornaments.

Nothing short of unmistakable benefits conferred upon tens of thousands of sufferers could originate and maintain the reputation which AYER'S SARSAPARILLA enjoys. It is a compound of the best vegetable alteratives, with the Iodides of Potassium and Iron, and is the most effectual of all remedies for scrofulous, mercurial, or blood disorders. Uniformly successful and certain in its remedial effects, it produces and completes cures of Scrofula, Sores, Boils, Humors, Pimples, Eruptions, Skin Diseases, and all disorders arising from impurity of the blood. By its invigorating effects it always relieves and often cures Liver Complaints, Female Weaknesses and Irregularities, and is a potent restorer of vitality. For purifying the blood it has no equal; it tones up the system, restores and preserves the health, and imparts vigor and energy. For forty years it has been in extensive use, and is to-day the most available medicine for the suffering sick, everywhere. For sale by all dealers.
